	<p><b>Location: Saskatchewan Health Authority (SHA)</b></p>	<p><b>Department/Unit:</b> SHA-CSPP</p>
	<p><b>Document Owner:</b> CSPP- CSS</p>	<p><b>Date Prepared:</b> April 5, 2022</p>
	<p><b>Last Revision:</b> June 7, 2022 October 21, 2022</p>	<p><b>Date Approved:</b> June 10, 2022</p>
<p><b>Related Policies/Documentation</b> N/A</p>		

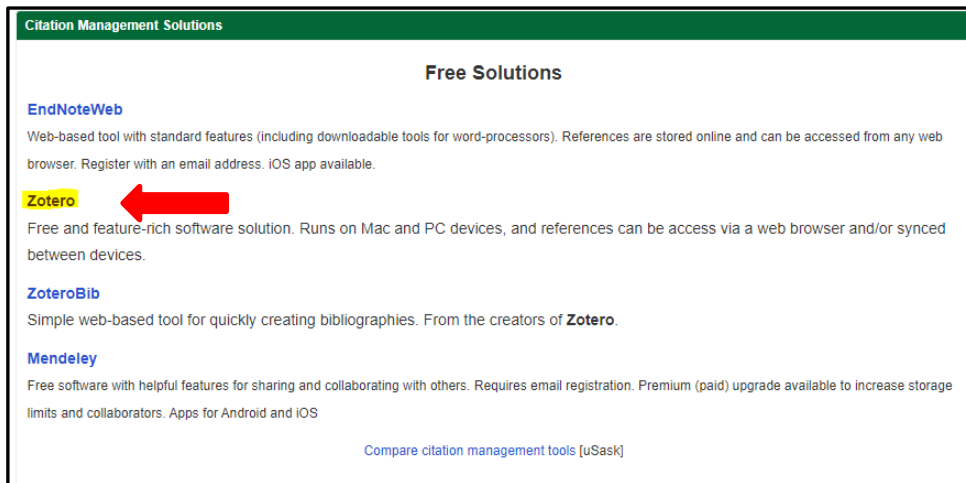

**Work Standard Summary:** The purpose of this Work Standard is to provide step-by-step instructions on how to install and use Zotero to create citations and a reference list. Refer to the hyperlink included in each section title for helpful You Tube videos for: 1) [Installing](#); 2) [Creating Library Collection Subcollection](#); 3) [Creating Library \(Independent Search\): Collecting References](#); 4) [Creating Library and Collecting References \(RIS\): SHA Library Lit Search](#); 5) [Manual Entry of References- Using Identifier or Metadata](#); 6) [Citing](#) and [Referencing in a Word Document](#).

<b>Essential Tasks:</b>	
<b>INSTALLING ZOTERO: <a href="#">ZOTERO TUTORIAL GETTING STARTED</a></b>	
1.	<p>Log on to computer and open up the <a href="#">Saskatchewan Health Authority intranet</a> site using <b>Google Chrome</b>.</p> 
2.	<p>Select <b>Departments, Programs &amp; Resources</b>, then click on <b>SHA Library</b> which is found <b>under Academic Health Sciences</b>.</p> 

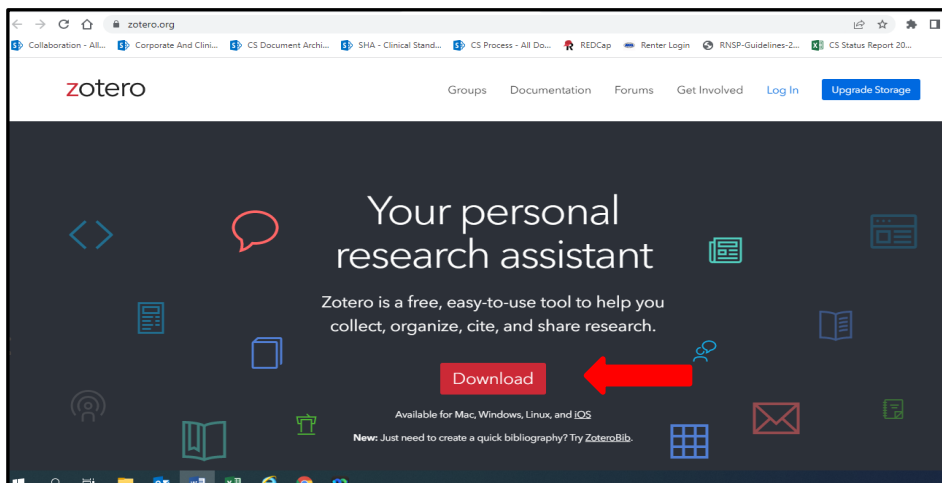

3. Under the **Library Home** section found on the left-hand side, click on [Citation & Writing Support](#).

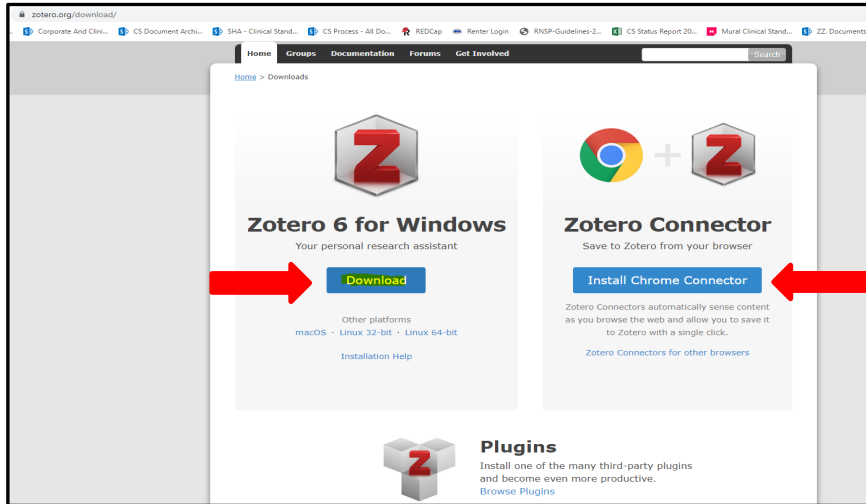

4. In the **Citation Management Manager- Free Solutions** section, and click on [Zotero](#) to open.

5. Click on the **Download** button.

- 6.
- a) Download **Zotero 6 for Windows** (This is the application that is downloaded into your hard drive.)
- b) Follow installation instructions found [here](#).
- c) Download **Zotero Connector** in **Google Chrome**.
- Save to your browser. (This helps bridge between the research found on the internet and getting the information into the Zotero application on your hard drive).

- d) This  icon will appear on your desktop when **Zotero** has been successfully installed.

7. Open **Zotero**.

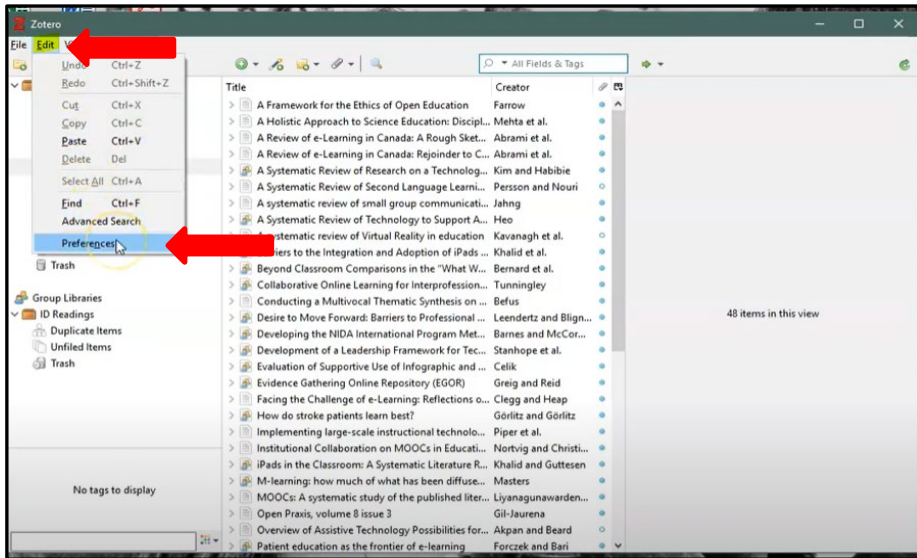

**NOTE:** Prior to collecting references from Zotero, you must first navigate to the program's preferences. (See steps below for MAC and PC).

- 8.
- a) **If using a MAC:**
- Click on **Zotero** found at the top left-hand side of your tool bar
  - Choose **Preferences**

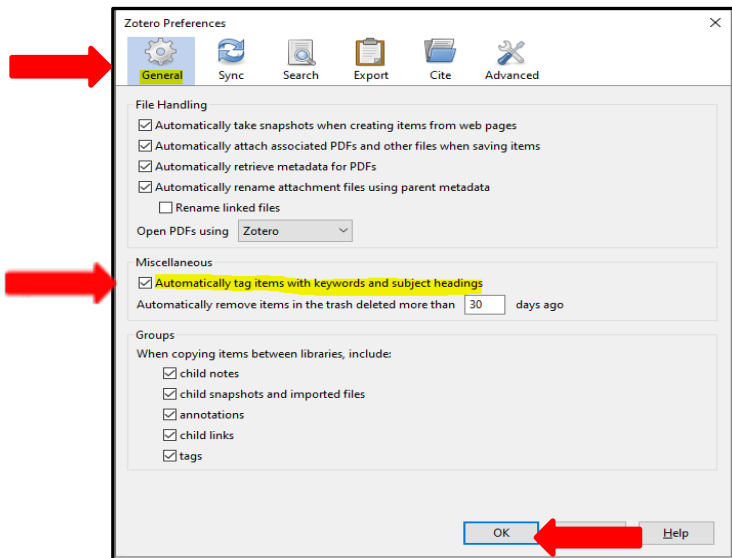

b) **If using a PC:**

- Click on **Edit** button in your tool bar.
- Choose **Preferences**

9. Under **General**, scroll down until you locate **Miscellaneous**.

- Uncheck the box beside **Automatically tag items with keywords and subject headings**.
- Then select **OK**.

## CREATING YOUR LIBRARY COLLECTION AND SUBCOLLECTIONS

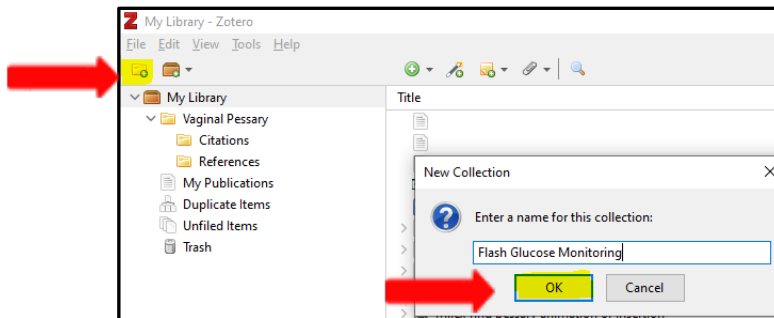

10. Log into your **Zotero** account and open.

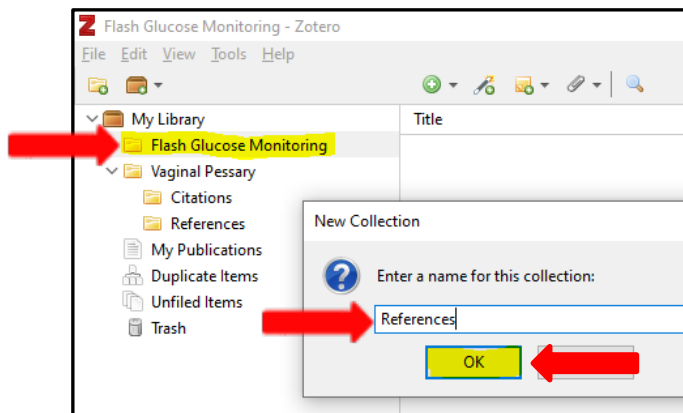

OR

11. To create a **new Collection** for your topic, click on the  icon, enter name, then click **OK**.

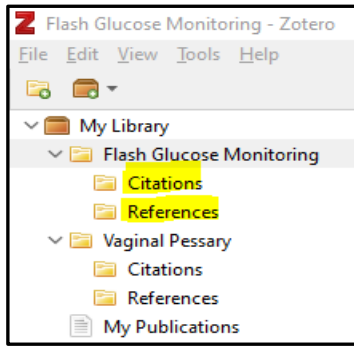

12. To create **New Subcollections** to organization references and citations, right-click your mouse on desired **Collection**. Choose **New Subcollection**, name, and click **OK**.

**NOTE:** Create a subcollection for citations and references **prior to** adding to the desired collection. This will allow you to keep your citations and references organized.

13. Example of Citation and Reference Subcollections.

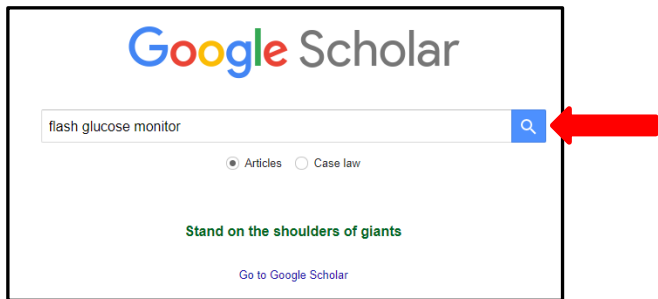

**CREATING YOUR LIBRARY: COLLECTING REFERENCES- [ZOTERO TUTORIAL COLLECTING REFERENCES](#)**

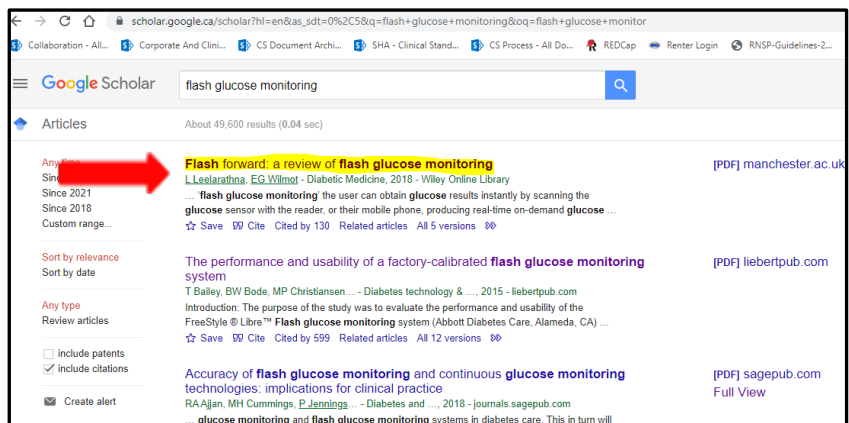

14. Use such resources as [Google Scholar](#) and the [SHA Library](#) when performing an independent literature search for reference and citation material.

**A. [Google Scholar](#):**

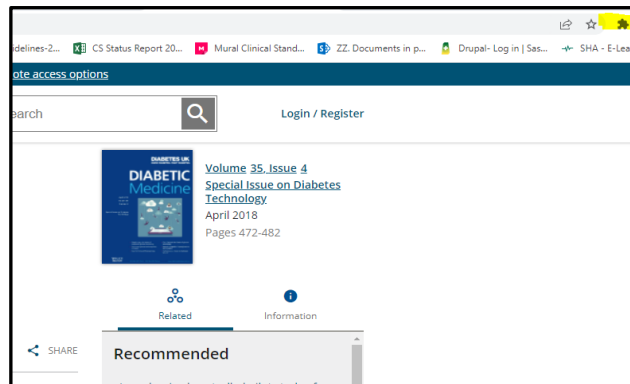

i) Enter topic/subject matter into the search bar and click  icon.

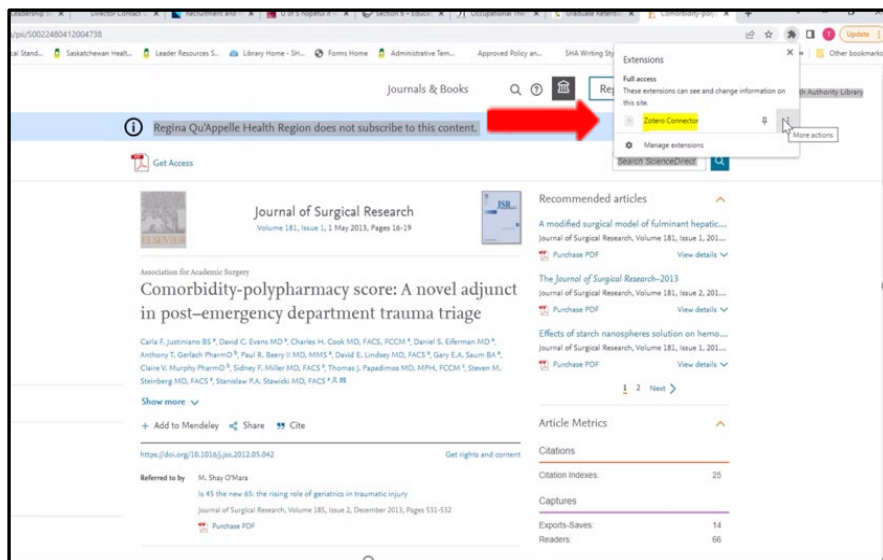

ii) Select article to review and add to your Library Collection.

- iii) Open the **Zotero Connector** extension by clicking on  the icon found in the tool bar at the top right-hand corner.

- iv) Select **Zotero Connector**.

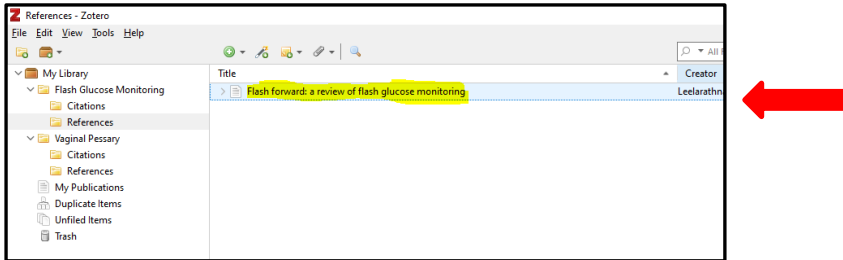

- v) Select the library or collection that you want to save it to. Use the drop-down arrow to show additional collections and subcollections

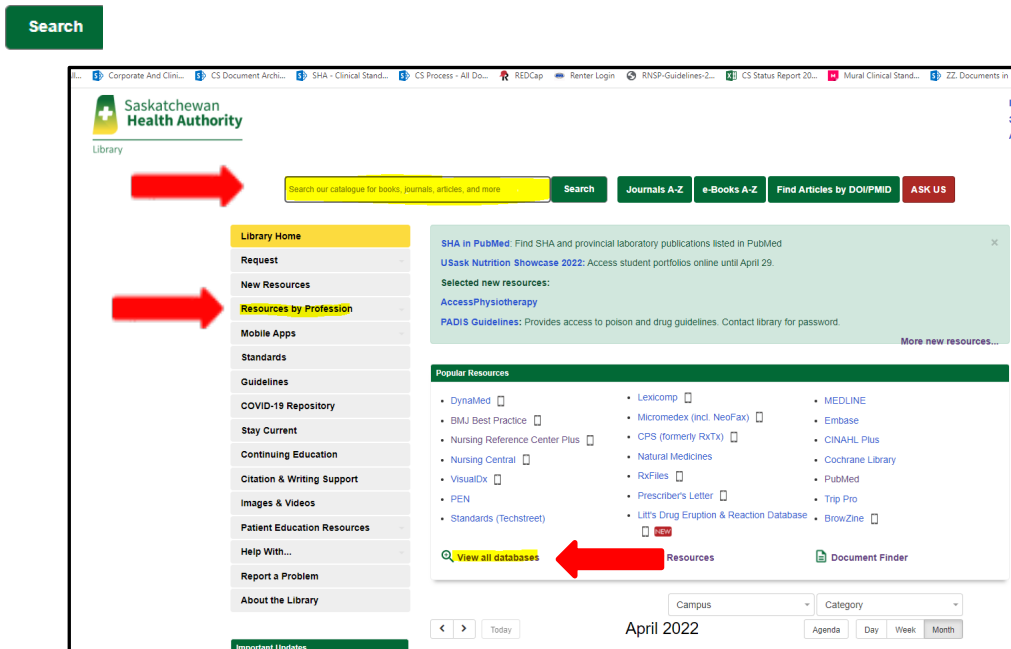

vi) Open **Zotero**.

vii) The selected article will be found in the chosen collection or subcollection.

A. Independent literature search using the **SHA Library**: [A-Z Databases](#) or [Resources by Profession](#) or

## CREATING YOUR LIBRARY- SHA LIBRARY GENERATED LITERATURE SEARCH

15. Request a literature/evidence search through the [SHA Library](#) using the [online evidence search request form](#)

**Step 1:**

**Step 2:**

**NOTE:** When requesting a literature/evidence search through the SHA Library, ask for the results to be sent as **RIS** files (Example: [OT COVID.ris](#)). This allows upload for all applicable references using Zotero.

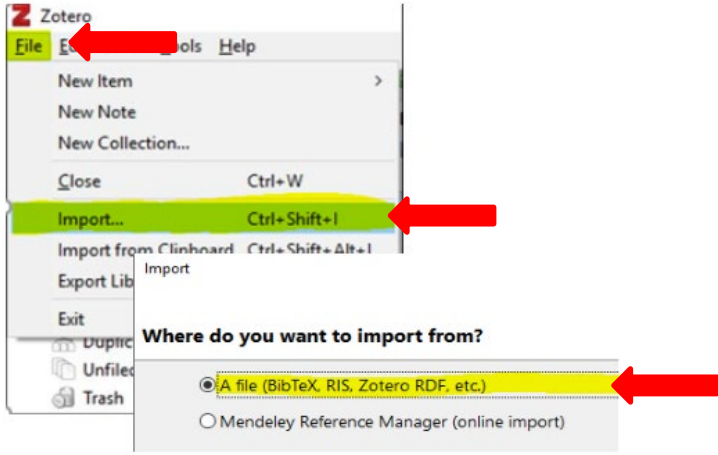

16. When importing the **RIS files** sent by the SHA Library, first open **Zotero**.

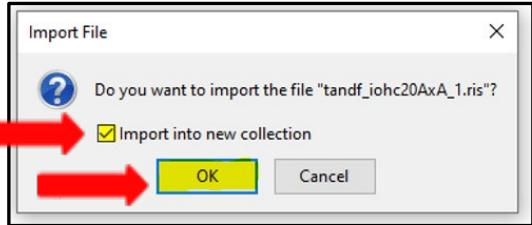

OR

17. To import **RIS files**, click on **File** then choose **Import**. Select **A file (BibTeX, RIS, Zotero RDF, etc.)**

18. Check box **Import into new collection**, then select **OK**.

- Use this RIS File: [OT COVID.ris](#) as a practice example

**ADDING ITEMS/REFERENCES INTO ZOTERO USING IDENTIFIER OR METADATA**

19. A. **By Identifier**

**NOTE:** This method requires you to know the reference's **ISBN/DOI/PMID/arXiv IDs**.

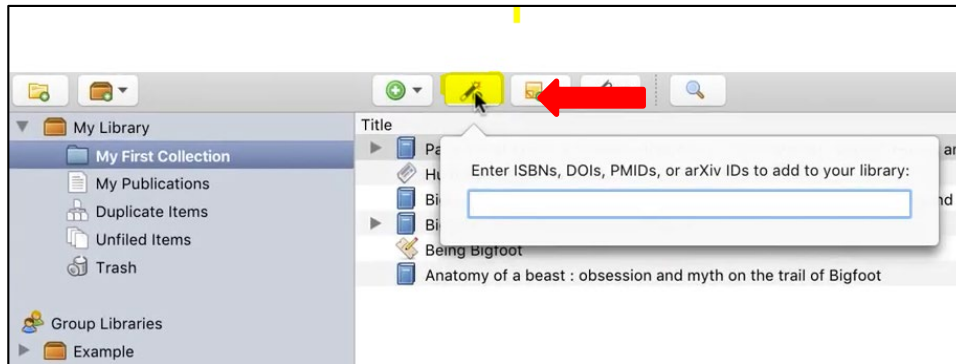

- i. Locate your reference's **ISBN/DOI/PMID/arXiv ID**.

**Peripheral IVs**  
**Factors Affecting Complications and Patency—A Randomized Controlled Trial**

Tripathi, Sandeep MD; Kaushik, Vidhu MD; Singh, Varinder MD  
[Author Information](#)

Journal of Infusion Nursing: May 2008 - Volume 31 - Issue 3 - p 182-188  
**doi: 10.1097/01.NAN.0000317704.03415.b9**

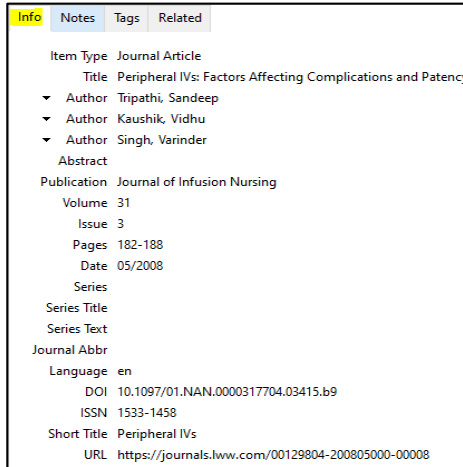

- ii. Click on the ***magic wand*** icon

- iii. Enter the **ISBN, DOI, PMID, or arXiv IDs** to add the reference to your library and click **ENTER**.

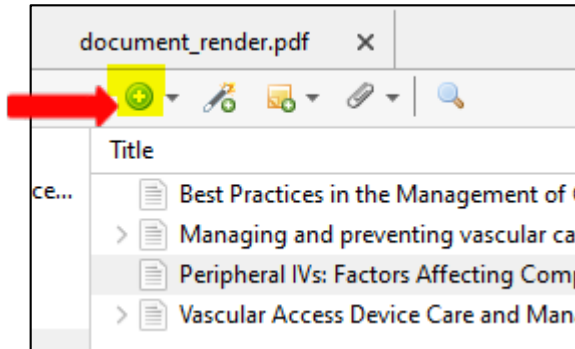

- iv. The metadata will automatically generate in the column found on the far right-hand side, and the reference will be entered into the library collection or subcollection. (See example below)

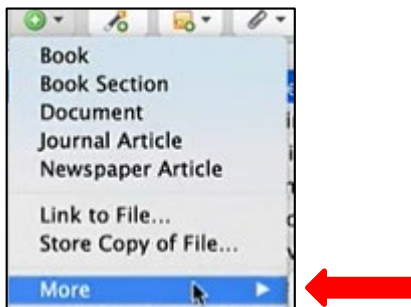

## B. Metadata- Manual Entry

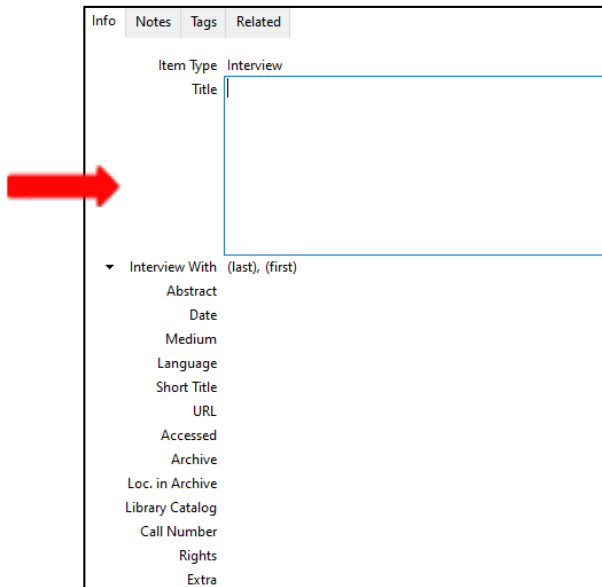

- i. When in Zotero, click on the  icon.

- ii. Choose type/source of reference from the drop-down. If required, click **More** to choose from additional types/sources.

iii. Enter the reference's bibliographic information into the area found in the far right-hand column.

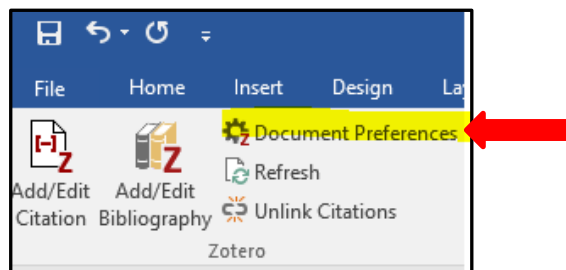

## CITING AND REFERENCING IN WORD DOCUMENT ZOTERO TUTORIAL IN-TEXT CITATIONS

### 20. In-Text Citation:

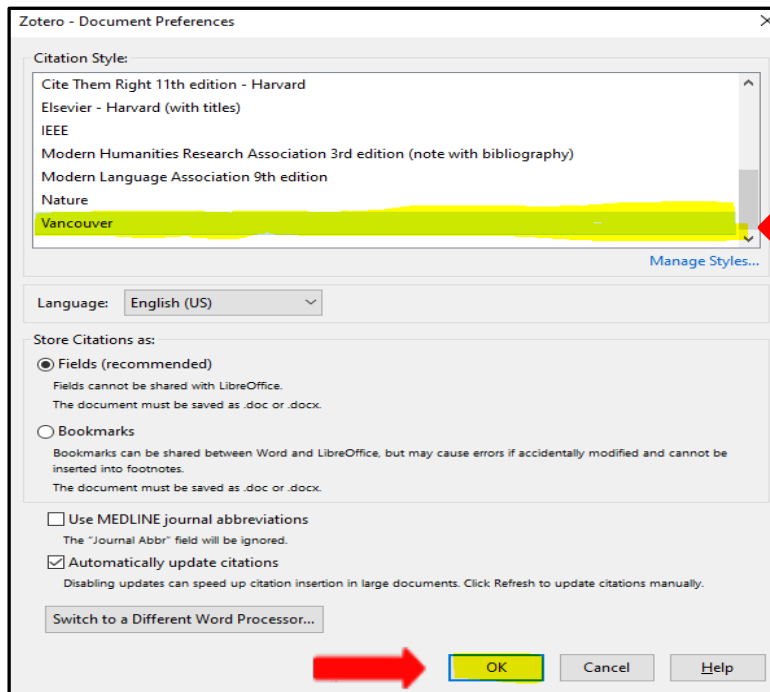

a) When installed, **Zotero** will appear in **Word Document** tool bar.

b) Click on **Document Preferences**.

c) Scroll down and select **Vancouver Style** and click **OK**

d) Click on **Zotero** to reveal **Add/Edit Citation**.

e) Place your cursor at the end of the desired sentence to add the citation.

f) Click on **Add/Edit Citation** icon found in tool bar.

• The following will appear.

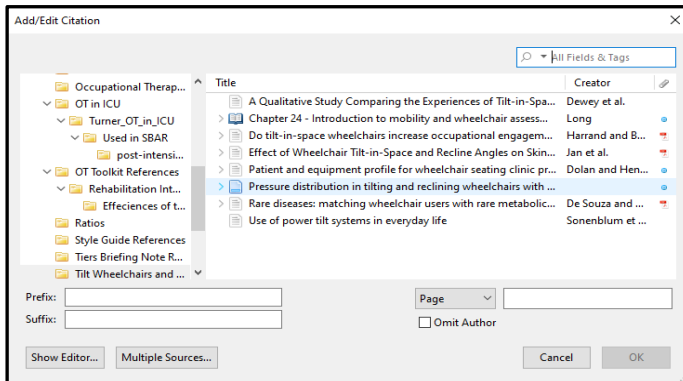

g) Search by name/title or author **OR**

h) Click on and choose **Classic View**  to reveal Collection

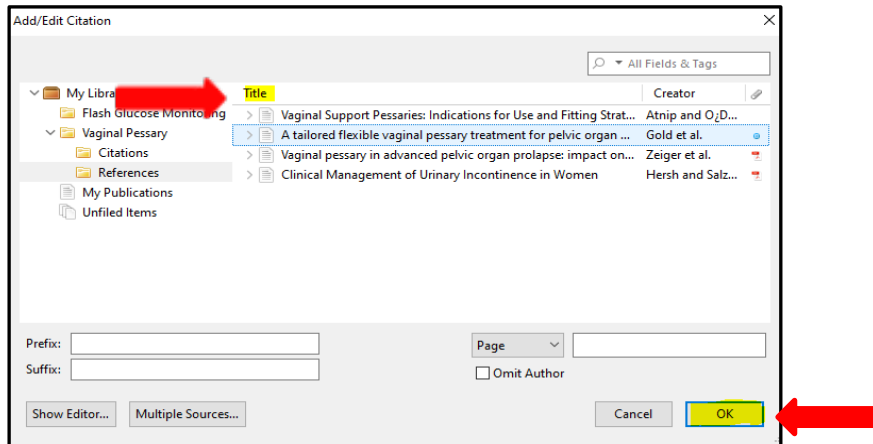

i) **Single Source** or **Multiple Sources** (see steps below)

**A. Single Source:**

- i) Select source in **Title** section.
- ii) Click **OK**.

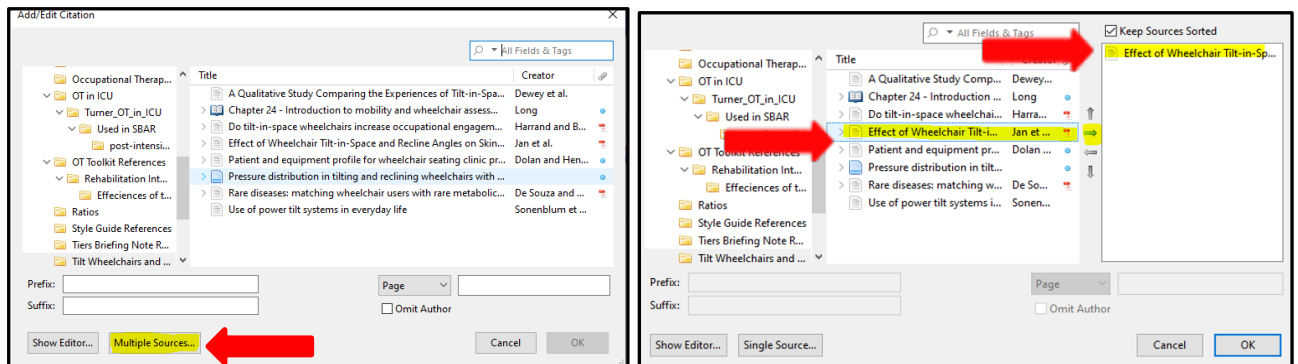

**B. Multiple Sources:**

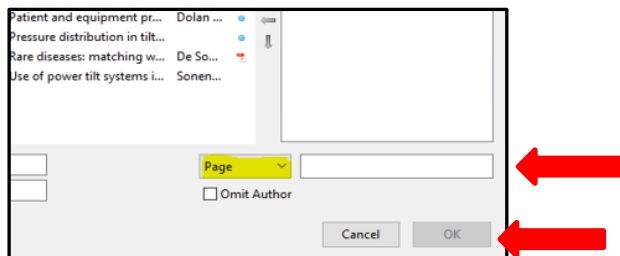

- i) Select **Multiple Sources**.
- ii) Select each applicable sources in **Title** section.
- iii) Use  to move into right-hand column

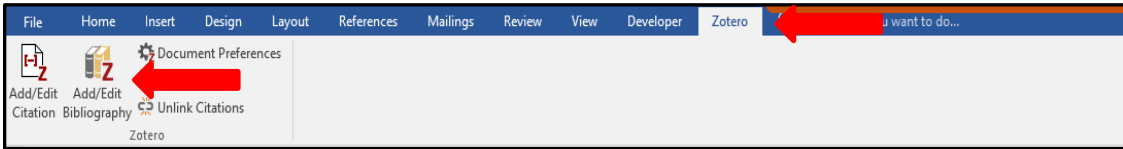

**NOTE:** You can only move one source over at a time.

- iv) Once all applicable sources are located in the right-hand column, select **OK**.

- v) Add a page number then click **OK**.

20.	<p>j) Citation will appear in document in Vancouver Style.</p> <div data-bbox="300 163 933 247" style="border: 1px solid black; padding: 5px;"> <p>Sentence number one is the first sentence (1)</p> </div> 
21.	<p><b>Referencing:</b></p> <p>a) To add references or a bibliography to a Word Document, click on <b>Zotero</b> to reveal <b>Add/Edit Bibliography</b>.</p> <div data-bbox="308 457 1425 604" style="border: 1px solid black; padding: 5px;">  </div> <p>b) Click on <b>Add/Edit Bibliography</b>  icon found in tool bar.</p> <p>c) References will be correctly inserted in the Vancouver Style format.</p> <div data-bbox="308 892 1396 991" style="border: 1px solid black; padding: 5px;"> <p>1.
