Letter of Transmittal

Healthy People, Healthy Saskatchewan

Dear Minister Reiter:

The Saskatchewan Health Authority (SHA) is pleased to provide you and the residents of our province with the SHA's *Annual Report to the Legislature 2018-2019*.

The annual report is a legislated requirement, presenting the SHA's activities, results and approved audited financial statements for the fiscal year ending March 31, 2019.

Performance information provided in this report reflects the SHA's progress towards achieving the strategic priorities outlined in the *Ministry of Health Plan for 2018-19* and the *Saskatchewan Health Authority's 2018-19 Business Plan*.

The annual report demonstrates the SHA's commitment to transparency, accountability and public reporting of performance.

This year's publication documents our first full year as a single health authority. As one organization, we are focused on better serving the needs of Saskatchewan people by aligning and integrating health services across the province to ensure patients receive high quality, timely health care, regardless of where they live in the province.

The progress achieved in 2018-19 is due to the dedication and commitment of staff and physicians of the SHA and our many partners, including the patients and families we serve and the direction they provided to enhance patient- and family-centred care.

Respectfully submitted,

R.W. (Dick) Carter, Chairperson
Saskatchewan Health Authority
Board of Directors

Message from the CEO

Healthy People, Healthy Saskatchewan

In 2018-19, our Board of Directors formally endorsed a philosophy of patient- and family-centred care as the central foundation for our values as an organization. This philosophy is central to everything we do and critical to the transformation of our health care system in the years ahead.

As one province-wide organization, we have combined the strengths of our health care providers across Saskatchewan and we are moving forward, creating a health care system that is better, safer, smarter, and more co-ordinated for the people we serve. As a result, we are better positioned now than ever before to ensure the people of Saskatchewan receive high quality, timely health care, regardless of where they live.

We know we still have a long way to go. To achieve our vision of *Healthy People, Healthy Saskatchewan*, we are focused on improving team-based care in the community and reducing reliance on acute care, supporting a culture that advances continuous improvement, cultural awareness, patient and staff safety, establishing physicians as leaders in the health-care system and improving system-wide alignment of services.

Advancing these priorities will strengthen health care delivery in Saskatchewan. However, we know the true key to transformation is combining the resourcefulness of our physicians and staff with the voices of the people we serve. The result will be healthier people and healthier communities in every corner of Saskatchewan.

On behalf of our Board of Directors and our Executive Leadership Team, we look forward to continuing to work with the people of Saskatchewan and our health care teams to achieve our vision of *Healthy People, Healthy Saskatchewan*.

Scott Livingstone
Chief Executive Officer (CEO)
Saskatchewan Health Authority

Introduction

Healthy People, Healthy Saskatchewan

The Saskatchewan Health Authority (SHA) is responsible for the delivery of high quality and timely health care for all the people across the province. Through transformation in 2017 we became the province's biggest employer, with approximately 40,000 employees and 2,700 physicians serving the people of Saskatchewan.

The SHA works in the spirit of truth and reconciliation. We recognize that our places of work and facilities lie on the traditional territory of the First Nations and Métis people, which includes treaties 2, 4, 5, 6, 8 and 10. We acknowledge and recognize the history of the First Nations and Métis people who have come before us as this history is important to our future and our efforts to close the gap in health outcomes between Indigenous and non-Indigenous peoples.

The SHA is working toward building a patient- and family-centred health system and services that are sustainable into the future. We will do this by building accountability, quality, stewardship and commitment into everything we do, at every level of the organization, and ensuring key foundational structures are in place to support our patients, clients, residents and families.

This past year, after extensive consultation and engagement with more than 5,000 key stakeholders and health system partners, the SHA Board of Directors approved the five core values of safety, accountability, respect, collaboration and compassion and a commitment to a philosophy of patient- and family-centred care. Our values and philosophy of care are at the heart of everything we stand for – they inspire, empower and guide how we work together with patients, clients, families and each other.

The SHA continues to work to meet the varied and complex needs of Saskatchewan residents. The organization's focus is on enhancing service delivery through the integration of team-based community and primary health care through the development of Health Networks. Providing care for those with chronic diseases in their homes and in the community will better meet their health care needs outside of acute care facilities.

The SHA's *Annual Report to the Legislature 2018-2019* provides an overview of the SHA's activities and performance results for the fiscal year ending March 31, 2019.

The SHA is committed to achieving the goals outlined in the SHA's business plan, which align with the goals and direction of the Ministry of Health. The business plan charts the SHA's direction, guides decision-making and outlines where the SHA will focus activities in the fiscal year to achieve ongoing success.

Vision, Mission, Values and Philosophy of Care

VISION

Healthy People, Healthy Saskatchewan

MISSION

We work together to improve our health and well-being. Every day. For everyone.

VALUES

SAFETY:

Be aware. Commit to physical, psychological, social, cultural and environmental safety. Every day. For everyone.

ACCOUNTABILITY:

Be responsible. Own each action and decision. Be transparent and have courage to speak up.

RESPECT:

Be kind. Honour diversity with dignity and empathy. Value each person as an individual.

COLLABORATION:

Be better together. Include and acknowledge the contributions of employees, physicians, patients, families and partners.

COMPASSION:

Be caring. Practice empathy. Listen actively to understand each other's experiences.

Our **Philosophy of Care** conveys our vision, values, beliefs and goals and defines our purpose and direction to staff, physicians, patients and families.

Our commitment to a philosophy of patient- and family-centred care is at the heart of everything we do and is the foundation for our values. This philosophy of care is, in essence, our culture – who we are, the shared purpose that brings us all together and how our patients and families experience care every day. Through meaningful engagement and co-creating mutually beneficial partnerships among employees, physicians, patients, families, clients and residents, together we ensure a seamless health system that supports *Healthy People, Healthy Saskatchewan*.

Roles and Responsibilities

Healthy People, Healthy Saskatchewan

The Provincial Health Authority Act establishes the roles and responsibilities of the Minister of Health and the SHA. Under this Act, the minister is responsible for the strategic direction of the health care system in Saskatchewan and may take actions that the minister considers advisable for that purpose including:

- establishing goals and objectives for the provision of health services;
- establishing performance measures and targets to promote the effective and efficient utilization of health services;
- developing, implementing and evaluating provincial health care policies;
- conducting financial, human resources and information technology planning for the health care system;
- developing methodologies for effective and efficient allocation of resources; and
- administering the allocation of available resources for the provision of health services.

Under *The Provincial Health Authority Act*, the SHA is responsible for the planning, organization, delivery and evaluation of the health services that it provides. In carrying out its responsibilities, the SHA:

- assesses the health needs of Saskatchewan residents;
- prepares an operational plan for the provision of health services;
- delivers the health services that the minister has determined it is to provide;
- co-ordinates patient care with other providers of health services;
- evaluates the health services it provides;
- promotes and encourages health and wellness;
- assists the ministry in the development and implementation of health policies and standards, health information systems, human resource plans for the health care system and other provincial health system initiatives;
- meets the standards established by the minister respecting the provision of quality health services; and
- provides reports required by the minister.

Governance Structure

Healthy People, Healthy Saskatchewan

Outline of Governance Structure

The SHA is governed by the SHA Board of Directors. The Board consists of 10 voting members, appointed to three-year terms by the Lieutenant Governor in Council. The Board is accountable to the Minister of Health to achieve the goals and objectives of the SHA, ensuring effective planning, delivery and evaluation of all health care programs on behalf of the residents of Saskatchewan.

The SHA governance system is outlined in *The Provincial Health Authority Act* and *The Provincial Health Authority Administration Regulations* supported by the initial General Bylaws and the interim Practitioner Staff Bylaws of the SHA, and further detailed in the Governance Charter, approved Dec. 4, 2017. The Governance Charter reflects the provincial legislation, direction, philosophy and principles governing the SHA – a large, complex, high profile and accountable public sector organization. The Charter describes in detail the Board’s accountabilities to, and relationships with, key stakeholders and the Chief Executive Officer (CEO) inclusive of the CEO’s authority and expectations. The governance philosophy is guided by the following principles:

- The Board provides strategic direction and leadership.
- The Board adheres to the highest ethical and legal standards in the conduct of its business.
- The Board makes decisions on the best available evidence.
- The Board’s approach to governance is open; open to information that will enable the Board’s work, responsive to the expectations of the public and transparent regarding the decisions that are made.
- The relationship between the Board and the CEO is based upon trust, collaboration and clear understanding of roles and responsibilities of the Board and the CEO.

The Governance Charter also outlines the Board’s structures and governance processes whereby strategic goals are set, key relationships are maintained, assets of the organization are safeguarded and quality care is supported in accordance with best practices, service excellence and national performance standards such as those of Accreditation Canada. The Board fulfills its governance role and responsibilities through the following Committees of the Board chaired by Board members, recommended by the Board chairperson and formally appointed by the Board (Appendix B):

- Governance and Human Resources Committee
- Quality and Safety Committee
- Audit, Finance and Risk Committee
- Board Practitioner Hearing Committee
- Practitioner Liaison Committee

The Board has also established an Internal Audit function that supports the SHA to accomplish its objectives by bringing a systematic and disciplined approach to evaluate and improve its operations. Internal Audit does this by providing insight and advice to help drive improvements in governance, risk management and control processes, balanced with assurance on key risk mitigations and controls through the completion of audit work. Internal Audit's direct reporting line to the Board helps ensure independence and objectivity are maintained.

The Board recognizes the paramount importance of patients and families as key in the delivery of the health care services provided by the SHA. The Board incorporates the patient experience into their work to inform the strategic direction for the SHA.

SHA Strategic Priorities

Healthy People, Healthy Saskatchewan

Strategic direction and alignment with government priorities

In collaboration with the Ministry of Health, the SHA develops its strategic priorities to align with the ministry's annual health system strategic plan and the accountability letter from the Ministry of Health. The SHA is committed to working collaboratively with all health system partners to achieve the Ministry of Health's strategic goals. This collaborative approach helps to strengthen communications, promote cost control, and create a strong, accountable relationship between the SHA, the Ministry of Health and health system partners.

SHA planning and reporting

The SHA, in partnership with the Ministry of Health, selects a set of strategic priority measures to monitor the performance of the health system as a whole. These measures are identified in the Ministry of Health's health system strategic plan. The health system performance information provided in this report represents one year's progress. "Target not met" means that the SHA has not met the target set out for this fiscal year. "In progress" indicates the performance information is still to be determined: either the measure is in development, the data collection process is in development or the year-end data has not been received. "Ongoing" identifies a measure where the initial target has been met, but additional work is occurring. The SHA Management System is the foundation for the strategic organizational work completed by the organization in 2018-19.

Robust strategy and strategic planning processes are a key component of high performing organizations. As part of this work, the SHA is working to align their planning and reporting cycle with government planning and budget cycles. The SHA is still in its infancy as an organization and many foundational pieces of work that began in 2018-19 will continue in the 2019-20 fiscal year.

In partnership with the Ministry of Health and the Health Quality Council, the SHA has been working on developing a set of enduring system measures which span the continuum from the social determinants of health to acute and primary care. The goal is for these high-level measures to inform the SHA's Board and senior leadership of performance over time and allow for comparisons with other jurisdictions from across Canada.

While still in development, each enduring health system measure is supported by a measurement cascade – a set of measures from the executive level to the point of care – which identifies where improvement needs to occur, as well as highlights areas where improvements are occurring, so that the learnings can be spread across the province. Each measure is also paired with a logic model, based upon research and best practice, which can be used to offer suggestions of the actions to take for improvement.

2018-19 Health System Strategic Priorities

Goal 1: Connected care for the people of Saskatchewan: Improve team-based care in communities and reduce reliance on acute care services

Strategies:

- Enhance team-based care in the community
- Enhance access to mental health and addictions services
- Enhance team-based care in the hospital
- Ensure seamless patient care at all points in the health system

Goal 2: Create a health system culture that promotes patient and staff safety

Strategies:

- Advance a culture of quality improvement and safety
- Strengthen the health system's capacity for improving appropriateness of care in Saskatchewan
- Improve system-wide co-ordination and alignment of services

Goal 3: Establish physicians as leaders in the health-care system

Strategy:

- Enhance physician role in the management and governance of the health system

Connected Care

Improve team-based care in the community and reduce reliance on acute care services

Enhance Team-Based Care in the Community

Performance Measure	Target	Status
Reduce the number of days that patients are in hospital when they no longer require hospital care	5% reduction by March 31, 2019	In progress
Reduce unnecessary admissions to hospital	5% reduction by March 31, 2019	Target not met

Health Networks support team-based care for patients

In May 2018, provincial advisory and operational oversight groups were formed to design and support the ongoing development of Health Networks in Saskatchewan. Health Networks are collaborative teams of health professionals including physicians, and community partners, providing fully integrated services to meet the health needs of individuals and communities.

Through the integration of team-based community care, patients will receive the health care services they need, where they need them, which will lead to improved health outcomes and reduced reliance on acute care services. Two expected benefits are improved access for patients who are ready to transition to community services and fewer unnecessary hospital admissions.

Health Networks will serve as the organizational framework for all services within the SHA and will be integrated into the SHA’s development and structure.

The goals of the network system will align with and support the SHA’s goals. Networks will *connect care* between teams in the community and between the community and other parts of the health system; *improve quality* by creating a culture of accountability; *make health care safer* by improving transitions between care; and *support physician leadership* at the local level, allowing for better co-ordination and alignment of services.

The impetus behind creating this primary health care model was the *Saskatchewan Advisory Panel on Health System Structure Report* and the *Patient First Review*, which reported that patients felt health care was fragmented and provider-focused. Among the recommendations in the advisory panel report was that the new provincial health authority and the Ministry of Health prioritize enhancing team-based primary health care across the province so that services could be delivered more effectively and the patient experience could be improved.

The model also reflects what physicians have been asking for: an emphasis on team-based care with physician co-leadership.

Working with patient advisors, physicians and partner organizations, the advisory and operational oversight committees for Health Network development have created a vision for Health Networks which includes their principles and attributes. Working groups have been tasked with foundational work to support successful Health Network development. This work includes analyzing local data to inform future service delivery and developing staff, community, patient and physician engagement plans.

The former Regina Qu'Appelle Health Region began establishing Health Networks, supported by clinical integration units, in 2015. Four are located in Regina and three in the former rural Regina area.

Reducing unnecessary time spent in hospital

Every Saskatchewan resident should be able to access the right health care services, right when those services are required, delivered by the most appropriate care team in the right setting as close to the resident's home as possible. Consistently achieving that goal means patients, providers, information and supplies all must be able to move throughout the health care system, unimpeded, so that resources and services are available where and when they are needed. This is referred to as 'system flow.' Several system flow strategies have contributed to the early success of Regina and rural Regina area networks and to overall improved patient flow. A focus on service optimization across system areas including acute care, long-term care and community-based primary health care, has been instrumental. All flow improvement initiatives have incorporated elements of timely access to an optimal and appropriate level of services including improved upstream and downstream processes, repatriation and better service transitions.

Saskatoon system flow priority work at Royal University Hospital is cross-functional and focused on reducing hospital occupancy rates, providing access to community services, and emergency department optimization. In addition to these long-term strategies, proposed interim strategies support the transition of admitted patients from the emergency department to an alternate location. In January 2019, teams from the Department of Medicine at St. Paul's Hospital and Nutana Suburban neighbourhood began developing and implementing processes to identify patients in hospital who can be supported by care providers in the community and to seamlessly transition them from hospital to home. This is part of the federally funded Bridge to Home program, which has two sites in Saskatchewan: one in Saskatoon and one in North Battleford.

While significant work is underway to improve the hand off between hospital and community, too many patients remain in hospital while they no longer require care. These patients are referred to as alternate level of care (ALC) patients.

As of March 31, 2019, the SHA:

- Did not meet the wait time of 16.1 days before ALC patients are discharged. The actual wait time was 20.1 days, an increase from 2017-18 when the wait time was 17.0 days. This rise in the number of ALC patients is believed to be the result of improved provincial data collection, improved processes to identify ALC patients and a better understanding of which patients are occupying beds when they no longer require care.

The reasons ALC patients remain in the hospital are multiple and complex. They may include gaps in service programming (e.g. “specialty” resources for individuals with behavioural or unique health needs); a lack of available convalescent or long-term care beds; an inability to access community-based services including safe, affordable housing due to high demand; overlapping patient assessments; and legal issues, such as lack of power of attorney and legal guardianship.

Unnecessary admission to hospital

Saskatoon area’s chronic disease management program has been effectively integrated into primary health care service delivery. Services span acute care, outpatient- and community-based services. With the development of health networks, the current chronic disease management program will form a solid foundation for other programs and services to build on, such as home care, primary care and public health.

In Regina, efforts have been focused on integrating interdisciplinary service teams across Health Network programs to improve patient access to appropriate care. In particular, providing chronic obstructive pulmonary disease (COPD) programming in areas shown to have the highest incidence of the disease is beginning to result in earlier diagnosis, treatment and rehabilitation. Early ambulatory care sensitive conditions data illustrates a downward trend in hospital visits for COPD-related illness in the Regina area. Also underway is the design and development of a Community Adult Type II Diabetes Management Pathway. The pathway, and how its services are provided to the community, will be similar in design to the Community COPD Clinical Management Pathway, but specific to the needs of its target demographic and the many comorbidities associated with diabetes. It is expected to formally roll out in the fall of 2019.

Bringing specialized care closer to the people who need it is the purpose behind the Community Health Centre at Market Mall in Saskatoon and the Gardens Community Health Centre in Regina. The centres, which provide intermediate team-based care for complex older adults, are expected to support residents in staying well and independent, and reducing their reliance on hospital care.

As of Dec. 31, 2018, the SHA:

- Did not achieve a five per cent reduction in unnecessary admissions to hospital. As of the end of the third quarter of 2018-19, the SHA averaged 707 admissions per month. This is a one per cent reduction over the previous year where the SHA averaged 714 admissions per month.

Access to Mental Health and Addiction Services

Performance Measure	Target	Status
All individuals seeking service will be seen within the benchmark wait times	100% within benchmark wait times by March 31, 2019	In progress

The SHA, in support of the Government of Saskatchewan's 10-year *Mental Health and Addictions Action Plan* launched in 2014, is committed to improving access for individuals in need of mental health and addiction services, wherever they live in the province. SHA's focus in 2018-19 has been to reduce barriers to receiving care by expanding services in the community. In addition, a significant achievement this fiscal year has been the opening of Saskatchewan Hospital North Battleford. The 284-bed complex replaces the century-old, 156-bed provincial hospital of the same name. The facility includes 188 psychiatric rehabilitation beds and a 96-bed secure wing for individuals involved in the criminal justice system who have mental health issues.

Addressing and improving mental health and addiction services across many sectors is complex and will take the efforts of many partners collaborating together. The federal government is providing Saskatchewan with close to \$350 million over 10 years for targeted incremental investments in home and community care and mental health and addiction services. In 2018-19, federal and provincial investments supported a number of initiatives. Included are:

- The Mental Health Capacity Building pilot project, led by the SHA in collaboration with the ministries of Health and Education, to improve the mental health and well-being of students through promotion and prevention. The pilot was implemented in five schools;
- The expansion of the Police and Crisis Team (PACT) program to six sites with the establishment of teams in Yorkton, Moose Jaw, Prince Albert and North Battleford. Teams were previously in place in Regina and Saskatoon. The PACT program is a collaborative effort of the SHA, the Ministry of Corrections and Policing, the RCMP and municipal police forces. It pairs mental health professionals with police officers to create a mobile team to de-escalate mental health crisis situations;
- The establishment of a formal partnership between the SHA and the University of Regina's (U of R's) Online Therapy Unit to provide better access to mental health care through online therapy services. The new level of partnership was made possible by funding from the Ministry of Health which allowed for the hiring of a dedicated SHA team. In 2018-19, 582 clients worked with U of R therapists and a further 400 clients were supported by the SHA team, 42 per cent more than the SHA worked with the previous year.

- The launch of eight community recovery teams in Regina, Prince Albert, Swift Current, Yorkton, Weyburn, Moose Jaw, Saskatoon and North Battleford. The multidisciplinary teams provide intensive supports in the community for people living with complex, persistent mental health challenges. The Government of Saskatchewan has provided \$4.2 million in targeted funding to launch the teams, which use a mobile, team-based approach to help clients manage symptoms, achieve their goals, avoid hospitalization and thrive in the community.

Mental Health and Addiction Services waits

Reducing wait times for mental health and addiction services is an important part of improving access and quality of care. In 2018-19, Mental Health and Addiction Services in the SHA continued to monitor and improve waits for community-based services, as was the practice of former regions for a number of years.

The SHA tracks the wait times of patients for the following core Mental Health and Addiction Services outpatient programs: Adult Addictions, Adult Mental Health, Youth Addictions, and Child and Youth Mental Health.

Benchmark wait times vary, based on how a patient is triaged by program intake staff. Triage is necessary to ensure patients receive the right care at the right time. Clients triaged as “very severe” are to be seen within 24 hours. Those who are “severe” are to be seen within five working days. Otherwise, clients are seen within 20 to 30 working days.

In 2018-19, summarized reported wait time data indicates:

- Adults seeking outpatient addiction counsellors at all triage levels were offered services within the established benchmark time frames.
- At least 99 per cent of adults seeking outpatient mental health counsellors were offered services within the established benchmark time frames.
- Youth seeking outpatient addictions services who were triaged at the highest and lowest levels had the opportunity to see counsellors within the established benchmark time frames. Children and youth outside of these triage levels waited longer than the benchmarks.
- All children and youth seeking mental health outpatient services who were triaged at the highest levels were offered services within the established benchmark time frames. Children and youth outside of these triage levels waited longer than the benchmarks.

Enhance Team-Based Care In Hospital

Performance Measure	Target	Status
Reduce emergency department waits (2013-14 baseline)	35% reduction by March 31, 2019	Target not met
Reduce the length of stay on newly created Accountable Care and Connected Care hospital units (ACUs/CCUs)	5% reduction in length of stay by March 31, 2019	Target not met

Reducing waits, improving patient flow

Reducing wait times in the emergency department is a complex challenge. The Health Quality Council's 2018 discussion paper, *Connected Care: A Summary of Learnings from the Emergency Department Waits and Patient Flow Initiative*, identifies a number of key elements that support a reduction in emergency wait times and ensure connected patient care. These include implementing intermediate care teams that support patients who require less intensive care than that provided in an acute care bed but more intensive than can be provided by basic home care services; an integrated physician perspective; aligned measurement systems; and team-based care. Team-based care is the foundation of Connected Care, both in hospitals and in communities.

The SHA supports team-based care in the hospital through initiatives and practices such as interdisciplinary bedside rounds, Accountable Care and Connected Care units (ACUs/CCUs), bedside shift handovers, real time demand and capacity management, and patient-centred discharge planning.

As part of the SHA's work to improve patient flow system-wide, Regina and Saskatoon areas worked together in 2018-19 to standardize bed management and patient flow practices which is expected to reduce the amount of time patients wait in emergency before being admitted to a unit.

As of Jan. 31, 2019, the SHA:

- Did not achieve a 35 per cent reduction in the amount of time patients wait in the emergency department before being admitted to an inpatient unit. Provincially, based on 10 sites reporting, there was an increase in this time from an average of 21.0 hours in 2013-14 to 24.5 hours in 2018-19.

The ACU/CCU model is part of a larger provincial Connected Care Strategy to improve emergency wait times and patient flow. The Connected Care strategy is focused on providing safe, seamless care for patients as they move from one care setting to another, ensuring that patients receive care in the setting that best matches their needs. Historically, the acute care model lacks interdisciplinary role clarity in care co-ordination, planning and delivery, and high quality care transitions.

ACUs/CCUs are staffed by unit-based teams that are co-led by a physician and nurse manager. Generally, physicians and interdisciplinary teams are co-located on ACUs/CCUs to ensure team-based care. Patients and families are full partners in care decisions through practices such as interdisciplinary bedside rounds (a team-based, patient-centred rounding model that brings many members of the health care team to the bedside daily and collaborates with the patient and family members to create and carry out the patient's care plan).

It also includes the collection of unit-level performance data where information about quality, safety and how quickly patients are moving through the unit, is shared with the entire care team to drive targeted improvement.

In Saskatchewan, four ACUs have been implemented on medicine units in Regina and three in Saskatoon. ACUs were implemented under the guidance of Dr. Jason Stein, who developed the model.

CCUs have been established in North Battleford, Lloydminster and Meadow Lake. CCUs are based on the same model as ACUs but are Saskatchewan's home-grown version. The SHA's five-year plan establishes a goal to implement ACUs/CCUs in all appropriate inpatient areas in the province.

As of March 31, 2019, the SHA:

- Did not achieve a five per cent reduction in length of stay on newly created ACUs, due to delays in implementation of the model. Work in 2019-20 will include establishing baseline data to support a better understanding of unit performance.
- Observed that patient and staff satisfaction went up, as evidenced by decreased patient advocate complaints and decreased staff churn.

As we continue to implement quality and safety improvement initiatives, we will target and address issues that contribute to hospital over-capacity, such as fragmented repatriation processes and alternate level of care patients occupying acute care units after acute care is no longer required.

Seamless Care at All Points in the Health System

Performance Measure	Target	Status
Reduce 30-day hospital re-admission rate	5% reduction by March 31, 2019	Target not met

Improving care transitions

The goal of the provincial Connected Care strategy is to have patients and families, hospital teams and community teams work in partnership to improve care processes so patients experience seamless care as they move between teams and facilities. Having strong processes between hospital- and community-based teams is critical to ensuring a seamless care transition. Discharge planning, medication safety protocols, complete communication of information between teams and with patients, patient self-management education, and care co-ordination with social and community supports are among the elements that support seamless care.

A number of initiatives have been implemented across the SHA to better support the provision of connected, patient-centred care in the most appropriate setting.

The SHA is beginning to see sustained improvements in care transitions between acute and community services in Regina area and the former rural Regina area as a result of the implementation of Health Networks and the Connected Care strategy.

Health Networks have been developed to create a partnership between physician clinics, the SHA's primary and community care services, and other providers and communities within specific geographic areas. Health Networks advance the integration of team-based community and primary health care in both urban and rural Saskatchewan – reducing the likelihood of citizens needing acute care and strengthening transition back to primary or home care from the hospital by embracing a team approach.

In the parts of the province where networks have been adopted, early results show between 15 and 30 fewer emergency department visits per day and at least eight fewer inpatient admissions per day.

Other services at various sites around the province, such as brief and social detox, community recovery teams, and police and crisis teams, assist patients with mental illness or addiction and contribute to the end goal of seamless care.

Further focused work on high quality care transitions is taking place in the Regina and Saskatoon areas between Accountable Care Units and the recently established community health centres (see page 12).

Additional work in support of seamless care occurring in pockets across the SHA includes improving the co-ordination of hospital care with community-based teams and services; implementing high quality care practices (post-hospital follow-up calls; enhanced community care management services); improving medication reconciliation practices; establishing interdisciplinary care rounds between hospital and community teams; examining areas where high quality care handoffs occur; putting best practice tools in place for high quality care transitions; preparing the groundwork for shared care planning between hospital and community; developing standardized approaches to patient discharge and transition planning; and implementing medication reconciliation at admission to and discharge, or transfer, from hospital.

The SHA is also working to provide increased choices and access to Indigenous health services through partnerships with the University of Saskatchewan's Cameco Chair in Indigenous Health and the Central Urban Métis Federation Inc.

As the emergency, acute care and community teams improve care transitions, the SHA foresees the need to increase the electronic sharing of information to improve the consistency of care between providers and ensure seamless patient care across sectors. Electronic sharing of information reduces re-testing and better enables health care teams to build upon a patient's plan of care.

As of March 31, 2019, the SHA:

- Did not achieve a five per cent reduction in the 30-day hospital re-admission rate. In 2018-19, the re-admission rate was 8.7 per cent, a 3.3 per cent reduction over the previous year.

Patient and Staff Safety

Create a health system culture that promotes the safety of patients and staff

Culture of Quality Improvement and Safety

Performance Measure	Target	Status
Reduce Workers' Compensation Board claims	5% reduction by March 31, 2019	Target not met
No increase in the rate of falls across the province	No rate increase by March 31, 2019	Target met
Improve overall long-term care resident and family experience ratings over 2016-17 ratings	5% improvement by March 31, 2019	In progress
Reduce the use of antipsychotic drugs in long-term care	5% reduction by March 31, 2019	Target not met

Patient and staff safety

Injuries to both staff and patients are commonplace in the health care industry. Health care workers have among the highest rate of injury of all sectors, according to the Saskatchewan Workers' Compensation Board (WCB), while patients, when tracked by the Canadian Institute of Health Information in 2014-15, were found to experience harm in one of 18 hospital stays.

In 2018-19, SHA's Quality and Safety portfolio consulted with both internal (staff, physicians, managers and safety teams) and external stakeholders (unions, the Ministry of Labour Relations and Workplace Safety, WCB, Saskatchewan Association for Safe Workplaces in Health) to better understand the root causes of staff and patient harm. Quality and Safety developed the SHA's Quality and Safety Plan as a result of this input and in consultation with the Safety Partnership Advisory Group which began meeting in January. The advisory group, comprised of SHA leaders, employees, union representatives, patient and family advisors and community-based organizations, was established to provide ongoing safety advice to the SHA, especially in relation to the Quality and Safety Plan and the SHA Management System.

The SHA Quality and Safety Plan provides a blueprint to systematically advance a culture of safety and continuous improvement throughout the organization.

Recognizing that quality and safety improvements are created, improved and sustained at the point of care by managers, physician leaders and local teams, the plan requires an integrated approach to safety where leaders learn, coach and grow their staff to continuously improve their work processes.

The SHA Management System, adapted from the Saskatchewan Health Care Management System, is a standardized approach to management providing a framework to know and grow our people, understand our business and continuously improve our processes. It links the SHA vision and strategy to daily improvement, defines leadership behaviours and capabilities needed to support our employees and physicians, and includes key elements to help our leaders advance a culture of continuous improvement and safety.

The plan draws from the strategies of high-performing health care organizations to integrate the best of safety frameworks and of quality improvement management systems. The aim is to create an integrated approach to safety where leaders learn, coach and grow their staff to continuously improve their work processes. The SHA Management System provides leaders with the training, structure, coaching and processes to ensure their processes and services are safe and reliable.

One component of the plan is the model safety line which will be implemented in the Infrastructure, Information and Support service line.

The model safety line provides an opportunity to test, validate and implement a context-specific safety plan supported by a dedicated team and build foundational leadership practices, behaviours and operational structures while integrating leading safety practices into the SHA Management System. The SHA will measure the model line's performance by tracking the number of WCB time loss claims.

The organization began model line planning, in partnership with the Saskatchewan WCB in 2018-19. The model line work will continue in 2019-20 in the Nutrition and Food Services (NFS) portfolio. NFS staff experience among the highest rate of injury in the SHA.

The successes of the model line will be replicated in other service lines using spread-and-scale methodology to accelerate the rate of improvement across the SHA. The SHA has created an internal database with information from the 12 former health regions to identify key areas of harm, which will help support this initiative.

As of Feb. 28, 2019, the SHA:

- Was not on track to achieve a five per cent reduction in WCB claims. An average of 240 claims per month were submitted in 2018-19, totalling 2,637 claims by the end of February. In 2017-18, an average of 234 claims per month were submitted, for a year-end total of 2,814.

Embedding safety practices to prevent falls

In 2018-19, provincial work progressed in the SHA's Continuing Care portfolio to support the development and implementation of the Fall Reduction and Injury Prevention Strategy in long-term care facilities. Work on this initiative began in 2017 in Saskatoon. The aim of the strategy is to embed safety practices among staff while supporting resident independence through the implementation of simple aids such as hip protectors, non-slip socks and other equipment. Results show promise.

As of March 31, 2019, the SHA:

- Saw a slight decrease in the number of falls (9.7 per cent) experienced by residents over the previous year. The provincial target *was no rate increase over 2017-18, or less than 10 per cent*. In that year, 10 per cent of residents experienced falls.

The falls Training Interventions for Patient Safety (TIPS) research team from the University of Saskatchewan is engaged in a falls study at SHA's The Meadows long-term care home in Swift Current. The study will continue into the 2019-20 year with a goal of translating findings into system-wide action. Other work being implemented in areas around the province includes post falls huddles, root cause analysis, and care plan updates to support timely corrective action and reduce risk of reoccurrence.

Resident and family experience ratings

As part of its commitment to improve the quality of long-term care in Saskatchewan, the SHA continues to survey residents and their families to understand the level of satisfaction of those who live in special care homes. Concerns shared by residents and family members are regarded as opportunities for improvement. Results from the 2016-17 patient experience survey continue to be used as a source of information for improving services and the resident and family experience.

Throughout 2018-19, the SHA conducted patient experience surveys with most surveys completed by the end of March 2019. The Ministry of Health gave those sites which had not completed this work an extension into 2019-20. With transition and organizational design underway, surveying occurred according to former regional boundaries as in the past. Results will be shared with the public. Work will continue in 2019-20 to improve satisfaction and make improvements. Going forward, surveys will occur every two years with the next survey taking place in 2020-21. Results of these surveys will be publicly posted on Saskatchewan.ca.

Reducing the use of antipsychotic drugs

Antipsychotic drugs, which can be useful in controlling hallucinations, agitation or aggression, can also cause falls, confusion and a slightly increased risk of adverse health impacts including heart failure, strokes, pancreatitis and liver damage.

The SHA continues to make progress toward reducing the use of antipsychotic drugs without the diagnosis of psychosis.

As of March 31, 2019, the SHA:

- Did not meet the provincial target of a five per cent reduction, or 22.9 per cent of long-term care residents. By the year-end, the provincial average was 25.0 per cent, with 80 of 154 sites remaining above the provincial target. This is a reduction from 2017-18, where 28.9 per cent of long-term care residents were using antipsychotics without a diagnosis of psychosis.

Work to address this issue is ongoing and includes initiatives such as medication order sets to prevent long term or lifelong use of antipsychotics when treating delirium. A medication order set is a formal document that includes a pre-determined group of medication orders that help standardize diagnosis and treatment choices. Staff training, essential to tackling this issue, includes training in violence prevention and assessment/care planning (e.g., Gentle Persuasive Approach, Purposeful Interactions and P.I.E.C.E.S., a systemic approach to care planning for responsive behaviours related to dementia and cognitive/mental health needs). The Continuing Care portfolio, in partnership with the Canadian Patient Safety Institute, has embarked on a project to implement the Measuring and Monitoring Safety Framework as a safety improvement initiative. This new approach assesses and evaluates safety from “ward to board” by providing a comprehensive and accurate real-time view of patient safety. Work on this project will continue through 2019-20, with the goal of developing a replication strategy for the system. Provincially, the electronic data system will be upgraded to a new minimum data set platform to ensure quality indicator data is strong and accurate. This will result in better information for care planning, system improvements and high quality resident outcomes.

Capacity for Improving Appropriateness of Care

Performance Measure	Target	Status
Clinicians in select locations will utilize agreed upon best practices for ordering lumbar spine MRI and CTs and pre-operative testing	80% by March 31, 2019	Target met

Optimizing care

Appropriateness is defined by the Canadian Medical Association as *the right care, provided by the right providers, to the right patient, in the right place, at the right time, resulting in optimal quality care*. Clinician champions along with stakeholders, patient and family advisors and other supports are engaged in provincial clinical quality improvement projects that advance the principle of appropriateness of care. By March 31, 2019, more than 70 clinical quality improvement projects were underway across the province.

Two significant projects taking place are the lumbar spine diagnostic checklist and the pre-operative testing guidelines for adult patients undergoing elective surgical procedures.

The checklist has been designed to improve the ordering of computed tomography (CT) scans and magnetic resonance imaging (MRI) lumbar spine diagnostic tests. Physicians have been provided with a set of criteria to use when assessing a patient with lumbar spine concerns to determine whether ordering a CT scan or an MRI test is most appropriate. In May 2018, physicians in Moose Jaw began trialling a combined CT/MRI checklist for ordering lumbar spine diagnostics. Results of the trial are expected to be implemented provincially.

As of March 31, 2019, the SHA:

- Met the target of 80 per cent of clinicians in select locations using agreed upon best practices to order lumbar spine and CT pre-operative testing. Due to changes in the ordering process for CT and MRI tests, the checklist is being completed 100 per cent of the time in select locations (Moose Jaw).

The provincial pre-operative testing guidelines have been trialled in Lloydminster, North Battleford, Meadow Lake and Saskatoon. Measurement and analysis of the impact of the guidelines on elective procedures has resulted in changes to the guidelines and supporting processes. Further measurement of the impact of these changes is required to ensure effectiveness prior to implementing this work in other areas of the province. This work will continue in 2019-20.

Monitoring of these initiatives helps ensure changes are effective, improvements are sustainable and opportunities to expand improvements to other locations, procedures or disciplines are explored.

Midway through the fiscal year, the Appropriateness of Care Program - previously led by the Ministry of Health - began to transition to the SHA. This process was substantively complete by March 31, 2019. Work is underway to align and prioritize appropriateness of care work across the SHA and build clinician and system capacity for quality improvement. The SHA will continue to engage clinicians and patients in this important work to improve the quality of care and the patient experience.

System-Wide Co-ordination and Alignment

Performance Measure	Target	Status
Align and improve the critical incident reporting and follow-up process	March 31, 2019	Ongoing
Integrate the Roy Romanow Provincial Laboratory and Physician Recruitment Agency of Saskatchewan (PRAS) into the SHA	March 31, 2019	Ongoing

Safety reporting and response

Establishing one provincial approach to plan and deliver health care services will enable the SHA to break down geographic boundaries and service silos to provide more co-ordinated and aligned health services across the province. Creating one provincial health authority focused on meeting patient needs through seamless, integrated and team-based care was a recommendation of the *Saskatchewan Advisory Panel on Health System Structure Report*.

Critical incidents are one component of a much broader patient safety improvement initiative underway within the SHA which encompasses the management of all serious patient harm events.

Four distinct stages have been identified in the critical incident process: (1) immediate response to the harm event, (2) report and investigate, (3) recommendations and implementation, and (4) measure and monitor.

The SHA's focus in 2018-19 has been to improve this process by reducing the variation that does not provide value in the reporting and investigation stage.

The main areas of variation in this stage are:

- How critical incidents are deemed;
- Reports/templates used to report critical incidents; and
- Information flow with respect to critical incidents.

In the first quarter of 2019-20, the Quality and Safety portfolio will perform a series of plan-do-check-act cycles to test critical incident processes, tools and templates and seek stakeholder feedback to improve and modify processes. The recommendation and implementation stage will follow.

Integrating lab and physician recruitment services

Among the advisory panel's recommendations was a proposal to pursue opportunities to integrate services, including those delivered by the lab now known as the Roy Romanow Provincial Laboratory (RRPL), and to create a standardized approach to a range of health services, including the Physician Recruitment Agency of Saskatchewan (PRAS).

The RRPL and its staff joined the SHA from the Ministry of Health on April 1, 2018. Fully integrating the lab's operations into the SHA's processes has been a 2018-19 priority for the SHA's Pathology and Laboratory Services program and will continue to take precedence in 2019-20.

Improvements completed in 2018-19 include:

- Elimination of duplicate microbiology testing platforms in Regina. Routine microbiology testing has been consolidated at the Regina General Hospital while specialized testing now occurs at the RRPL.
- Creation of a Genetics Centre of Excellence to facilitate optimal testing.
- Around the clock on-call services for required transplant tests performed at the RRPL.

Work to fully integrate all services provided by the RRPL into Pathology and Laboratory Services will continue in 2019-20. The RRPL has a mandate to oversee public health testing and surveillance for the province but this is only one of the important components of the operation. The lab is also involved in identifying, responding to and preventing illness and disease in the province.

The Physician Recruitment Agency of Saskatchewan (PRAS) – or saskdocs – transitioned to the SHA on July 23, 2018. The agency focuses on recruiting and retaining physicians and health care professionals in Saskatchewan and uses saskdocs and Health Careers in Saskatchewan websites as tools to connect them with opportunities in the province. This transition helps align recruitment efforts with the SHA's physician resource planning and ensures that physicians are practising in communities where they are most needed.

Establish Physicians as Health System Leaders

Enhance Physician Role in the Management and Governance of the Health System

Demonstration site

Performance Measure	Target	Status
By March 31, 2019, identify and define an evaluation and accountability framework and key performance metrics for the demonstration site	Target to be developed	In progress

The Ministry of Health (MoH), the Saskatchewan Medical Association (SMA), and the SHA engaged with local physician groups in Prince Albert and Shellbrook to develop strategies for a new unified model of primary health care delivery. The involvement of more than 70 physicians from these communities demonstrated strong support for greater physician involvement in health care decision-making and participating in the design of a demonstration site.

Collaboration among partner agencies is a primary feature of the co-design for the demonstration site, with physicians and senior leaders from the SHA, SMA and MoH actively involved in the development of the site. The Prince Albert physicians are developing strategies to examine the potential of a unified medical group (UMG) that includes both primary care and specialist physicians. They have developed working groups that focus on governance of the UMG, data and accountability required to have the group function optimally, leadership development within the UMG, and funding and compensation models that enhance operations and improve health outcomes.

Ongoing work in 2019-20 will identify and define the evaluation criteria for the UMG so that the benefits of the model can be understood.

In the *Saskatchewan Advisory Panel on Health System Structure Report*, it was recommended that physicians play an active role in the planning, management and governance of the health system to achieve shared responsibility and accountability for health system performance. The SHA implemented this recommendation by adopting a dyad leadership model for clinical delivery portfolios, partnering physician leaders and administrative leaders in a complementary, decision-making relationship.

The partnership of a physician leader's clinical expertise and an administrative leader's business expertise is a model proven to improve care in high-performing health systems around the world. It was recognized that when physicians have an integral leadership role in shaping and being accountable for clinical service delivery, care is improved.

Management Report

May 31, 2019

Saskatchewan Health Authority Report of Management
Report of Management

The accompanying consolidated financial statements are the responsibility of management, and are approved by the Saskatchewan Health Authority Board of Directors. The consolidated financial statements have been prepared in accordance with Canadian Public Sector Accounting Standards and of necessity include amounts based on estimates and judgements. The financial information presented in the annual report is consistent with the consolidated financial statements.

Management maintains appropriate systems of internal control, including policies and procedures, which provide reasonable assurance that the SHA's assets are safeguarded and the financial records are relevant and reliable.

The Board delegates responsibility for reviewing the consolidated financial statements and overseeing management's performance in financial reporting to the Audit, Finance and Risk Committee. The Audit, Finance and Risk Committee meets with the Board, management and the external auditors to discuss and review financial matters and recommends the consolidated financial statements to the Board for approval. The Board approves the annual report and, with the recommendation of the Audit, Finance and Risk Committee, approves the consolidated financial statements.

The appointed auditor conducts an independent audit of the consolidated financial statements. The auditor's report expresses an opinion on the fairness of the consolidated financial statements prepared by management.

Scott W. Livingstone
Chief Executive Officer
Saskatchewan Health Authority

Robbie Peters
Vice President Finance and Chief Financial Officer
Saskatchewan Health Authority

Financial Overview

The SHA converted from Not-For-Profit Public Sector Accounting Standards (PS 4200 to PS 4270) to full Public Sector Accounting Standards (PSAS) effective April 1, 2018. As a result, terminology, presentation and prior year amounts have changed from the 2017-18 consolidated financial statements. All 2017-18 financial figures referred to in this summary have been restated. SHA financial statements are prepared on a consolidated basis and include the following legal entities:

- Health Shared Services of Saskatchewan (3sHealth)
- St. Paul's (Grey Nuns) of Saskatoon

Annual Operations

For the year ended March 31, 2019, the SHA recorded a consolidated deficit of \$28.7 million compared to a deficit of \$6.9 million in 2017-18. Included in this is a deficit of \$42.5 million from operations of the SHA, a surplus of \$13.1 million from capital accounts, and nominal amounts from 3sHealth and community trust accounts.

Accumulated Surplus

The accumulated surplus now includes the accumulation of all former funds that were recognized under the previous accounting standards used, namely the operating, capital and community trust funds. The accumulated surplus as at March 31, 2019 was \$1,254 million, compared to \$1,284 million as at March 31, 2018. This includes designated assets, which are assets that have been formally designated by the authority to indicate the authority's intention to use those assets for a specific purpose. The SHA Board of Directors formally designated Ministry of Health (MoH) and Alberta Health Services (AHS) capital funding, unspent donations, and Saskatchewan Housing Corp. (SHC) reserves. Designated assets totalled \$106.3 million as at March 31, 2019, compared to \$70.8 million as at March 31, 2018.

Revenues

During the 2018-19 fiscal year, revenue totalling \$4,139 million was received, an increase of 2.7 per cent over 2017-18, and a favourable variance from budget of \$288.2 million. Budgeted revenue for 2018-19 was \$3,850 million in operating only. Capital revenue was not budgeted at the time the 2018-19 budget was developed, which is now a requirement under full PSAS and will be budgeted for in the SHA's 2019-20 budget. Ministry of Health revenue accounts for the majority of the additional revenue this fiscal year, and includes one-time grant funding of \$18.0 million, and unbudgeted funding for targeted programs. Government targeted programs received and recognized as revenue in 2018-19, but to be expensed in 2019-20 amounts to \$17.1 million. There was also a favourable variance in recoveries due to unbudgeted recoveries from eHealth and other external organizations.

The overall distribution of revenues remained consistent with the prior year. The MoH transfers accounted for 88.9 per cent of SHA total revenues, (2017-18 – 89.9 per cent).

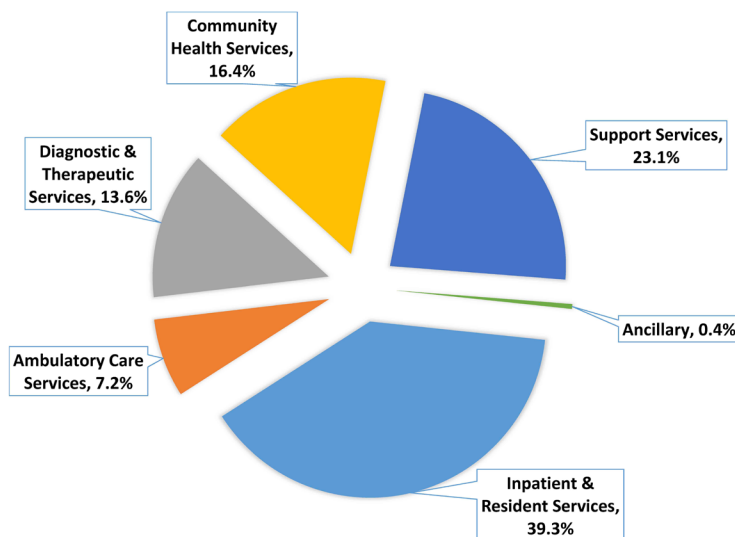

On July 23, 2018, the SHA assumed the responsibility of the ongoing operation of the Physician Recruitment Agency of Saskatchewan (PRAS). The SHA is now responsible for co-ordinating the recruitment of health professionals to Saskatchewan and actively working to optimize the health sector workforce for the province. Also on April 1, 2018, the transfer from the MoH of the assets, liabilities and the responsibility for the ongoing operation of Roy Romanow Provincial Laboratory (RRPL) occurred. The SHA is now responsible for public health services in water testing, bacteriology, virology, immunoserology and molecular diagnosis. The public sector accounting standard for restructuring states that the increase in net assets or net liabilities resulting from the recognition or derecognition of assets and liabilities received should be recognized as revenue. The SHA recorded revenue of \$3.0 million for the above transactions. Refer to Note 8 of the March 31, 2019 audited consolidated financial statements for further detail.

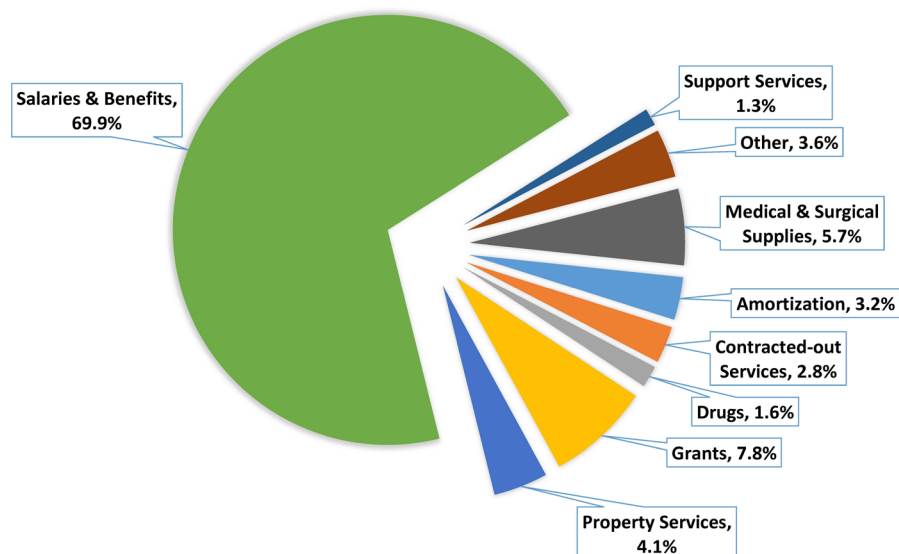

Expenses

Expenditures of \$4,167 million were incurred by the SHA in 2018-19, compared to budgeted expenditures of \$3,844 million, resulting in an unfavourable variance of \$323.6 million. This is an increase of \$129.2 million in expenses compared to 2017-18.

Expenditures by function are highlighted in the following pie chart and the percentages by function are consistent between 2018-19 and 2017-18.

The distribution of expenses by object has also remained consistent with the prior year (see pie chart below), with salary and benefit costs, including medical remuneration, accounting for approximately 69.9 per cent of total expenditures (71.0 per cent in 2017-18). Similar to recent years, managing human resource costs continued to be the biggest challenge for the SHA in 2018-19. Deficit reduction initiatives focused on reducing compensation costs, including improvement initiatives aimed at shift replacements, reducing sick time, orientation costs and overtime usage. Productivity initiatives included optimizing the use of our human resources through work standards, utilizing the right staff mix, daily management and aligning capacity with demand. Workforce optimization strategies are at various stages of development and implementation.

Effective April 1, 2018, the SHA’s base funding from the MoH was reduced and was subsequently transferred to eHealth’s base funding from MoH. This aligns with the decision to have eHealth as the SHA’s primary information technology service provider, which was fragmented under the former regional health authorities. For various reasons, the actual transfer to eHealth of staff resources, supporting information technology contracts and agreements, and other associated expenditures was not completed during 2018-19, and therefore the SHA continued to incur those costs that were not budgeted for. eHealth reimbursed the SHA for these costs, which also resulted in a revenue budget variance. Unbudgeted variances in revenue are included in the “Recoveries” line and unbudgeted variances in expense are included in “Salaries & Benefits” and various other line items.

During the year ended March 31, 2019, the SHA provided funding of \$98.9 million (\$96.2 million in 2017-18) to prescribed health-care organizations (HCO’s) and affiliates, \$214.6 million (\$212.1 million in 2017-18). Additional information can be found in Appendix F of the annual report on prescribed HCOs and affiliates.

Capital

Capital investment for 2018-19 totalled \$168.1 million, compared to \$166.5 million in 2017-18. The majority of funding was provided by the Ministry of Health with the remainder of the SHA’s funding provided by various sources, such as foundations and rural trust contributions. Amortization expense was \$134.1 million (\$120.4 million in 2017-18).

Debt

SHA's debt of \$106.3 million (\$87.4 million in 2018) is composed of banker's acceptances, mortgages, energy performance loans and debentures. During 2018-19, the SHA secured a banker's acceptance for \$24.9 million to manage construction payments on the Jim Pattison Children's Hospital project. Further information related to the SHA's debt is disclosed in Note 9 of the March 31, 2019 audited consolidated financial statements.

In addition, the SHA has approved operating lines of credit totalling \$57.2 million.

Other

The SHA is responsible for managing various community trust funds. The community trust funds are restricted funds that reflect community generated assets transferred to the SHA in accordance with the pre-amalgamation agreements signed with the amalgamating health corporations in May 1993. Under the terms of the pre-amalgamation agreements, the assets are accounted for separately and use of the assets is subject to restrictions. Information regarding these funds can be found in Note 12 of the March 31, 2019 audited consolidated financial statements.

Public Sector Accounting Standards Transition

The impacts of the transition to full PSAS are disclosed in Note 19 of the March 31, 2019 audited consolidated financial statements. Key adjustments to the SHA's consolidated financial statements are in the areas of endowment and deferred revenue, current portion of assets and liabilities, former restricted fund balances, government transfers, capital funds and community trusts, presentation of accumulated surplus, and for the consolidation of a controlled entity.

Summary of Adjustments to accumulated surplus as at March 31, 2018:

	March 31, 2018
Accumulated surplus, as previously reported*	\$ 1,265,917
Adjustments	
Other restatement of tangible capital assets	983
Reclassify endowments as liability	(787)
Reclassify community trusts with external restrictions as a liability	(5,278)
Reclassify donations with external restrictions as a liability	(141)
Reclassify government deferred as accumulated surplus	4,247
Reclassify non government deferred as accumulated surplus	9,907
3sHealth consolidation	9,396
Accumulated surplus, as restated	\$ 1,284,244

*Includes total fund balances and accumulated remeasurement gains (losses).

Consolidated Financial Statements of

SASKATCHEWAN HEALTH AUTHORITY

Year ended March 31, 2019

INDEPENDENT AUDITOR'S REPORT

To: The Members of the Legislative Assembly of Saskatchewan

Opinion

We have audited the financial statements of the Saskatchewan Health Authority, which comprise the consolidated statement of financial position as at March 31, 2019, and the consolidated statements of operations, remeasurement gains and losses, change in net debt, and cash flow for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Saskatchewan Health Authority as at March 31, 2019, and the consolidated results of its operations, remeasurement gains and losses, changes in its net debt, and its cash flow for the year then ended in accordance with Canadian public sector accounting standards.

Basis for Opinion

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Saskatchewan Health Authority in accordance with the ethical requirements that are relevant to our audit of the financial statements in Canada, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian public sector accounting standards for Treasury Board's approval, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Saskatchewan Health Authority's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Saskatchewan Health Authority or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Saskatchewan Health Authority's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting

from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Saskatchewan Health Authority's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Saskatchewan Health Authority's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Saskatchewan Health Authority to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control identified during the audit.

Regina, Saskatchewan

SASKATCHEWAN HEALTH AUTHORITY

Notes to the Consolidated Financial Statements

Year ended March 31, 2019
(in thousands of dollars)

1. Legislative Authority

During 2017-18, the Saskatchewan Health Authority (SHA) was established pursuant to *The Provincial Health Authority Act* (the Act). The SHA is a not-for-profit organization and is not subject to income taxes and property taxes on certain properties, from the federal, provincial and municipal levels of government. The SHA is a registered charity under *The Income Tax Act* (Canada).

2. Significant Accounting Policies

These consolidated financial statements have been prepared in accordance with Canadian public sector accounting standards, issued by the Public Sector Accounting Board and published by Chartered Professional Accountants of Canada.

Commencing with the 2018-19 fiscal year, SHA has adopted full Public Sector Accounting Standards (PSAS). Note 19 outlines the impact of transitioning to these standards.

a) SHA reporting entity

The SHA's reporting entity includes the following organizations that are controlled by the SHA. These entities are consolidated after necessary adjustments to a basis consistent with the accounting policies of the SHA. The transactions and inter-entity balances between SHA and the following entities have been eliminated on consolidation:

- i) Health Shared Services Saskatchewan (3sHealth)
- ii) St. Paul's (Grey Nuns) of Saskatoon (St. Paul's)

b) Revenue recognition

Revenue is recognized in the period in which the transaction or events that give rise to the revenue as described below occur. All revenue is recorded on an accrual basis, except when the accrual cannot be determined with a reasonable degree of certainty.

i) Government transfers

Transfers from Ministry of Health (MoH), other Government of Saskatchewan ministries and agencies and other government entities are referred to as government transfers.

Government transfers are recognized as revenue in the period during which the transfer is authorized and eligibility criteria are met, except when and to the extent that transfer stipulations give rise to an obligation which meets the definition of a liability. Transfers meeting the definition of a liability are recognized as revenue as the liability is settled.

SASKATCHEWAN HEALTH AUTHORITY

Notes to the Consolidated Financial Statements

Year ended March 31, 2019

(in thousands of dollars)

2. Significant Accounting Policies (continued)

b) Revenue recognition (continued)

ii) Fees and charges, ancillary operations and other income

Fees and charges, ancillary operations, and other income are recognized in the period that goods are delivered or services are provided. Amounts received for goods or services that have not been provided by year-end are recorded as deferred revenue.

iii) Donations, fundraising and non-government contributions

Donations, fundraising and non-government contributions are received from individuals, corporations, and other not-for-profit organizations. These contributions may be unrestricted or externally restricted.

Unrestricted contributions are recognized as revenue when received. Contributions with external restrictions are recorded as deferred revenue and are recognized as revenue when used for the specified purpose as outlined in Note 12.

In-kind donations of assets are recorded as revenue at fair value at the date of contribution if a reasonable estimate can be made.

iv) Investment income

Investment income includes dividend income, interest income and realized gains or losses on the sale of investments. Unrealized gains and losses are recognized in the consolidated statement of remeasurement gains and (losses) until the related investments are sold. Once realized, these gains or losses are recognized in the consolidated statement of operations.

c) Cash

Cash is comprised of cash on hand and balances with a financial institution.

d) Non-financial assets

Non-financial assets are assets held for consumption in the provision of services. These assets do not normally provide resources to discharge the liabilities of the SHA unless they are sold.

SASKATCHEWAN HEALTH AUTHORITY

Notes to the Consolidated Financial Statements

Year ended March 31, 2019
(in thousands of dollars)

2. Significant Accounting Policies (continued)

d) Non-financial assets (continued)

i) Tangible capital assets

Tangible capital assets are recorded at cost, while normal maintenance and repairs are expensed as incurred. Donated tangible capital assets are recorded at their fair value at the date of contribution (if fair value can be reasonably determined). During construction, these assets are recorded based on their percentage of completion and are disclosed as construction in progress. Amortization commences when the asset is put in service. Tangible capital assets procured through public private partnerships are valued at the total of the nominal value of progress payments made during or on completion of construction and the present value of the future capital payments, discounted to the date the asset is available for use, using the Government’s borrowing rate for long-term debt at the time the agreement is signed.

Tangible capital assets, with a useful life exceeding one year, are amortized primarily on a straight-line basis over their estimated useful lives as follows:

Land improvements	2.5 to 33%
Leasehold improvements	3.0 to 80%
Building & improvements	2.0 to 20%
Equipment	2.5 to 50%

ii) Inventory held for consumption

Inventory consists of general stores, medical and surgical, pharmacy, and other inventory held for consumption. They are expensed as they are consumed. All inventories are held at the lower of net realizable value or cost as determined on a weighted average basis.

iii) Prepaid expenses

Prepaid expenses are prepaid amounts for goods or services which will provide economic benefits in one or more future periods.

SASKATCHEWAN HEALTH AUTHORITY

Notes to the Consolidated Financial Statements

Year ended March 31, 2019

(in thousands of dollars)

2. Significant Accounting Policies (continued)

e) Employee future benefits

i) Pension plans

Pension liabilities are calculated using the values as provided by the pension plan in the plan's audited financial statements, and for multi-employer plans the percentage of the SHA employees who are active plan members, as outlined in Note 15. Changes in the pension liabilities that result from adjustments in estimated gains and losses and changes in actuarial assumptions are amortized on a straight-line basis over the expected average remaining service life of the related employee group. Amortization commences in the year following the determination of the adjustment. Losses resulting from plan amendments are recognized in the period of the plan amendment.

ii) Disability income plans

Employees of the SHA participate in several disability income plans to provide wage-loss insurance due to disability. The SHA follows post-employment benefits accounting for its participation in the plans. Accordingly, the SHA expenses all contributions it is required to make in the year.

iii) Accumulated sick leave benefit liability

The SHA provides sick leave benefits for employees that accumulate but do not vest. The SHA recognizes a liability and an expense for sick leave in the period in which employees render services in return for the benefits. The liability and expense is developed using an actuarial cost method. Actuarial gains and losses are amortized on a straight-line basis over the expected average remaining service life of the related employee groups.

f) Obligation under long-term financing arrangement

The Meadows in Swift Current opened in May of 2016 with a Public Private Partnership (P3) agreement that extends to April 2046. The SHA amortizes the cost of the completed project over its useful life, expenses the annual interest, and settles the long-term liability to the private sector partner over the term of the agreement. In addition, life cycle, operations, and maintenance obligations are expensed as paid. Obligations under long-term financing arrangement are disclosed in Note 11.

The long-term receivable from the MoH and local stakeholders is collected over the term of the funding agreement.

SASKATCHEWAN HEALTH AUTHORITY

Notes to the Consolidated Financial Statements

Year ended March 31, 2019

(in thousands of dollars)

2. Significant Accounting Policies (continued)

g) Measurement uncertainty

In the preparation of the consolidated financial statements, management makes various estimates and assumptions in determining the reported amounts of assets and liabilities, revenues and expenses and in the disclosure of contingencies and contractual rights and obligations. Changes in estimates and assumptions will occur based on the passage of time and the occurrence of certain future events. The changes will be reported in revenues or expenses in the period in which they become known. Significant items subject to such estimates and assumptions include the estimated accumulated sick leave liability, other employee future benefits, and estimates of the useful lives of tangible capital assets.

h) Financial instruments

The SHA has classified its financial instruments into one of the following categories: i) fair value or ii) cost or amortized cost.

All financial instruments are measured at fair value upon initial recognition. The fair value of a financial instrument is the amount at which the financial instrument could be exchanged in an arm's-length transaction between knowledgeable and willing parties under no compulsion to act.

Freestanding derivative instruments continue to be measured at fair value. Gains and losses are recognized in the consolidated statement of remeasurement gains and (losses) until the instruments are derecognized.

The following financial instruments are subsequently measured at cost or amortized cost:

- i) Accounts receivable
- ii) Investments
- iii) Accounts payable and accrued liabilities
- iv) Debt

All financial assets are assessed for impairment on an annual basis. When a decline is determined to be other than temporary, the amount of the loss is reported in the consolidated statement of operations.

Related debt premium or discount and transaction costs are included in the carrying value of financial instruments recorded at cost or amortized cost and are amortized into interest expense using the effective interest rate method.

SASKATCHEWAN HEALTH AUTHORITY

Notes to the Consolidated Financial Statements

Year ended March 31, 2019

(in thousands of dollars)

2. Significant Accounting Policies (continued)

i) Leases

Leases that transfer substantially all of the benefits and risks of ownership related to the leased property from the lessor to the SHA are accounted for as a capital lease. Other leases are accounted for as operating leases with contractual obligations disclosed in Note 6b).

j) New accounting standards in effect

Effective April 1, 2018, the SHA has adopted PS 3430 Restructuring Transactions. See Note 8 for the details surrounding the restructuring transactions for the year.

3. Tangible Capital Assets

	Land & Improvements	Buildings & Improvements	Equipment	Construction in Progress	2019	2018 restated (Note 19)
Cost, beginning of year	\$ 44,085	\$ 2,428,186	\$ 1,026,718	\$ 290,781	\$ 3,789,770	\$ 3,649,916

¹ Starting April 1 2018, the SHA adopted the capital threshold of \$5, assets under this value were written down.

SASKATCHEWAN HEALTH AUTHORITY

Notes to the Consolidated Financial Statements

Year ended March 31, 2019

(in thousands of dollars)

4. Accumulated Surplus

Accumulated surplus is comprised of the following:

	March 31, 2018	Additions during the year	Reductions during the year	March 31, 2019
	restated (Note 19)			
Invested in Tangible Capital Assets:				
Net book value of tangible capital assets	\$ 1,636,192	\$ 176,244	\$ 144,756	\$ 1,667,680
Less: Debt owing on tangible capital assets	(92,311)	(29,930)	(9,241)	(113,000)
	1,543,881	146,314	135,515	1,554,680
Government transfers for tangible capital assets	59,716	119,436	92,803	86,349
Donations	7,637	26,299	19,189	14,747
Canadian Mortgage & Housing Corporate Reserves	3,418	2,120	313	5,225
	70,771	147,855	112,305	106,321
Unrestricted surplus (deficit)	(330,316)	-	75,086	(405,402)
Total Accumulated Surplus from Operations	1,284,336	294,169	322,906	1,255,599
Accumulated Remeasurement gains (losses)	(92)	(1,020)	-	(1,112)
Total Accumulated Surplus	\$ 1,284,244	\$ 293,149	\$ 322,906	\$ 1,254,487

The purpose and nature of each category above is as follows:

- Government transfers for tangible capital asset expenditures represents the amount restricted to allow for the renewal and replacement of equipment, buildings, and building service equipment.
- Donations represents the portion of accumulated surplus in relation to funds received as donations in the name of specific facilities or programs, however not with external restrictions attached.
- Canadian Mortgage and Housing Corporation (CMHC) Reserves represents the portion of accumulated surplus the SHA is required to maintain certain replacement reserves as a condition of receiving subsidy assistance from CMHC.

SASKATCHEWAN HEALTH AUTHORITY

Notes to the Consolidated Financial Statements

Year ended March 31, 2019
(in thousands of dollars)

5. Contractual Rights

SHA has the following contractual rights:

a) Rental Revenue

Rental revenue of \$3.4 million (2018 - \$4.0 million) from contracts for retail space, non-profit activity or office space. Contract expiry terms range from March 31, 2020 to November 7, 2027.

b) Saskatchewan Housing Corporation (SHC) mortgage subsidy

SHC mortgage subsidy of \$5.8 million (2018 - \$5.4 million) for supportive care homes financed by CMHC. Contract expiry terms range from October 31, 2019 to February 1, 2030.

c) Ministry of Health Grant

The SHA has a capital and operating project agreement with the Ministry of Health expiring March 31, 2021. This agreement outlines the SHA's requirement to undertake the implementation of the provincial health system's administrative information management system (AIMS) on behalf of the health system as a whole, and the Ministry's provincial assistance to assist the SHA in financing the cost of the project.

The SHA has contractual rights for the next five years as outlined in the table below:

	Rental Revenue	SHC Subsidy	Ministry of Health Grant	Total 2019	Total 2018
2019	\$ -	\$ -	\$ -	\$ -	\$ 1,848
2020	930	877	47,300	49,107	1,700
2021	803	873	14,100	15,776	1,409
2022	738	870	-	1,608	1,223
2023	610	863	-	1,473	3,188
2024 and subsequent	383	2,297	-	2,680	-

SASKATCHEWAN HEALTH AUTHORITY

Notes to the Consolidated Financial Statements

Year ended March 31, 2019
(in thousands of dollars)

6. Contractual Obligations

a) Capital assets acquisitions

At March 31, 2019, contractual obligations for the acquisition and construction of tangible capital assets over the next five years are as follows:

	Total 2019	Total 2018
		restated
2019	\$ -	\$ 121,443
2020	154,895	-
2021	8,677	-
2022	5,295	-
2023	5,295	-
2024 and subsequent	1,568	-

b) Operating leases

Minimum annual payments under operating leases on property and equipment over the next five years are as follows:

	Total 2019	Total 2018
		restated
2019	\$ -	\$ 17,722
2020	18,823	14,672
2021	15,103	11,270
2022	12,351	9,291
2023	7,091	5,325
2024 and subsequent	8,384	-

SASKATCHEWAN HEALTH AUTHORITY

Notes to the Consolidated Financial Statements

Year ended March 31, 2019

(in thousands of dollars)

6. Contractual Obligations (continued)

c) Contracted Health Care Organizations (HCOs)

The SHA has agreements with and provides annual grant funding to HCOs for the delivery of health care services. Certain of these contracts have provisions for continuation of services and/or purchase of facilities in the event of termination. Services provided in the year ended March 31, 2019 will continue to be contracted for the following fiscal year. Minimum annual payments to HCOs over the next five years are as follows:

	Total 2019	Total 2018
2019	\$ -	restated 44,848
2020	47,944	44,546
2021	47,944	44,546
2022	46,071	44,546
2023	46,071	44,546
2024	44,546	-

d) Obligations under long-term financing arrangement

The SHA has contractual obligations in the form of a P3 agreement. Refer to Note 11 for this information.

SASKATCHEWAN HEALTH AUTHORITY

Notes to the Consolidated Financial Statements

Year ended March 31, 2019
(in thousands of dollars)

7. Contingencies

a) Construction dispute

During the construction of the new hospital in Moose Jaw, a dispute arose with a subcontractor regarding the terms and conditions in the contract. The arbitrator largely awarded the costs put forward by the subcontractor and \$13.8 million was recorded in March 2019. The SHA has asked for leave to appeal additional amounts of the arbitrator's decision related to interest and profit. The outcome of this appeal is not determinable and no amounts have been accrued in the consolidated financial statements.

b) Contingent liabilities

The SHA, along with others, is a defendant to several claims, which have been brought against it over the years because of its medical operations. The SHA believes these claims are without merit or are covered by insurance. Settlements, if any, in excess of insurance coverage, would be accounted for as a charge against operations in the period in which settlements arise.

8. Restructuring

The SHA is under the control of the Government of Saskatchewan and is related to all Saskatchewan Crown Agencies such as ministries, corporations, boards, and commissions. The Physician Recruitment Agency of Saskatchewan (PRAS), a Treasury Board Crown Corporation and the Roy Romanow Provincial Lab (RRPL), a MoH laboratory, are also under the control of the Saskatchewan government.

In January 2017, the Government of Saskatchewan's Advisory Panel on Health System Structure recommended that the assets, liabilities and related responsibilities for the operation of PRAS and RRPL transfer to the SHA.

a) Physician Recruitment Agency of Saskatchewan

On July 23, 2018, the SHA assumed the responsibility of the ongoing operation of PRAS. The SHA is responsible for coordinating the recruitment of health professionals to Saskatchewan and actively working to optimize the health sector workforce for the province.

No compensation was paid or received for the transfer and there were no restructuring costs related to the transfer.

SASKATCHEWAN HEALTH AUTHORITY

Notes to the Consolidated Financial Statements

Year ended March 31, 2019

(in thousands of dollars)

8. Restructuring (continued)

a) Physician Recruitment Agency of Saskatchewan (continued)

From the date of transfer to March 31, 2019, revenue related to the operation of PRAS includes MoH funding of \$1.2 million. Expenses related to the operation of PRAS include program support of \$1.4 million, and amortization of \$105.

b) Roy Romanow Provincial Laboratory

The transfer from the MoH of the assets, liabilities and the responsibility for the ongoing operation of RRPL occurred April 1, 2018. The SHA is responsible for public health services in water testing, bacteriology, virology, immunoserology and molecular diagnosis.

No compensation was paid to or received from MoH for the transfer and there were no restructuring costs related to the transfer.

From the date of transfer to March 31, 2019, revenue related to the operation of RRPL includes MoH funding of \$30.1 million and other revenue of \$1.4 million. Expenses related to the operation of RRPL include diagnostic and therapeutic services of \$31.4 million, and amortization of \$455.

The net carrying amount of the assets and liabilities is detailed below:

	RRPL	PRAS	Total
Carrying amount of assets and liabilities received at restructuring date:			
Accounts receivables	\$ 86	\$ 981	\$ 1,067
Accounts payable and accrued liabilities	(319)	(270)	(589)
Tangible capital assets	1,563	130	1,693
Inventory	475	-	475
Prepaid expenses	261	92	353
Total Net Carrying Amount Received	\$ 2,066	\$ 933	\$ 2,999

SASKATCHEWAN HEALTH AUTHORITY

(in thousands of dollars)

9. Debt

Title of Issue	Interest Rate	Annual Repayment Terms	Balance Outstanding	
			2019	2018 restated
Banker's acceptances	2.17% to 5.03%	\$374 principal & interest. Banker's acceptances renewable monthly at a variable interest rate. Maturing September 4, 2024 to July 10, 2035.	\$ 75,348	\$ 50,253
CMHC mortgages	0.92% to 10.00%	\$4.2 million principal & interest. Renewal dates July 1, 2019 to February 1, 2030.	14,014	17,942
Energy performance contract loans	2.64% to 5.33%	\$1.9 million principal & interest. Mortgage renewal dates June 1, 2019 to August 1, 2029.	12,184	13,518
Other mortgages	3.42% to 3.95%	\$561 principal & interest. Renewal dates May 1, 2019 to June 1, 2025.	2,911	3,362
Other Debt:				
Debentures payable			1,817	2,303
			\$ 106,274	\$ 87,378

Principal repayments required in each of the next five years and thereafter are estimated as follows:

2020	\$ 44,027
2021	7,367
2022	6,641
2023	6,556
2024 and subsequent	41,683

As at March 31, 2019, the SHA had revolving credit facilities available to a maximum of \$88.1 million (2018 - \$65.3 million). The facilities may be drawn by way of banker's acceptances of \$78.1 million (2018 - \$55.3 million) and leases of \$10.0 million (2018 - \$10.0 million).

SASKATCHEWAN HEALTH AUTHORITY

Notes to the Consolidated Financial Statements

Year ended March 31, 2019
(in thousands of dollars)

9. Debt (continued)

a) Banker's acceptances

The SHA has reduced its exposure to interest rate fluctuations by entering into an interest rate swap on the full amount of its revolving credit facility for the Jim Pattison Children's Hospital (JPCH) Early Works Project (\$23.8 million) and the Energy Performance Contract (\$14.0 million). The interest rate swap effectively fixes the interest rate on the JPCH Early Works Project debt at 2.96% until July 10, 2035 and on the Energy Performance Contract debt at 2.17% until May 23, 2031 (\$11.2 million) and 5.03% until September 4, 2024 (\$2.7 million). The table includes these amount in the banker's acceptances.

The fair value of the interest rate swaps are recorded on the consolidated statement of financial position with changes in the fair value reflected in the consolidated statement of remeasurement gains and (losses). For the year ended March 31, 2019 the market value loss on the interest rate swap was \$1.0 million (2018 - gain of \$1.8 million).

The banker's acceptances are not secured. Interest paid on the banker's acceptances during the year was \$1.6 million (2018 - \$1.3 million).

b) CMHC mortgages

SHC may provide a mortgage subsidy for supportive care homes financed by CMHC. The subsidy may change when the mortgage renewal occurs. For each of the mortgages, the SHA has pledged the related buildings of the special care homes as security, which have a net book value of \$79.5 million (2018 restated - \$71.0 million). Interest paid on mortgages during the year was \$398 (2018 - \$427). The average term to maturity is 4.9 years (2018 - 5.6 years).

c) Energy performance contract loans

Energy performance contracting is a unique program that allows the SHA to implement facility improvements, reduce energy costs, and improve health and comfort conditions. The projects are expected to provide utility cost savings that will pay for the cost and financing of the projects within an established time frame. Interest paid on the energy performance contract loans during the year was \$520 (2018 - \$563), and they are not secured. The average term to maturity is 8.0 years (2018 - 9.0 years).

SASKATCHEWAN HEALTH AUTHORITY

Notes to the Consolidated Financial Statements

Year ended March 31, 2019

(in thousands of dollars)

9. Debt (continued)

d) Other mortgages

Other mortgages include all non-CMHC mortgages, for which the SHA has pledged the related buildings as security, which have a net book value of \$7.8 million (2018 restated - \$7.7 million). Interest paid on other mortgages during the year was \$111 (2018 - \$105). The average term to maturity is 7.8 years (2018 – 8.5 years).

e) Debentures payable

The SHA owns and operates several accommodation units occupied by “unit holders.” In consideration for a life interest in a “right of use” of the accommodation unit, the unit holder contributes a lump sum deposit. In accordance with the debenture agreement, in the event of the death of the unit holder or termination of the occupant agreement by either party, the SHA is obligated to repay the unit holder or their representative the lesser of:

- i) The original sum; or
- ii) The fair market value of the holders’ right of use.

The debenture payable represents the accumulated amount of deposits received from the market unit holders. These debentures are non-interest bearing with no fixed terms of repayment. The specific land and buildings to which the debentures relate have been pledged as collateral.

10. Capital Lease Payable

Title of Issue	Interest Rate	2019	2018
			restated
Capital leases for equipment	0.00% to 13.93%	\$ 6,726	\$ 4,933

Interest paid on the above capital leases during the year was \$139 (2018 restated - \$205). The average term to maturity for the above leases is 3.5 years (2018 restated - 3.3 years). Principal repayments required in each of the next five years and thereafter are estimated as follows:

2020	\$ 1,953
2021	1,708
2022	1,388
2023	1,055
2024 and subsequent	622

Closing net book value of leased tangible capital assets is as follows:

	Cost	Accumulated Amortization	Net Book Value
			2019
			2018
			restated
Equipment	\$ 13,516	\$ 6,450	\$ 7,066
			\$ 5,414

Assets under capital lease are included in tangible capital assets in Note 3. The assets are amortized on a straight-line basis over the economic life beginning in the year of acquisition. The amortization expense for the year is \$2.1 million (2018 restated - \$1.7 million).

11. Obligations Under Long-term Financing Arrangement

In September 2014, the SHA entered into a P3 arrangement with Plenary Health Swift Current Limited Partnership for the design, build, finance, and maintenance of The Meadows in Swift Current (a long term care facility). This P3 obligation is calculated using a discount rate of 3.50% that extends to April 2046.

The change in the obligation was as follows:

	Total 2019	Total 2018
Obligation, beginning of year	\$ 119,257	\$ 121,743
Payments	(2,572)	(2,486)
Obligation, End of Year	\$ 116,685	\$ 119,257

The SHA has the following payment schedule related to its P3 arrangement:

	Contractual Obligation			Total 2019	Total 2018
	Obligation	Life Cycle Payment	Operation & Maintenance Payments		
2019	\$ -	\$ -	\$ -	\$ -	\$ 8,170
2020	6,616	105	1,523	8,244	8,244
2021	6,616	156	1,561	8,333	8,333
2022	6,616	204	1,600	8,420	8,420
2023	6,616	239	1,640	8,495	8,495
2024 and subsequent	152,716	17,879	51,662	222,257	222,257
Total minimum payments	179,180	18,583	57,986	255,749	263,919
Less interest costs	(62,495)	-	-	(62,495)	(66,539)
	\$ 116,685	\$ 18,583	\$ 57,986	\$ 193,254	\$ 197,380

12. Deferred Revenue

	Balance Beginning of Year	Less Amount Recognized	Add Amount Received	Balance End of Year
	restated (Note 19)			
Community trusts	\$ 5,279	\$ 274	\$ 227	\$ 5,232
Donations	568	197	571	942
Endowments	787	-	12	799
Government of Saskatchewan	-	20,997	24,400	3,403
Other	1,085	751	632	966
Research	1,609	1,358	1,262	1,513
Total Deferred Revenue	\$ 9,328	\$ 23,577	\$ 27,104	\$ 12,855

The purpose and nature of each deferred category is as follows:

- a) **Community trusts** – The community trust fund is a restricted fund that reflects community generated assets transferred to the SHA in accordance with the pre-amalgamation agreements signed with the amalgamating health corporations in May 1993. Under the terms of the pre-amalgamation agreements, the assets are accounted for separately and use of the assets is subject to restrictions.
- b) **Donations** – Funds received from individuals, corporations and other not-for-profit organizations that are in the name of specific facilities or programs, with external restrictions as to how they are spent.
- c) **Endowments** - Grants that must be maintained in perpetuity. Funds are recognized only when used for the purpose or purposes specified.
- d) **Government of Saskatchewan** – Government transfers from the MoH with stipulations that give rise to an obligation which meets the definition of a liability.
- e) **Other** – Unexpended non-government of Saskatchewan revenue with stipulations or external restrictions for the use of funds.
- f) **Research** - Funds received for which the contributor has placed restrictions on the use of the resources, for the purpose of research. Revenue for research is recognized as expenses are incurred as the research project progresses.

Increase (decrease) in deferred revenue	3,527	(19,186)
Increase (decrease) in employee future benefits	3,121	(4,257)
	\$ 67,759	\$ (5,656)

14. Trusts Under Administration

a) Patient and resident trust accounts

The SHA administers funds held in trust for patients and residents using the SHA's facilities. The funds are held in separate accounts for the patients or residents at each facility. The total cash held in trust as at March 31, 2019 was \$3.1 million (2018 - \$3.0 million). These amounts are not reflected in the consolidated financial statements.

b) Employee benefit plans transactions and assets

Included in these financial statements are expenses of \$9.8 million (2017 – \$9.5 million) relating to the operation of the employee benefit plans (EBP's). Accounts receivable includes \$3.8 million (2017 – \$1.3 million) due from EBP's while accounts payable includes Nil (2017 – \$Nil) related to expenses for the EBP's. The fair value of total assets and surplus net assets of the EBP's under 3sHealth's administration at December 31 are:

	2018		2017	
	Fair Value	Surplus	Fair Value	Surplus
Disability Income Plan – CUPE	\$ 79,309	\$ 54,091	\$ 81,462	\$ 59,311
Disability Income Plan – General	57,465	27,653	59,162	30,481

15. Employee Future Benefits

a) Pension plans

Employees of the SHA participate in one of the following pension plans:

i) Multi employer joint defined benefit plan

Joint defined benefit plans are governed by a formal agreement between the joint sponsors, which establishes that the joint sponsors have shared control over the plan. Funding contributions are shared mutually between the employer and plan members. The sponsors share, on an equitable basis, the significant risks of the plan. Accordingly, the SHA accounts for only its portion of the plan. Plan assets and surpluses are restricted for member benefits or certain other purposes as set out in the agreement. Plan benefits are determined on the same basis as defined benefit plans.

The accrued benefit obligation is determined using the projected accrued benefit actuarial cost method. Pension fund assets are valued at market-related values by averaging the difference between the net investment income on a market-value basis and the expected investment income, based on expected rate of return on plan assets, over a five year period.

The SHA sponsors one joint defined benefit pension plan, Saskatchewan Healthcare Employees' Pension Plan (SHEPP). The SHA contributes to the plan at a ratio of 1.12 to 1 of employee contributions. Any actuarially determined deficiency is the responsibility of participating employers and employees in the ratio of 1.12 to 1. SHEPP and their governing body determine contribution rates. The SHA participating employer contributions for SHEPP represents approximately 89.54% of the total employer contributions to the plan.

SHEPP	Total 2019	Total 2018
Plan status	open	open
Member contribution rate (<i>% of salary</i>)	8.10-10.70	8.10-10.70
Number of active members	37,338	37,008
Number of SHA active members	32,988	32,408
SHA member contributions	\$ 142,373	\$ 142,845
SHA employer contributions	\$ 159,455	\$ 160,098
Average age of active members (<i>years</i>)	44.1	44.2
Number of former members entitled to deferred pension benefits	2,057	1,974
Number of superannuates and surviving spouses	18,317	17,450

Benefit payments	(339,797)	(325,146)
Plan Assets, End of Year	\$ 7,287,202	\$ 6,779,471
Unamortized estimation adjustments ²	(330,700)	(581,589)
Total Pension Liabilities (Assets)³	\$ (774,202)	\$ (677,860)
Valuation allowance of Pension Asset (not available for employer use) ⁴	\$ 774,202	\$ 677,860
SHA Portion of Pension Liabilities (Assets)	\$ -	\$ -

¹ The plan assets had an actual rate of return of -0.10% (2018- 13.10%).

² Unamortized estimation adjustments are amortized to pension expense commencing in the year following the adjustment up to 12.7 years.

³ The total pension obligation is based on the latest actuarial valuation extrapolated to December 31, 2018. Changes in assumptions can result in significantly higher or lower estimates of pension obligations. The pension obligation would increase by \$937 million or would decrease by \$760 million if the discount rate was decreased or increased by one percentage point respectively.

⁴ The SHA has not recorded any portion of the SHEPP pension asset as plan assets and surpluses are restricted for future member benefits.

(in thousands of dollars)

15. Employee Future Benefits (continued)

a) Pension plans (continued)

ii) Defined contribution plan and other plans

SHA participates in several multi employer defined benefit pension plans including Regina Civic Employees' Superannuation and Benefit Plan (RCESP), Local Authorities Pension Plan (LAPP), and one defined contribution plan, Public Employees' Pension Plan (PEPP). The SHA follows defined contribution plan accounting for its participation in the plans. The SHA's financial obligation to these plans is limited to making the required payments to these plans according to their applicable agreements. Accordingly, the SHA expenses all contributions it is required to make in the year. Defined contribution plans provide pensions based on accumulated contributions and investment earnings. Employees contribute a percentage of salary.

Pension expense is included in Compensation – benefits in Schedule 1 and is equal to the SHA contributions amount below.

Below is a summary of the SHA defined contribution plans:

	LAPP ¹	RCESP ²	PEPP	Total 2019	Total 2018
Plan status	open	open	open		
Member contribution rate (% of salary) ³	8.39-12.84	7.80-13.10	5.00-7.60		
SHA contribution rate (% of salary) ³	9.39-13.85	8.80-14.60	5.00-6.60		
SHA participation					
Number of active members	198	1,489	224	1,911	1,905
Member contributions	\$ 921	\$ 7,473	\$ 1,121	\$ 9,515	\$ 10,015
SHA contributions	\$ 1,014	\$ 8,323	\$ 1,150	\$ 10,487	\$ 11,016

¹ Certain employees of the SHA participate in LAPP, a multi employer defined benefit plan. The plan decided to reduce the unfunded obligation through increased contribution rates to provide benefit security as at January 1 2018 the plan was able to reduce contribution rates. At December 31, 2017 audited financial statements for LAPP reported an accrued benefit obligation of \$37,893 million (2016 - \$38,360 million) and pension fund assets at market value of \$42,729 million (2016 - \$37,723 million).

² Certain employees of the SHA participate in RCESP a multi employer defined benefit plan. The plan was amended effective January 1, 2016. Employers agreed to amortize the unfunded liability over a twenty year period. In respect to the pre-amended deficit, the employer/employee contribution rates changed from an equal cost sharing to 60:40 contribution ratio. The sharing of future deficits shall be in accordance with the new funding policy. At December 31, 2017 audited financial statements for RCESP reported an accrued benefit obligation of \$1,443.7 million (2016 - \$1,420.7 million) and pension fund assets at market value of \$1,487.4 million (2016 - \$1,373.3 million).

³ Contribution rate varies based on employee group for PEPP.

b) Disability income plans

Employees of the SHA participate in one of the following disability income plans administered by 3sHealth:

- i) General established in 1975
- ii) CUPE established in 1975 – affiliated with the Canadian Union of Public Employees
- iii) SEIU-West established in 1975 – affiliated with the Service Employees International Union
- iv) SUN established in 1982 – affiliated with the Saskatchewan Union of Nurses

The SHA's financial obligation to these plans is limited to making the required payments to these plans according to their applicable agreements. Disability expense is included in Compensation – benefits in Schedule 1 and is equal to the SHA contributions amount below.

	General	CUPE	SEIU
Number of active members	5,771	10,686	8,002
Member contribution rate (% of salary)	0.00-1.25*	1.18	1.13
SHA contribution rate (% of salary)	0.00-1.25*	1.18	1.13
Member contributions	\$ 2,798	\$ 4,756	\$ 3,300
SHA contributions	\$ 3,011	\$ 4,761	\$ 3,257

	SUN	Total 2019	Total 2018

c) Accumulated sick leave benefit liability

The cost of the accrued benefit obligations related to sick leave entitlement earned by employees is actuarially determined using the projected benefit method prorated on service and management's best estimate of inflation, discount rate, employee demographics and sick leave usage of active employees. The SHA has completed an actuarial valuation as of March 31, 2019. Key assumptions used as inputs into the actuarial calculation are as follows:

	2019	2018
Discount rate	2.50%	2.80%
Earnings escalation rate	0.00% to 2.00%	0.00% to 1.00%
Expected average remaining services life	14.2 years	13.2 years

Earnings increase for seniority, merit and promotion is as follows:

Employee groups	2019	2018
For ages 15 to 29	2.00%	2.00%
For ages 30 to 39	1.50%	1.50%
For ages 40 to 49	1.00%	1.00%
For ages 50 to 59	0.50%	0.50%
For ages 60 and over	0.00%	0.00%

	2019	2018
Accrued benefit obligation, beginning of year	\$ 105,029	\$ 107,903
Cost for the year		
Current period benefit costs	13,094	13,271
Interest expense	2,928	2,685
Actuarial gains (losses)	15,266	(4,576)
Benefits paid during the year	(13,968)	(14,254)
Accrued benefit obligation, end of year	122,349	105,029
Unamortized net actuarial loss	(23,004)	(8,805)
Benefit Obligation, End of Year	\$ 99,345	\$ 96,224

SASKATCHEWAN HEALTH AUTHORITY

Notes to the Consolidated Financial Statements

Year ended March 31, 2019

(in thousands of dollars)

16. Budget

The SHA board approved their 2018-2019 budget plan on May 28, 2018, while their 3sHealth board approved the budget plan on March 22, 2018.

17. Financial Risk Management

The SHA has exposure to the following risks from its use of financial instruments: credit risk, market risk and liquidity risk.

The Board ensures that the SHA has identified its major risks and ensures that management monitors and controls them. The Board oversees the SHA's systems and practices of internal control, and ensures that these controls contribute to the assessment and mitigation of risk.

a) Credit risk

Credit risk is the risk that one party to a financial instrument will fail to discharge an obligation and cause the other party to incur a financial loss. The SHA is exposed to credit risk from the potential non-payment of accounts receivable. The majority of the SHA's receivables are from MoH – General Revenue Fund, Saskatchewan Workers' Compensation Board, health insurance companies or other provinces. Therefore, the credit risk on accounts receivable is minimal. The SHA is also exposed to credit risk from cash and investments.

The SHA manages its credit risk surrounding cash and investments by dealing solely with reputable banks and financial institutions, and utilizing an investment policy to guide their investment decisions. The SHA invests surplus funds to earn investment income with the objective of maintaining safety of principal and providing adequate liquidity to meet cash flow requirements.

Management reviews accounts receivable to determine if a valuation allowance is necessary to reflect impairment in collectability.

17. Financial Risk Management (continued)

a) Credit risk (continued)

The aging of Ministry of Health and other accounts receivable as at March 31, 2019 was:

	Total	0-30 Days	30-60 Days	60-90 Days	Over 90 Days
Accounts receivable					
Ministry of Health - General Revenue Fund	\$ 111,818	\$ 10,152	\$ 195	\$ 194	\$ 101,277
Other	98,436	45,134	5,345	4,196	43,761
Gross Receivables	210,254	55,286	5,540	4,390	145,038
Allowance for doubtful accounts	(27,096)	(5,366)	(151)	(1,066)	(20,513)
Net Receivables	\$ 183,158	\$ 49,920	\$ 5,389	\$ 3,324	\$ 124,525

b) Market risk

Market risk is the risk that changes in market prices, such as foreign exchange rates or interest rates, will affect SHA's income or the value of its holdings of financial instruments. The objective of market risk management is to control market risk exposures within acceptable parameters while optimizing return on investment.

i) Foreign exchange risk

Foreign exchange risk is the risk the fair value of financial instruments denominated in a foreign currency will fluctuate because of changes in the foreign exchange rates. The SHA operates within Canada, but in the normal course of operations is party to transactions denominated in foreign currencies. The SHA believes that it is not subject to significant foreign exchange risk from its financial instruments.

ii) Interest rate risk

Interest rate risk is the risk the fair value of future cash flows or a financial instrument will fluctuate because of changes in the market interest rates. Financial assets and financial liabilities with variable interest rates expose the SHA to cash flow interest rate risk.

The SHA's investments include guaranteed investment certificates and term deposits bearing interest at coupon rates. As at March 31, 2019, the interest rates on the investments held by the SHA bear minimal risk and therefore the overall risk to the SHA due to fluctuating interest rates is minimal. Although management monitors exposure to interest rate fluctuations, it does not employ any interest rate management policies to counteract interest rate fluctuations.

SASKATCHEWAN HEALTH AUTHORITY

Notes to the Consolidated Financial Statements

Year ended March 31, 2019

(in thousands of dollars)

17. Financial Risk Management (continued)

ii) Interest rate risk (continued)

The majority of the SHA's long-term debt outstanding as at March 31, 2019 and 2018 has had fixed interest rates. The SHA has entered into interest rate swaps to effectively fix the interest rates, and further reduce the interest rate risk, on certain debt. Refer to Note 9 for this information.

c) Liquidity risk

Liquidity risk is the risk that an organization is not able to fulfill its financial obligations as they become due.

The SHA manages liquidity risk by continually monitoring actual and forecasted cash flows from operations and anticipated investing and financing activities. The SHA relies on grants from the MoH through the General Revenue Fund. To obtain sufficient funds, the SHA provides the Ministry with capital and operating budgets and quarterly forecasts.

As at March 31, 2019, the SHA is committed to the following liabilities, including principal and interest, based on the expected undiscounted cash flows from the reporting date to the contractual maturity date:

	Carrying amount	Due in less than 1 year	Due in 1-3 years	Due in 3-5 years	Due after 5 years
Accounts payable and accrued liabilities	\$ 515,490	\$ 515,490	\$ -	\$ -	\$ -
Debt	106,274	44,027	14,008	12,477	35,762
Capital lease payable	6,726	1,953	3,096	1,342	335
Obligations under long-term financing arrangement	116,685	2,661	5,604	6,001	102,419
Total Financial Liabilities	\$ 745,175	\$ 564,131	\$ 22,708	\$ 19,820	\$ 138,516

Fair value of interest rate swaps

The fair value of the interest rate swaps are recorded in the consolidated statement of financial position with changes in fair value reflected in the consolidated statement of re-measurement gains and (losses). Accordingly, the determination of fair value requires judgment and is based on market information where available and appropriate. Fair value measurements are categorized into levels within a fair value hierarchy based on the nature of the inputs used in the valuation. The interest rate swap is determined to be Level 1, where by quoted prices are readily available from an active market, and no items have transferred between hierarchy levels 1 to 3.

SASKATCHEWAN HEALTH AUTHORITY

Notes to the Consolidated Financial Statements

Year ended March 31, 2019

(in thousands of dollars)

17. Financial Risk Management (continued)

c) Liquidity risk (continued)

At March 31, 2019 the market value loss on the interest rate swap was \$1.0 million (2018 – gain of \$1.8 million).

Lines of credit

The SHA has several approved operating lines of credit totaling \$57.2 million (2018 restated - \$58.2 million). Interest rates vary from prime minus 1.00% to prime plus 1.00%. Total interest paid on the lines of credit in 2019 was \$528 (2018 - \$393).

18. Related Parties

These financial statements include transactions with related parties. The SHA is related to all Saskatchewan Crown Agencies such as ministries, corporations, boards, and commissions under the common control of the Government of Saskatchewan, as well as its key management personnel and their close family members. Additionally, the SHA is related to organizations where they have key management personnel and/or their close family members in common. Transactions with these related parties are in the normal course of operations and are settled on normal trade terms.

19. Impact of the Adoption of Public Sector Accounting Standards

As described in Note 2, the date of transition for the SHA's adoption of full PSAS was April 1, 2018. In these consolidated financial statements, amounts previously reported in the consolidated financial statements prepared under the standards for government not-for-profit organizations, have been adjusted to comply with PSAS. The impact of adopting the new standards on the accumulated surplus and the consolidated statement of financial position as of March 31, 2018 is presented below. As well as the consolidated statement of operations and cash flows for the year ending March 31, 2018.

Key adjustments to the SHA's consolidated financial statements are as follows:

a) Endowments and deferred revenue

Endowments, for which there is no specific guidance under PSAS, have been reclassified as a liability and included in deferred revenue (2018 - \$787 reclassified from accumulated surplus).

SASKATCHEWAN HEALTH AUTHORITY

Notes to the Consolidated Financial Statements

Year ended March 31, 2019

(in thousands of dollars)

19. Impact of the Adoption of Public Sector Accounting Standards (continued)

a) Endowments and deferred revenue (continued)

Other government of Saskatchewan funding previously reported in deferred revenue has been extinguished and is now part of the accumulated surplus (2018 - \$4.2 million reclassified to accumulated surplus). While a portion of the non-government of Saskatchewan initiatives continues to be reported as a deferred revenue (\$2.7 million), the remainder of \$9.9 million was reclassified to accumulated surplus.

b) Current portion of assets and liabilities

Under PSAS, there is no differentiation between current and long-term portions of assets and liabilities. Accordingly, the current and long-term portion of financial position balances have been combined into one amount.

c) Former restricted fund balances

Under former government not-for-profit standards, grants and contributions for acquiring or constructing tangible capital assets were restricted and the fund balances were lowered as the tangible capital assets were acquired. Under PSAS the following adjustments were made:

i) Capital Fund

MoH funding previously in the capital fund (2018 - \$59.7 million) has been extinguished and are included as part of the opening 2018 accumulated surplus.

Former externally and internally capital funds (2018 - (\$307)) has been extinguished and are included as part of the opening 2018 accumulated surplus.

ii) Community trusts

A portion of the balances in the community trust fund are externally restricted with pre-amalgamation agreements and therefore have been set up as a liability (2018 - \$5.3 million reclassified to deferred revenue). The remaining balances (\$1.7 million) has been extinguished and is included as part of the opening 2018 accumulated surplus.

SASKATCHEWAN HEALTH AUTHORITY

Notes to the Consolidated Financial Statements

Year ended March 31, 2019

(in thousands of dollars)

19. Impact of the Adoption of Public Sector Accounting Standards (continued)

d) Presentation of accumulated surplus

Under PSAS, accumulated surplus shown on the consolidated statement of financial position is to be split into accumulated operating surplus and accumulated remeasurement gains or losses. Information on reserves and funds under the former government not-for-profit standards have been combined into one accumulated surplus.

e) Controlled entity

Under former government not-for-profit standards, a controlled entity was not required to be consolidated. However, under PSAS, the SHA is required on a retroactive and with restatement basis, to consolidate its controlled entities. As described in Note 2a) the SHA controls 3sHealth and St. Paul's, and 3sHealth was not previously consolidated.

Impact of Adoption of PSAS on accumulated surplus

Summary of adjustments

	March 31, 2018
Accumulated surplus, as previously reported*	\$ 1,265,917
Adjustments	
Other restatement of tangible capital assets	983
Reclassify endowments as liability	(787)
Reclassify community trusts with external restrictions as a liability	(5,278)
Reclassify donations with external restrictions as a liability	(141)
Reclassify government deferred as accumulated surplus	4,247
Reclassify non government deferred as accumulated surplus	9,907
3sHealth consolidation	9,396
Accumulated surplus, as restated	\$ 1,284,244

*Includes total fund balances and accumulated remeasurement gains (losses).

20. Comparative Information

Certain of the comparative figures have been reclassified to conform to the financial statement presentation adopted in the current year.

21. Subsequent Events

As recommended by the Advisory Panel on Health System Structure a review of the governance of the Saskatchewan Association of Health Organizations Inc. (SAHO) was completed. A decision was made to amalgamate SAHO with the SHA. The amalgamation date is expected to be early fall 2019.

22. Collective Bargaining Agreements

The Saskatchewan Union of Nurses (SUN) contract expired on March 31, 2018. The Health Services Association of Saskatchewan (HSAS) contract expired on March 31, 2018. The provider union contracts made up of the Service Employees International Union (SEIU), Canadian Union of Public Employees (CUPE), and Saskatchewan Government and General Employee's Union (SGEU) all expired on March 31, 2017. Negotiations are underway for SUN, HSAS and SEIU-West and the impact on these consolidated financial statements is not determinable.

Subsequent to March 31, 2019 CUPE and SGEU ratified a new five year collective agreement. There was no impact on the consolidated financial statements.

Community Engagement & Communications

Kim McKechney, VP Community Engagement
& Communications, Saskatoon (17)

2018

February

- Cut Knife's Primary Health Centre officially opens

April

- The Roy Romanow Provincial Laboratory joins the SHA
- Take Home Naloxone Program expands to provide free kits to people who may witness an overdose

May

- The SHA Board approves first budget: \$3.8 billion in operating dollars

July

- The SHA and Métis-Nation Saskatchewan sign a memorandum of understanding to work together to achieve better health outcomes for Métis people
- Physician Recruitment Agency of Saskatchewan joins the SHA
- The SHA Board approves the organization's vision and mission

September

- Staff and patients move into the Leader and District Integrated Health Care Facility

October

- The Gardens Community Health Centre officially opens in Regina
- The SHA and All Nations Healing Hospital in Fort Qu'Appelle sign a memorandum of understanding at the grand opening of the satellite dialysis centre
- Work to develop a new administrative information management system begins

November

- Cabri Medical Clinic officially opens as a primary health care site
- The SHA Board approves the organization's values and philosophy of care
- Community Health Centre at Market Mall launches in Saskatoon
- Transition team presented with Premier's Award for Excellence in the Public Service

December

- Lloydminster helipad operational
- The Police and Crisis Team Program expands to Yorkton, Moose Jaw, Prince Albert and North Battleford

2019

January

- Cumberland House Health Centre begins offering harm reduction services
- SHA formalizes agreement to improve health outcomes in La Loche

February

- Swift Current helipad operational
- Saskatoon, Weyburn, Moose Jaw, Regina and Yorkton launch mental health community recovery teams
- Mental Health Capacity Building Pilot Project in support of student mental health launched in Dr. Martin LeBoldus Catholic High School in Regina; Hector Thiboutot School in Sandy Bay; North Battleford Comprehensive High School; John Paul II Collegiate in North Battleford; and Greenall High School in Balgonie

March

- Swift Current, Prince Albert and North Battleford launch mental health community recovery teams
- Opioid Stewardship Program launches
- The SHA formally commits to determining constructive implementation of the calls to action relevant to health care that are outlined in the truth and reconciliation commissioner's final report
- Saskatchewan Hospital North Battleford officially opens
- Clinician Research Support Pilot Program launches
- Safer inhalation materials for people with addictions are now available at 30 harm reduction sites
- Construction on the Jim Pattison Children's Hospital is nearing completion; the project is on track to open in the fall of 2019

Increase in cash	\$ 65,501	\$ 1,591

Cash used in capital activities includes capital purchases of \$4.1 million (2018 - \$7.7 million)

Appendix G: Union Partners

The majority of SHA's employees belong to a union, which provides its members with advice and support and bargains with the Saskatchewan Association of Health Care Organizations to establish working conditions, wages and benefits. The SHA and its union partners work together to ensure high quality, timely care for patients and to provide a safe environment free of physical, emotional or psychological harm for patients and health care providers.

SHA's union partners are:

- The Canadian Union of Public Employees (CUPE): CUPE represents approximately 14,000 SHA and affiliate employees in the former Prairie North, Prince Albert Parkland, Regina Qu'Appelle, Sun Country and Sunrise health regions. Members are employed in hospitals, health care centers, long-term care facilities and home care. They fulfill a variety of roles including dietary, laundry and housekeeping aides, licensed practical nurses, X-ray and lab technicians, maintenance staff, cleaners, clerical workers and care assistants.
- The Saskatchewan Union of Nurses (SUN): SUN represents more than 10,000 SHA and affiliate registered nurses, registered nurse practitioners, registered psychiatric nurses and graduates employed in long term care, home care, acute care, public health, mental health, community health and blood supply services.
- The Service Employees International Union-West (SEIU-West): SEIU-West represents more than 11,700 SHA and affiliate employees in a variety of support roles in the former Cypress, Five Hills, Heartland and Saskatoon health regions as well as 17 staff at Meadow Lake Clinic in the former Prairie North Health Region. Positions include clerk stenos, lab technologists, diagnostic technicians, security officers, porters, janitors, nursing aides, licensed practical nurses, laundry aides, dietary aides, housekeeping aides and cooks.
- The Health Sciences Association of Saskatchewan (HSAS): HSAS represents more than 3,800 SHA and affiliate employees in all health regions throughout Saskatchewan. Roles include pharmacists, addictions counsellors, dietitians, audiologists, emergency medical services staff, epidemiologists, infection control practitioners, occupational and physical therapists, health inspectors and psychologists.
- The Saskatchewan Government and General Employees Union (SGEU): SGEU represents approximately 1,600 SHA and affiliate employees in the former Kelsey Trail, Keewatin Yatthé and Mamawetan Churchill River health regions as well as about 160 Roy Romanow Provincial Laboratory staff. Roles include a wide range of support services. Examples include licensed practical nurses, continuing care aides, medical, laboratory and diagnostic technologists, porters, laundry service workers, sterile processing instrument technicians, environmental workers and office, purchasing, health records and registration clerks.

Appendix H: Payee Disclosure List : Personal Services

Listed are individuals who received payments for salaries, wages, honorariums, etc. which total \$50,000 or more.
