LETTER OF TRANSMITTAL

Healthy People, Healthy Saskatchewan

Dear Minister Merriman:

The Saskatchewan Health Authority (SHA) is pleased to provide you and the residents of our province with SHA's *Annual Report to the Legislature 2020-2021*.

The annual report is a legislated requirement which demonstrates SHA's commitment to transparency and accountability. This year's report includes the approved audited financial statements for the year ending March 31, 2021. Due to the ongoing demands on the health system caused by the COVID-19 pandemic, this report has been abbreviated similar to the 2019-20 annual report.

This has been a year of both tremendous challenges and significant progress. The contents of this annual report are a testament to the unprecedented scale of what our health-care work force has taken on in the fight against COVID-19, with many areas scaling up to meet exponential growth in demand.

Despite these extraordinary pressures, we have remained committed to improving our programs and services by continuing our work with Accreditation Canada to hold ourselves to the highest possible standards. We have also continued to strengthen our services for the people of Saskatchewan.

The SHA continues to focus on four priority areas:

- Connected care for the people of Saskatchewan;
- Delivering safe and high quality health care;
- Establishing physicians as leaders in the health-care system; and
- Improving system-wide co-ordination and alignment of services.

By working toward these goals, we are aligning and integrating health services to ensure people receive high quality, timely health care, regardless of where they live in Saskatchewan.

Our commitment to a philosophy of patient and family centred care guides our activities and is the foundation for our values of safety, accountability, respect, collaboration and compassion.

Our commitment to accountability and transparency is demonstrated through SHA Board of Director meetings held publicly every quarter; our daily internal communications with 40,000-plus staff and 2,600 physicians; and our public communications through the SHA website (www.saskhealthauthority.ca) and SHA's social media (Facebook, Twitter) channels.

The results achieved in 2020-21 were due to the tremendous dedication and commitment of staff and physicians of the SHA and our many partners, including the people we serve. We are profoundly grateful for the fortitude, determination and professionalism of all those involved in the response to the pandemic. By working together as one organization, we have been able to manage and co-ordinate services through a time of great uncertainty.

RESPECTFULLY SUBMITTED,

GRANT J. KOOK

VICE-CHAIRPERSON/INTERIM CHAIRPERSON

SASKATCHEWAN HEALTH
AUTHORITY BOARD OF DIRECTORS

VISION, MISSION, VALUES AND PHILOSOPHY OF CARE

Healthy People, Healthy Saskatchewan

HEALTHY PEOPLE, HEALTHY SASKATCHEWAN

PHILOSOPHY OF CARE

Our commitment to a philosophy of Patient and Family Centred Care is at the heart of everything we do and is the foundation for our values. This philosophy of care is in essence our culture – who we are, the shared purpose that brings us all together and how our patients and families experience care every day. Through meaningful engagement and co-creating mutually beneficial partnerships among employees, physicians, patients, families, clients and residents, together we ensure a seamless health system that supports *Healthy People, Healthy Saskatchewan*.

VISION

Healthy People, Healthy Saskatchewan

MISSION

We work together to improve our health and well-being. Every day. For everyone.

VALUES

SAFETY:

Be aware. Commit to physical, psychological, social, cultural and environmental safety. Every day. For everyone.

ACCOUNTABILITY:

Be responsible. Own each action and decision. Be transparent and have courage to speak up.

RESPECT:

Be kind. Honour diversity with dignity and empathy. Value each person as an individual.

COLLABORATION:

Be better together. Include and acknowledge the contributions of employees, physicians, patients, families and partners.

COMPASSION:

Be caring. Practice empathy. Listen actively to understand each other's experiences.

GOVERNANCE SYSTEM

Healthy People, Healthy Saskatchewan

The SHA is governed by the SHA Board of Directors. The Board consists of 10 voting members, appointed to three-year terms by the Lieutenant Governor in Council. The Board is accountable to the Minister of Health to achieve the goals and objectives of the SHA, ensuring effective planning, delivery and evaluation of all health-care programs, on behalf of the residents of Saskatchewan.

The Board recognizes the paramount importance of patients and families as key in the delivery of the health-care services provided by the SHA. The Board incorporates the patient experience into its work to inform the strategic direction of the SHA.

The SHA governance system is outlined in *The Provincial Health Authority Act* and *The Provincial Health Authority Administration Regulations* supported by the General Bylaws of the SHA, and further detailed in the Governance Charter. The Governance Charter reflects the provincial legislation, direction, philosophy and principles governing the SHA – a large, complex, high profile and accountable public sector organization. The Governance Charter describes in detail the Board’s accountabilities to, and relationships with, key stakeholders and the chief executive officer (CEO) inclusive of the CEO’s authority and expectations. The governance philosophy is guided by the following principles:

- The Board provides strategic direction and leadership.
- The Board adheres to the highest ethical and legal standards in the conduct of its business.
- The Board makes decisions on the best available evidence.
- The Board’s approach to governance is open: receptive to information that will enable the Board’s work, responsive to the expectations of the public and transparent regarding the decisions that are made.
- Members are to act in the best interests of the Board as a whole.
- The relationship between the Board and the CEO is based upon trust, collaboration and clear understanding of roles and responsibilities of the Board and the CEO.

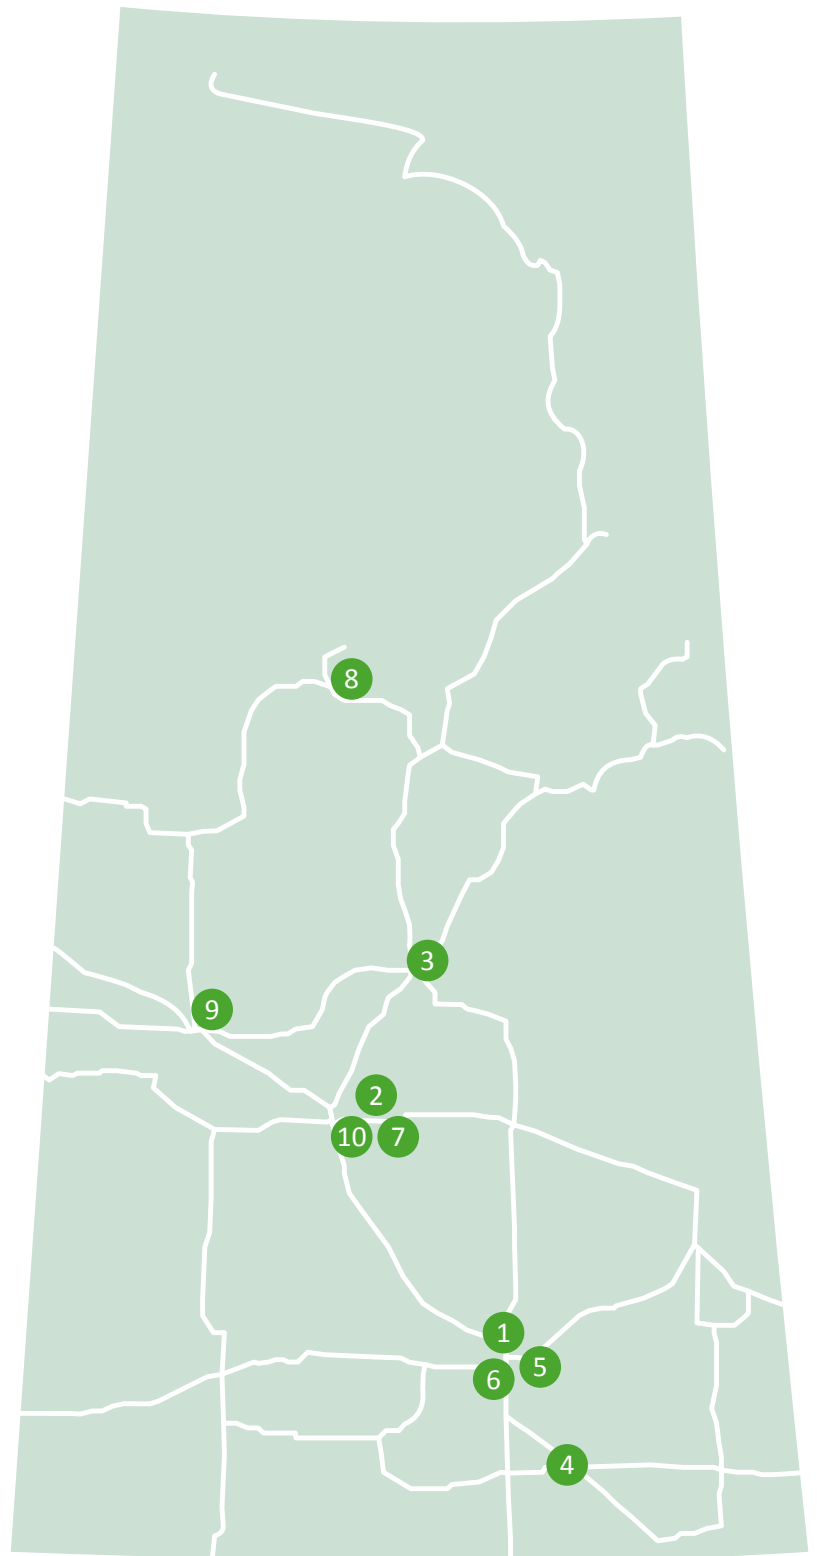

The Governance Charter also outlines the Board’s structures and governance processes whereby strategic goals are set, key relationships are maintained, assets of the organization are safeguarded and quality care is supported in accordance with best practices, service excellence and national performance standards such as those of Accreditation Canada. The Board fulfills its governance role and responsibilities through the following committees of the Board chaired/co-chaired by Board members, recommended by the Board chairperson and formally appointed by the Board:

- Governance and Human Resources Committee;
- Quality and Safety Committee;
- Audit, Finance and Risk Committee;
- Board Practitioner Hearing Committee; and
- Practitioner Liaison Committee.

The SHA has also established an internal audit function that supports the SHA to accomplish its objectives by bringing a systematic and disciplined approach to evaluate and improve its operations. The chief audit officer (CAO) does this by providing insight and advice to help drive improvements in governance, risk management and control processes, balanced with assurance on key risk mitigations and controls through the completion of audit work. The CAO reports functionally to the SHA Board, with a dotted line to the CEO for day-to-day administrative matters to maintain the CAO's independence and objectivity.

SHA BOARD MEMBERS BY LOCATION

- 1.** R.W. (Dick) Carter, Chairperson, Regina
*Resigned Jan. 1, 2021
- 2.** Grant Kook, Vice-Chairperson, Saskatoon
- 3.** Brenda Abrametz, Prince Albert
- 4.** Marilyn Charlton, Weyburn
- 5.** Judy Davis, Regina
- 6.** Robert Pletch, Regina
*Resigned July 1, 2020
- 7.** Dr. Preston Smith, Saskatoon
- 8.** Rosalena Smith, Pinehouse Lake
- 9.** Dr. Janet Tootoosis, North Battleford
- 10.** Tom Zurowski, Saskatoon

MANAGING THE PANDEMIC:

OFFENSIVE AND DEFENSIVE STRATEGIES AND THE IMMUNIZATION CAMPAIGN

Healthy People, Healthy Saskatchewan

Saskatchewan Health Authority's pandemic planning strategy is rooted in the Connected Care framework. The aim of Connected Care is to provide the right care, at the right time, in the right place, with the right provider. The pandemic planning strategy is built on detecting, containing and mitigating COVID-19 as well as implementing population and health promotion measures.

It allows us to quickly mobilize and deliver care in the community through offensive and defensive strategies and our immunization campaign.

“The dramatic and practically instantaneous scale up of our business has been felt in ways rarely talked about. The extra challenges around staffing as a result of the need to cohort staff and create robust entryway screening processes are representative of these rarely noted pressures involving thousands of our people every day. Hundreds of thousands of hours are eaten up across our system by elevated protocols around personal protective equipment. Staff are challenged by these requirements and the long hours required to fight COVID-19, but they soldier on because of their commitment to safety and to the people of this province.”

SCOTT LIVINGSTONE | CHIEF EXECUTIVE OFFICER
SASKATCHEWAN HEALTH AUTHORITY

OFFENSIVE STRATEGY: TEST – TRACE – ISOLATE

The aim of SHA's offensive strategy is to implement community and individual mitigation strategies to:

1. Promote healthy behaviors.
2. Prevent the spread of COVID-19.
3. Maintain healthy environments.
4. Implement appropriate health-care operations.
5. Prepare for emergencies.
6. Enforce *The Public Health Act, 1994* and public health orders.

This includes large-scale testing operations; timely case investigation and contact tracing; and managing all case and contact COVID-19 isolation programs in SHA while paying special attention to disproportionately affected populations.

Testing is an essential part of identifying a COVID-19 infection, and an SHA strategy to limit the spread of the virus.

The SHA opened COVID-19 testing centres in Regina and Saskatoon on March 13, 2020. These centres and many others in numerous communities have remained open to test both symptomatic and asymptomatic Saskatchewan residents “on demand” and “on referral” throughout the pandemic.

By March 31, 2021, throughout the province there were:

- 59 static test sites in 39 communities;
 - This included 18 test sites on First Nations in reserve communities; and
 - Four drive-through sites in Regina, Saskatoon, Yorkton and Prince Albert where people could be tested on demand.
- SHA has run 132 pop-up clinics in 40 communities as well as walk-in testing options in smaller communities and at specific sites (e.g., schools, workplaces) when local areas were experiencing a surge or outbreak and case numbers were rising.

TEST TO PROTECT

SHA began implementing point-of-care (POC) testing in the fall of 2020. POC testing takes two forms: clinical diagnosis through a polymerase chain reaction (PCR) test, used in hospital settings; and COVID-19 screening through an antigen test, used in congregated and home settings. Both tests are easy to use, provide results in 15 minutes and are core elements of the SHA and provincial outbreak prevention strategy.

The POC testing rollout involved:

- Deploying 116 Abbott ID Now devices equitably across acute care sites in all SHA service delivery sites in the North, Saskatoon, Regina and all other rural areas. By March 31, 2021, 18,176 Abbott ID Now POC tests had been completed. Abbott ID Now is a PCR test.
- Rolling out Abbott Panbio, an antigen test, in 157 long-term care homes, including community settings such as personal care homes and schools. Abbott Panbio has also been used to prevent and reduce outbreaks in personal care homes and other community settings. By the end of the fiscal year, 291,950 Abbott Panbio tests had been performed.
- Piloting BD Veritor Plus in the spring of 2021. BD Veritor Plus is a POC antigen test used at agencies, such as correctional facilities or police services, to screen their staff and client populations for COVID-19. By the end of the fiscal, 1,525 BD Veritor Plus tests had been completed.
- Distributing 276,769 rapid POC kits to health-care workers so they could test themselves at home, by March 31, 2021.

These supplies were part of the initial 700,000 tests provided by the federal government to the Ministry of Health. The remainder of the supply was to be distributed by the SHA in the first quarter of 2021-22.

STRENGTHENING LAB SERVICES

To support the rapid increase in demand for SARS-CoV2 (COVID-19) testing, the SHA Laboratory Medicine Program:

- Set up diagnostic testing at 16 SHA laboratories across the province.
- Ramped up testing capacity to meet a daily provincial target of 4,000 PCR tests per day by Sept. 1, 2020 and 4,500 PCR tests per day by Dec. 31, 2020.
- Set up testing to identify variants of concern at Roy Romanow Provincial Lab and Saskatoon Microbiology Lab at the Royal University Hospital Lab (RUH) in partnership with The National Microbiology Lab in Winnipeg.
- Established GeneXpert platforms in 19 SHA locations and 12 First Nations communities to provide urgent results within two hours. At the end of the fiscal year, work to provide 15 more GeneXpert platforms in First Nation communities was underway.

STRENGTHENING TESTING SERVICES

SHA dedicated more staff to testing to support the rising need.

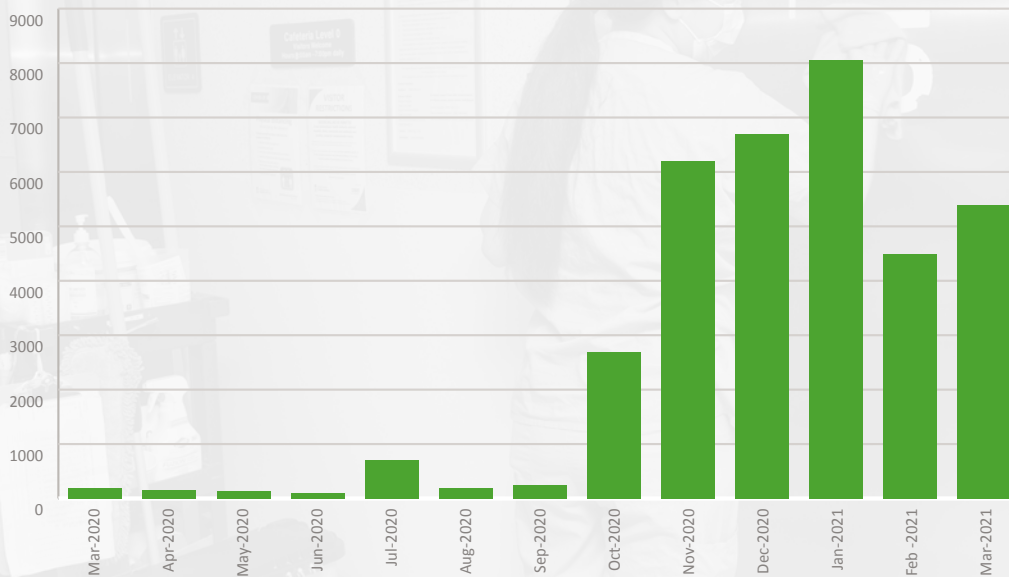

The organization:

- Increased the number of HealthLine 811 staff from 28 to 88 full-time equivalents (FTEs). This enabled the team to answer a total of 652,896 calls, a 342 per cent increase over 2019-20 when HealthLine 811 received 147,652 calls.
- Recruited an additional 292 staff to support the testing and assessment department. Additional staff were deployed as needed through SHA's labour pool and the supplemental workforce.

By March 31, 2021, the SHA had performed a total of 669,431 COVID-19 tests resulting in 33,789 diagnosed cases of COVID-19.

Total New SK COVID-19 Cases Per Month

March 2020 - March 2021

CASE INVESTIGATION AND CONTACT TRACING

Timely case investigation, contact tracing and isolation are essential, core public health strategies to control the spread of COVID-19. As part of the public health investigation, all people who test positive for COVID-19 are contacted through a person-to-person phone call, or written notification (e.g., workplaces; organizers of mass gatherings) or a public service announcement.

In the 2020-21 fiscal year, public health staff:

- Investigated 33,789 new cases of COVID-19. In 2019-20, the SHA followed up on 193 cases. The number is significantly lower because the virus didn't arrive in Saskatchewan until March 2020.
 - The number of contacts per case can vary widely, ranging from 1 to 364. The average number of close contacts per case is 5.83.
 - While there is significant variation, each new case takes an average of one hour to investigate; each contact, an average of 25 minutes.
 - Investigation time varies based on the nature of the exposure. For example: Cases within a household or tight bubble may take less time to investigate than an exposure involving a business, workplace, community event or other social setting. Additional time may be required to develop public service announcements, to answer the questions of people with complex medical concerns or to counsel a person who will have difficulty self-isolating.
- Investigated 108,161 close contacts, 16 per cent of whom (16,427 people) were found to have COVID-19.

Contact tracing is a multi-step process. It requires the support of staff from several areas of the organization, including Primary Health Care, Acute Care, Continuing Care and Provincial Programs, as well as SHA's labour pools (see page 19) and supplemental workforce (see page 19). The goal is to break the chains of transmission and stop the spread of the virus.

In fiscal 2020-21, contact tracing involved:

- More than 700 staff (more than 400 FTEs) generally working seven days a week. By the end of 2020-21, SHA began to increase staffing to 694 FTEs to allow for 470 cases to be traced per day.
 - As of March 31, 2021, 135 staff were hired temporarily, 333 people were secured from the supplemental workforce and additional staff were deployed from one of the six labour pools. At the end of the fiscal year, more than 300 people from the labour pools supported contact tracing.

STEPS IN THE CONTACT TRACING PROCESS

ENFORCING PUBLIC HEALTH ORDERS

During the pandemic, the role of Public Health has been to limit the spread of COVID-19 through surveillance, containment and education.

One way the provincial government has achieved this has been to issue public health orders under *The Public Health Act, 1994*. The aim of the orders has been to protect the overall well-being and livelihoods of Saskatchewan people as much as possible while minimizing serious illness and death. The orders also served to ensure our hospitals had enough room for all patients (those with COVID-19 and those without).

Public health orders targeted the riskiest activities and environments for spreading COVID-19. This included establishing restrictions around business capacity and when to isolate and mask, and creating limits on home and public gatherings, travel, and long-term care home and hospital visitation.

Both police and SHA's public health inspectors enforced the orders. In the 2020-21 fiscal year, public health inspectors conducted 9,007 facility compliance inspections, some of which resulted from the 5,331 complaints and referrals SHA received from the public and other agencies. Public health inspectors also provided information on COVID-19 and health order compliance to 6,300 individuals and businesses. Failure to comply with public health orders could result in fines. The SHA issued 35 summary offence tickets, 128 warning letters and five closure orders in fiscal 2020-21.

SPECIAL ATTENTION TO DISPROPORTIONATELY AFFECTED POPULATIONS

This work focused on protecting:

- People living in long-term care environments; and
- People who are at a higher risk of experiencing severe complications.

In the context of COVID-19, "vulnerable populations" refers to groups of people who are at greater risk of exposure, infection, or adverse outcomes due to individual, social and cultural characteristics relative to the larger population. In the past year, the SHA pandemic response prioritized initiatives to support people with chronic or immune-suppressed medical conditions; seniors residing in assisted living environments or in other shared living situations; residents of homeless shelters and other emergency shelters, group homes, mental health residential care, and non-federally regulated correctional institutions; and those in communal living arrangements.

Preventing COVID-19 outbreaks in congregate living environments, and managing them when they happen, is an important part of protecting vulnerable populations.

Protecting residents of long-term and acute care facilities included:

- Applying family presence (visitor) restrictions;
- Limiting the movement of staff between facilities;
- Providing tools to prepare for and manage outbreaks;
- Implementing public health protocols;
- Screening approved contractors, visitors, residents and staff for COVID-19;
- Offering point-of-care assurance testing for health-care workers and residents of long-term care homes; and
- Testing of pending long-term care residents prior to moving into a long-term care environment or between health-care facilities.

During an outbreak, SHA strengthened its protective measures to include:

- Providing daily contact to support the impacted home or facility;
- Immediately launching contact tracing of those with COVID-19;
- Monitoring patients and residents for signs of illness;
- Testing residents and staff for the virus on site;
- Implementing an outbreak control measures pilot in Regina area. The purpose of the pilot was to establish standard infection prevention and safety protocols to control and eliminate outbreaks in facilities. These included having care home staff, SHA leaders and others huddle as soon as an outbreak was declared to determine a course of action and bringing Safety and Quality staff into a care home to help staff improve infection prevention and control practices;
- Cancelling group activities;
- Working with the Doctors Assisting Seniors and Homes (DASH) program to ensure COVID-19 positive residents had in-person access to a physician. DASH, available in Regina, Saskatoon, Meadow Lake, Lloydminster, North Battleford and Swift Current health networks, provided backup for family physicians who were unable to offer in-person consults. The program, which was well received, ended March 31, 2021 in all locations except Regina where it was extended to provide stability as variants of concern climbed;
- Virtual solutions so those being cared for could be electronically connected with friends and families. Hundreds of iPads, cellphones and other devices were donated to SHA through the Virtual Visitation Strategy.

To support socially vulnerable populations outside of long-term and acute care facilities, the SHA:

- Worked with community, First Nations and Métis-led organizations and government partners to identify early community transmission of the virus among those without secure housing and to facilitate access to testing, tracing and isolation.
- Developed a vulnerable population pathway to outline how those experiencing homelessness would be supported to self-isolate and receive care in the community.
 - In partnership with government, established assisted self-isolation sites (ASIS) to help people without the financial and social means to safely and effectively self-isolate as required by the provincial public health orders.
 - A total of 2,360 people were admitted to an ASIS, hosted in one of 10 hotels or motels in the province, in 2020-21.
- With partners, provided general information and guidance for emergency shelters, drop-in centres and others to identify individuals experiencing homelessness and screen them for symptoms. SHA developed an outbreak toolkit to support this work.
- Established a task team with other municipal agencies and government departments to respond to outbreaks and find housing solutions for people needing to self-isolate in the province's North. Northern municipal, school division, business, and First Nations and Métis leadership provided many other isolation supports and accommodations.
- Helped those who needed extra support to safely self-isolate, as required by the provincial public health orders, in their homes.
 - In Regina, support was provided to 518 households in 2020-21. In Saskatoon, the SHA helped 896 individuals isolate in their homes from Dec. 14, 2020 to March 31, 2021.

Saskatchewan's COVID-19 Immunization Plan made provisions for the province's vulnerable population. Those deemed to have the highest risk of contracting the virus were to be vaccinated during Phase 1. The clinically extremely vulnerable and people in emergency shelters and group homes were to be vaccinated at the same time as 60-69 year olds during Phase 2.

DEFENSIVE STRATEGY

The defensive strategy focused on mitigating the impact of the virus on the health system. Its purpose was to create flexibility so the health system could absorb surges in demand for services due to COVID-19.

The SHA developed strategies to:

- Create acute care capacity through the use of surge spaces and processes;
- Convert hospitals to facilities which provide support to alternate-level-of-care patients when required. An alternate-level-of-care patient is someone who is occupying an acute care bed but no longer needs that level of care;
- Enhance outbreak management mitigation and response capacity; and
- Establish field hospitals to be used as part of a contingency scenario only.

SURGING ACUTE CARE CAPACITY TO MEET DEMAND

The SHA focused on using and balancing capacity across the province to manage the care needs of COVID-19 and non-COVID-19 patients. All hospitals were prepared to provide COVID-19 and non-COVID-19 care.

In fiscal 2020-21, the number of COVID-19 inpatient hospital discharges from April 1, 2020 to March 31, 2021 was 2,309 which included 442 intensive care unit (ICU) visits. The total number of non-COVID-19 inpatient discharges was 116,112; the total number of non-COVID-19 ICU visits was 6,637. COVID-19 admissions were considerably lower in fiscal 2019-20 because the virus did not begin to spread until the end of the fiscal year.

To create acute care surge capacity, the SHA:

- Initiated service slowdowns. This work was guided by a set of principles and guidelines to ensure slowdowns were targeted, localized and as time-limited as possible to maintain the balance between fighting the pandemic and providing everyday services;
- Established the System Flow Co-ordination Centre so hospital admissions for acute care and the inter-hospital transfer of patients could be co-ordinated province-wide;
- Put high volume units on bypass;
- Cohorted patients where possible;
- Implemented standard repatriation protocols to support the transfer of low acuity patients to alternate acute care facilities. This initiative helped balance hospital capacity while ensuring patients had access to tertiary and regional level specialty services; and
- Used available spaces to stretch hospital capacity. Royal University Hospital in Saskatoon, for example, used areas vacated by services that had relocated to the Jim Pattison Children's Hospital to create surge patient care units.

COVID-19 VS. NON-COVID-19: DISCHARGE AND ICU VISITS BY FISCAL YEAR AND DISCHARGE MONTH

	2019 - 2020						2020 -2021					
	Non-COVID-19		COVID-19		Total		Non-COVID-19		COVID-19		Total

*Discharge data for March 2021 may not include all Parkland Integrated Health Centre discharges.

*Numbers are expressed as less than 6 (<6) or as a range to ensure patient confidentiality is protected.

ENHANCED OUTBREAK MANAGEMENT MITIGATION AND RESPONSE CAPACITY

The SHA established six labour pools aligned with the organization's integrated service areas (Regina, Saskatoon, Northwest, Northeast, Southwest and Southeast) and a supplemental workforce to increase its ability to respond to outbreaks and intensive care unit surges and to deploy staff to other COVID-19 priority areas, such as communicable disease response.

SHA's labour pools were made up of health care workers who had been assigned to work in one of the pools because services had slowed in their area, their unit had closed or they volunteered. Through the labour pools, staff were reassigned or redeployed to areas where demand for services had increased as a result of the pandemic. The supplemental workforce was made up of staff who were hired from outside of the organization or who were provided to the SHA by health system partners and other organizations.

A temporary letter of understanding was signed by SHA, the Saskatchewan Association of Health Organizations and all five health-care unions (SUN, HSAS, CUPE, SEIU-West and SGEU) to support the creation of labour pools, the use of a provincial broadcast system and the creation of a supplemental workforce.

Through the labour pools:

- A peak of 2,000+ staff were available to help with the organization's COVID-19 response.
 - During the first wave of the virus in the spring of 2020, the SHA filled 112 of 116 shifts at Victoria Hospital in Prince Albert in less than a day through the area labour pool and the SHA broadcast system.
 - During the second wave in the winter of 2020-21, multiple response teams were mobilized to support SHA's long-term care facilities, affiliates, and external health-care employers who experienced outbreaks and whose staff were required to isolate.
- In addition, more than 300 other staff have been deployed through the labour pools to support local and central contact tracing needs, mitigating the spread of COVID-19.

ESTABLISH FIELD HOSPITALS

The SHA set up field hospitals at Evraz Place in Regina and Merlis Belsher Place in Saskatoon in June 2020. The hospitals were a last resort option which were to be opened within weeks of the health system hitting pre-determined trigger points. Between them, the two hospitals could accommodate 309 COVID-19 positive patients who required hospitalization but didn't have a severe form of the illness. If necessary, the sites could be expanded to support as many as 650 patients. By March 31, 2021, neither site had been used as a field hospital.

SURGE READINESS: PPE AND VENTILATORS

Ensuring the health system was ready for system surges included securing the necessary supplies for staff to keep themselves safe and to provide care for patients and residents. Securing enough core personal protective equipment (PPE) was an ongoing challenge given the unprecedented pressures and demand on the global supply chain for core PPE supplies. The Ministry of Health directed SHA to purchase and maintain an estimated six-month supply of core PPE. By the end of the fiscal year, SHA had achieved the targeted/estimated six-month supply.

By March 31, 2021, SHA had:

- A 0.19 per cent increase in exam gloves from 2019-20;
- An 85 per cent increase in protective goggles from 2019-20;
- A 424 per cent increase in face shields from 2019-20;
- An 89 per cent increase in gowns from 2019-20;
- A 567 per cent increase in procedural masks from 2019-20;
- A 284 per cent increase in N95 masks from 2019-20.

Although concerns were expressed about ventilator availability at the beginning of the pandemic, SHA had 702 ventilators (489 invasive and 213 non-invasive) by the end of the fiscal year. At this time, 93 patients were on ventilators, including 26 who had COVID-19. These numbers fluctuate daily.

SERVICE RESUMPTION

On March 23, 2020 five days after Saskatchewan declared a state of emergency, the province discontinued all non-urgent/elective surgeries, procedures and diagnostics. This action allowed the SHA to redeploy nurses and other staff towards pandemic efforts, ensure medical supplies and PPE were available when needed and reduce the risk of COVID-19 exposure to care providers and patients. The SHA continued to provide services to patients who required emergent and urgent care. Cancer, urgent and emergent surgeries continued as planned.

SHA's community services, elective surgeries and diagnostic impacted by this service slowdown began to resume on May 18, 2020. Implementation varied across the province based on factors like outbreaks, capacity, availability of health care workers and availability of key supplies.

By the end of the 2020-21 fiscal year, surgical volumes were 81.1 per cent of pre-COVID volumes, with 71,173 surgeries performed; MRIs were at 90.6 per cent, with 33,300 completed; and CTs were at 97.3 per cent, with 118,000 completed.

IMMUNIZATION CAMPAIGN

Saskatchewan's COVID-19 vaccination program was designed to:

- Protect the most high risk and vulnerable;
- Minimize serious illness and death;
- Protect the capacity of the health-care system; and
- Minimize the spread of COVID-19.

The SHA began vaccinating Saskatchewan residents in phases, starting in December 2020 with a pilot. The pilot focused on the delivery and storage of the Pfizer vaccine. Phase 1 targeted priority populations and Phase 2 concentrated on providing widespread access to the general public. Phase 2 was built on the foundation of age as the main risk factor for severe outcomes, hospitalizations and deaths related to COVID-19.

In mid-March, an additional 16,345 doses of AstraZeneca were made available for Regina residents aged 60-64 and Phase 1 priority health-care workers to address the growing number of COVID-19 cases caused by variants of concern.

By March 31, 2021:

- 172,364 vaccination appointments had been booked;
- 194,606* vaccine doses had been administered, half of which were provided from March 13 to March 31;
- 35,938 Saskatchewan residents had received both doses.
- The following were vaccinated**:
 - Long-term home care residents –
 - First dose: 7,664 (91 %)
 - Second dose: 6,246 (74%)
 - Personal care home residents –
 - First dose: 4,583 (108%)* **
 - Second dose: 3,066 (72%)
 - 80+ year olds –
 - First dose: 40,316 (79%)
 - Second dose: 10,163 (20%)
 - 70-79 year olds –
 - First dose: 45,271 (57%)
 - Second dose: 4,629 (6%)
 - Phase 1 health-care workers –
 - First dose: 24,808 (61%)
 - Second dose 16,685 (41%)
 - Residents of the remote North 50+ –
 - First dose: 2,795 (30%)
 - Second dose: 772 (8%)
- Vaccination rollout was beginning Phase 2.

*The number represents SHA administered doses only and differs from provincially reported data which includes doses administered by Indigenous Services Canada.

**An individual may be counted in more than one category (e.g. an 85-year-old long-term care (LTC) resident will be counted in the LTC-resident category, the 70+ category and the 80+ category).

***The changing population in personal care homes resulted in a larger number of people receiving the vaccine than was originally estimated at the beginning of the immunization campaign.

ACCESSIBILITY

On March 11, the SHA launched the COVID-19 vaccine booking system to enable residents to book vaccination appointments online (<https://www.saskatchewan.ca/COVID19-vaccine>) or over the phone (1-833-SASKVAX [1-833-727-5829]).

Vaccinations were available by appointment at:

- 182 mass immunization clinics; and
- Five mobile clinics.

Vaccinations were available without an appointment at:

- One of 20 drive-through sites in the province.

Who helped with the vaccination campaign?

- 900 additional casual staff from within and outside the organization filled clinical and non-clinical roles.
- More than 2,100 staff were on an immunization team by March 31, 2021.

Who offered to help?

- More than 2,000 SHA staff indicated they would be interested in working in an immunization clinic in some capacity.
- 2,500 people from outside of the SHA, including physicians, third and fourth year nursing students and medical students, medical residents and others, said they'd be available to help.

Until a formal partnership with First Nations and Métis partners was established, the SHA provided on- and off-reserve immunization clinics through its primary health-care networks. The networks are made up of teams of health professionals (including physicians) who provide fully integrated services at sites across the province. By the end of the fiscal year, the Ministry of Health and Indigenous Services Canada (ISC) had formally arranged for 14 per cent of Saskatchewan's vaccine allocations to be provided to ISC for administration to First Nations and Métis communities. After the ISC agreement was in place, SHA continued to support urban Indigenous vaccination clinics established by several tribal councils and First Nations.

To distribute vaccine effectively, the SHA expanded and adapted its hub-and-spoke model to include 24 local distribution hubs across the province. A hub-and-spoke distribution model is organized like a wheel. Goods are received at central hubs and then flow along a series of routes or spokes to administration locations.

COVID-19 COMMUNICATION: GETTING THE WORD OUT

Providing citizens with reliable information about protective measures, available services and changes to public health directives has been an important part of SHA's role in preventing the spread of COVID-19.

In 2020-21, many SHA staff and physicians, including teams at Patient and Client Experience, First Nations and Métis Health and Community Engagement and Communications (CEC), contributed to this endeavour. Their efforts included:

- Supporting 117 news conferences, an 82 per cent increase from the previous year (May 2019-March 31, 2020) when there were 64 SHA news conferences;
- Producing 378 news releases and public services announcements, a 500 per cent increase from 2019-20 when 63 were developed;
- Preparing and issuing 257 employee newsletters, a 321 per cent increase from 2019-20 when 61 were distributed;
- Publishing 221 stories to SHA's website (www.saskhealthauthority.ca), a 40 per cent increase from 2019-20 when 158 were published;
- Answered 13,042 public inquiries, a 262 per cent increase from 2019-20;
- Addressing 2,290 media inquiries, a 73 per cent increase from 2019-20;
- Developing and uploading 1,856 Facebook posts in the 2020 calendar year, a 54 per cent increase over 2019;
- Posting 1,810 Twitter messages in the 2020 calendar year, a 69 per cent increase from 2019;
- Supporting content elements and developing health-care provider information for the provincial COVID-19 website, www.saskatchewan/COVID-19, created in March 2020. The site had 34,015,950 page views in 2020-21;
- Hosting 18 community town hall sessions, a new initiative in 2020-21;
- Offering weekly First Nation and Métis COVID-19 information sharing sessions with health-care system partners;
- Translating COVID-19 information into Dene, Cree and Michif to share with communities;
- Sharing information on local and national COVID-19 developments through the First Nation Métis Health liaison team with tribal councils and Métis Nation-Saskatchewan;
- Preparing and providing a weekly status update on COVID-19 developments to more than 1,000 stakeholders and community partners;
- Including community partners and stakeholders in the creation of plans to engage with, encourage and remove barriers for the public to get immunized;
- Co-ordinating 33 requests within the SHA (December 2020 – May 2021) for patient family partners to provide feedback on the organization's COVID-19 resources, including communication materials; and
- Creating new channels through patient family partner influencers and community champions to share reliable COVID-19 information with the public.

NON-COVID-19 WORK UNDERWAY

While the SHA placed the highest priority on its pandemic response in 2020-21, the organization continued to move forward with other key initiatives necessary to strengthen the province's health services.

Larger initiatives included:

- The Prince Albert Victoria Hospital renewal project, an investment of more than \$300 million, which is to include a new acute care tower, the replacement of existing mental health space, renovations to the current facility and to result in a 40 per cent increase in the number of hospital beds, with construction to begin in 2022;
- Construction of the new \$36.6 million, 72-bed long-term care facility in Meadow Lake, expected to conclude in the fall of 2021;
- Development of urgent care centres in Saskatoon and Regina as alternatives to emergency departments for non-life-threatening illness or injuries, in the planning phase at the end of 2020-21;
- Replacement of the Weyburn General Hospital with a new integrated facility, with planning underway in 2020-21;
- The purchase of a new computed tomography (CT) scanner to serve central and northern Saskatchewan at the Melfort Hospital, expected to be operational by August 2021;
- The opening of the new adult mental health short stay unit at Royal University Hospital in Saskatoon;
- The establishment of a new provincial addictions treatment centre at St. Joseph's Hospital in Estevan, which officially opened in October 2020; and
- A commitment to build new long-term care facilities in Grenfell, La Ronge, Watson, Estevan and Regina as part of the Government of Saskatchewan's \$7.5 billion two-year capital plan.

The SHA also continued to make progress on the Administrative Information Management System to replace 82 non-integrated administrative systems; undertook electrical renewal work at Regina General and Pasqua hospitals; and engaged in several infrastructure, maintenance and repair projects to increase facility safety.

MANAGEMENT REPORT

Healthy People, Healthy Saskatchewan

June 23, 2021

Saskatchewan Health Authority
Report of Management

The accompanying consolidated financial statements are the responsibility of management, and are approved by the Saskatchewan Health Authority Board of Directors. The consolidated financial statements have been prepared in accordance with Canadian Public Sector Accounting Standards and, of necessity, include amounts based on estimates and judgements. The financial information presented in the annual report is consistent with the consolidated financial statements.

Management maintains appropriate systems of internal control, including policies and procedures, which provide reasonable assurance that the SHA's assets are safeguarded and the financial records are relevant and reliable.

The Board delegates responsibility for reviewing the consolidated financial statements and overseeing management's performance in financial reporting to the Audit, Finance and Risk Committee. The Audit, Finance and Risk Committee meets with the Board, management and the external auditors to discuss and review financial matters and recommends the consolidated financial statements to the Board for approval. The Board approves the annual report and, with the recommendation of the Audit, Finance and Risk Committee, approves the consolidated financial statements.

The appointed auditor conducts an independent audit of the consolidated financial statements. The auditor's report expresses an opinion on the fairness of the consolidated financial statements prepared by management.

SASKATCHEWAN HEALTH AUTHORITY

ROBBIE PETERS
VICE-PRESIDENT FINANCE
AND CHIEF FINANCIAL OFFICER
SASKATCHEWAN HEALTH AUTHORITY

FINANCIAL OVERVIEW

Healthy People, Healthy Saskatchewan

The SHA used Canadian Public Sector Accounting Standards (PSAS) to prepare its financial statements for the year ended March 31, 2021. SHA financial statements are prepared on a consolidated basis and include the following legal entities:

- Health Shared Services of Saskatchewan (3sHealth)
- St. Paul's (Grey Nuns) of Saskatoon

ANNUAL OPERATIONS

For the year ended March 31, 2021, the SHA recorded a consolidated surplus of \$200.0 million compared to a surplus of \$65.5 million in 2019-20. Included in this is a surplus of \$120.4 million from operations of the SHA, a surplus of \$78.3 million from capital accounts and nominal amounts from 3sHealth and community trust accounts.

ACCUMULATED SURPLUS

The accumulated surplus includes the operating, capital and community trust funds and is an accumulation of all operations financial results of the current and prior years. The accumulated surplus as at March 31, 2021 was \$1.52 billion, compared to \$1.32 billion as at March 31, 2020. This includes designated assets, which are assets that have been formally designated by the authority to indicate the authority's intention to use those assets for a specific purpose. The SHA Board of Directors continues to formally designate Ministry of Health (MoH) and Alberta Health Services (AHS) capital funding, unspent donations and Saskatchewan Housing Corporation (SHC) reserves. Designated assets totalled \$104.8 million as at March 31, 2021, compared to \$79.5 million as at March 31, 2020.

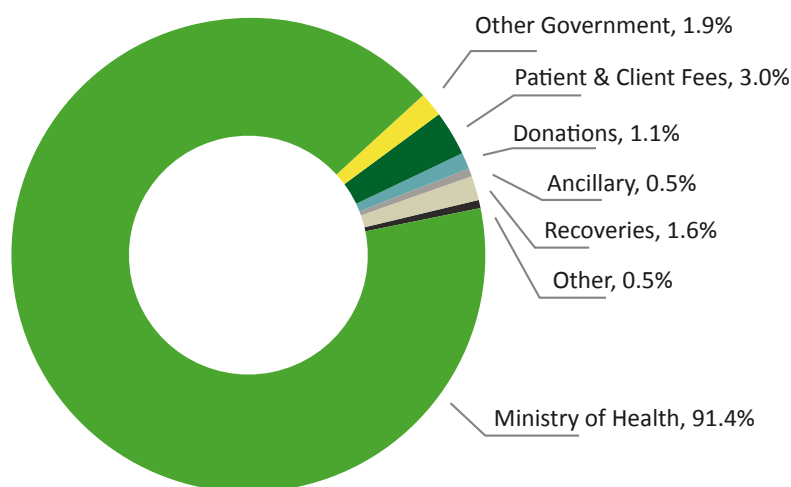

REVENUES

During the 2020-21 fiscal year, revenue totalling \$4.91 billion was recorded, an increase of 12 per cent over 2019-20, and a favorable variance from budget of \$678.4 million. The overall distribution of revenues remained consistent with the prior year. The MoH transfers accounted for 91.4 per cent of SHA total revenues (2019-20 – 88.7 per cent).

MoH revenue includes one-time grant funding of \$75.0 million (\$102.7 million in 2019-20), unbudgeted funding for COVID-19 (\$342.8 million operating and \$30.3 million capital) and other compensation and operating pressures. Government targeted funds received and recognized as revenue in 2020-21, but to be expensed in 2021-22 amount to \$29.8 million.

Patient fees went from 3.7 to 3.0 per cent in 2020-21, due to the COVID-19 pandemic as the SHA had a revenue loss of an estimated \$33.9 million. The SHA also recognized as donation revenue personal protective equipment (PPE) and other supplies from the federal government.

Revenues

EXPENSES

Expenditures of \$4.71 billion were incurred by the SHA in 2020/21, compared to budgeted expenditures of \$4.22 billion, resulting in an unfavorable variance of \$485.7 million. This is an increase of \$394.0 million in expenses compared to 2019-20.

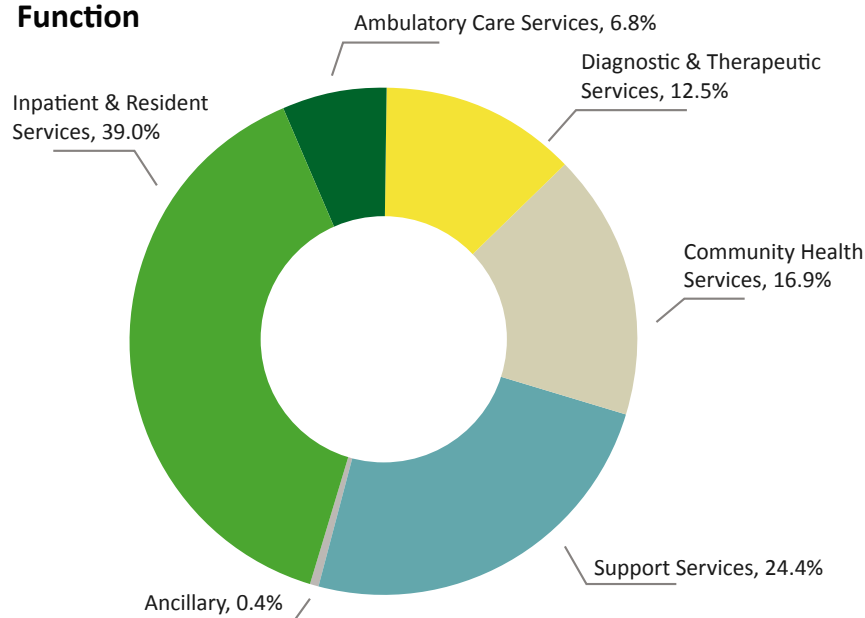

Expenditures by function are highlighted in the following pie chart and the percentages by function are consistent between 2020-21 and 2019-20.

The COVID-19 pandemic has caused additional system pressures for both operating and capital for the SHA. The SHA has worked closely with the MoH to ensure our planning meets the current and future demands of the pandemic, including service slowdowns, resumptions, and the setup of new COVID-19 related services such as field hospitals, testing sites, assessment centres, contact tracing and vaccine clinics. The distribution of expenses by object remained fairly consistent with the prior year (see pie chart below). Compensation costs, including medical remuneration, were up by \$230 million due to COVID-19 pressures, and up to 71.2 per cent of total expenditures (70.4 per cent in 2019-20). Non compensation COVID-19 operating expenses including lab supplies, minor equipment, renovations and increased PPE usage resulted in an additional increase of approximately \$50 million. In addition, in response to the COVID-19 pandemic, the SHA was required to purchase and maintain six months' inventory supply of PPE. With this stockpile and the federal government PPE donated supplies, a large increase resulted in the inventory balance for March 31, 2021 of \$75.0 million as compared to \$22.9 million in 2019-20.

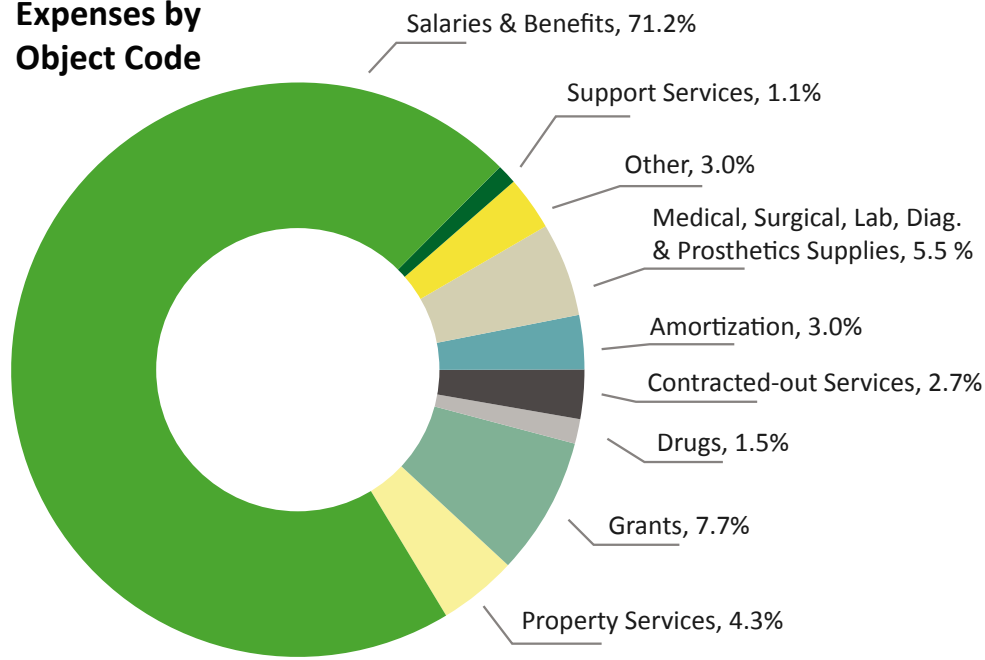

The SHA received staff support for the COVID-19 pandemic by various ministries. The salary costs were borne by the various ministries and the SHA has not been charged. In addition, the SHA administers certain vaccines (e.g., COVID-19 vaccines) owned and controlled by the Ministry of Health at no cost.

During the year ended March 31, 2021, the SHA provided funding of \$106.2 million (\$98.6 million in 2019-20) to prescribed health-care organizations (HCOs) and \$241.5 million (\$215.6 million in 2019-20) to affiliates. The increase in 2020-21 for the affiliates was due to COVID-19 funding provided by the MoH. Additional information can be found in Appendix D of the annual report on prescribed HCOs and affiliates.

Expenses by Function

Expenses by Object Code

CAPITAL

Capital investment for 2020-21 totalled \$170.4 million, compared to \$217.1 million in 2019-20. The majority of funding was provided by the MoH with the remainder of the SHA's funding provided by various sources, such as foundations and rural trust contributions. The SHA received \$30.3 million for COVID-19 major capital purchases. Major acquisitions include the progress in the Administrative Information Management System (AIMS), construction of the new Meadow Lake long-term care facility, boiler replacements, multiple facility renovations, roof replacements, nurse call system upgrades, elevator and electrical renewal projects, as well as significant equipment purchases required for COVID-19 and other planned replacements. The amortization expense was \$137.4 million (\$124.7 million in 2019-20).

DEBT

SHA's debt of \$79.0 million (2020 - \$106.5 million) is comprised of banker's acceptances, mortgages, energy performance contract loans and debentures. Further information related to the SHA's debt is disclosed in Note 8 of the March 31, 2021 audited consolidated financial statements.

In addition, the SHA has approved consolidated operating lines of credit totalling \$63.2 million as at March 31, 2021.

OTHER

The SHA is responsible for managing various community trust funds. The community trust funds are restricted funds that reflect community generated assets transferred to the SHA in accordance with the pre-amalgamation agreements signed with the amalgamating health corporations in May 1993. Under the terms of the pre-amalgamation agreements, the assets are accounted for separately and use of the assets is subject to restrictions. Information regarding these funds can be found in Note 11 of the March 31, 2021 audited consolidated financial statements.

CONSOLIDATED FINANCIAL
STATEMENTS OF

**SASKATCHEWAN
HEALTH
AUTHORITY**

YEAR ENDED MARCH 31, 2021

INDEPENDENT AUDITOR'S REPORT

To: The Members of the Legislative Assembly of Saskatchewan

Opinion

We have audited the consolidated financial statements of Saskatchewan Health Authority, which comprise the consolidated statement of financial position as at March 31, 2021, and the consolidated statement of operations, remeasurement gains and losses, change in net debt and cash flow for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the consolidated financial position of Saskatchewan Health Authority as at March 31, 2021, and the consolidated results of its operations, remeasurement gains and losses, changes in net debt, and its cash flows for the year then ended in accordance with Canadian public sector accounting standards.

Basis for Opinion

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Consolidated Financial Statements* section of our report. We are independent of Saskatchewan Health Authority in accordance with the ethical requirements that are relevant to our audit of the financial statements in Canada, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with Canadian public sector accounting standards for Treasury Board's approval, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Saskatchewan Health Authority's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Saskatchewan Health Authority or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Saskatchewan Health Authority's financial reporting process.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Saskatchewan Health Authority's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Saskatchewan Health Authority's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Saskatchewan Health Authority to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control identified during the audit.

Net increase (decrease) in cash during the year	173,552	(27,860)
Cash, beginning of year	178,155	206,015
Cash, End of Year (Schedule 2)	\$ 351,707	\$ 178,155

The accompanying notes and schedules are part of these consolidated financial statements.

SASKATCHEWAN HEALTH AUTHORITY

Notes to the Consolidated Financial Statements

Year ended March 31, 2021
(in thousands of dollars)

1. Legislative Authority

During 2017-18, the Saskatchewan Health Authority (SHA) was established pursuant to *The Provincial Health Authority Act* (the Act). The SHA is a not-for-profit organization and is not subject to income taxes and property taxes on certain properties, from the federal, provincial and municipal levels of government. The SHA is a registered charity under *The Income Tax Act* (Canada).

2. Significant Accounting Policies

These consolidated financial statements have been prepared in accordance with Canadian public sector accounting standards, issued by the Public Sector Accounting Board and published by Chartered Professional Accountants of Canada.

a) SHA reporting entity

The SHA's reporting entity includes the following organizations that are controlled by the SHA. These entities are consolidated after necessary adjustments to a basis consistent with the accounting policies of the SHA. The transactions and inter-entity balances between SHA and the following entities have been eliminated on consolidation:

- i) Health Shared Services Saskatchewan (3sHealth)
- ii) St. Paul's (Grey Nuns) of Saskatoon (St. Paul's)

b) Revenue recognition

Revenue is recognized in the period in which the transaction or events that give rise to the revenue as described below occur. All revenue is recorded on an accrual basis, except when the accrual cannot be determined with a reasonable degree of certainty.

i) Government transfers

Transfers from Ministry of Health (MoH), other Government of Saskatchewan ministries and agencies and other government entities are referred to as government transfers.

Government transfers are recognized as revenue in the period during which the transfer is authorized and eligibility criteria are met, except when and to the extent that transfer stipulations give rise to an obligation which meets the definition of a liability. Transfers meeting the definition of a liability are recognized as revenue as the liability is settled.

ii) Fees and charges, ancillary operations and other income

Fees and charges, ancillary operations, and other income are recognized in the period that goods are delivered or services are provided. Amounts received for goods or services that have not been provided by year-end are recorded as deferred revenue.

SASKATCHEWAN HEALTH AUTHORITY

Notes to the Consolidated Financial Statements

Year ended March 31, 2021
(in thousands of dollars)

2. Significant Accounting Policies (continued)

b) Revenue recognition (continued)

iii) Donations, fundraising and non-government contributions

Donations, fundraising and non-government contributions are received from individuals, corporations, and other not-for-profit organizations. These contributions may be unrestricted or externally restricted.

Unrestricted contributions are recognized as revenue when received. Contributions with external restrictions are recorded as deferred revenue and are recognized as revenue when used for the specified purpose as outlined in Note 11.

In-kind donations of assets and materials from non-related parties are recorded as revenue at fair value at the date of contribution if a reasonable estimate can be made.

iv) Investment income

Investment income includes dividend income, interest income and realized gains or losses on the sale of investments. Unrealized gains and losses are recognized in the consolidated statement of remeasurement gains and losses until the related investments are sold. Once realized, these gains or losses are recognized in the consolidated statement of operations.

c) Cash

Cash is comprised of cash on hand and balances with a financial institution.

d) Non-financial assets

Non-financial assets are assets held for consumption in the provision of services. These assets do not normally provide resources to discharge the liabilities of the SHA unless they are sold.

SASKATCHEWAN HEALTH AUTHORITY

Notes to the Consolidated Financial Statements

Year ended March 31, 2021
(in thousands of dollars)

2. Significant Accounting Policies (continued)

d) Non-financial assets (continued)

i) Tangible capital assets

Tangible capital assets are recorded at cost, while normal maintenance and repairs are expensed as incurred. Donated tangible capital assets are recorded at their fair value at the date of contribution (if fair value can be reasonably determined). During construction, these assets are recorded based on their percentage of completion and are disclosed as construction in progress. Amortization commences when the asset is put in service. Tangible capital assets procured through public private partnerships are valued at the total of the nominal value of progress payments made during or on completion of construction and the present value of the future capital payments, discounted to the date the asset is available for use, using the Government's borrowing rate for long-term debt at the time the agreement is signed.

Tangible capital assets, with a useful life exceeding one year, are amortized primarily on a straight-line basis over their estimated useful lives as follows:

Land improvements	2.5 to 33%
Leasehold improvements	3.0 to 80%
Building & improvements	2.0 to 20%
Equipment	2.5 to 50%

ii) Inventory held for consumption

Inventory consists of general stores, medical and surgical, pharmacy, and other inventory held for consumption. They are expensed as they are consumed. All inventories are held at the lower of net realizable value or cost as determined on a weighted average basis. Donated materials held in inventory are valued at fair value at the date of contribution if a reasonable estimate can be made.

iii) Prepaid expenses

Prepaid expenses are prepaid amounts for goods or services that will provide economic benefits in one or more future periods.

SASKATCHEWAN HEALTH AUTHORITY

Notes to the Consolidated Financial Statements

Year ended March 31, 2021
(in thousands of dollars)

2. Significant Accounting Policies (continued)

e) Employee future benefits

i) Pension plans

Pension liabilities are calculated using the values as provided by the pension plan in the plan's audited financial statements, and for multi-employer plans the percentage of the SHA employees who are active plan members, as outlined in Note 14. Changes in the pension liabilities that result from adjustments in estimated gains and losses and changes in actuarial assumptions are amortized on a straight-line basis over the expected average remaining service life of the related employee group. Amortization commences in the year following the determination of the adjustment. Losses resulting from plan amendments are recognized in the period of the plan amendment.

ii) Disability income plans

Employees of the SHA participate in several disability income plans to provide wage-loss insurance due to disability. The SHA follows post-employment benefits accounting for its participation in the plans. Accordingly, the SHA expenses all contributions it is required to make in the year.

iii) Accumulated sick leave benefit liability

The SHA provides sick leave benefits for employees that accumulate but do not vest. The SHA recognizes a liability and an expense for sick leave in the period in which employees render services in return for the benefits. The liability and expense is developed using an actuarial cost method. Actuarial gains and losses are amortized on a straight-line basis over the expected average remaining service life of the related employee groups.

f) Obligation under long-term financing arrangement

The Meadows in Swift Current opened in May of 2016 with a Public Private Partnership (P3) agreement that extends to April 2046. The SHA amortizes the cost of the completed project over its useful life, expenses the annual interest, and settles the long-term liability to the private sector partner over the term of the agreement. In addition, life cycle, operations, and maintenance obligations are expensed as paid. Obligations under long-term financing arrangement are disclosed in Note 10.

The long-term receivable from the MoH is collected over the term of the funding agreement.

SASKATCHEWAN HEALTH AUTHORITY

Notes to the Consolidated Financial Statements

Year ended March 31, 2021
(in thousands of dollars)

2. Significant Accounting Policies (continued)

g) Measurement uncertainty

In the preparation of the consolidated financial statements, management makes various estimates and assumptions in determining the reported amounts of assets and liabilities, revenues and expenses and in the disclosure of contingencies and contractual rights and obligations. Changes in estimates and assumptions will occur based on the passage of time and the occurrence of certain future events. The changes will be reported in revenues or expenses in the period in which they become known. Significant items subject to such estimates and assumptions include the estimated accumulated sick leave liability, other employee future benefits, and estimates of the useful lives of tangible capital assets.

h) Financial instruments

The SHA has classified its financial instruments into one of the following categories: i) fair value or ii) cost or amortized cost.

All financial instruments are measured at fair value upon initial recognition. The fair value of a financial instrument is the amount at which the financial instrument could be exchanged in an arm's-length transaction between knowledgeable and willing parties under no compulsion to act.

Freestanding derivative instruments continue to be measured at fair value. Gains and losses are recognized in the consolidated statement of remeasurement gains and losses until the instruments are derecognized.

The following financial instruments are subsequently measured at cost or amortized cost:

- i) Accounts receivable
- ii) Investments
- iii) Accounts payable and accrued liabilities
- iv) Debt

All financial assets are assessed for impairment on an annual basis. When a decline is determined to be other than temporary, the amount of the loss is reported in the consolidated statement of operations.

Related debt premium or discount and transaction costs are included in the carrying value of financial instruments recorded at cost or amortized cost and are amortized into interest expense using the effective interest rate method.

SASKATCHEWAN HEALTH AUTHORITY

Notes to the Consolidated Financial Statements

Year ended March 31, 2021
(in thousands of dollars)

2. Significant Accounting Policies (continued)

i) Leases

Leases that transfer substantially all of the benefits and risks of ownership related to the leased property from the lessor to the SHA are accounted for as a capital lease. Other leases are accounted for as operating leases with contractual obligations disclosed in Note 6b).

j) New accounting standards in effect

A number of new Canadian public sector accounting standards and amendments to standards are not yet effective for governments and have not been applied in preparing these consolidated financial statements. The following standards will come into effect as follows:

- i) PS 3280 Asset Retirement Obligations (effective April 1, 2022) a new standard establishing guidance on the recognition, measurement, presentation and disclosure of a liability for retirement of a tangible capital asset.
- ii) PS 3400 Revenue (effective April 1, 2023) a new standard establishing guidance on the recognition, measurement, presentation and disclosure of revenue.

SASKATCHEWAN HEALTH AUTHORITY

¹ Starting April 1 2018, the SHA adopted the capital threshold of \$5, assets under this value were written down.

SASKATCHEWAN HEALTH AUTHORITY

Notes to the Consolidated Financial Statements

Year ended March 31, 2021
(in thousands of dollars)

4. Accumulated Surplus

Accumulated surplus is comprised of the following:

	March 31, 2020	Additions during the year	Reductions during the year	March 31, 2021
Invested in Tangible Capital Assets:				
Net book value of tangible capital assets	\$ 1,758,356	\$ 170,350	\$ 137,905	\$ 1,790,801
Less: Debt owing on tangible capital assets	(116,404)	(431)	(30,330)	(86,505)
	1,641,952	169,919	107,575	1,704,296
Government transfers for tangible capital assets	58,979	195,434	167,466	86,947
Donations	15,486	32,402	33,559	14,329
Canadian Mortgage & Housing Corporate Reserves	5,010	113	1,553	3,570
	79,475	227,949	202,578	104,846
Unrestricted surplus (deficit)	(400,341)	112,322	-	(288,019)
Total Accumulated Surplus from Operations	1,321,086	510,190	310,153	1,521,123
Accumulated Remeasurement (losses)	(3,604)	-	(2,205)	(1,399)
Total Accumulated Surplus	\$ 1,317,482	\$ 510,190	\$ 307,948	\$ 1,519,724

The purpose and nature of each category above is as follows:

- Government transfers for tangible capital asset expenditures represents the amount restricted by the board to allow for the renewal and replacement of equipment, buildings, and building service equipment.
- Donations represents the portion of accumulated surplus in relation to funds received as donations in the name of specific facilities or programs, however not with external restrictions attached.
- Canadian Mortgage and Housing Corporation (CMHC) Reserves represents the portion of accumulated surplus the SHA is required to maintain for certain replacement reserves as a condition of receiving subsidy assistance from CMHC.

SASKATCHEWAN HEALTH AUTHORITY

Notes to the Consolidated Financial Statements

Year ended March 31, 2021
(in thousands of dollars)

5. Contractual Rights

SHA has the following contractual rights:

a) Rental Revenue

Rental revenue of \$2.3 million (2020 - \$3.2 million) from contracts for retail space, non-profit activity or office space. Contract expiry terms range from September 30, 2021 to November 7, 2027.

b) Saskatchewan Housing Corporation (SHC) mortgage subsidy

SHC mortgage subsidy of \$4.3 million (2020 - \$4.3 million) for supportive care homes financed by CMHC. Contract expiry terms range from July 31, 2022 to February 1, 2030.

c) Ministry of Health Grant

The SHA has a \$26.5 million (2020 – \$14.1 million) capital and operating project agreement with the Ministry of Health expiring March 31, 2022. This agreement outlines the SHA's requirement to undertake the implementation of the provincial health system's administrative information management system (AIMS) on behalf of the health system as a whole, and the Ministry's provincial assistance to assist the SHA in financing the cost of the project.

The SHA has contractual rights for the next five years as outlined in the table below:

	Rental Revenue	SHC Subsidy	Ministry of Health Grant	Total 2021	Total 2020
2021	\$ -	\$ -	\$ -	\$ -	15,876
2022	971	891	26,463	28,325	1,709
2023	761	884	-	1,645	1,497
2024	498	881	-	1,379	1,235
2025	60	789	-	849	1,344
2026 and subsequent	13	837	-	850	-

SASKATCHEWAN HEALTH AUTHORITY

Notes to the Consolidated Financial Statements

Year ended March 31, 2021
(in thousands of dollars)

6. Contractual Obligations

a) Capital assets acquisitions

At March 31, 2021, contractual obligations for the acquisition and construction of tangible capital assets over the next five years are as follows:

	Total 2021	Total 2020
2021	\$ -	\$ 100,505
2022	86,509	8,030
2023	-	-
2024	-	-
2025	-	-
2026 and subsequent	-	-

b) Operating leases

Minimum annual payments under operating leases on property and equipment over the next five years are as follows:

	Total 2021	Total 2020
2021	\$ -	\$ 22,217
2022	28,271	22,164
2023	19,788	15,279
2024	9,567	9,724
2025	4,862	8,633
2026 and subsequent	16,580	-

SASKATCHEWAN HEALTH AUTHORITY

Notes to the Consolidated Financial Statements

Year ended March 31, 2021
(in thousands of dollars)

6. Contractual Obligations (continued)

c) Contracted Health Care Organizations (HCOs)

The SHA has agreements with and provides annual grant funding to HCOs for the delivery of health care services. Certain of these contracts have provisions for continuation of services and/or purchase of facilities in the event of termination. Services provided in the year ended March 31, 2021 will continue to be contracted for the following fiscal year. Minimum annual payments to HCOs over the next five years are as follows:

	Total 2021	Total 2020
2021	\$ -	\$ 48,167
2022	53,324	46,075
2023	51,758	46,075
2024	48,930	44,551
2025	48,768	44,551
2026 and subsequent	48,378	-

d) Obligations under long-term financing arrangement

The SHA has contractual obligations in the form of a P3 agreement. Refer to Note 10 for this information.

7. Contingencies

The SHA, along with others, is a defendant to several claims, which have been brought against it over the years because of its medical operations. The SHA believes these claims are without merit or are covered by insurance. Settlements, if any, in excess of insurance coverage, would be accounted for as a charge against operations in the period in which settlements arise.

SASKATCHEWAN HEALTH AUTHORITY

Notes to the Consolidated Financial Statements

Year ended March 31, 2021
(in thousands of dollars)

8. Debt

Title of Issue	Interest Rate	Annual Repayment Terms	Balance Outstanding	
			2021	2020
Banker's acceptances	0.72% to 5.03%	\$2.7 million principal & interest. Maturing April 1, 2021 to July 10, 2035.	\$ 62,210	\$ 83,012
CMHC mortgages	0.58% to 10.00%	\$3.2 million principal & interest. Renewal dates April 1, 2021 to February 1, 2030.	7,138	10,430
Energy performance contract loans	3.02% to 5.33%	\$1.4 million principal & interest. Mortgage renewal dates September 30, 2023 to May 1, 2027.	6,128	7,263
Other mortgages	3.13% to 5.90%	\$460.2 principal & interest. Renewal dates December 1, 2021 to June 1, 2025.	2,169	4,302
Other Debt:				
Debentures payable			1,397	1,506
			\$ 79,042	\$ 106,513

Principal repayments required in each of the next five years and thereafter are estimated as follows:

2022	\$ 30,993
2023	6,034
2024	6,640
2025	4,728
2026	4,197
2027 and subsequent	26,449

SASKATCHEWAN HEALTH AUTHORITY

Notes to the Consolidated Financial Statements

Year ended March 31, 2021
(in thousands of dollars)

8. Debt (continued)

a) Banker's acceptances

The SHA has reduced its exposure to interest rate fluctuations by entering into interest rate swaps on some of the banker's acceptances. As at March 31, 2021, the SHA had revolving credit facilities as per the table below:

Revolving Credit Facilities	2021		2020	
	Borrowing Limits	Balance Outstanding	Borrowing Limits	Balance Outstanding
Banker's acceptances				
Jim Pattison Children's Hospital (JPCH) Construction	\$ 24,900	\$ 8,900	\$ 24,900	\$ 24,900
1984 Royal University Hospital Parkade Structure	15,500	15,400	15,500	15,400
Interest Rate Swaps:				
JPCH Early Works Project	22,620	21,437	22,620	22,620
Energy Performance Contracts	16,488	15,074	16,488	16,488
accumulated remeasurement loss	-	1,399	-	3,604
	\$ 79,508	\$ 62,210	\$ 79,508	\$ 83,012

The banker's acceptances are not secured. Interest paid on the banker's acceptances during the year was \$1.3 million (2020 - \$2.0 million).

The fair value of the interest rate swaps are recorded on the consolidated statement of financial position with changes in the fair value reflected in the consolidated statement of remeasurement gains and losses. For the year ended March 31, 2021 the market value gain on the interest rate swap was \$2.2 million (2020 - loss of \$2.5 million).

b) CMHC mortgages

SHC may provide a mortgage subsidy for supportive care homes financed by CMHC. The subsidy may change when the mortgage renewal occurs. For each of the mortgages, the SHA has pledged the related buildings of the special care homes as security, which have a net book value of \$54.8 million (2020 - \$65.8 million). Interest paid on mortgages during the year was \$205 (2020 - \$266). The average term to maturity is 4.0 years (2020 - 4.4 years).

c) Energy performance contract loans

Energy performance contracting is a unique program that allows the SHA to implement facility improvements, reduce energy costs, and improve health and comfort conditions. The projects are expected to provide utility cost savings that will pay for the cost and financing of the projects within an established period. Interest paid on the energy performance contract loans during the year was \$316 (2020 - \$413), and they are not secured. The average term to maturity is 4.3 years (2020 - 6.1 years).

SASKATCHEWAN HEALTH AUTHORITY

Notes to the Consolidated Financial Statements

Year ended March 31, 2021
(in thousands of dollars)

8. Debt (continued)

d) Other mortgages

Other mortgages include all non-CMHC mortgages, for which the SHA has pledged the related buildings as security, which have a net book value of \$7.1 million (2020 - \$9.2 million). Interest paid on other mortgages during the year was \$122 (2020 - \$185). The average term to maturity is 1.5 years (2020 – 5.7 years).

e) Debentures payable

The SHA owns and operates several accommodation units occupied by “unit holders.” In consideration for a life interest in a “right of use” of the accommodation unit, the unit holder contributes a lump sum deposit. In accordance with the debenture agreement, in the event of the death of the unit holder or termination of the occupant agreement by either party, the SHA is obligated to repay the unit holder or their representative the lesser of:

- i) The original sum; or
- ii) The fair market value of the holders’ right of use.

The debenture payable represents the accumulated amount of deposits received from the market unit holders. These debentures are non-interest bearing with no fixed terms of repayment. The specific land and buildings to which the debentures relate have been pledged as collateral.

SASKATCHEWAN HEALTH AUTHORITY

Notes to the Consolidated Financial Statements

Year ended March 31, 2021
(in thousands of dollars)

9. Capital Lease Payable

As at March 31, 2021, the SHA has access to \$20 million (2020 - \$20 million) by way of a revolving lease line of credit.

Title of Issue	Interest Rate	2021	2020
Capital leases for equipment	0.00% to 13.93%	\$ 7,463	\$ 9,891

Interest paid on the above capital leases during the year was \$194 (2020 - \$181). The average term to maturity for the above leases is 3.0 years (2020 - 3.8 years). Principal repayments required in each of the next five years and thereafter are estimated as follows:

2022	\$ 2,641
2023	2,214
2024	1,897
2025	658
2026	53
2027 and subsequent	-

Closing net book value of leased tangible capital assets is as follows:

	Cost	Accumulated Amortization	Net Book Value
			2021 2020
Equipment	\$ 16,143	\$ 7,910	\$ 8,233 \$ 10,384

Assets under capital lease are included in tangible capital assets in Note 3. The assets are amortized on a straight-line basis over the economic life beginning in the year of acquisition. The amortization expense for the year is \$2.6 million (2020 - \$2.2 million).

SASKATCHEWAN HEALTH AUTHORITY

Notes to the Consolidated Financial Statements

Year ended March 31, 2021
(in thousands of dollars)

10. Obligations Under Long-term Financing Arrangement

In September 2014, the SHA entered into a P3 arrangement with Plenary Health Swift Current Limited Partnership for the design, build, finance, and maintenance of The Meadows in Swift Current (a long-term care facility). This P3 obligation is calculated using a discount rate of 3.50% that extends to April 2046.

The change in the obligation was as follows:

	Total 2021	Total 2020
Obligation, beginning of year	\$ 114,023	\$ 116,685
Payments	(2,754)	(2,662)
Obligation, End of Year	\$ 111,269	\$ 114,023

The SHA has the following payment schedule related to its P3 arrangement:

	Contractual Obligation			Total 2021	Total 2020
	Obligation	Life Cycle Payment	Operation & Maintenance Payments		
2021	\$ -	\$ -	\$ -	\$ -	\$ 8,333
2022	6,616	204	1,600	8,420	8,420

(in thousands of dollars)

11. Deferred Revenue

	Balance Beginning of Year	Less Amount Recognized	Add Amount Received	Balance End of Year
Community trusts	\$ 5,397	\$ 118	\$ 88	\$ 5,367
Donations	909	395	1	515
Endowments	815	-	-	815
Government of Saskatchewan	5,191	22,989	17,798	-
Other	3,089	2,998	1,793	1,884
Research	1,694	897	1,612	2,409
Total Deferred Revenue	\$ 17,095	\$ 27,397	\$ 21,292	\$ 10,990

The purpose and nature of each deferred category is as follows:

- Community trusts** – The community trust fund is a restricted fund that reflects community generated assets transferred to the SHA in accordance with the pre-amalgamation agreements signed with the amalgamating health corporations in May 1993. Under the terms of the pre-amalgamation agreements, the assets are accounted for separately and use of the assets is subject to restrictions.
- Donations** – Funds received from individuals, corporations and other not-for-profit organizations that are in the name of specific facilities or programs, with external restrictions as to how they are spent.
- Endowments** - Grants that must be maintained in perpetuity. Funds are recognized only when used for the purpose or purposes specified.
- Government of Saskatchewan** – Government transfers from the MoH with stipulations that give rise to an obligation which meets the definition of a liability.
- Other** – Unexpended revenue with stipulations or external restrictions for the use of funds.
- Research** - Funds received for which the contributor has placed restrictions on the use of the resources, for the purpose of research. Revenue for research is recognized as expenses are incurred as the research project progresses.

Year ended March 31, 2021
(in thousands of dollars)

12. Net Change in Non-cash Working Capital

	Total 2021	Total 2020
(Increase) decrease in accounts receivable	\$ 10,215	\$ (2,666)
(Increase) decrease in inventory held for consumption	(52,067)	(2,036)
(Increase) decrease in prepaid expenses	2,668	1,563
Increase (decrease) in accounts payable and accrued liabilities	76,442	(6,944)
Increase (decrease) in deferred revenue	(6,105)	4,240
Increase (decrease) in employee future benefits	5,151	3,782
	<u>\$ 36,304</u>	<u>\$ (2,061)</u>

13. Trusts Under Administration

a) Patient and resident trust accounts

The SHA administers funds held in trust for patients and residents using the SHA's facilities. The funds are held in separate accounts for the patients or residents at each facility. The total cash held in trust as at March 31, 2021 was \$3.7 million (2020 - \$3.2 million). These amounts are not reflected in the consolidated financial statements.

b) Employee benefit plans transactions and assets

Included in these consolidated financial statements are expenses of \$11.7 million (2020 – \$11.8 million) relating to the operation of the employee benefit plans (EBP's). Accounts receivable includes \$1.4 million (2020 restated – \$1.3 million) due from EBP's while accounts payable is Nil (2020 restated – \$253) related to expenses for the EBP's. The fair value of total assets and surplus net assets of the EBP's under 3sHealth's administration at December 31 are:

	2020		2019	
	Fair Value	Surplus	Fair Value	Surplus
Disability Income Plan – CUPE	\$ 83,374	\$ 49,392	\$ 85,190	\$ 55,667

14. Employee Future Benefits

a) Pension plans

Employees of the SHA participate in one of the following pension plans:

i) Multi employer joint defined benefit plan

Joint defined benefit plans are governed by a formal agreement between the joint sponsors, which establishes that the joint sponsors have shared control over the plan. Funding contributions are shared mutually between the employer and plan members. The sponsors share, on an equitable basis, the significant risks of the plan. Accordingly, the SHA accounts for only its portion of the plan. Plan assets and surpluses are restricted for member benefits or certain other purposes as set out in the agreement. Plan benefits are determined on the same basis as defined benefit plans.

The accrued benefit obligation is determined using the projected accrued benefit actuarial cost method. Pension fund assets are valued at market-related values by averaging the difference between the net investment income on a market-value basis and the expected investment income, based on expected rate of return on plan assets, over a five year period.

The SHA sponsors one joint defined benefit pension plan, Saskatchewan Healthcare Employees' Pension Plan (SHEPP). The SHA contributes to the plan at a ratio of 1.12 to 1 of employee contributions. Any actuarially determined deficiency is the responsibility of participating employers and employees in the ratio of 1.12 to 1. SHEPP and their governing body determine contribution rates. The SHA participating employer contributions for SHEPP represents approximately 89.64% of the total employer contributions to the plan.

a) Pension plans (continued)

i) Multi employer joint defined benefit plan (continued)

Pension Liability (continued)	Total 2021	Total 2020
Plan assets, beginning of year	\$ 7,824,840	\$ 7,287,202
Employer contributions	183,739	180,526
Employee contributions	178,933	167,106
Return on plan assets ¹	505,099	461,236
Actuarial gains	151,493	91,306
Benefit payments	(389,300)	(362,536)
Plan Assets, End of Year	\$ 8,454,804	\$ 7,824,840
Unamortized estimation adjustments ²	(588,178)	(393,329)
Total Pension Liabilities (Assets)³	\$ (1,175,682)	\$ (925,969)
Valuation allowance of Pension Asset (not available for employer use) ⁴	\$ 1,175,682	\$ 925,969
SHA Portion of Pension Liabilities (Assets)	\$ -	\$ -

¹ The plan assets had an actual rate of return of 11.0% (2020 - 11.5%).

² Unamortized estimation adjustments are amortized to pension expense commencing in the year following the adjustment up to 12.8 years.

³ The total pension liabilities (assets) is based on the latest actuarial valuation extrapolated to December 31, 2020. Changes in assumptions can result in significantly higher or lower estimates of pension liability. The pension liability would increase by \$1.12 billion or would decrease by \$897 million if the discount rate was decreased or increased by one percentage point respectively.

⁴ The SHA has not recorded any portion of the SHEPP pension asset as plan assets and surpluses are restricted for future member benefits.

14. Employee Future Benefits (continued)

a) Pension plans (continued)

ii) Defined contribution plan and other plans

SHA participates in several multi employer defined benefit pension plans including Regina Civic Employees' Superannuation and Benefit Plan (RCESP), Local Authorities Pension Plan (LAPP), and one defined contribution plan, Public Employees' Pension Plan (PEPP). The SHA follows defined contribution plan accounting for its participation in the plans. The SHA's financial obligation to these plans is limited to making the required payments to these plans according to their applicable agreements. Accordingly, the SHA expenses all contributions it is required to make in the year. Defined contribution plans provide pensions based on accumulated contributions and investment earnings. Employees contribute a percentage of salary.

Pension expense is included in Compensation – benefits in Schedule 1 and is equal to the SHA contributions amount below.

Below is a summary of the SHA defined contribution plans:

	LAPP ¹	RCESP ²	PEPP	Total 2021	Total 2020
Plan status	open	open	open		
Member contribution rate (% of salary) ³	8.39-12.84	7.80-13.10	5.00-7.60		
SHA contribution rate (% of salary) ³	9.39-13.85	8.80-14.60	5.00-6.60		
SHA participation					
Number of active members	238	1,503	214	1,955	2,008
Member contributions	\$ 1,164	\$ 7,539	\$ 1,488	\$ 10,191	\$ 9,937
SHA contributions	\$ 1,290	\$ 8,396	\$ 1,553	\$ 11,239	\$ 10,877

¹ Certain employees of the SHA participate in LAPP, a multi employer defined benefit plan. The plan decided to reduce the unfunded obligation through increased contribution rates to provide benefit security as at January 1, 2018 the plan was able to reduce contribution rates. At December 31, 2019 audited financial statements for LAPP reported an accrued benefit obligation of \$42.6 billion (2018 - \$41.0 billion) and pension fund assets at market value of \$50.5 billion (2018 - \$44.5 billion).

² Certain employees of the SHA participate in RCESP a multi employer defined benefit plan. The plan was amended effective January 1, 2016. Employers agreed to amortize the unfunded liability over a twenty year period. In respect to the pre-amended deficit, the employer/employee contribution rates changed from an equal cost sharing to 60:40 contribution ratio. The sharing of future deficits shall be in accordance with the new funding policy. At December 31, 2019 audited financial statements for RCESP reported an accrued benefit obligation of \$1.5 billion (2018 - \$1.5 billion) and pension fund assets at market value of \$1.6 billion (2018 - \$1.5 billion).

³ Contribution rate varies based on employee group for PEPP.

14. Employee Future Benefits (continued)

b) Disability income plans

Employees of the SHA participate in one of the following disability income plans administered by 3sHealth:

- i) General established in 1975
- ii) CUPE established in 1975 – affiliated with the Canadian Union of Public Employees
- iii) SEIU-West established in 1975 – affiliated with the Service Employees International Union
- iv) SUN established in 1982 – affiliated with the Saskatchewan Union of Nurses

The SHA's financial obligation to these plans, is limited to making the required payments to these plans according to their applicable agreements. Disability expense is included in Compensation – benefits in Schedule 1 and is equal to the SHA contributions amount below.

	General	CUPE	SEIU
Number of active members	5,873	11,623	8,414
Member contribution rate (% of salary)	0.00-1.13 ¹	1.18	1.13
SHA contribution rate (% of salary)	0.00-1.13 ¹	1.18	1.13
Member contributions	\$ 2,623	\$ 5,037	\$ 3,466
SHA contributions	\$ 2,734	\$ 5,037	\$ 3,466
		Total	Total
	SUN	2021	2020 ²
Number of active members	9,734	35,644	33,856
Member contribution rate (% of salary)	0.61-0.67 ¹		
SHA contribution rate (% of salary)	0.72-0.79 ¹		
Member contributions	\$ 4,274	15,400	\$ 14,720
SHA contributions	\$ 4,917	16,154	\$ 15,296

¹ Contribution rate varies based on employee group.

² The balance at March 31, 2020 includes Roy Romanow Provincial Laboratory employees who belonged to SGEU. During the 2020-21 fiscal year, RRPL employees transferred into CUPE.

14. Employee Future Benefits (continued)

c) Accumulated sick leave benefit liability

The cost of the accrued benefit obligations related to sick leave entitlement earned by employees is actuarially determined using the projected benefit method prorated on service and management's best estimate of inflation, discount rate, employee demographics and sick leave usage of active employees. The SHA has completed an extrapolation as of March 31, 2021 of the March 31, 2019 valuation. Key assumptions used as inputs into the actuarial calculation are as follows:

	2021	2020
Discount rate	2.20%	2.20%
Earnings escalation rate	0.00% to 2.00%	0.00% to 2.00%
Expected average remaining services life	14.2 years	14.2 years

Earnings increase for seniority, merit and promotion is as follows:

Employee groups

For ages 15 to 29	2.00%	2.00%
For ages 30 to 39	1.50%	1.50%
For ages 40 to 49	1.00%	1.00%
For ages 50 to 59	0.50%	0.50%
For ages 60 and over	0.00%	0.00%

	2021	2020
Accrued benefit obligation, beginning of year	\$ 126,785	\$ 122,349
Cost for the year		
Current period benefit costs	15,222	14,503
Interest expense	2,789	3,041
Actuarial gains	-	2,793
Benefits paid during the year	(15,197)	(15,901)
Accrued benefit obligation, end of year	129,599	126,785
Unamortized net actuarial loss	(21,321)	(23,658)
Benefit Obligation, End of Year	\$ 108,278	\$ 103,127

SASKATCHEWAN HEALTH AUTHORITY

Notes to the Consolidated Financial Statements

Year ended March 31, 2021
(in thousands of dollars)

15. Budget

The SHA board approved their 2020-2021 budget plan on May 29, 2020, while the 3sHealth board approved their budget plan on March 25, 2020.

16. Financial Risk Management

The SHA has exposure to the following risks from its use of financial instruments: credit risk, market risk and liquidity risk.

The Board ensures that the SHA has identified its major risks and ensures that management monitors and controls them. The Board oversees the SHA's systems and practices of internal control, and ensures that these controls contribute to the assessment and mitigation of risk.

a) Credit risk

Credit risk is the risk that one party to a financial instrument will fail to discharge an obligation and cause the other party to incur a financial loss. The SHA is exposed to credit risk from the potential non-payment of accounts receivable. The majority of the SHA's receivables are from MoH – General Revenue Fund, Saskatchewan Workers' Compensation Board, health insurance companies or other provinces. Therefore, the credit risk on accounts receivable is minimal. The SHA is also exposed to credit risk from cash and investments.

The SHA manages its credit risk surrounding cash and investments by dealing solely with reputable banks and financial institutions, and utilizing an investment policy to guide their investment decisions. The SHA invests surplus funds to earn investment income with the objective of maintaining safety of principal and providing adequate liquidity to meet cash flow requirements.

Management reviews accounts receivable to determine if a valuation allowance is necessary to reflect impairment in collectability.

The aging of Ministry of Health and other accounts receivable as at March 31, 2021 was:

	Total	0-30 Days	30-60 Days	60-90 Days	Over 90 Days
Accounts receivable					
Ministry of Health - General Revenue Fund	\$ 110,701	\$ 13,333	\$ -	\$ -	\$ 97,369
Other	109,314	33,863	6,406	4,071	64,974
Gross Receivables	220,015	47,196	6,406	4,071	162,343
Allowance for doubtful accounts	(44,406)	(8,171)	(133)	(91)	(36,012)
Net Receivables	\$ 175,609	\$ 39,025	\$ 6,273	\$ 3,980	\$ 126,331

SASKATCHEWAN HEALTH AUTHORITY

Notes to the Consolidated Financial Statements

Year ended March 31, 2021
(in thousands of dollars)

16. Financial Risk Management (continued)

b) Market risk

Market risk is the risk that changes in market prices, such as foreign exchange rates or interest rates, will affect SHA's income or the value of its holdings of financial instruments. The objective of market risk management is to control market risk exposures within acceptable parameters while optimizing return on investment.

i) Foreign exchange risk

Foreign exchange risk is the risk the fair value of financial instruments denominated in a foreign currency will fluctuate because of changes in the foreign exchange rates. The SHA operates within Canada, but in the normal course of operations is party to transactions denominated in foreign currencies. The SHA believes that it is not subject to significant foreign exchange risk from its financial instruments.

ii) Interest rate risk

Interest rate risk is the risk the fair value of future cash flows or a financial instrument will fluctuate because of changes in the market interest rates. Financial assets and financial liabilities with variable interest rates expose the SHA to cash flow interest rate risk.

The SHA's investments include guaranteed investment certificates and term deposits bearing interest at coupon rates. As at March 31, 2021, the interest rates on the investments held by the SHA bear minimal risk and therefore the overall risk to the SHA due to fluctuating interest rates is minimal. Although management monitors exposure to interest rate fluctuations, it does not employ any interest rate management policies to counteract interest rate fluctuations.

The majority of the SHA's long-term debt outstanding as at March 31, 2021 and 2020 has fixed interest rates. The SHA has entered into interest rate swaps to effectively fix the interest rates, and further reduce the interest rate risk, on certain debt. Refer to Note 8 for this information.

SASKATCHEWAN HEALTH AUTHORITY

Notes to the Consolidated Financial Statements

Year ended March 31, 2021
(in thousands of dollars)

16. Financial Risk Management (continued)

c) Liquidity risk

Liquidity risk is the risk that an organization is not able to fulfill its financial obligations as they become due.

The SHA manages liquidity risk by continually monitoring actual and forecasted cash flows from operations and anticipated investing and financing activities. The SHA relies on grants from the MoH through the General Revenue Fund. To obtain sufficient funds, the SHA provides the Ministry with capital and operating budgets and quarterly forecasts.

As at March 31, 2021, the SHA is committed to the following liabilities, including principal and interest, based on the expected undiscounted cash flows from the reporting date to the contractual maturity date:

	Carrying amount	Due in less than 1 year	Due in 1-3 years	Due in 3-5 years	Due after 5 years
Accounts payable and accrued liabilities	\$ 584,988	\$ 584,988	\$ -	\$ -	\$ -
Debt	79,042	30,993	12,675	8,926	26,449
Capital lease payable	7,463	2,641	4,111	711	-
Obligations under long-term financing arrangement	111,269	2,850	6,001	6,426	95,992
Total Financial Liabilities	\$ 782,762	\$ 621,472	\$ 22,787	\$ 16,063	\$ 122,441

Fair value of interest rate swaps

The fair value of the interest rate swaps are recorded in the consolidated statement of financial position with changes in fair value reflected in the consolidated statement of re-measurement gains and losses. Accordingly, the determination of fair value requires judgment and is based on market information where available and appropriate. Fair value measurements are categorized into levels within a fair value hierarchy based on the nature of the inputs used in the valuation. The interest rate swap is determined to be Level 1, where by quoted prices are readily available from an active market, and no items have transferred between hierarchy levels 1 to 3.

At March 31, 2021 the market value gain on the interest rate swap was \$2.2 million (2020 – loss of \$2.5 million).

SASKATCHEWAN HEALTH AUTHORITY

Notes to the Consolidated Financial Statements

Year ended March 31, 2021
(in thousands of dollars)

16. Financial Risk Management (continued)

c) Liquidity risk (continued)

Lines of credit

The SHA has several approved operating lines of credit totaling \$63.2 million (2020 restated - \$63.2 million). Interest rates vary from prime minus 1% to prime. Total interest paid on the lines of credit in 2021 was \$281 (2020 - \$634).

17. Related Parties

These consolidated financial statements include transactions with related parties. The SHA is related to all Saskatchewan Crown Agencies such as ministries, corporations, boards, and commissions under the common control of the Government of Saskatchewan, as well as its key management personnel and their close family members. Additionally, the SHA is related to organizations where they have key management personnel and/or their close family members in common. Transactions with these related parties are in the normal course of operations and are settled on normal trade terms, except for the following. As a response to the COVID-19 pandemic, the SHA received staff support by various ministries. The salary costs were borne by the various ministries, the SHA has not been charged. In addition, the SHA administers certain vaccines (e.g., COVID-19 vaccines) owned and controlled by the Ministry of Health at no cost.

18. Comparative Information

Certain of the comparative figures have been reclassified to conform to the financial statement presentation adopted in the current year.

19. Subsequent Events

Beginning June 1, 2021, infrastructure resources and lines of business from several Government of Saskatchewan ministries will be consolidated within the Ministry of SaskBuilds and Procurement. Discussions are underway with the Saskatchewan Health Authority on how this transition will impact the SHA.

An agreement has been reached between Alberta Health, Alberta Health Services, Saskatchewan Ministry of Health and Saskatchewan Health Authority to voluntarily terminate the Master Services Agreement – Continuing Care Services at Dr. Cooke Extended Care Centre and Lloydminster Continuing Care Centre and initiate the transition in operational responsibility from Saskatchewan Health Authority to Alberta Health Services. The transition in operational responsibility from Saskatchewan Health Authority to Alberta Health Services will happen in 2021-22.

SASKATCHEWAN HEALTH AUTHORITY

Notes to the Consolidated Financial Statements

Year ended March 31, 2021
(in thousands of dollars)

20. COVID-19 Pandemic

The COVID-19 pandemic has caused material disruption to the health sector and the Authority's operations. Future potential impacts include disruption of supply chain, challenges with remote or unavailable workforce, and increased medical litigations. Estimates of these impacts have been included where appropriate. Given the uncertainty of the magnitude and duration of the pandemic, it is not possible to determine if there are significant additional impacts on current operations or reported asset and liability values.

Internal Audit

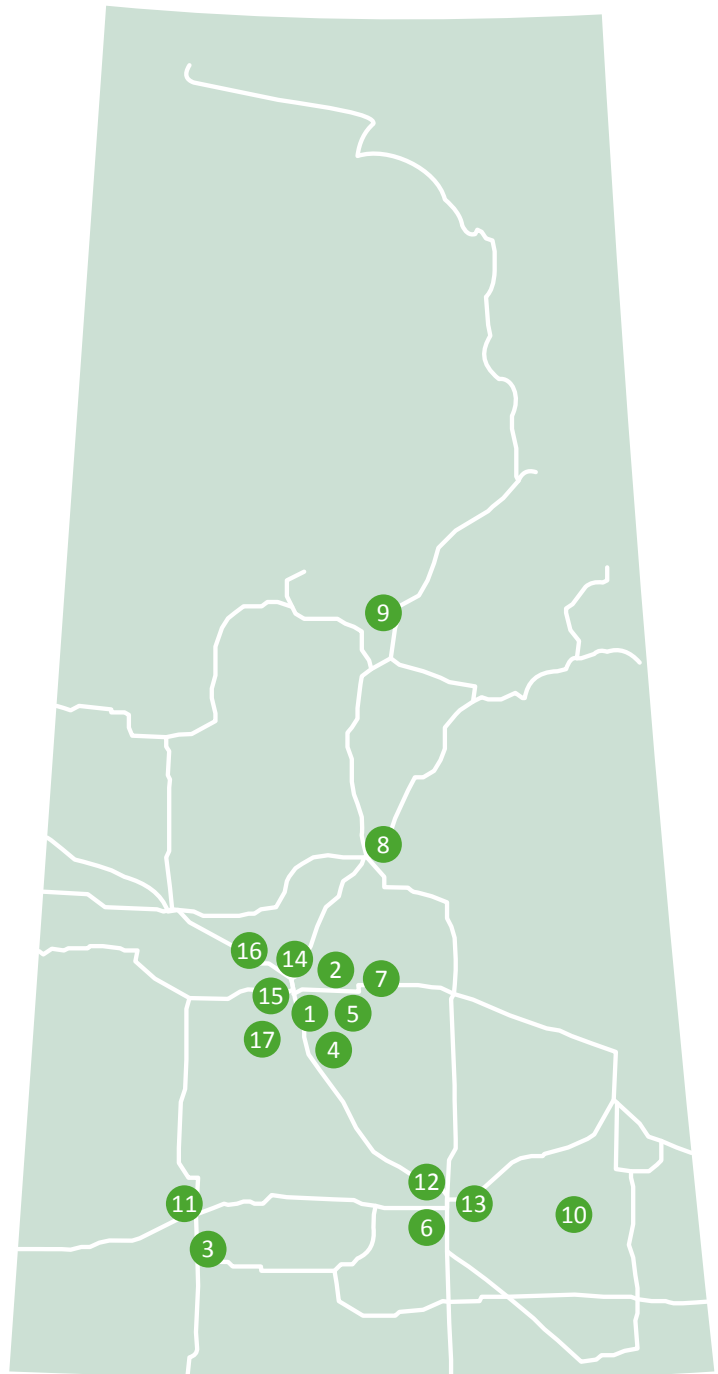

14. Leanne Ashdown, Chief Audit Officer, Saskatoon

Provincial Programs

15. Corey Miller, VP Provincial Programs, Saskatoon
16. Dr. Paul Babyn, Physician Executive, Saskatoon

Community Engagement & Communications

17. Kim McKechney, VP Community Engagement & Communications, Saskatoon

Appendix C : Union Relations

The majority of SHA's employees belong to one of five unions. Unions provide their members with advice and support and bargain with the Saskatchewan Association of Health Organizations (SAHO) Inc. to establish terms and conditions of employment, including wages and benefits. SHA and its union partners work together to ensure high quality, timely care for patients and to provide a safe environment free of physical, emotional or psychological harm for patients and health-care providers. In 2020, for example, SHA, SAHO and all five health-care unions signed a letter of understanding to support the creation of six temporary labour pools and the cohorting of staff to address health-care needs related to COVID-19. Union members provide services in long-term care, home care, acute care, health-care centers, public health, mental health and community health.

SHA's union partners are:

- The Saskatchewan Union of Nurses (SUN): SUN represents more than 10,900 SHA registered nurses, registered nurse practitioners, registered psychiatric nurses and graduates.
- The Health Sciences Association of Saskatchewan (HSAS): HSAS represents approximately 4,100 SHA employees. Roles include pharmacists, addictions counsellors, dietitians, audiologists, emergency medical services staff, epidemiologists, infection control practitioners, occupational and physical therapists, health inspectors and psychologists.
- The Canadian Union of Public Employees (CUPE), the Service Employees International Union-West (SEIU-West) and the Saskatchewan Government and General Employees Union (SGEU): CUPE, SEIU-West and SGEU represent SHA's health-care providers. They work in a variety of medical and non-medical positions. Included are environmental services, dietary, continuing care aides, licensed practical nurses, cooks, medical lab and diagnostic technologists, maintenance staff, clerical workers, porters, and purchasing, health records and registration clerks.
 - CUPE represents approximately 14,700 SHA employees in the former Prairie North, Prince Albert Parkland, Regina Qu'Appelle, Sun Country and Sunrise health regions.
 - SEIU-West represents more than 12,500 SHA employees in the former Cypress, Five Hills, Heartland and Saskatoon health regions as well as staff at Meadow Lake Clinic in the former Prairie North Health Region.
 - SGEU represents approximately 1,600 SHA employees in the former Kelsey Trail, Keewatin Yatthé and Mamawetan Churchill River health regions.

Appendix D: Funded Organizations

PRESCRIBED HEALTH-CARE ORGANIZATIONS (HCOs)

The SHA has entered into agreements with those who meet the definition of prescribed HCOs pursuant to the Act to provide health services.

These organizations receive operating funding from the SHA on a monthly basis in accordance with budget amounts approved annually. During the year, the SHA provided the following amounts to prescribed HCOs:

	2021		2020
	(000's of dollars)		(000's of dollars)
615672 Saskatchewan Ltd.	\$ 571	\$	561

A grayscale photograph of a hospital room. In the foreground, a patient is lying in a bed, partially covered by a white sheet. To the right, a healthcare professional wearing a white lab coat, a face mask, and glasses is standing and writing on a clipboard. The background features a row of tall, light-colored cabinets with glass doors, some containing medical supplies. The overall scene is dimly lit, with a soft, clinical atmosphere.
