# LETTER OF TRANSMITTAL

*Healthy People, Healthy Saskatchewan*

Dear Ministers Merriman and Hindley:

The Saskatchewan Health Authority (SHA) is pleased to provide you and the residents of our province with the *SHA Annual Report 2022-23*.

The annual report demonstrates our commitment to transparency and accountability. This year's report includes the approved audited financial statements for the year ending March 31, 2023.

During the 2022-23 fiscal year, the SHA focused on enhancing health care for all Saskatchewan residents by concentrating on the following areas:

- effective COVID-19 response and recovery;
- responsive mental health and addictions services;
- addressing health human resource needs;
- improving team-based care; and
- investing in health-care infrastructure.

By working toward these goals, we are aligning and integrating health services to ensure people receive high-quality, timely health care, regardless of where they live in Saskatchewan. More information on these areas of focus is outlined in the *Ministry of Health's 2022-23 Business Plan*.

Our commitment to a philosophy of patient and family centred care guides our activities and is the foundation for our values as an organization: safety, accountability, respect, collaboration and compassion.

Our commitment to accountability and transparency is demonstrated through SHA Board of Director meetings held publicly every quarter; our daily internal communications with more than 45,000 staff, 2,761 physicians with SHA privileges and 492 resident doctors; and our public communications through the SHA website ([www.saskhealthauthority.ca](http://www.saskhealthauthority.ca)), SHA's social media (Facebook, Twitter, Instagram) channels, and other regular engagement with community leaders and stakeholders.

Over the last several years, our health system and our people have been tested. As we transition to living with COVID-19, we have built on the lessons learned from the pandemic to strengthen our commitment to providing safe, high-quality care as close to home as possible by tapping into one of our greatest strengths – our people.

As always, the progress achieved in the past fiscal year is due to the tremendous dedication and commitment of the staff and physicians of the SHA and our many partners, including the patients, residents, volunteers and families who are valued members of the health-care team. Our deepest appreciation goes to our staff, physicians and leadership for going above and beyond each and every day. By working together as one organization, we have been able to manage and coordinate services through unprecedented challenges and have emerged stronger as an organization, using the lessons learned to propel us towards a bright future.

Respectfully submitted,

Arlene Wiks  
Chairperson  
Saskatchewan Health Authority Board of Directors

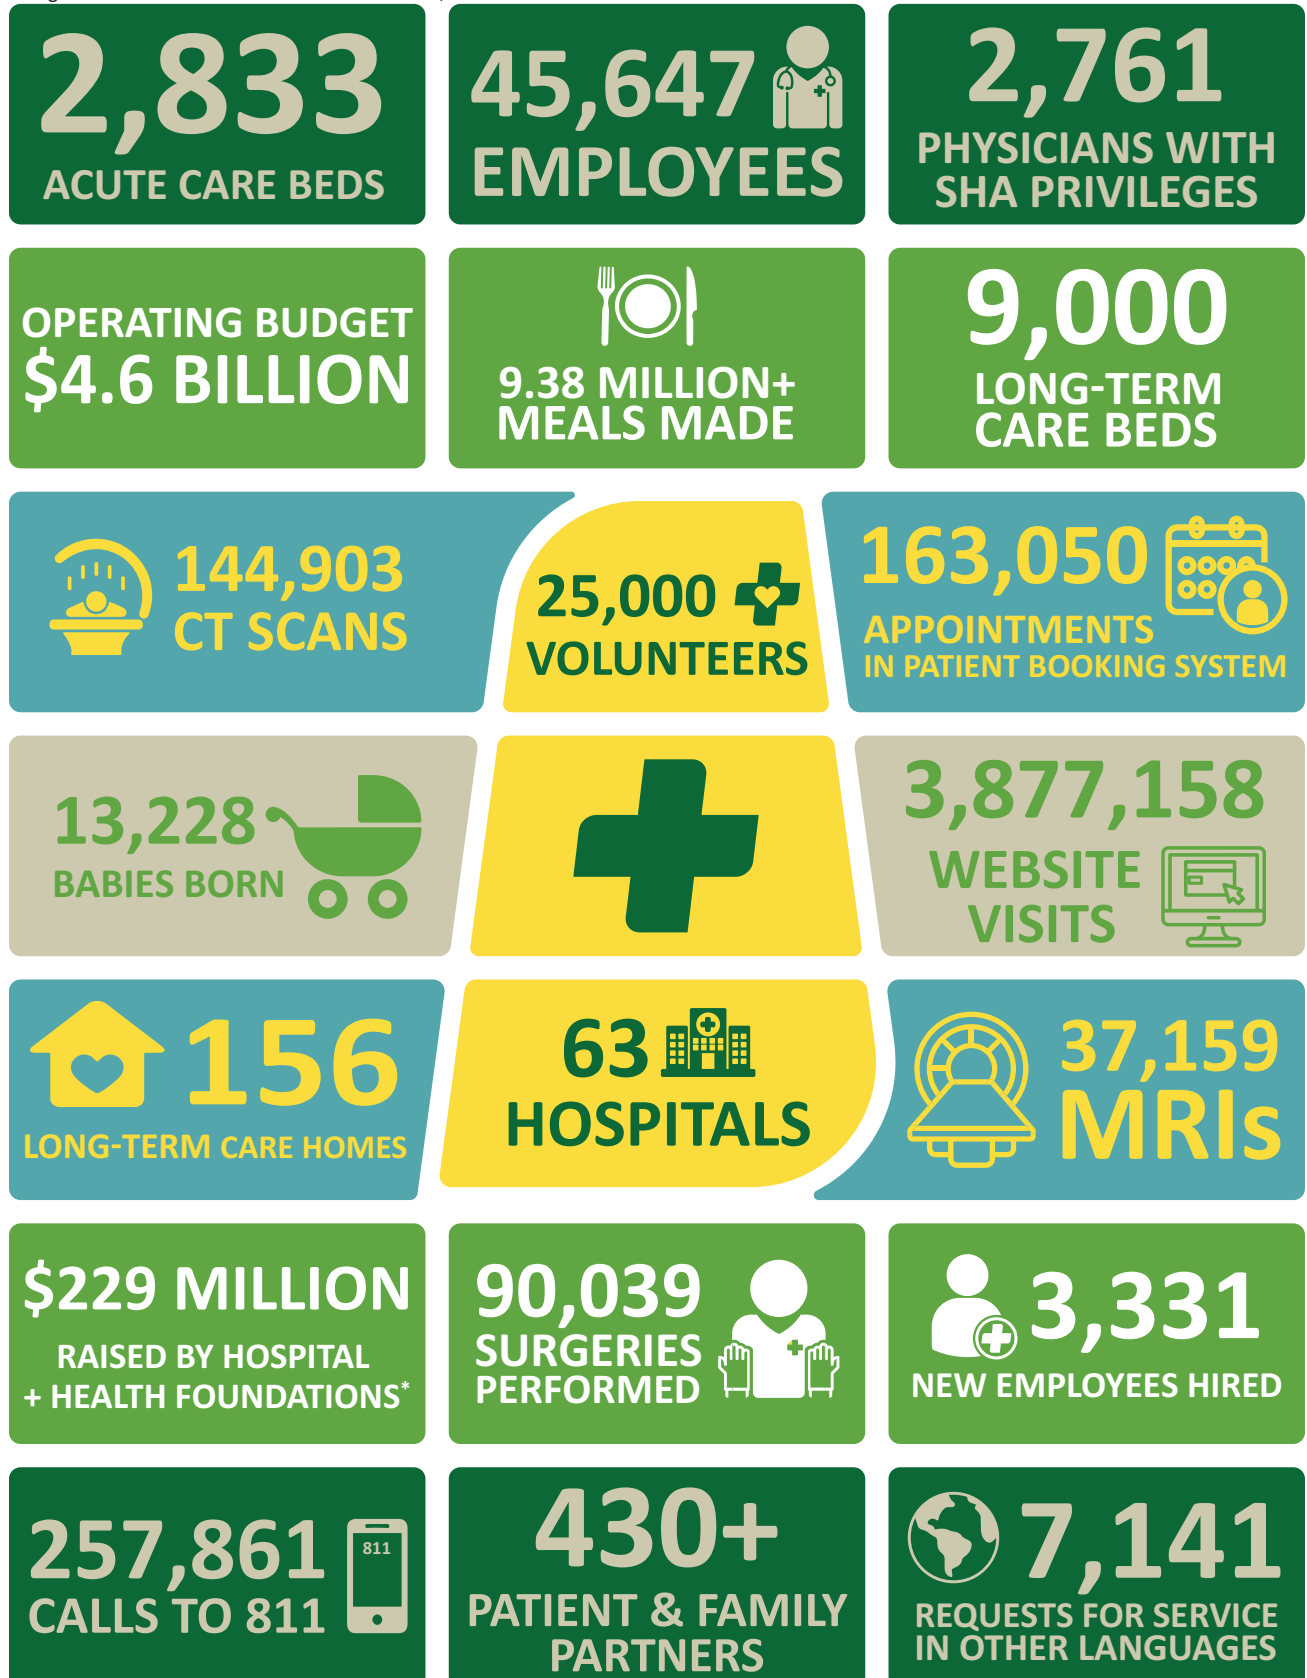

Andrew Will  
Chief Executive Officer

### COLLABORATION:

**Be better together.** Include and acknowledge the contributions of employees, physicians, patients, families and partners.

### COMPASSION:

**Be caring.** Practice empathy. Listen actively to understand each other's experiences.

# GOVERNANCE

*Healthy People, Healthy Saskatchewan*

The SHA is governed by the SHA Board of Directors. The Board consists of 10 voting members, appointed by the Lieutenant Governor in Council. The Board is accountable to the Ministry of Health (MoH) to achieve the goals and objectives of the SHA, ensuring effective planning, delivery and evaluation of all health-care programs on behalf of the residents of Saskatchewan.

The Board recognizes the paramount importance of patients and families as key in the delivery of the health-care services provided by the SHA. The Board incorporates the patient experience into its work to inform the strategic direction of the SHA.

The SHA governance system is outlined in *The Provincial Health Authority Act* and *The Provincial Health Authority Administration Regulations* supported by the General Bylaws of the SHA, and further detailed in the Governance Charter. The Governance Charter reflects the provincial legislation, direction, philosophy and principles governing the SHA – a large, complex, high profile and accountable public sector organization. The Governance Charter describes in detail the Board’s accountabilities to, and relationships with, key stakeholders and the chief executive officer (CEO) inclusive of the CEO’s authority and expectations. The governance philosophy is guided by the following principles:

- The Board provides strategic direction and leadership.
- The Board adheres to the highest ethical and legal standards in the conduct of its business.
- The Board makes decisions on the best available evidence.
- The Board’s approach to governance is open: receptive to information that will enable the Board’s work, responsive to the expectations of the public and transparent regarding the decisions that are made.
- Members are to act in the best interests of the Board as a whole.
- The relationship between the Board and the CEO is based upon trust, collaboration and clear understanding of roles and responsibilities of the Board and the CEO.

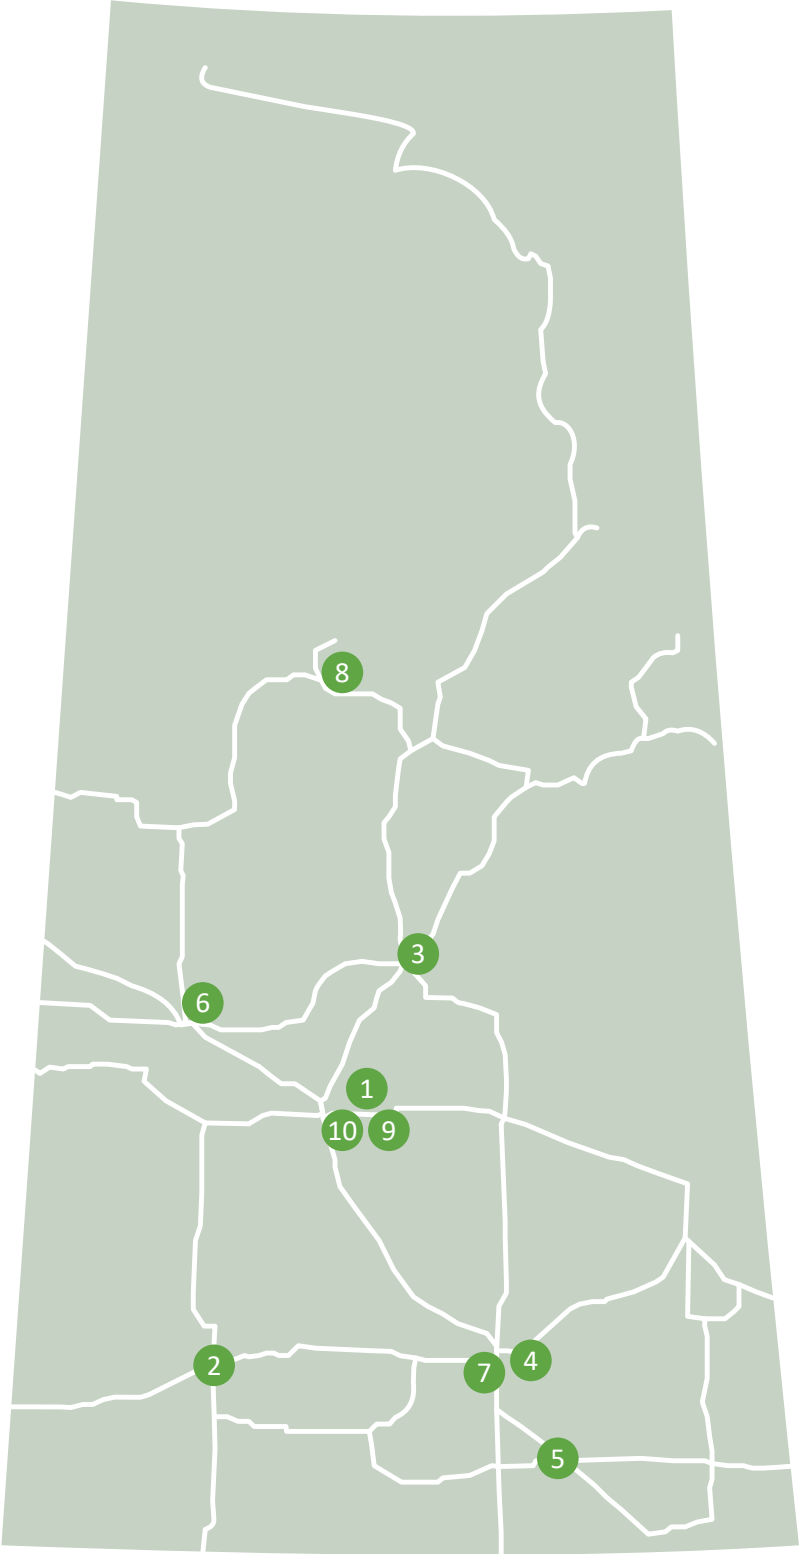

The Governance Charter also outlines the Board’s structures and governance processes whereby strategic goals are set, key relationships are maintained, assets of the organization are safeguarded and quality care is supported in accordance with best practices, service excellence and national performance standards such as those of Accreditation Canada. The Board fulfills its governance role and responsibilities through a number of Board committees. These committees are chaired or co-chaired by Board members who are recommended by the Board chairperson and formally appointed by the Board:

- Governance and Human Resources Committee;
- Quality and Safety Committee;
- Audit, Finance and Risk Committee;
- CEO Recruitment and Succession Committee;
- Board Practitioner Hearing Committee; and
- Practitioner Liaison Committee.

The SHA has also established an internal audit function that supports the SHA to accomplish its objectives by bringing a systematic and disciplined approach to evaluate and improve its operations. The chief audit officer (CAO) does this by providing insight and advice to help drive improvements in governance, risk management and control processes, balanced with assurance on key risk mitigations and controls through the completion of audit work. The CAO reports functionally to the SHA Board, with a dotted line to the CEO for day-to-day administrative matters to maintain the CAO's independence and objectivity.

## PATIENT AND FAMILY LEADERSHIP COUNCIL

The Patient and Family Leadership Council (PFLC) is comprised of Patient and Family Partners, as well as members of the SHA executive and senior leadership teams, and is proud to contribute to the SHA's commitment to Patient and Family Centered Care and patient leadership in the health system. This council is an example of how the SHA values the input and collaboration of patients and families in the planning and delivery of health-care services.

This year, the PFLC achieved significant milestones, including towards their ongoing commitment to truth and reconciliation, which has been weaved throughout their leadership model and priorities. Through exploration of the concept of two-eyed seeing, the PFLC is strengthening shared leadership and building a culture of inclusivity, diversity and equity. They have also successfully advocated for the inclusion of patient and family voices at the executive leadership and senior leadership levels, ensuring the SHA's focus is grounded in the perspectives of patients and families in Saskatchewan. Additionally, the council has worked towards the development of a provincial patient charter of rights and responsibilities, which will help to ensure that patients and families receive the highest level of care and support possible, while being empowered as part of their care teams. Members of the PFLC look forward to continuing their work with the SHA in the coming year to further enhance the patient and family experience within the health-care system.

## TRADITIONAL KNOWLEDGE KEEPERS ADVISORY

The SHA consults regularly with nine Elders to receive guidance and direction regarding the work of the SHA. These Elders are representative of the nine Indigenous linguistic groups in Saskatchewan.

There are numerous other Elders and Knowledge Keepers throughout Saskatchewan who are communicated with for additional guidance and support to ensure the SHA goes about its work in a good way.

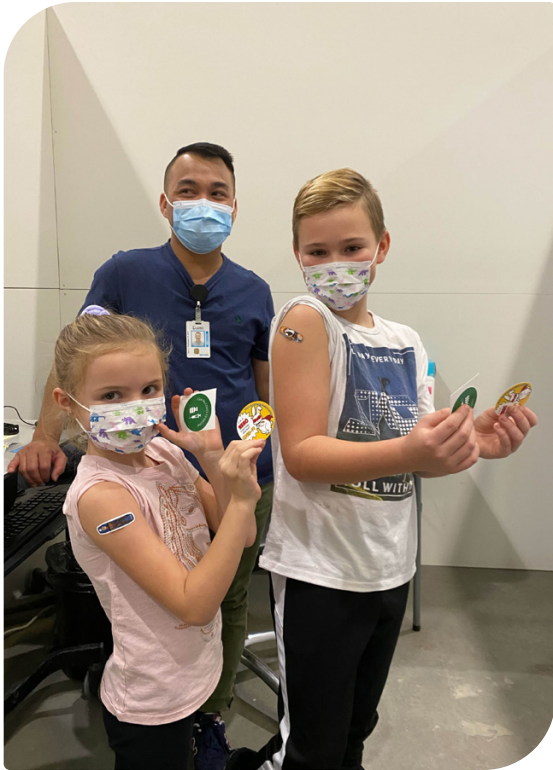

# PROGRESS IN 2022-23: COVID-19 RESPONSE AND RECOVERY

In 2022-23, the SHA was tasked with advancing the following key actions in support of provincial targets:

<b>Strategy</b>	<b>Continue to lead the COVID-19 response and health system recovery.</b>
<b>Key Actions</b>	<p><b>Provide ongoing management of the COVID-19 response by:</b></p> <ul style="list-style-type: none"> <li>managing the spread of COVID-19 by providing Polymerase Chain Reaction (PCR) testing for priority populations, investigating severe cases, managing outbreaks and encouraging vaccination;</li> <li>promoting self-monitoring, self-testing and self-managing;</li> <li>expanding acute care services and intensive care unit (ICU) capacity to meet demand for potential future COVID-19 surges while providing service to non-COVID-19 patients;</li> <li>completing high-priority ventilation projects in 10 long-term care (LTC) facilities;</li> <li>monitoring epidemiology and emerging trends in the prevention/treatment of COVID-19; and</li> <li>providing ongoing COVID-19 advice and therapeutics through HealthLine 811 and community providers.</li> </ul> <p><b>Prepare for recovery from the COVID-19 pandemic by:</b></p> <ul style="list-style-type: none"> <li>preparing the health system to transition to a phase with less COVID-19 transmission, hospitalization and deaths;</li> <li>completing a review of the health system’s pandemic preparedness plan and participating in development to maintain readiness for the future; and</li> <li>planning and preparing for review of wait list management and strategies to manage wait list volumes (i.e., diagnostics, outpatient care).</li> </ul>

Throughout the 2022-23 fiscal year, the SHA shifted its response to the COVID-19 pandemic by realigning strategies, efforts and resources towards those at highest risk of severe COVID-19 outcomes, maintaining widespread access to vaccinations and booster doses, and ensuring residents of Saskatchewan had access to the tools and information needed to safely and reasonably self-manage transmission and illness day-to-day in collaboration with the MoH. These refocused priorities allowed the SHA to support the ongoing response and recovery of the health-care system as staff and residents of Saskatchewan transitioned to learning to live with COVID-19, and deliver other essential public health programs and services that had been slowed during the height of the pandemic.

Throughout the 2022-23 fiscal year, the SHA promoted and provided COVID-19 vaccinations to residents of Saskatchewan in alignment with eligibility criteria. Eligibility for COVID-19 vaccinations and booster doses continued to expand for Saskatchewan residents in 2022-23, with residents 50 years of age or older becoming eligible for a second booster dose in April 2022. Eligibility was expanded further in July 2022, allowing children six-months to five-years of age to receive their very first vaccination against COVID-19. Bivalent booster doses, a re-formulated COVID-19 vaccine specifically designed to target the Omicron virus mutation and its sub-variants, was provided to residents aged 18 and over at the end of September 2022. In January 2023, eligibility for bivalent booster doses was expanded to children five to 11 years old. Additionally, in March 2023, a second bivalent booster dose became available to at risk populations including adults age 65 and over, immunocompromised individuals age 18 and up, and residents of long-term care, personal care, and other congregate living settings.

The SHA continued to offer a variety of options across the province for individuals and families to receive their COVID-19 vaccinations including through participating pharmacies, partnerships with physician offices, pop-up clinics and scheduled appointments made online through the Patient Booking System (PBS) or by phone. Creative outreach opportunities were also pursued by team members to ensure that all populations had access to vaccinations. Efforts included working with First Nations and Métis partners, partnering with organizations to provide COVID-19 immunizations to newcomers to Canada, refining the SHA's online PBS to enhance access to appointments and expanding the annual fall influenza immunization campaign to again allow individuals to receive both the influenza and COVID-19 vaccine at a single appointment. Additionally, COVID-19 vaccines are also offered along with other childhood immunizations during routine vaccination appointments.

Promotion of vaccinations and pop-up clinics included regular posts being published across the SHA's social media platforms throughout the year and continuous updates being made to the Vaccine Clinics and Walk-In Vaccine Clinics webpages as new pop-up clinics were added in locations across the province. Throughout the course of the year, these two webpages were viewed more than a combined total of 544,000 times.

As a result of the efforts of vaccinators across the province and the residents of Saskatchewan who chose to protect themselves and their loved ones by staying up to date with their COVID-19 vaccinations, vaccination rates continued to increase, with more than 119,000 doses provided to children under the age of 12 and 534,017 booster doses provided as of March 31, 2023.

As Saskatchewan continues to transition to a state of ‘living with COVID-19’, efforts to promote self-monitoring, self-testing and self-managing symptoms at home have increased. While all remaining public health orders ended on February 28, 2022 with mandatory masking and self-isolation requirements lifted, the SHA still encouraged Saskatchewan residents to help reduce the spread of COVID-19 and protect themselves and their loved ones by continuing to mask indoors, practicing regular handwashing, staying home when ill, taking advantage of free rapid test kits and getting vaccinated when eligible.

Rapid Antigen Test kits remained widely available to the public at more than 650 locations across the province while PCR tests are available through primary health-care providers and private lab service providers. In May 2022, the SHA celebrated the one-year anniversary of the auto-notification system which quickly informed individuals of the results of their PCR test by computer-generated text and voicemail messages. The system has sent over 305,000 automated messages at a 97 per cent receipt rate, efficiently saving 40,000 staff hours and allowing staff to focus on other priority work.

To further protect patients, staff, physicians, families and visitors, mandatory masking remained in effect at all SHA hospitals and facilities.

While many individuals openly expressed that they continued to experience COVID-19 symptoms long after contracting the virus and required information and resources on how to manage their ongoing symptoms, a Long COVID Self-Management Resource was developed. Teams worked cross-functionally to complete this initiative, with a significant amount of work completed in March 2023. Work will continue in the months ahead to finalize and finish this project which will launch on the SHA’s website once completed. Initial launch of this resource will be in English, with plans to adapt the resource to additional languages in the future. This resource aims to help individuals self-manage long COVID-19 symptoms for improved quality of life.

In addition to the Long COVID Self-Management Resource, the SHA also provided outpatient early COVID-19 therapeutics to eligible individuals with antivirals such as Paxlovid™ to prevent a mild to moderate COVID-19 infection from progressing to a more severe infection that may require hospitalization. In April 2022, Remdesivir was introduced as another antiviral medication for qualified individuals experiencing mild to moderate COVID-19 symptoms. The use of these antivirals to treat eligible individuals helped reduce the number of patients admitted to the hospital due to COVID-19.

In April 2022, a COVID-19 Transition Framework was established, providing guidance for the transition of Infection Prevention and Control (IPAC) measures in all health-care settings while taking into account family presence restrictions, safety protocols, existing data, and new evidence. This document was reviewed on a weekly basis by the Pandemic Safety Task Force and assisted in determining when to increase or decrease IPAC measures.

Additionally, integrated teams continue to meet regularly to monitor data and emerging trends. The SHA also completed an After Action Review report this year and participated in the development of the health system's pandemic preparedness plan to maintain readiness for current and future threats. The report is currently being finalized.

During the 2022-23 fiscal year, the SHA began implementation of 10 high-acuity ICU beds within the Regina General Hospital to improve patient flow and meet demand for potential future COVID-19 surges while providing service to non-COVID-19 patients. As of March 31, 2023, two of these beds were operational, with the remaining eight planned to open later in 2023 as additional health human resources are recruited to support these beds. In addition, ICU beds were operationalized and added in select locations across the province, with one opening in both Prince Albert and Regina, and three more added to St. Paul's Hospital in Saskatoon. Planning has occurred to operationalize four more beds at Pasqua Hospital in Regina and one additional bed in Yorkton, which are expected to open at the end of 2023. These additions will bring the total number of ICU beds from 79 pre-pandemic to 90.

# PROGRESS IN 2022-23: IMPROVE MENTAL HEALTH AND ADDICTIONS SERVICES

In 2022-23, the SHA was tasked with advancing the following key actions in support of provincial targets:

<b>Strategy</b>	Continue to support the recommendations in the Mental Health and Addictions Action Plan (MHAAP).
<b>Key Actions</b>	<ul style="list-style-type: none"> <li>• Implement the Integrated Youth Services (IYS) model.</li> <li>• Expand Mental Health Capacity Building into additional schools.</li> <li>• Implement year three actions within <i>Pillars for Life: The Saskatchewan Suicide Prevention Plan</i>.</li> <li>• Continue to implement priorities of the Saskatchewan Drug Task Force (SDTF).</li> <li>• Establish new addiction treatment spaces for individuals requiring substance use treatment services.</li> <li>• Ensure wellness buses are fully operational.</li> </ul>

The SHA continued its commitment to improving access to mental health and addictions services for the residents of Saskatchewan. During the 2022-23 fiscal year, the SHA again worked to reduce barriers to receiving mental health and addictions support by expanding existing programs and services across the province and implementing new strategies to bring support services to the people of Saskatchewan in new and innovative ways. Mental health and addictions initiatives undertaken by the SHA this year included:

- Launching Overdose Outreach Teams (OOTs) in Regina and Saskatoon in December 2022 as part of a six-month pilot program. This program connects individuals who have recently experienced an overdose with programs and services to help reduce their risk of a subsequent overdose and other drug-related harms. The SHA’s Mental Health and Addictions Services (MHAS) clinical staff work alongside a primary care paramedic from the Regina and Saskatoon fire departments to provide support. OOTs are one of the SDTF’s priorities and are part of the hot-spotting approach, a strategy to help direct resources to people at highest risk in specific geographic regions.
- Adding four permanent registered psychiatric nurses to the Saskatchewan RCMP Operational Communication Centre in December 2022 after a successful one-year pilot project. These nurses provide assistance to 911 callers experiencing a mental health crisis as well as RCMP officers who are on location responding to a mental health crisis. During the pilot project, 99.8 per cent of individuals calling as a result of a mental health crisis agreed to speak to a nurse. Eighty per cent of these individuals agreed to be assessed by one of the four nurses and immediately received referrals to be admitted to a mental health and addiction service or program, while 71 per cent who spoke to a nurse avoided being driven by a member of the RCMP to a hospital for diagnosis and treatment, helping to alleviate emergency department pressures.
- Opening an additional Rapid Access to Addictions Medicine (RAAM) clinic in North Battleford. This clinic opened on June 23, 2022 and provides quick access to specialized addictions treatment services and connects those struggling with mental health or addictions to ongoing treatment, services and community programs. RAAM clinics are also operational in Prince Albert, Regina and Saskatoon.

- Installing needle drop-boxes in prioritized locations across the province, assisting in keeping communities clean by reducing the amount of discarded needles and helping prevent injection supplies from being re-used.
- Renaming the Harm Reduction Methadone Clinic in Regina the Opioid Addiction Treatment (OAT) clinic to better reflect the health services offered at this facility. This clinic has provided opioid addiction treatment to the community for more than 20 years and creates individualized treatment plans to support clients using a holistic and non-judgmental approach.

**Additional priorities for the 2022-23 fiscal year established together with the MoH included:**

- Expanding the Mental Health Capacity Building program in schools by introducing it to five additional locations in the fall of 2022, bringing the total number of schools partaking in this initiative to 10. The Mental Health Capacity Building program promotes positive mental health in children, youth and their families by focusing on mental health promotion, early identification and intervention, thereby helping young children manage their feelings more proactively while also identifying where they can find help when dealing with their feelings. These schools serve as resource hubs, giving students access to a range of mental health promotion and programming through collaboration between schools, communities and health-care providers. Communities offering this program include La Ronge, Prince Albert, Weyburn, Yorkton, Regina, Sandy Bay, North Battleford and Balgonie.
- Mobilizing a fifth harm reduction van that began operations in Prince Albert in November 2022. Four other harm reduction vans are in use across the province and operate out of Saskatoon, Regina, Yorkton and North Battleford. The vans provide basic health care, HIV testing, safer injection, inhalation and sex supplies, as well as naloxone and education on how to administer it in the event of an overdose. By being able to move to different locations throughout the cities, the SHA is able to engage with clients directly where they live, building pathways to long-term treatment and recovery and connecting with vulnerable clients who may not access mainstream health-care services otherwise. Relationships have developed between health-care providers and the individuals accessing these services as a result. These vans help further the SHA’s goal of providing the right care to the right person at the right time and place by ensuring individuals are able to access help where and when they need it, free of judgment.
- Adding an additional 14 post-treatment addiction beds at St. Joseph’s Addiction Recovery Centre in Estevan which were operational in March 2023. St. Joseph’s currently provides 32 inpatient treatment spaces, four post-treatments spaces and six pre-treatment spaces. The 14 additional beds will improve capacity and allow patients to move more easily from inpatient treatment to aftercare and are part of the first phase of expansion in the Government of Saskatchewan’s commitment to adding 150 supplementary treatment spaces. Across the province, there are 475 pre-treatment, treatment, post-treatment and detoxification beds operated by the SHA and third-party partners, helping to provide residents of the province with the care and service they require to manage and overcome their mental health and addictions and begin their recovery.
- Expanding the availability of Take Home Naloxone (THN) kits in pharmacies across the province as part of the THN program which provides free training and naloxone kits to Saskatchewan residents who are at risk of, or may witness, an opioid overdose. These life-saving kits can temporarily reverse an opioid overdose and are available in more than 76 communities province-wide in over 225 locations. The SHA looks forward to increasing the number of locations supplying THN kits throughout the next fiscal year by expanding its partnerships with community pharmacies.

# PROGRESS IN 2022-23: STRONGER HEALTH-CARE SYSTEM

## Address Health Human Resource Needs

In 2022-23, the SHA was tasked with advancing the following key actions in support of provincial targets:

<b>Strategy</b>	Ensure an adequate supply of health-care workers to address service backlogs and meet future surge demands.
<b>Key Actions</b>	<ul style="list-style-type: none"> <li>• Work with the Ministry of Advanced Education and post-secondary institutions to expand training seats for nurses and other high-demand health professions.</li> <li>• Add new staffing and physician resources in key areas.</li> <li>• Advance peer-to-peer support programs and support continuous learning.</li> <li>• Participate in international recruitment initiatives to address medium-term staffing shortages.</li> <li>• Launch the Grad Nurse Expression of Interest initiative.</li> <li>• Develop a First Nations and Métis recruitment and retention strategy.</li> <li>• Recruit additional Continuing Care Aides (CCAs) to enhance home care and long-term care support.</li> <li>• Utilize a multi-faceted approach to recruit nurses and other health-care professionals from within and outside Saskatchewan.</li> </ul>
<b>Strategy</b>	Stabilize health services in rural and remote communities.
<b>Key Actions</b>	<ul style="list-style-type: none"> <li>• Stabilize the workforce in rural and remote communities through continued recruitment and retention efforts, including the posting of nine high-priority classifications in locations experiencing significant service disruptions.</li> <li>• Enhance recruitment information on the SHA website, highlighting careers and opportunities in rural and remote locations.</li> </ul>

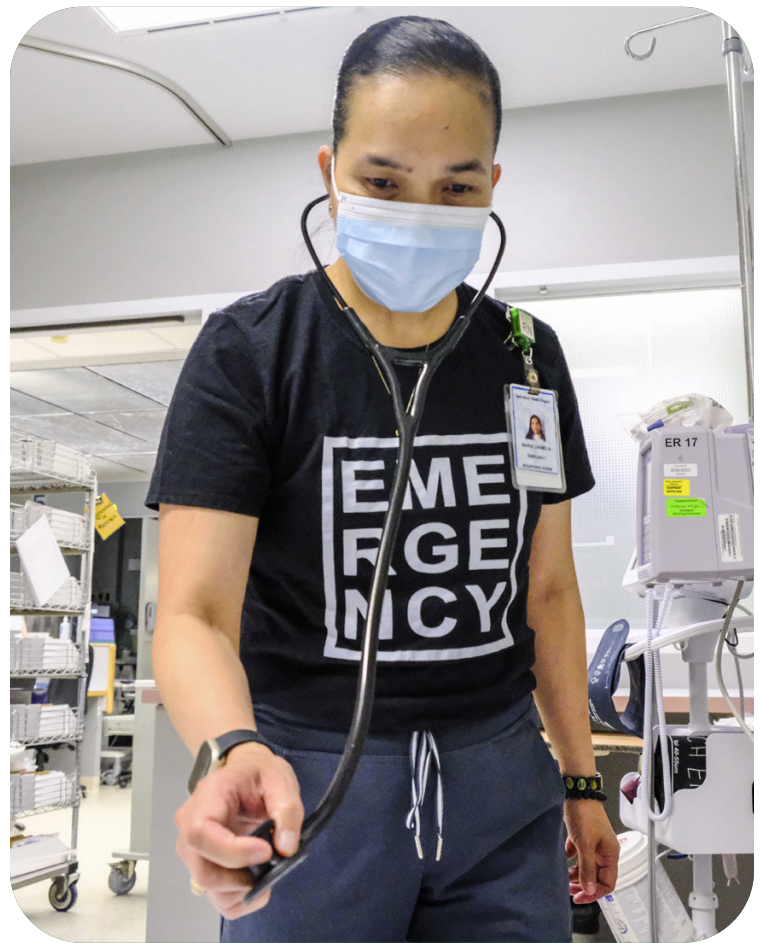

In support of the province's Health Human Resources (HHR) Action Plan, the SHA continued to focus on recruitment and retention strategies to stabilize and enhance critical services, strengthen our commitment to providing care closer to home and create a representative, diverse, inclusive and culturally responsive workforce.

The HHR Action Plan will see an investment of more than \$60 million, with the goal of adding 1,000 health professionals to the health system over the next several years. As of March 31, 2023, more than 180 full-time jobs were posted in rural and remote communities. These positions span 52 communities across the province and focus on high-priority positions including registered nurses (RNs), registered psychiatric nurses, nurse practitioners, licensed practical nurses, CCAs, combined lab and x-ray technicians, medical laboratory technologists, medical radiation technologists and medical laboratory assistants (MLAs). Priority positions were identified by working directly with rural facilities to determine which staffing enhancements would be of the greatest benefit to service improvement. As of March 2023, more than 110 positions in rural and remote communities had been filled. The SHA also committed to improving supports and enhancing services in LTC and home care, filling 117 full-time CCA positions this year.

Furthermore, an extensive, multi-faceted approach was utilized to recruit nurses and health-care students/practitioners from both in and outside of Saskatchewan, resulting in hundreds of graduate nurses being hired over the past year. Extensive engagement efforts were also undertaken between October 2022 and February 2023 province-wide with Tribal Councils, unaffiliated First Nations, Métis Nation-Saskatchewan, post-secondary institutions and internal SHA stakeholders to draft a First Nations and Métis Recruitment and Retention Plan. The Grad Nurse Expression of Interest initiative was also launched this year, matching nursing graduates with positions based on skills and interests, providing job opportunities and keeping Saskatchewan graduates in our province.

In partnership with the MoH and educational partners from across the province, the SHA also participated in international recruitment efforts by taking part in two recruitment missions to the Philippines, the first occurring at the end of November 2022 and the second taking place in mid-March 2023, to address the health-care worker shortage. The missions focused on the recruitment of qualified health-care workers including RNs, CCAs and MLAs. While there, leaders from the SHA conducted on-site interviews and engaged with more than 1,200 interested health-care workers. Over the course of the two missions, the SHA extended nearly 400 conditional job offers to qualified Filipino RNs, who will proceed through the RN Pathway which includes language, bridging and licensing. These international recruitment efforts also included hiring 21 CCAs and two MLAs, many of whom have already begun working in Saskatchewan.

In addition to those recruited as part of the Philippine missions and those who secured positions in rural and remote communities, more than 10 Ukrainian newcomers also joined the SHA workforce this year, further helping to create a diverse and inclusive workforce to better serve the residents of Saskatchewan.

To ensure the continuity of a growing health-care workforce, the province has invested over \$5.5 million to create more than 550 new post-secondary training seats across 18 health-care training programs. This is in addition to the 150 nursing seat expansion in the fall of 2022. Training seats for advanced certificate nursing programs such as the Perioperative Nursing/RN – Advanced Certificate and the Critical Care Nursing – Advanced Certificate, were also expanded. The SHA partnered with the Gabriel Dumont Institute as well this year to run an Indigenous Birth Support Worker program. Expansion of seats to the Saskatchewan International Physician Practice Assessment (SIPPA) program from 36 to 45, as well as an expansion of medical residency seats at the University of Saskatchewan from 120 to 128, will also benefit the SHA.

While priority professions focused on nurses, lab technicians and care aides, increasing the number of physicians practicing in the province was essential to ensure the growing population of Saskatchewan continued to be cared for. The SHA recruited 95 family physicians this year, 45 of which were recruited to the SHA from April 1, 2022 to March 31, 2023 following completion of the SIPPA program, a program that opens doors for family doctors trained in countries around the world. During this same time period, 124 specialist physicians were also recruited, resulting in a total of 219 physicians joining the SHA's workforce during the 2022-23 fiscal year, allowing the SHA to further strengthen its physician workforce and continue providing seamless care to patients as close to home as possible.

To support the various recruitment initiatives, the SHA enhanced its career profile on the SHA website, providing potential applicants with a one-stop-shop containing resources and information regarding numerous health-care positions, upcoming career events, educational courses and a streamlined application process. Doing so made opportunities within the SHA more visible than before and allowed the organization to highlight the benefits of living and working in Saskatchewan, with a focus on rural and remote communities by including testimonials of existing staff currently living and working in those communities. During the month of March alone, the careers webpage on the SHA website was viewed more than 18,700 times.

In addition, Community Spotlights, an initiative launched through Health Careers in Saskatchewan (HCIS) that promotes health-care workers living and working in rural communities, were widely promoted across the SHA's and HCIS's social channels, with more than 25 Community Spotlights launched to date.

The SHA recognizes that the past several years battling the COVID-19 pandemic and dealing with recruitment and retention challenges created significant pressures across the system. The SHA thanks all our health-care workers and physicians for their commitment to providing care to the residents of Saskatchewan and looks forward to continuing to enhance our health-care workforce to alleviate systemic pressures.

In 2022-23, the SHA was tasked with advancing the following key actions in support of provincial targets:

<b>Strategy</b>	Increase capacity in the acute care system to ensure patients have timely access to medical services and are transitioned to community alternatives or hospital care when appropriate. Ensure citizens receive the health care they need sooner, as close to their homes as possible.
<b>Key Actions</b>	<ul style="list-style-type: none"> <li>• Enhance health services and coordinated care in the community through ongoing maturity of health networks.</li> <li>• Increase CCAs in LTC and home care to meet the commitment of adding 300 new positions.</li> <li>• Enhance home care to better support seniors so they may remain in their own homes for as long as possible.</li> </ul>
<b>Strategy</b>	Reduce surgical wait times.
<b>Key Actions</b>	<ul style="list-style-type: none"> <li>• Implement a plan to increase surgical service volumes towards a goal of reducing wait lists to pre-pandemic levels by 2025.</li> <li>• Complete 97,000 surgeries by March 31, 2023.</li> <li>• Maximize third-party providers to deliver appropriate surgeries.</li> <li>• Plan for the expansion of provincial surgical services to accommodate 103,000 surgical procedures in 2023-24.</li> </ul>
<b>Strategy</b>	Expand access to medical imaging procedures.
<b>Key Actions</b>	<ul style="list-style-type: none"> <li>• Increase capacity in 2022-23 to perform 1,750 magnetic resonance imaging (MRI) and 8,790 computerized tomography (CT) additional exams in 2023-24.</li> <li>• Stabilize and enhance CT and MRI staffing to meet service needs.</li> </ul>

Team-based care continues to remain the SHA’s focus in our hospitals and communities across Saskatchewan. Numerous initiatives were carried out throughout the 2022-23 fiscal year to decrease wait times, reduce surgical backlogs and improve patient care. Priorities, established together with the MoH, included:

- Completing a record volume of surgical procedures during the 2022-23 fiscal year, with more than 90,000 surgeries performed which includes the highest volume of hip and knee replacements ever recorded during a single fiscal year. While surgical volumes increased compared to the previous year, the surgical targets outlined in the *Ministry of Health’s 2022-23 Business Plan* were unable to be met due to a combination of patient, staff and physician illness, as well as health human resource shortages. However, the fourth quarter of the 2022-23 fiscal year saw a record number of surgeries performed, with the total volume of surgeries performed within a single year surpassing previous records.
- Maximizing third-party providers to deliver appropriate surgeries, with approval from the College of Physicians and Surgeons of Saskatchewan to begin laparoscopic cholecystectomy procedures in Regina. In partnership with third-party providers, the SHA successfully increased the number of surgeries provided in a community-based setting, alongside the historical increase in surgeries provided within hospital facilities.
- Expanding surgical services to accommodate 103,000 procedures during the next fiscal year, with planning efforts well underway. Plans have been submitted to the SHA’s executive leadership for review.

- Developing a plan to increase capacity to perform additional MRI and CT scans throughout the 2023-24 fiscal year, with MRI capacity increases planned for Moose Jaw to maximize capacity in that facility. Ongoing capacity risks due to staff vacancies, recruitment and retention continue to be monitored to adjust plans if needed. These plans will put the SHA on a trajectory to meet the targets of performing an additional 1,750 MRI and 8,790 CT scans in 2023-24 improving access for patients, decreasing wait times for these procedures and enhancing patient care.
- Enhancing health services through ongoing maturity of health networks, allowing health-care workers to provide care in their community as part of a health network team. Health networks are collaborative teams of health professionals, including physicians and community partners, working to provide integrated services to meet the health needs of individuals and communities, allowing the SHA to deliver reliable and consistent team-based care to patients as close to home as possible. Ongoing planning continues to align staff with network geographies to ensure gaps in service delivery are mitigated.

### **Additional SHA initiatives related to team-based care included:**

- Merging the Shellbrook Parkland Medical Center and Shellbrook Primary Health Care Clinic in June 2022, now operating as one entity as the Shellbrook Primary Health Care Clinic. As the SHA actively seeks opportunities to better organize services and resources to deliver reliable care as close to a patient’s home as possible, this merger enabled community resources to be utilized more effectively, creating efficiencies and improving health outcomes for patients.

- Implementing the da Vinci Surgical System in September, the first program of its kind in the province and located at St. Paul’s Hospital in Saskatoon. Procedures performed by the da Vinci Surgical System have included prostatectomy, nephrectomy and cystectomy, and have expanded to gynecologic oncology and thoracics. Robotic-assisted surgeries contribute to less pain, reduced risk of infection and faster recovery times for patients, shortening hospital stays and creating additional hospital capacity to perform more procedures. The purchase of this revolutionary medical equipment was made possible thanks to contributions from the St. Paul’s Hospital Foundation and the Merlis Belsher family.

- Designating the Weyburn Emergency Medical Services (EMS) as an Advanced Life Support ambulance service in May 2022. This ambulance service employs Advanced Care Paramedics (ACPs) who deliver higher-level prehospital care and manage more complex patient care situations.
- Ongoing planning to redesign the lower level of the Rosetown and District Health Centre to facilitate co-location of physicians and staff from two physician clinics, providing increased opportunities for collaboration and enhancing patient-centered care by offering a variety of services in one location. This project is being funded through the Ministry of Health’s Connected Care Strategy and was temporarily paused in 2020 to address COVID-19 pressures. A local project team consisting of multiple stakeholders including patient and family advisors, representatives from physician groups, community services staff, the Town of Rosetown and Rural Municipality of St. Andrews were involved in the initial planning.

- Expanding community paramedicine to rural and northern communities as a result of an additional \$653,000 in funding received from the MoH. This increase will fund three additional full-time positions and cover training costs to further enhance and stabilize available supports closer to a patient's home.
- Implementing the MELODY Telerobotic Ultrasound System at St. Joseph's Hospital in Gravelbourg in November. This system allows a sonographer based out of a central location like Saskatoon or Regina, to remotely perform an ultrasound at a rural or remote location without the patient having to travel long distances to receive the care they need. This technology was funded in part by a donation from the Jim Pattison Children's Hospital Foundation and has been successfully implemented in northern Indigenous communities including Stony Rapids, La Loche and Pelican Narrows previously.
- Expanding the number of paramedics in Regina by adding 24.5 full-time positions in February, with these positions phased in over the course of three months to address the increasing need for additional paramedics by area residents. These positions will help staff two additional ambulances and two paramedic response units, with the paramedic response units containing an ACP who will arrive at an emergency situation prior to an ambulance to begin providing life-saving care immediately.

- Enhancing the Patient Booking System to include lab services, allowing Saskatchewan residents to book appointments online for blood/urine collection, electroencephalograms and glucose tolerance tests in addition to appointments for COVID-19 and influenza vaccinations. Online appointments can be booked in Moose Jaw, North Battleford, Prince Albert and Swift Current, with additional lab locations across the province to be introduced in a phased approach. As of March 2023, a total of 1,155,641 lab and vaccine appointments have been booked through the system.
- Partnering with the Saskatchewan Cancer Agency in February 2023 to launch a revolutionary Chimeric Antigen Receptor T-Cell therapy to treat adult cancer patients with certain blood cancers and lymphomas. Saskatchewan is one of only five provinces across Canada offering this potentially life-saving therapy, allowing patients to receive treatment within their home province with better access to follow-up visits and ongoing support from their care team.

Every team-based care initiative undertaken during the 2022-23 fiscal year was done with Saskatchewan residents in mind, working towards the goal of expanding access to safe, high-quality health care and delivering the right care, at the right time, as close to home as possible. The SHA made great strides in achieving this goal throughout the year as outlined above, and is excited to begin work on 2023-24 priorities over the course of the next year.

In 2022-23, the SHA was tasked with advancing the following key actions in support of provincial targets:

<b>Strategy</b>	Ensure hospitals, clinics and other health facilities are in place to provide reliable, safe and effective delivery of health programs and services, and continue to meet the needs of a growing province.
<b>Key Actions</b>	<ul style="list-style-type: none"> <li>• Continue to progress the following major capital projects:             <ul style="list-style-type: none"> <li>◦ Meadow Lake LTC</li> <li>◦ Meadow Lake Dialysis</li> <li>◦ Regina Urgent Care Centre (UCC)</li> <li>◦ Grenfell LTC</li> <li>◦ La Ronge LTC</li> <li>◦ Prince Albert Victoria Hospital</li> <li>◦ Weyburn General Hospital</li> <li>◦ Regina General Hospital parkade</li> </ul> </li> <li>• Continue planning activities to advance other priority capital projects:             <ul style="list-style-type: none"> <li>◦ Saskatoon UCC</li> <li>◦ Yorkton Regional Health Centre</li> <li>◦ Estevan LTC</li> <li>◦ Watson LTC</li> </ul> </li> <li>• Fund maintenance projects to address preventative health facility maintenance.</li> <li>• Implement the Administrative Information Management System (AIMS).</li> </ul>

Throughout the 2022-23 fiscal year, the SHA continued to move forward with a number of infrastructure and maintenance projects to ensure long-term care homes, hospitals, clinics and other health facilities continue to meet the needs of a growing province. Work towards the following major capital projects was accomplished in partnership with the MoH and SaskBuilds and Procurement:

- Completing construction of the NorthWest Community Lodge in Meadow Lake during the second quarter of the 2022-23 fiscal year, a \$38 million capital project, with the official grand opening held on August 25, 2022. This long-term care facility consists of six houses, each with their own living and dining spaces, and accommodates 72 residents.
- Opening the new Meadow Lake Dialysis facility to patients in March 2023, creating options closer to home for patients in northern Saskatchewan that rely on this service.

- Continuing construction of the Regina UCC, a facility that will serve as an alternative to emergency departments for non-life threatening illnesses or injuries, including mental health and addictions, diagnostics and laboratory services. Construction began in spring 2022 and reached 50 per cent completion at the beginning of February 2023. The Regina UCC is anticipated to open to the public in early 2024.
- Ongoing work towards completion of the Grenfell long-term care facility, a 33-bed facility replacing the Grenfell Pioneer Home which closed in 2018. A request for qualifications (RFQ) for a Progressive Design Build was issued in August 2022 followed by a request for proposal (RFP) in December 2022. This long-term care home will be owned and operated by the SHA and located in the northeast corner of Grenfell.
- Delivering on the commitment towards building a new long-term care facility in La Ronge, with an RFQ issued in October 2022 followed by an RFP that closed in mid-March 2023. Construction is expected to begin in the summer of 2023. Once completed, this facility will provide up to 80 new LTC beds for Saskatchewan's northern residents.
- Issuing a modified RFP in August 2022 for the Prince Albert Victoria Hospital renewal project. This project involves the construction of a new multi-level acute care tower, replacing the adult mental health space and renovating the current structure. Project completion will see a 40 per cent increase in the number of hospital beds at this facility and will offer expanded services for the residents of Prince Albert and northern Saskatchewan, allowing residents to receive care closer to home for years to come. In February 2023, the Design Early Works phase began, which involved early construction, site preparation and building a new parking lot.
  - On September 8, 2022, the Malhotra Neo-Natal Intensive Care Unit (NICU) opened within the hospital and began accepting patients on September 20, 2022. This addition increased existing NICU capacity from four to accommodate 11 medically fragile newborns, ensuring 11 families every day will no longer need to travel to Saskatoon or Regina, away from their support systems, to access the care their newborns need.

- Selecting Wright Construction Western Inc. to design and build the new Weyburn General Hospital, consisting of 25 acute care beds, 10 mental health in-patient beds transferred from Tatagwa View, an EMS garage and a heliport to support safer and more efficient patient transfers. The new hospital will be located at 275 5th Avenue Northwest with construction commencing in spring 2023 and targeted for completion in the fall of 2025.
- Furthering the Regina General Hospital parkade project. The proponent will be hired under a Design-Build-Partial Lease agreement, which means the selected team will be responsible for designing, constructing, financing, maintaining and operating the new parkade. The SHA will lease 800 stalls from the chosen proponent, a net increase of 566 stalls.

In addition to the work completed on these major capital projects, planning activities regarding other priority projects also occurred:

- In October 2022, a memorandum of understanding was signed between the Government of Saskatchewan and Ahtahkakoop Cree Developments (ACD) who will work together to identify potential site locations, assist in design and develop project costs for the Saskatoon UCC. This facility is anticipated to be built and owned by ACD and leased to the SHA who will staff and operate it. Like the Regina UCC, the Saskatoon site will serve as an alternative to emergency departments when completed, providing enhanced access for residents who require urgent care.
- The long-term care facilities to be located in Estevan and Watson are both in the early planning phase. The SHA continues to work with the MoH and SaskBuilds and Procurement to gather and analyze information to make recommendations on the future needs of these two facilities.

Additional maintenance projects were carried out during the 2022-23 fiscal year to ensure health facilities are able to continue providing reliable and safe services for the residents of Saskatchewan. The investments and work carried out in infrastructure and maintenance during the 2022-23 fiscal year support patient and staff safety and enhance service delivery, allowing Saskatchewan residents to receive care as close to their homes and support systems as possible. The SHA looks forward to continuing work towards major capital projects that will benefit the residents of this province and their families for many years to come.

AIMS is a provincial health system designed to modernize and integrate 82 individual systems previously used by the 12 former regional health authorities into a single software solution. Having one integrated software solution will assist in improving the effectiveness and efficiency of the health-care system. This project is governed by an Executive Steering Committee consisting of representatives from the MoH, the SHA, 3sHealth, Saskatchewan Cancer Agency, eHealth, Saskatchewan Association of Health Organizations (SAHO) Inc. and affiliated employers throughout the province.

AIMS was initially launched at the end of October 2022 after vigorous testing. Following its launch, the system experienced unexpected performance and usability challenges. As a result, the AIMS implementation was paused to mitigate any potential impacts to patient care and to allow for additional testing prior to a re-launch.

In the last quarter of 2022, usability improvements were identified based on staff feedback. AIMS remains a priority investment in the Saskatchewan health system. The integration of aging systems into one over-arching software solution will have far reaching benefits for employees, patients, families and the health-care system as a whole. The SHA is committed to supporting this project as it works through redevelopment, testing, training and finally, reimplementation.

# PROGRESS IN 2022-23: ADDITIONAL SHA STRATEGIC INITIATIVES

In addition to those initiatives outlined in the *Ministry of Health's 2022-23 Business Plan*, the SHA identified and made progress towards four further areas of focus during the 2022-23 fiscal year.

## Supporting and improving staff safety and well-being

Ensuring the health and well-being of health-care workers, physicians and leaders remains a priority for the SHA, especially as we recover from the pressures the pandemic placed on staff and the health-care system as a whole. Having compassion and caring for ourselves and our coworkers by effectively managing stress and fatigue is key to building individual and team resilience.

Key activities to support staff health, safety and well-being this past year included enhancing and expanding the violence prevention and mitigation program by implementing a violence risk assessment; strengthening and deploying the SHA peer-support program throughout the province; and increasing understanding and knowledge to recognize and respond to declining mental well-being by promoting the Resilience Institute app which contains the Mental Fitness for Leaders program.

## Developing and empowering effective leaders and teams

The SHA also prioritized developing and empowering effective leaders and teams throughout the 2022-23 fiscal year by increasing knowledge and understanding of LEADS in a Caring Environment (Lead self, Engage others, Achieve results, Develop coalitions, System transformation), a framework that provides a unique and comprehensive leadership development approach and is founded on the principle of caring for everyone in the health-care system, with 10 courses being delivered throughout the year.

Similarly, learning resources for managers and leaders were also implemented, with two Introduction to Coaching Skills for Leaders and two Coaching Skills for Leaders programs being held this year. Both programs will be offered again during the first quarter of 2023-24 and are currently being reviewed and improved based upon participant feedback.

Finally, a toolkit designed to contribute to joy in the workplace by providing meaningful recognition of teamwork has been developed, with plans to promote it to leaders and their teams in April 2023.

## Transitioning Extendicare's Saskatchewan operations to the SHA

Five Extendicare long-term care homes are located across Saskatchewan with three in Regina, one in Saskatoon and one in Moose Jaw. Together, these homes provide care for approximately 550 long-term care residents.

In 2021, the SHA entered into a co-management agreement with Extendicare as a result of the COVID-19 outbreaks that occurred at these care homes during the height of the pandemic. In October 2022, the SHA and Extendicare Canada Inc. reached an agreement in principle to permanently transition operations of the five Extendicare special care homes in Saskatchewan to the SHA, which became effective October 9, 2022. The transition of operations was a complex process which involved assessing assets, ensuring financial, human resource and supply chain processes were in place to support continuity of services, and welcoming almost 1,300 new staff members to the SHA. Work is ongoing to fully transition operations solely to the SHA.

During the transition, both Extendicare and the SHA remained committed to maintaining consistent, safe and high-quality resident care while minimizing impacts to residents, families and staff.

## Piloting a PPE recycling program

As a result of the COVID-19 pandemic, hospitals across the world saw an increase in the amount of personal protective equipment (PPE) being used by health-care workers, physicians, patients, families and volunteers alike. Because of this, a new pilot project ran from May until September to help keep disposable masks out of landfills in an effort to minimize the environmental impacts that resulted from the pandemic. Through this project driven by the Coordinated Accessible National Health Network, the SHA partnered with Vitacore Industries Inc. to bring the first of its kind PPE recycling program to Saskatchewan.

The recycling program was first implemented in Saskatoon City Hospital, with receptacles installed to dispose of medical masks. Once collected, the used masks were sanitized, sorted, shredded and melted down to create polypropylene pellets which were repurposed into construction materials and textiles.

# MANAGEMENT REPORT

*Healthy People, Healthy Saskatchewan*

June 1, 2023

Saskatchewan Health Authority

Report of Management

The accompanying consolidated financial statements are the responsibility of management and are approved by the Saskatchewan Health Authority Board of Directors. The consolidated financial statements have been prepared in accordance with Canadian Public Sector Accounting Standards and out of necessity include amounts based on estimates and judgements. The financial information presented in the annual report is consistent with the consolidated financial statements.

Management maintains appropriate systems of internal control, including policies and procedures, which provide reasonable assurance that the SHA's assets are safeguarded and the financial records are relevant and reliable.

The Board delegates responsibility for reviewing the consolidated financial statements and overseeing management's performance in financial reporting to the Audit, Finance and Risk Committee. The Audit, Finance and Risk Committee meets with the Board, management and the external auditors to discuss and review financial matters and recommends the consolidated financial statements to the Board for approval. The Board approves the annual report and, with the recommendation of the Audit, Finance and Risk Committee, approves the consolidated financial statements.

The appointed auditor conducts an independent audit of the consolidated financial statements. The auditor's report expresses an opinion on the fairness of the consolidated financial statements prepared by management.

# FINANCIAL OVERVIEW

*Healthy People, Healthy Saskatchewan*

The SHA used Canadian Public Sector Accounting Standards (PSAS) to prepare its financial statements for the year ended March 31, 2023. SHA financial statements are prepared on a consolidated basis and include the following legal entities:

- Health Shared Services of Saskatchewan (3sHealth)
- St. Paul's (Grey Nuns) of Saskatoon

## ANNUAL OPERATIONS

For the year ended March 31, 2023, the SHA recorded a consolidated deficit of \$10.1 million compared to a surplus of \$34.4 million (restated) in 2021-22. Included in this is a deficit of \$65.7 million from operations of the SHA, a surplus of \$53.6 million from capital accounts, and nominal amounts from 3sHealth and community trust accounts.

## ACCUMULATED SURPLUS

The accumulated surplus includes the operating, capital and community trust funds and is an accumulation of all financial results of the current and prior years. The accumulated surplus as at March 31, 2023 was \$1.47 billion, compared to \$1.48 billion (restated) as at March 31, 2022. This includes designated assets, which are assets that have been formally designated by the authority to indicate the authority's intention to use those assets for a specific purpose. The SHA Board of Directors continues to formally designate MoH and Alberta Health Services (AHS) capital funding, unspent donations and Saskatchewan Housing Corporation (SHC) reserves. Designated assets totalled \$136.1 million as at March 31, 2023, compared to \$96.4 million as at March 31, 2022.

## SHA CONSOLIDATED REVENUE COMPARISON TO THE BUDGET AND PRIOR YEAR

Revenue (in thousands of dollars)	Budget 2023	Actual 2023	Variance Over(Under)	Actual 2022	Increase (Decrease)	% of Total Revenue 2023
Ministry of Health	\$ 4,418,841	\$ 4,573,098	\$ 154,257	\$ 4,563,002	\$ 10,096	91.3%
Other Government	86,003	94,600	8,597	96,722	(2,122)	1.9%
Patient & Client Fees	117,165	133,627	16,462	121,799	11,828	2.7%
Out of Province (Reciprocal) & Out of Country	38,875	31,316	(7,559)	28,968	2,348	0.6%
Donations	10,896	45,547	34,651	73,191	(27,644)	0.9%
Ancillary	27,117	25,333	(1,784)	23,452	1,881	0.5%
Recoveries	45,162	75,772	30,610	87,346	(11,574)	1.5%
Other	17,996	31,384	13,388	22,881	8,503	0.6%
<b>Total Revenues</b>	<b>\$ 4,762,055</b>	<b>\$ 5,010,677</b>	<b>\$ 248,622</b>	<b>\$ 5,017,361</b>	<b>\$ (6,684)</b>	

During the 2022-23 fiscal year, revenue totalling \$5.01 billion was recorded, a decrease of \$6.7 million or 0.1 per cent over 2021-22, and \$248.6 million or 5.2 per cent higher than budget. The overall distribution of revenues remained consistent with the prior year. The MoH transfers accounted for 91.3 per cent of SHA total revenues in 2022-23 (90.9 per cent - 2021-22). MoH unbudgeted revenue includes one-time grant funding for operating pressures of \$95.8 million (\$139.0 million in 2021-22) and \$19.3 million (\$245.4 million in 2021-22) for COVID-19 funding. In total, MoH COVID-19 operating funding was \$114.3 million in 2022-23 compared to \$335.4 million in 2021-22 (\$334.8 million operating and \$0.6 million capital).

Patient fees including reciprocal billings were 3.3 per cent of total revenue in 2022-23, which is comparable to prior year. Donation revenue decreased from 1.5 per cent to 0.9 per cent as the SHA recognized less donated PPE, equipment and other supplies from the federal government, as well as rapid antigen test kits and analyzers from the MoH.

## EXPENSES

During the 2022-23 fiscal year, expenses of \$5.02 billion were incurred by the SHA, an increase of \$37.9 million or 0.8 per cent over 2021-22 and \$263.9 million or 5.5 per cent higher than the budget. Population growth, changing demographics and health status continues to impact the demands for health-care services. As part of the Surgical Initiative, the SHA increased surgical volumes to reduce the waitlists for surgeries. The SHA continued to experience significant inflationary pressures in 2022-23. As well, the COVID-19 pandemic had a lingering effect in 2022-23 and continued to cause system pressures within the SHA. These factors drove increased demand and costs across the health-care system. The SHA worked closely with the MoH to ensure planning met the current and future demands.

## SHA CONSOLIDATED EXPENDITURES BY FUNCTION COMPARISON TO THE BUDGET AND PRIOR YEAR

Expense by Function (in thousands of dollars)	Budget 2023	Actual 2023	Variance Over(Under)	Actual 2022 Restated	Increase (Decrease)	% of Total Expense 2023
Inpatient & Resident Services	\$ 1,811,598	\$ 1,949,508	\$ 137,910	\$ 1,895,062	\$ 54,446	38.9%
Ambulatory Care Services	341,061	377,852	36,791	345,506	32,346	7.5%
Diagnostic & Therapeutic Services	662,367	647,960	(14,407)	640,110	7,850	12.9%
Community Health Services	797,700	844,324	46,624	918,849	(74,525)	16.8%
Support Services	1,122,900	1,179,780	56,880	1,162,638	17,142	23.5%
Ancillary	21,280	21,401	121	20,785	616	0.4%
<b>Total Expense by Function</b>	<b>\$ 4,756,906</b>	<b>\$ 5,020,825</b>	<b>\$ 263,919</b>	<b>\$ 4,982,950</b>	<b>\$ 37,875</b>	

Expenses by function are highlighted in the table above and the percentage of total expenses are comparable to prior year.

The majority of expenses, which were higher than budget, were a result of increased demand for services and surgical volumes as the SHA returned to pre-COVID-19 service levels. Inpatient and Resident Services were higher than budget and prior year due to higher volumes and expenses including salaries and benefits, contracted resources, medical, surgical, lab, diagnostic and prosthetic supplies. Community Health Services were higher than budget and lower than prior year, as expenditures for COVID-19 immunization clinics and contact tracing services decreased from prior year but continued to exceed levels anticipated in the budget. Ambulatory Care Services were higher than both budget and actual due to increased demand in Emergency, Hemodialysis and other ambulatory areas.

## SHA CONSOLIDATED EXPENDITURES BY OBJECT COMPARISON TO THE BUDGET AND PRIOR YEAR

Expense by Object (in thousands of dollars)	Budget 2023	Actual 2023	Variance Over(Under)	Actual 2022 Restated	Increase (Decrease)	% of Total Expense 2023
Amortization	\$ 136,033	\$ 149,046	\$ 13,013	\$ 143,087	\$ 5,959	3.0%
Contracted-out Services	145,732	200,068	54,336	181,102	18,966	4.0%
Drugs	72,787	80,064	7,277	89,813	(9,749)	1.6%
Grants	363,010	360,071	(2,939)	373,599	(13,528)	7.2%
Property Services	166,336	196,020	29,684	195,106	914	3.9%
Salaries & Benefits	2,949,598	3,010,185	60,587	2,967,796	42,389	60.0%
Physician Compensation	487,179	479,150	(8,029)	486,158	(7,008)	9.5%
Support Services	52,537	61,580	9,043	53,765	7,815	1.2%
Other	132,227	178,812	46,585	188,526	(9,714)	3.6%
Medical, Surgical, Lab, Diag & Prosthetics Supplies	251,467	305,829	54,362	303,998	1,831	6.0%
<b>Total Expenses</b>	<b>\$ 4,756,906</b>	<b>\$ 5,020,825</b>	<b>\$ 263,919</b>	<b>\$ 4,982,950</b>	<b>\$ 37,875</b>	

The distribution of expenses by object remained consistent with the prior year (as per above). Salaries and benefits expense is the largest cost for the SHA and expenditures were over budget and higher than prior year due to ongoing pressures in the health system, surgical volumes, higher sick time and over-time. The SHA made progress on the Health Human Resource Plan as new positions were added. Contracted-out-Services were over budget and higher than prior year due to increased contracted resources to address vacancies in nursing and other classifications.

Non-compensation operating expenses such as physician compensation, drugs and grants decreased compared to 2021-22 as the COVID-19 response stabilized. Inflationary pressures in areas such as food, drugs and fuel resulted in higher than usual expenses for which the SHA received in-year funding from the MoH to manage.

In 2022-23, the SHA purchased operations of five long-term care homes in Saskatchewan from Extendicare Canada Inc. (ECI) for an aggregate purchase price of \$13.1 million. ECI received \$10.0 million for the net transfer of capital assets, accounts receivable, accrued liabilities and transaction costs. Due to the in-year transition, variances from budget were over budget in categories such as salaries and benefits and other non-compensation expenses such as Grants were under budget. Further information related to the acquisition of ECI is disclosed in Note 19 of the March 31, 2023 audited consolidated financial statements.

During the year ended March 31, 2023, the SHA provided funding of \$89.4 million (\$105.9 million in 2021-22) to prescribed health-care organizations (HCOs) and \$237.9 million (\$246.9 million in 2021-22) to affiliates. Grants to prescribed HCOs decreased as per above due to the purchase of five ECI facilities that previously received grants from the SHA. Additional information can be found in Appendix D of the annual report on prescribed HCOs and affiliates.

## CAPITAL

Capital investment for 2022-23 totaled \$162.5 million compared to \$169.5 million (restated) in 2021-22. The majority of funding was provided by the MoH with the remainder of the SHA's funding provided by various sources such as foundations, donations and community trust contributions. Infrastructure acquisition highlights include multiple facility upgrades and renovations including but not limited to roofing, heating and ventilation, nurse call systems and fire safety. Equipment replacements occurred in the areas of diagnostic imaging, surgical, patient monitoring, patient care and progress on AIMS. Major capital facility projects managed by SaskBuilds and Procurement included planning, design and delivery at various stages of the following facilities: Prince Albert Victoria Hospital, Regina Urgent Care Centre, Weyburn Hospital, Grenfell Long-term Care, La Ronge Long-term Care and many others. Amortization expense was \$149.0 million compared to \$143.1 million (restated) in 2021-22.

Effective April 1, 2022, the SHA adopted Public Sector Accounting Standard PS 3280, which provided new requirements for the accounting of asset retirement obligations (ARO). AROs are legal obligations associated with the retirement of a property, such as asbestos remediation or fuel storage tank decommissioning and costs to cover make good causes in operating leases. The SHA applied PS 3280 by using the modified retrospective method which resulted in SHA recognizing a liability of \$81.5 million as of April 1, 2022, (2021 restated - \$74.4 million), and an increase to capital asset cost for estimated asbestos removal and fuel tank decommissioning costs for certain SHA-owned properties. Opening Unrestricted Net Debt was adjusted by \$74.4 million on April 1, 2021, because of the impact of the recognition of the asset retirement costs and the accompanying accumulated amortization expense. Further information related to ARO and the change in accounting policy are disclosed in Note 21 and 22 of the March 31, 2023 audited consolidated financial statements.

## DEBT

The SHA's debt of \$52.3 million (2022 - \$61.3 million) is composed of banker's acceptances, mortgages, energy performance contract loans and debentures. The SHA saw a sizeable reduction in outstanding debt, as there were a number of mortgages that came due and were paid out. Further information related to the SHA's debt is disclosed in Note 8 of the March 31, 2023 audited consolidated financial statements.

In addition, the SHA has approved consolidated operating lines of credit totaling \$63.2 million as of March 31, 2023.

## OTHER

The SHA is responsible for managing various community trust funds totalling \$4.6 million at March 31, 2023 (2022 - \$4.9 million). The community trust funds are restricted funds that reflect community generated assets transferred to the SHA in accordance with the pre-amalgamation agreements signed with the amalgamating health corporations in May 1993. Under the terms of the pre-amalgamation agreements, the assets are accounted for separately and use of the assets is subject to restrictions. Information regarding these funds can be found in Note 11 of the March 31, 2023 audited consolidated financial statements.

CONSOLIDATED FINANCIAL  
STATEMENTS OF

# SASKATCHEWAN HEALTH AUTHORITY

YEAR ENDED MARCH 31, 2023

## INDEPENDENT AUDITOR'S REPORT

To: The Members of the Legislative Assembly of Saskatchewan

### Opinion

We have audited the consolidated financial statements of the Saskatchewan Health Authority, which comprise the consolidated statement of financial position as at March 31, 2023, and the consolidated statements of operations, remeasurement gains and losses, change in net debt and cash flow for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the financial position of the Saskatchewan Health Authority as at March 31, 2023, and the consolidated results of its operations, remeasurement gains and losses, changes in net debt, and its cash flows for the year then ended in accordance with Canadian public sector accounting standards.

### Basis for Opinion

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Consolidated Financial Statements* section of our report. We are independent of the Saskatchewan Health Authority in accordance with the ethical requirements that are relevant to our audit of the financial statements in Canada, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with Canadian public sector accounting standards for Treasury Board's approval, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Saskatchewan Health Authority's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Saskatchewan Health Authority or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Saskatchewan Health Authority's financial reporting process.

### Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Saskatchewan Health Authority's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Saskatchewan Health Authority's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Saskatchewan Health Authority to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control identified during the audit.

## 1. Legislative Authority

During 2017-18, the Saskatchewan Health Authority (SHA) was established pursuant to *The Provincial Health Authority Act* (the Act). The SHA is a not-for-profit organization and is not subject to income taxes and property taxes on certain properties, from the federal, provincial and municipal levels of government. The SHA is a registered charity under *The Income Tax Act* (Canada).

## 2. Significant Accounting Policies

These consolidated financial statements have been prepared in accordance with Canadian public sector accounting standards, issued by the Public Sector Accounting Board and published by Chartered Professional Accountants of Canada.

### a) SHA reporting entity

The SHA's reporting entity includes the following organizations that are controlled by the SHA. These entities are consolidated after necessary adjustments to a basis consistent with the accounting policies of the SHA. The transactions and inter-entity balances between SHA and the following entities have been eliminated on consolidation:

- i) Health Shared Services Saskatchewan (3sHealth)
- ii) St. Paul's (Grey Nuns) of Saskatoon (St. Paul's)

### b) Revenue recognition

Revenue is recognized in the period in which the transaction or events that give rise to the revenue as described below occur. All revenue is recorded on an accrual basis, except when the accrual cannot be determined with a reasonable degree of certainty.

#### i) Government transfers

Transfers from Ministry of Health (MoH), other Government of Saskatchewan ministries and agencies and other government entities are referred to as government transfers.

Government transfers are recognized as revenue in the period during which the transfer is authorized and eligibility criteria are met, except when and to the extent that transfer stipulations give rise to an obligation which meets the definition of a liability. Transfers meeting the definition of a liability are recognized as revenue as the liability is settled.

#### ii) Fees and charges, ancillary operations and other income

Fees and charges, ancillary operations, and other income are recognized in the period that goods are delivered or services are provided. Amounts received for goods or services that have not been provided by year-end are recorded as deferred revenue.

# SASKATCHEWAN HEALTH AUTHORITY

Notes to the Consolidated Financial Statements

Year ended March 31, 2023  
(in thousands of dollars)

---

## 2. Significant Accounting Policies (continued)

### b) Revenue recognition (continued)

#### iii) Donations, fundraising and non-government contributions

Donations, fundraising and non-government contributions are received from individuals, corporations, and other not-for-profit organizations. These contributions may be unrestricted or externally restricted.

Unrestricted contributions are recognized as revenue when received. Contributions with external restrictions are recorded as deferred revenue and are recognized as revenue when used for the specified purpose as outlined in Note 11.

In-kind donations of assets and materials from non-related parties are recorded as revenue at fair value at the date of contribution if a reasonable estimate can be made.

#### iv) Investment income

Investment income includes dividend income, interest income and realized gains or losses on the sale of investments. Unrealized gains and losses are recognized in the consolidated statement of remeasurement gains and losses until the related investments are sold. Once realized, these gains or losses are recognized in the consolidated statement of operations.

### c) Cash

Cash is comprised of cash on hand and balances with financial institutions.

### d) Non-financial assets

Non-financial assets are assets held for consumption in the provision of services. These assets do not normally provide resources to discharge the liabilities of the SHA unless they are sold.

# SASKATCHEWAN HEALTH AUTHORITY

Notes to the Consolidated Financial Statements

Year ended March 31, 2023  
(in thousands of dollars)

---

## 2. Significant Accounting Policies (continued)

### d) Non-financial assets (continued)

#### i) Tangible capital assets

Tangible capital assets are recorded at cost, while normal maintenance and repairs are expensed as incurred. Donated tangible capital assets are recorded at their fair value at the date of contribution (if fair value can be reasonably determined). During construction, these assets are recorded based on their percentage of completion and are disclosed as construction in progress. Amortization commences when the asset is put in service. Tangible capital assets procured through public private partnerships are valued at the total of the nominal value of progress payments made during or on completion of construction and the present value of the future capital payments, discounted to the date the asset is available for use, using the Government's borrowing rate for long-term debt at the time the agreement is signed.

Tangible capital assets, with a useful life exceeding one year, are amortized primarily on a straight-line basis over their estimated useful lives as follows:

---

Land improvements	2.5% to 33.3%
Leasehold improvements	4.0 to 50%
Building & improvements	2.0 to 20%
Equipment	2.5 to 50%

---

#### ii) Inventory held for consumption

Inventory consists of general stores, medical and surgical, pharmacy, and other inventory held for consumption. They are expensed as they are consumed. All inventories are held at the lower of net realizable value or cost as determined on a weighted average basis. Donated materials held in inventory are valued at fair value at the date of contribution if a reasonable estimate can be made.

#### iii) Prepaid expenses

Prepaid expenses are prepaid amounts for goods or services that will provide economic benefits in one or more future periods.

## 2. Significant Accounting Policies (continued)

### e) Employee future benefits

#### i) Pension plans

Pension liabilities are calculated using the values as provided by the pension plan in the plan's audited financial statements, and for multi-employer plans the percentage of the SHA employees who are active plan members, as outlined in Note 14. Changes in the pension liabilities that result from adjustments in estimated gains and losses and changes in actuarial assumptions are amortized on a straight-line basis over the expected average remaining service life of the related employee group. Amortization commences in the year following the determination of the adjustment. Losses resulting from plan amendments are recognized in the period of the plan amendment.

#### ii) Disability income plans

Employees of the SHA participate in several disability income plans to provide wage-loss insurance due to disability. The SHA follows post-employment benefits accounting for its participation in the plans. Accordingly, the SHA expenses all contributions it is required to make in the year.

#### iii) Accumulated sick leave benefit liability

The SHA provides sick leave benefits for employees that accumulate but do not vest. The SHA recognizes a liability and an expense for sick leave in the period in which employees render services in return for the benefits. The liability and expense is developed using an actuarial cost method. Actuarial gains and losses are amortized on a straight-line basis over the expected average remaining service life of the related employee groups.

### f) Obligation under long-term financing arrangement

The Meadows in Swift Current opened in May of 2016 with a Public Private Partnership (P3) agreement that extends to April 2046. The SHA amortizes the cost of the completed project over its useful life, expenses the annual interest, and settles the long-term liability to the private sector partner over the term of the agreement. In addition, life cycle, operations, and maintenance obligations are expensed as paid. Obligations under long-term financing arrangement are disclosed in Note 10.

The long-term receivable from the MoH is collected over the term of the funding agreement.

## 2. Significant Accounting Policies (continued)

### g) Asset retirement obligation (ARO)

The SHA recognizes a liability for the following estimated future expenses:

- i) Removal of asbestos in several buildings owned by the SHA
- ii) Make good clauses of leased space
- iii) Decommissioning of fuel storage tanks

Under the modified retroactive approach, the assumptions used on initial recognition are those as of the date of adoption of the standard. The estimated ARO is recorded as a liability with a corresponding increase to the related asset. The amount capitalized is depreciated on the same basis as the underlying asset. The liability amount is reviewed yearly and may be adjusted for revisions to the estimated cost of the liability, and the increase is recognized in the respective tangible capital asset. The SHA does not utilize discounting in the measurement of AROs. The uncertainty regarding the timing and ultimate amount to settle an ARO makes it unlikely that discounting would significantly improve the measurement of AROs. Note 22 outlines the details of the ARO.

### h) Measurement uncertainty

In the preparation of the consolidated financial statements, management makes various estimates and assumptions in determining the reported amounts of assets and liabilities, revenues and expenses and in the disclosure of contingencies and contractual rights and obligations. Changes in estimates and assumptions will occur based on the passage of time and the occurrence of certain future events. The changes will be reported in revenues or expenses in the period in which they become known. Significant items subject to such estimates and assumptions include the estimated accumulated sick leave liability, other employee future benefits, inventory, donated salaries, asset retirement obligations, and estimates of the useful lives of tangible capital assets.

### i) Financial instruments

The SHA has classified its financial instruments into one of the following categories: i) fair value or ii) cost or amortized cost.

All financial instruments are measured at fair value upon initial recognition. The fair value of a financial instrument is the amount at which the financial instrument could be exchanged in an arm's-length transaction between knowledgeable and willing parties under no compulsion to act.

# SASKATCHEWAN HEALTH AUTHORITY

Notes to the Consolidated Financial Statements

Year ended March 31, 2023

---

## 2. Significant Accounting Policies (continued)

### i) Financial instruments (continued)

Freestanding derivative instruments continue to be measured at fair value. Gains and losses are recognized in the consolidated statement of remeasurement gains and losses until the instruments are derecognized.

The following financial instruments are subsequently measured at cost or amortized cost:

- i) Accounts receivable
- ii) Investments
- iii) Accounts payable and accrued liabilities
- iv) Debt

All financial assets are assessed for impairment on an annual basis. When a decline is determined to be other than temporary, the amount of the loss is reported in the consolidated statement of operations.

Related debt premium or discount and transaction costs are included in the carrying value of financial instruments recorded at cost or amortized cost and are amortized into interest expense using the effective interest rate method.

### j) Leases

Leases that transfer substantially all of the benefits and risks of ownership related to the leased property from the lessor to the SHA are accounted for as a capital lease. Other leases are accounted for as operating leases with contractual obligations disclosed in Note 6b).

## 2. Significant Accounting Policies (continued)

### k) New accounting standards in effect

A number of new Canadian public sector accounting standards and amendments to standards are not yet effective for governments and have not been applied in preparing these consolidated financial statements. The following standards will come into effect as follows:

- i) PS 3400 Revenue (effective April 1, 2023) a new standard establishing guidance on the recognition, measurement, presentation and disclosure of revenue.
- ii) PS 3160 Public Private Partnerships (effective April 1, 2023) a new standard establishing guidance on the recognition, measurement, presentation and disclosure of infrastructure procured through certain types of P3 arrangements.
- iii) PSG-8 Purchased Intangibles (effective April 1, 2023) a new guideline permitting recognition of intangible assets that are acquired through an arm's length exchange transaction between willing parties.
- iv) Conceptual Framework (effective April 1, 2026) replaces Financial Statement Concepts, Section PS 1000, and Financial Statement Objectives, Section PS 1100, which will be withdrawn.

The SHA plans to adopt these new standards on the effective date and is currently analyzing the impact this will have on its financial statements.

### 4. Accumulated Surplus

Accumulated surplus is comprised of the following:

	March 31, 2022	Additions during the year	Reductions during the year	March 31, 2023
	restated (Note 21)			
<b>Invested in Tangible Capital Assets:</b>				
Net book value of tangible capital assets	\$ 1,816,403	\$ 162,546	\$ 149,186	\$ 1,829,763
Less: Debt owing on tangible capital assets	(69,976)	(1,583)	(12,822)	(58,737)

	\$ 1,481,695	\$ 362,781	\$ 372,092	\$ 1,472,384

The purpose and nature of each category above is as follows:

- Government transfers for tangible capital asset expenditures represents the amount restricted by the board to allow for the renewal and replacement of equipment, buildings, and building service equipment.
- Donations represents the portion of accumulated surplus in relation to funds received as donations in the name of specific facilities or programs, however not with external restrictions attached.
- Canadian Mortgage and Housing Corporation (CMHC) Reserves represents the portion of accumulated surplus the SHA is required to maintain for certain replacement reserves as a condition of receiving subsidy assistance from CMHC.

### 5. Contractual Rights

SHA has the following contractual rights:

a) Rental revenue

Rental revenue of \$1.1 million (2022 - \$1.8 million) from contracts for retail space, non-profit activity or office space. Contract expiry terms range from June 30, 2023 to November 30, 2031.

b) Saskatchewan Housing Corporation (SHC) mortgage subsidy

SHC mortgage subsidy of \$2.8 million (2022 - \$3.5 million) for supportive care homes financed by CMHC. Contract expiry terms range from December 1, 2023 to February 1, 2030.

c) Ministry of Health grant

The SHA had a capital and operating project agreement with the Ministry of Health expiring March 31, 2023. This agreement outlines the SHA's requirement to undertake the implementation of the provincial health system's administrative information management system (AIMS) on behalf of the health system as a whole, and the Ministry's provincial assistance to assist the SHA in financing the cost of the project. The SHA has received all funding expected under this project agreement (2022 - \$10.7 million).

The SHA has contractual rights for the next five years and thereafter as outlined in the table below:

	Rental Revenue	SHC Subsidy	Ministry of Health Grant	Total 2023	Total 2022
2023	\$ -	\$ -	\$ -	\$ -	\$ 12,455

### 6. Contractual Obligations

#### a) Capital assets acquisitions

At March 31, 2023, contractual obligations for the acquisition and construction of tangible capital assets over the next five years and thereafter are as follows:

	Total 2023	Total 2022
2023	\$ -	restated \$ 45,858
2024	148,325	1,582

### 6. Contractual Obligations (continued)

#### c) Contracted Health Care Organizations (HCOs)

The SHA has agreements with and provides annual grant funding to HCOs for the delivery of health care services. Certain of these contracts have provisions for continuation of services and/or purchase of facilities in the event of termination. Services provided in the year ended March 31, 2023 will continue to be contracted for the following fiscal year. Minimum annual payments to HCOs over the next five years and thereafter are as follows:

---

	Total 2023	Total 2022
2023	\$ -	\$ 69,480
2024	80,301	60,560
2025	66,460	55,378
2026	60,704	51,457
2027	60,704	51,551
2028 and subsequent	60,663	-

---

#### d) Obligations under long-term financing arrangement

The SHA has contractual obligations in the form of a P3 agreement. Refer to Note 10 for this information.

### 7. Contingencies

The SHA, along with others, is a defendant to several claims, which have been brought against it over the years because of its operations. The SHA believes these claims are without merit or are covered by insurance in most cases. The SHA records a liability when the assessment of a claim indicates that a future event is likely to confirm that an asset had been impaired or a liability incurred at the date of the financial statements and the amount of the contingent loss can be reasonably estimated. Other settlements, if any, below the deductible or in excess of insurance coverage, would be accounted for as a charge against operations in the period in which settlements arise.

### 8. Debt (continued)

#### a) Banker's acceptances

The SHA has reduced its exposure to interest rate fluctuations by entering into interest rate swaps on some of the banker's acceptances. As at March 31, 2023, the SHA had revolving credit facilities as per the table below:

Revolving Credit Facilities	2023		2022	
	Borrowing Limits	Balance Outstanding	Borrowing Limits	Balance Outstanding
<b>Banker's acceptances</b>				
1984 Royal University Hospital Parkade Structure	\$ 15,500	\$ 14,425	\$ 15,500	\$ 15,400
Interest Rate Swaps:				
JPCH Early Works Project	18,963	18,963	20,219	20,219
Energy Performance Contracts	12,119	12,119	13,619	13,619
accumulated remeasurement gains	-	(1,392)	-	(555)
	<b>\$ 46,582</b>	<b>\$ 44,115</b>	<b>\$ 49,338</b>	<b>\$ 48,683</b>

The banker's acceptances are not secured. Interest paid on the banker's acceptances during the year was \$1.6 million (2022 - \$1.1 million).

The fair value of the interest rate swaps are recorded on the consolidated statement of financial position with changes in the fair value reflected in the consolidated statement of remeasurement gains and losses. For the year ended March 31, 2023 the market value gain on the interest rate swap was \$837 (2022 – gain of \$2.0 million).

#### b) CMHC mortgages

SHC may provide a mortgage subsidy for supportive care homes financed by CMHC. The subsidy may change when the mortgage renewal occurs. For each of the mortgages, the SHA has pledged the related buildings of the special care homes as security, which have a net book value of \$17.3 million (2022 - \$47.1 million). Interest paid on mortgages during the year was \$103 (2022 - \$146). The average term to maturity is 3.4 years (2022 – 3.8 years).

#### c) Energy performance contract loans

Energy performance contracting is a unique program that allows the SHA to implement facility improvements, reduce energy costs, and improve health and comfort conditions. The projects are expected to provide utility cost savings that will pay for the cost and financing of the projects within an established period. Interest paid on the energy performance contract loans during the year was \$243 (2022 - \$250), and they are not secured. The average term to maturity is 2.8 years (2022 – 3.5 years).

## 8. Debt (continued)

### d) Other mortgages

Other mortgages include all non-CMHC mortgages, for which the SHA has no assets pledged as security (2022 - \$6.6 million). Interest paid on other mortgages during the year was \$88 (2022 - \$103). The average term to maturity is 1.9 years (2022 – 1.1 years).

### e) Debentures payable

The SHA owns and operates several accommodation units occupied by “unit holders.” In consideration for a life interest in a “right of use” of the accommodation unit, the unit holder contributes a lump sum deposit. In accordance with the debenture agreement, in the event of the death of the unit holder or termination of the occupant agreement by either party, the SHA is obligated to repay the unit holder or their representative the lesser of:

- i) The original sum; or
- ii) The fair market value of the holders’ right of use.

The debenture payable represents the accumulated amount of deposits received from the market unit holders. These debentures are non-interest bearing with no fixed terms of repayment. The specific land and buildings to which the debentures relate have been pledged as collateral.

### 9. Capital Lease Payable

As at March 31, 2023, the SHA has access to \$20 million (2022 - \$20 million) by way of a revolving lease line of credit.

Title of Issue	Interest Rate	2023	2022
Capital leases for equipment	0.00% to 13.93%	\$ 6,481	\$ 8,637

Interest paid on the above capital leases during the year was \$230 (2022 - \$245). The average term to maturity for the above leases is 2.4 years (2022 - 2.8 years). Principal repayments required in each of the next five years and thereafter are estimated as follows:

2024	\$ 3,183
2025	1,936
2026	995
2027	299
2028	68
2029 and subsequent	-

Closing net book value of leased tangible capital assets is as follows:

	Cost	Accumulated Amortization	Net Book Value	
			2023	2022
Equipment	\$ 18,129	\$ 12,105	\$ 6,024	\$ 9,000

Assets under capital lease are included in tangible capital assets in Note 3. The assets are amortized on a straight-line basis over the economic life beginning in the year of acquisition. The amortization expense for the year is \$4.4 million (2022 - \$3.0 million).

### 10. Obligations Under Long-term Financing Arrangement

In September 2014, the SHA entered into a P3 arrangement with Plenary Health Swift Current Limited Partnership for the design, build, finance, and maintenance of The Meadows in Swift Current (a long-term care facility). This P3 obligation is calculated using a discount rate of 3.50% that extends to April 2046.

The change in the obligation was as follows:

	Total 2023	Total 2022
Obligation, beginning of year	\$ 108,419	\$ 111,269
Payments	(2,949)	(2,850)
<b>Obligation, End of Year</b>	<b>\$ 105,470</b>	<b>\$ 108,419</b>

The SHA has the following payment schedule related to its P3 arrangement:

	Contractual Obligation			Total 2023	Total 2022
	Obligation	Life Cycle Payment	Operation & Maintenance Payments		
2023	\$ -	\$ -	\$ -	\$ -	\$ 8,495

Research	2,368	1,850	1,331	1,849
	\$ 15,942	\$ 9,232	\$ 3,408	\$ 10,118

The purpose and nature of each deferred category is as follows:

- a) **Community trusts** – The community trust fund is a restricted fund that reflects community generated assets transferred to the SHA in accordance with the pre-amalgamation agreements signed with the amalgamating health corporations in May 1993. Under the terms of the pre-amalgamation agreements, the assets are accounted for separately and use of the assets is subject to restrictions.
- b) **Donations** – Funds received from individuals, corporations and other not-for-profit organizations that are in the name of specific facilities or programs, with external restrictions as to how they are spent.
- c) **Endowments** – Grants that must be maintained in perpetuity. Funds are recognized only when used for the purpose or purposes specified.
- d) **Government of Saskatchewan** – Government transfers from the MoH with stipulations that give rise to an obligation which meets the definition of a liability.
- e) **Other** – Unexpended revenue with stipulations or external restrictions for the use of funds.
- f) **Research** – Funds received for which the contributor has placed restrictions on the use of the resources, for the purpose of research. Revenue for research is recognized as expenses are incurred as the research project progresses.

### 13. Trusts Under Administration

#### a) Patient and resident trust accounts

The SHA administers funds held in trust for patients and residents using the SHA's facilities. The funds are held in separate accounts for the patients or residents at each facility. The total cash held in trust as at March 31, 2023 was \$4.5 million (2022 - \$3.8 million). These amounts are not reflected in the consolidated financial statements.

#### b) Employee benefit plans transactions and assets

Included in these consolidated financial statements are expenses of \$14.5 million (restated 2022 – \$14.1 million) relating to the operation of the employee benefit plans (EBP's). Accounts receivable includes \$2.5 million (2022 – \$1.5 million) due from EBP's while accounts payable is \$37.9 (2022 – \$nil) related to expenses for the EBP's. The fair value of total assets and surplus net assets of the EBP's under 3sHealth's administration at December 31 are:

## 14. Employee Future Benefits

### a) Pension plans

Employees of the SHA participate in one of the following pension plans:

#### i) Multi employer joint defined benefit plan

Joint defined benefit plans are governed by a formal agreement between the joint sponsors, which establishes that the joint sponsors have shared control over the plan. Funding contributions are shared mutually between the employer and plan members. The sponsors share, on an equitable basis, the significant risks of the plan. Accordingly, the SHA accounts for only its portion of the plan. Plan assets and surpluses are restricted for member benefits or certain other purposes as set out in the agreement. Plan benefits are determined on the same basis as defined benefit plans.

The accrued benefit obligation is determined using the projected accrued benefit actuarial cost method. Pension fund assets are valued at market-related values by averaging the difference between the net investment income on a market-value basis and the expected investment income, based on expected rate of return on plan assets, over a five year period.

The SHA sponsors one joint defined benefit pension plan, Saskatchewan Healthcare Employees' Pension Plan (SHEPP). The SHA contributes to the plan at a ratio of 1.12 to 1 of employee contributions. Any actuarially determined deficiency is the responsibility of participating employers and employees in the ratio of 1.12 to 1. SHEPP and their governing body determine contribution rates. The SHA participating employer contributions for SHEPP represents approximately 90.53% of the total employer contributions to the plan.

<sup>1</sup> The plan assets had an actual rate of return of -3.7% (2022 - 9.9%).

<sup>2</sup> The market value of Plan investments at December 31, 2022 (the basis for our 2023 disclosure) is \$9.28 billion (2021 - \$9.72 billion); as at March 31, 2023 the market value is \$9.66 billion for plan assets of \$9.72 billion.

<sup>3</sup> Unamortized estimation adjustments are amortized to pension expense commencing in the year following the adjustment up to 13.0 years.

<sup>4</sup> The total pension liabilities (assets) is based on the latest actuarial valuation extrapolated to December 31, 2022. Changes in assumptions can result in significantly higher or lower estimates of pension liability. The pension liability would increase by \$1.05 billion or would decrease by \$852 million if the discount rate was decreased or increased by one percentage point respectively.

<sup>5</sup> The SHA has not recorded any portion of the SHEPP pension asset as plan assets and surpluses are restricted for future member benefits.

#### ii) Defined contribution plan and other plans

SHA participates in several multi employer defined benefit pension plans including Regina Civic Employees' Superannuation and Benefit Plan (RCESP), Local Authorities Pension Plan (LAPP), and one defined contribution plan, Public Employees' Pension Plan (PEPP). The SHA follows defined contribution plan accounting for its participation in the plans. The SHA's financial obligation to these plans is limited to making the required payments to these plans according to their applicable agreements. Accordingly, the SHA expenses all contributions it is required to make in the year. Defined contribution plans provide pensions based on accumulated contributions and investment earnings. Employees contribute a percentage of salary.

Pension expense is included in Compensation – benefits in Schedule 1 and is equal to the SHA contributions amount below.

Below is a summary of the SHA defined contribution plans:

	LAPP <sup>1</sup>	RCESP <sup>2</sup>	PEPP	Total 2023	Total 2022
Plan status	open	open	open		
Member contribution rate (% of salary) <sup>3</sup>	7.45-11.23	8.80-13.10	5.00-7.60		
SHA contribution rate (% of salary) <sup>3</sup>	8.45-12.23	9.80-14.60	5.00-7.60		
SHA participation					
Number of active members	53	1,543	173	1,769	1,879
Member contributions	\$ 248	\$ 7,657	\$ 1,034	\$ 8,939	\$ 9,477
SHA contributions	\$ 275	\$ 8,524	\$ 1,053	\$ 9,852	\$ 10,450

<sup>1</sup> Certain employees of the SHA participate in LAPP, a multi employer defined benefit plan. The plan decided to reduce the unfunded obligation through increased contribution rates to provide benefit security as at January 1, 2018 the plan was able to reduce contribution rates. At December 31, 2021 audited financial statements for LAPP reported an accrued benefit obligation of \$49.8 billion (2020 - \$48.6 billion) and pension fund assets at market value of \$61.7 billion (2020 - \$53.6 billion).

<sup>2</sup> Certain employees of the SHA participate in RCESP a multi employer defined benefit plan. The plan was amended effective January 1, 2016. Employers agreed to amortize the unfunded liability over a twenty year period. In respect to the pre-amended deficit, the employer/employee contribution rates changed from an equal cost sharing to 60:40 contribution ratio. The sharing of future deficits shall be in accordance with the new funding policy. At December 31, 2021 audited financial statements for RCESP reported an accrued benefit obligation of \$1.6 billion (2020 - \$1.6 billion) and pension fund assets at market value of \$1.8 billion (2020 - \$1.7 billion).

<sup>3</sup> Contribution rate varies based on employee group for PEPP.

### 15. Budget

The SHA board approved their 2022-2023 budget plan on May 27, 2022, while 3sHealth board approved their budget plan on March 31, 2022.

### 16. Financial Risk Management

The SHA has exposure to the following risks from its use of financial instruments: credit risk, market risk and liquidity risk.

The Board ensures that the SHA has identified its major risks and ensures that management monitors and controls them. The Board oversees the SHA's systems and practices of internal control, and ensures that these controls contribute to the assessment and mitigation of risk.

#### a) Credit risk

Credit risk is the risk that one party to a financial instrument will fail to discharge an obligation and cause the other party to incur a financial loss. The SHA is exposed to credit risk from the potential non-payment of accounts receivable. The majority of the SHA's receivables are from MoH – General Revenue Fund, Saskatchewan Workers' Compensation Board, health insurance companies or other provinces. Therefore, the credit risk on accounts receivable is minimal. The SHA is also exposed to credit risk from cash and investments.

The SHA manages its credit risk surrounding cash and investments by dealing solely with reputable banks and financial institutions, and utilizing an investment policy to guide their investment decisions. The SHA invests surplus funds to earn investment income with the objective of maintaining safety of principal and providing adequate liquidity to meet cash flow requirements.

Management reviews accounts receivable to determine if a valuation allowance is necessary to reflect impairment in collectability.

The aging of Ministry of Health and other accounts receivable as at March 31, 2023 was:

	Total	0-30 Days	30-60 Days	60-90 Days	Over 90 Days
Accounts receivable					
Ministry of Health - General Revenue Fund	\$ 100,272	\$ 10,867	\$ -	\$ -	\$ 89,405

### 16. Financial Risk Management (continued)

#### b) Market risk

Market risk is the risk that changes in market prices, such as foreign exchange rates or interest rates, will affect SHA's income or the value of its holdings of financial instruments. The objective of market risk management is to control market risk exposures within acceptable parameters while optimizing return on investment.

##### i) Foreign exchange risk

Foreign exchange risk is the risk the fair value of financial instruments denominated in a foreign currency will fluctuate because of changes in the foreign exchange rates. The SHA operates within Canada, but in the normal course of operations is party to transactions denominated in foreign currencies. The SHA believes that it is not subject to significant foreign exchange risk from its financial instruments.

##### ii) Interest rate risk

Interest rate risk is the risk the fair value of future cash flows or a financial instrument will fluctuate because of changes in the market interest rates. Financial assets and financial liabilities with variable interest rates expose the SHA to cash flow interest rate risk.

The SHA's investments consist of term deposits bearing interest at coupon rates. As at March 31, 2023, the interest rates on the investments held by the SHA bear minimal risk and therefore the overall risk to the SHA due to fluctuating interest rates is minimal. Although management monitors exposure to interest rate fluctuations, it does not employ any interest rate management policies to counteract interest rate fluctuations.

The majority of the SHA's long-term debt outstanding as at March 31, 2023 and 2022 has fixed interest rates. The SHA has entered into interest rate swaps to effectively fix the interest rates, and further reduce the interest rate risk, on certain debt. Refer to Note 8 for this information.

### 16. Financial Risk Management (continued)

#### c) Liquidity risk

Liquidity risk is the risk that an organization is not able to fulfill its financial obligations as they become due.

The SHA manages liquidity risk by continually monitoring actual and forecasted cash flows from operations and anticipated investing and financing activities. The SHA relies on grants from the MoH through the General Revenue Fund. To obtain sufficient funds, the SHA provides the Ministry with capital and operating budgets and quarterly forecasts.

As at March 31, 2023, the SHA is committed to the following liabilities, including principal and interest, based on the expected undiscounted cash flows from the reporting date to the contractual maturity date:

	Carrying amount	Due in less than 1 year	Due in 1-3 years	Due in 3-5 years	Due after 5 years
Accounts payable and accrued liabilities	\$ 567,632	\$ 567,632	\$ -	\$ -	\$ -
Debt	52,256	5,904	10,566	9,641	26,145
Capital lease payable	6,481	3,181	2,933	367	-
Obligations under long-term financing arrangement	105,470	3,052	6,426	6,880	89,112
	<u>\$ 731,839</u>	<u>\$ 579,769</u>	<u>\$ 19,925</u>	<u>\$ 16,888</u>	<u>\$ 115,257</u>

#### Fair value of interest rate swaps

The fair value of the interest rate swaps are recorded in the consolidated statement of financial position with changes in fair value reflected in the consolidated statement of re-measurement gains and losses. Accordingly, the determination of fair value requires judgment and is based on market information where available and appropriate. Fair value measurements are categorized into levels within a fair value hierarchy based on the nature of the inputs used in the valuation. The interest rate swap is determined to be Level 1, where by quoted prices are readily available from an active market, and no items have transferred between hierarchy levels 1 to 3.

At March 31, 2023 the market value gain on the interest rate swap was \$837 (2022 – gain of \$2.0 million).

#### Lines of credit

The SHA has several approved operating lines of credit totaling \$63.2 million (2022 - \$63.2 million). Interest rates vary from prime minus 0.75% to prime. Total interest paid on the lines of credit for the year ended March 31, 2023 was \$266 (2022 - \$315).

## 17. Related Parties

These consolidated financial statements include transactions with related parties. The SHA is related to all Saskatchewan Crown Agencies such as ministries, corporations, boards, and commissions under the common control of the Government of Saskatchewan, as well as its key management personnel and their close family members. Additionally, the SHA is related to organizations where they have key management personnel and/or their close family members in common. Transactions with these related parties are in the normal course of operations and are settled on normal trade terms, except for the following:

- a) The SHA administers certain vaccines (e.g., COVID-19 vaccines) owned and controlled by the Ministry of Health at no cost.
- b) The SHA received COVID-19 rapid test kits for use in operations free of charge that the Ministry of Health owns and controls.
- c) The SHA receives information technology services provided by eHealth Saskatchewan (eHealth) at lower than market cost.

## 18. Comparative Information

Certain of the comparative figures have been reclassified to conform to the financial statement presentation adopted in the current year.

## 19. Acquisition - Extencicare Canada Inc. (ECI)

An agreement has been reached between SHA and ECI to work collaboratively to transfer responsibility of long-term care services at ECI's five long-term care homes in Saskatchewan to the SHA.

### 19. Acquisition - Extendicare Canada Inc. (ECI) (continued)

On October 9, 2022, ECI transferred the responsibility of the ongoing operation of five long-term care homes including three in Regina, one in Saskatoon and one in Moose Jaw. Compensation was paid to ECI of \$10.0 million for the net transfer of capital assets, accounts receivable, accounts payable and accrued liabilities, and transaction costs. SHA incurred \$98 of net expenses related to transaction fees as set out in the transfer agreement. In addition, SHA paid \$49 in legal fees for the acquisition.

A summary of the assets acquired and liabilities assumed are as follows:

	TOTAL
<b>Fair value of assets and liabilities received at acquisition date:</b>	
Accounts receivable	\$ 477
Accounts payable and accrued liabilities	(3,055)
Tangible capital assets	12,463
	<b>\$ 9,885</b>

### 20. Restructuring

#### a) eHealth

In May 2022, an agreement has been reached between eHealth and SHA, both entities under the control of the Government of Saskatchewan, to transfer certain mutually agreed upon information technology services, assets, contracts and employees, and associated budgets, liabilities and obligations of SHA to eHealth.

The transition of services from SHA to eHealth is through a five-phased approach: (1) Staff Transfer, (2) Partnership Governance & Management, (3) Future State Business/Financial Model, (4) Service Catalogue, (5) Contracts, Assets & Expenditures. Effective September 25, 2022, a Position Transfer & Employee Transition Agreement was signed that outlines a process to transfer positions and the transition of the employees incumbent to those positions from the SHA to eHealth. The execution of the remaining phases of the transfer will continue in 2023-24.

A total of 186 SHA employees were transferred to eHealth with a sick leave balance of \$4.6 million, which is not part of the accumulated sick leave liability actuarially determined at March 31, 2023. No compensation was paid or received by the SHA for the transfer and there were no restructuring costs incurred relating to the transfer.

### 20. Restructuring (continued)

#### b) Saskatchewan Cancer Agency (SCA)

The SHA and SCA are both under the common control of the Government of Saskatchewan and are therefore related parties.

The SCA is responsible for the planning, organization, delivery, and evaluation of cancer care services throughout Saskatchewan in collaboration with SHA and other health care organizations. On April 1, 2022 the SHA assumed responsibility of the ongoing operation of mammography examination and interpretation services associated with the Breast Cancer Screening Program from the SCA.

No compensation was paid to or received for the transfer and there were no restructuring costs related to the transfer.

From the date of transfer to March 31, 2023, revenue related to the operation of mammography and exam/interpretation services includes funding of \$2.7 million from the SCA. Other community services expenses related to the operation of the program are \$1.8 million, and \$169 in amortization expense. Funding of \$300 was also received and allocated to the purchase of capital equipment.

#### c) Alberta Health Services Continuing Care Services

In 2021, an agreement was reached between Alberta Health, Alberta Health Services (AHS), Saskatchewan Ministry of Health and SHA to voluntarily terminate the Master Services Agreement – Continuing Care Services at Dr. Cooke Extended Care Centre (DCEC) and Lloydminster Continuing Care Centre (LCCC) and initiate the transition in operational responsibility from Saskatchewan Health Authority to Alberta Health Services.

On December 19, 2021, the SHA transferred the responsibility of the ongoing operation of DCEC and LCCC. The carrying amount of the assets transferred of \$92 is recorded as an expense during the year. The SHA incurred \$15 in restructuring costs related to employees completing AHS required education, and this cost was recovered from AHS as part of the transfer. The total expense recorded for restructuring is \$107.

Compensation was paid to AHS of \$36 for the net transfer of accounts receivable, accounts payable and accrued liabilities, and restructuring costs.

### 21. Impact of Changes to Accounting Policies

As described in Note 2, the SHA implemented a change to its accounting policies relating to the adoption of the new accounting standard *PS 3280 – Asset Retirement Obligations*. The impact of this change to accounting policies on the accumulated surplus, the consolidated statement of financial position, the consolidated statement of operations, and the consolidated statement of cash flow as of March 31, 2022 is presented below.

Effective April 1, 2022, the SHA adopted Public Sector Accounting Standard *PS 3280 – Asset Retirement Obligations*. This new accounting standard addresses the reporting of legal obligations associated with the retirement of certain tangible capital assets and other contractual obligations.

The effect of changes to the accounting policies on the 2022 comparative figures is as follows:

#### Summary of adjustments

### 22. Asset Retirement Obligation

The SHA's asset retirement obligation consists of the following obligations:

a) Asbestos obligation

The SHA owns and operates several buildings that are known to have asbestos, and there is a legal obligation to remediate any asbestos upon demolition or disposal of the building. Following the adoption of *PS 3280 – Asset retirement obligations*, the SHA recognized a liability relating to the removal of the asbestos in these buildings as estimated at April 1, 2022. The buildings have an estimated useful life of 25 years, of which a majority are fully amortized.

b) Make good clause obligation

The SHA has a number of operating leases where the leased properties are required to be returned to a certain condition at the end of the lease term as stipulated in the lease agreement. Following the adoption of *PS 3280 – Asset retirement obligations*, the SHA recognized a liability relating the make good clauses as estimated at April 1, 2022. The ARO relating to these leases are fully expensed as of March 31, 2023.

c) Fuel storage tank obligation

The SHA owns several fuel storage tanks for various operating purposes, and there is a legal obligation to decommission the fuel storage tanks upon retirement of the asset, in accordance with environmental standards. Following the adoption of *PS 3280 – Asset retirement obligations*, the SHA recognized a liability relating to the decommissioning of underground fuel storage tanks as estimated at April 1, 2022. The fuel storage tanks have an estimated useful life of 20 years, of which a majority are fully amortized.

Changes to the ARO in the year are as follows:

	Asbestos removal	Make good clause	Fuel storage tank decommissioning	Total 2023	Total 2022
Opening balance <sup>1</sup>	\$ 79,303	\$ 1,149	\$ 1,043	\$ 81,495	\$ -
Adjustment on adoption of the ARO (Note 21)	-	-	-	-	74,417
Adjustment on ARO due to inflation	1,983	-	-	1,983	7,078
Liabilities incurred during the year	875	-	-	875	-

## 23. Subsequent Events

On March 29, 2023, an Order in Council was approved and ordered with an effective date of April 1, 2023 on which day *The Health Shared Services Saskatchewan (3sHealth) Act* shall come into force. Due to this change, the SHA's reporting entity will no longer include 3sHealth and there will not be a requirement to consolidate 3sHealth for the fiscal year ended March 31, 2024.

# APPENDICES

## Appendix C: Union Relations

The majority of the SHA's employees belong to one of five unions. Unions provide their members with advice and support and bargain with SAHO Inc. to establish terms and conditions of employment, including wages and benefits. The SHA and unions work together to ensure high-quality, timely care for patients and to provide a safe environment free of physical, emotional or psychological harm for patients and health-care providers. Union members provide services in long-term care, home care, acute care, health-care centers, public health, mental health and community health.

The SHA's union partners are:

- The Saskatchewan Union of Nurses (SUN): SUN represents more than 11,100 SHA registered nurses, registered nurse practitioners, registered psychiatric nurses and graduates.
- The Health Sciences Association of Saskatchewan (HSAS): HSAS represents approximately 4,100 SHA employees. Roles include pharmacists, addictions counsellors, dietitians, audiologists, emergency medical services staff, epidemiologists, infection control practitioners, occupational and physical therapists, health inspectors and psychologists.
- The Canadian Union of Public Employees (CUPE), the Service Employees International Union-West (SEIU-West) and the Saskatchewan Government and General Employees Union (SGEU): CUPE, SEIU-West and SGEU represent SHA's health-care providers. They work in a variety of medical and non-medical positions. Included are environmental services, food services, continuing care aides, licensed practical nurses, cooks, medical lab and diagnostic technologists, maintenance staff, clerical workers, porters, and purchasing, health records and registration clerks.
  - CUPE represents approximately 14,700 SHA employees in the former Prairie North, Prince Albert Parkland, Regina Qu'Appelle, Sun Country and Sunrise health regions.
  - SEIU-West represents more than 12,800 SHA employees in the former Cypress, Five Hills, Heartland and Saskatoon health regions as well as staff at Meadow Lake Clinic in the former Prairie North Health Region.
  - SGEU represents approximately 1,700 SHA employees in the former Kelsey Trail, Keewatin Yatthé and Mamawetan Churchill River health regions.
