

Appointing a Proxy

PROXY WALLET CARD (This is not intended to be a proxy appointment)

The purpose of this card is to help you let your medical team or EMS know you have completed a health care directive and/or appointed a proxy, to inform them where copies are located and who has copies of them. We recommend taping the wallet card to the back of your health card to make it easier to find.

If you have not completed a health care directive and/or appointed a proxy but are interested in more information please contact the Advance Care Planning Program at:

Email: advancecareplanningprgm@saskhealthauthority.ca
