LETTER OF TRANSMITTAL

Dear Ministers Hindley and McLeod:

The Saskatchewan Health Authority (SHA) is pleased to provide you and the residents of our province with the *SHA Annual Report 2023-24*.

The annual report demonstrates our commitment to transparency and accountability. This year's report includes the approved audited financial statements for the year ending March 31, 2024.

During the 2023-24 fiscal year, the SHA focused on enhancing health care for all Saskatchewan residents by concentrating on the following areas:

- ensuring adequate health human resources;
- improving team-based care in the community;
- improving team-based care in hospitals;
- improving mental health and addictions services;
- improving cultural responsiveness; and
- investing in health-care infrastructure.

By working toward these goals, we are aligning and integrating health services to ensure people receive high-quality, timely health care, regardless of where they live in Saskatchewan. More information on these areas of focus is outlined in the *Ministry of Health's 2023-24 Business Plan*.

Our commitment to a philosophy of patient and family centred care guides our activities and is the foundation for our values as an organization: safety, accountability, respect, collaboration and compassion.

Our commitment to accountability and transparency is demonstrated through SHA Board of Director meetings held publicly every quarter; our internal communications with more than 44,000 staff, 2,746 physicians with SHA privileges and 485 resident doctors; and our public communications through the SHA website (www.saskhealthauthority.ca), SHA's social media (Facebook, X, Instagram) channels, and other regular engagement with community leaders and stakeholders.

This past year, our health-care teams continued to work towards a single, ambitious vision: Healthy People, Healthy Saskatchewan; and strengthened our commitment to provide safe, high-quality care as close to home as possible by tapping into one of our greatest strengths – our people.

As always, the progress achieved in the past fiscal year is due to the tremendous dedication and commitment of staff and physicians of the SHA and our many partners, including the patients, residents, volunteers and families who are valued members of the health-care team. Our deepest appreciation goes to our staff, physicians and leadership for all they have done to care for the people of Saskatchewan over this past year; their dedication has not gone unnoticed. By working together as one organization, we have been able to manage and coordinate services through exceptional challenges resulting in true transformation, and have become stronger as an organization, using the lessons learned to propel us towards a bright future.

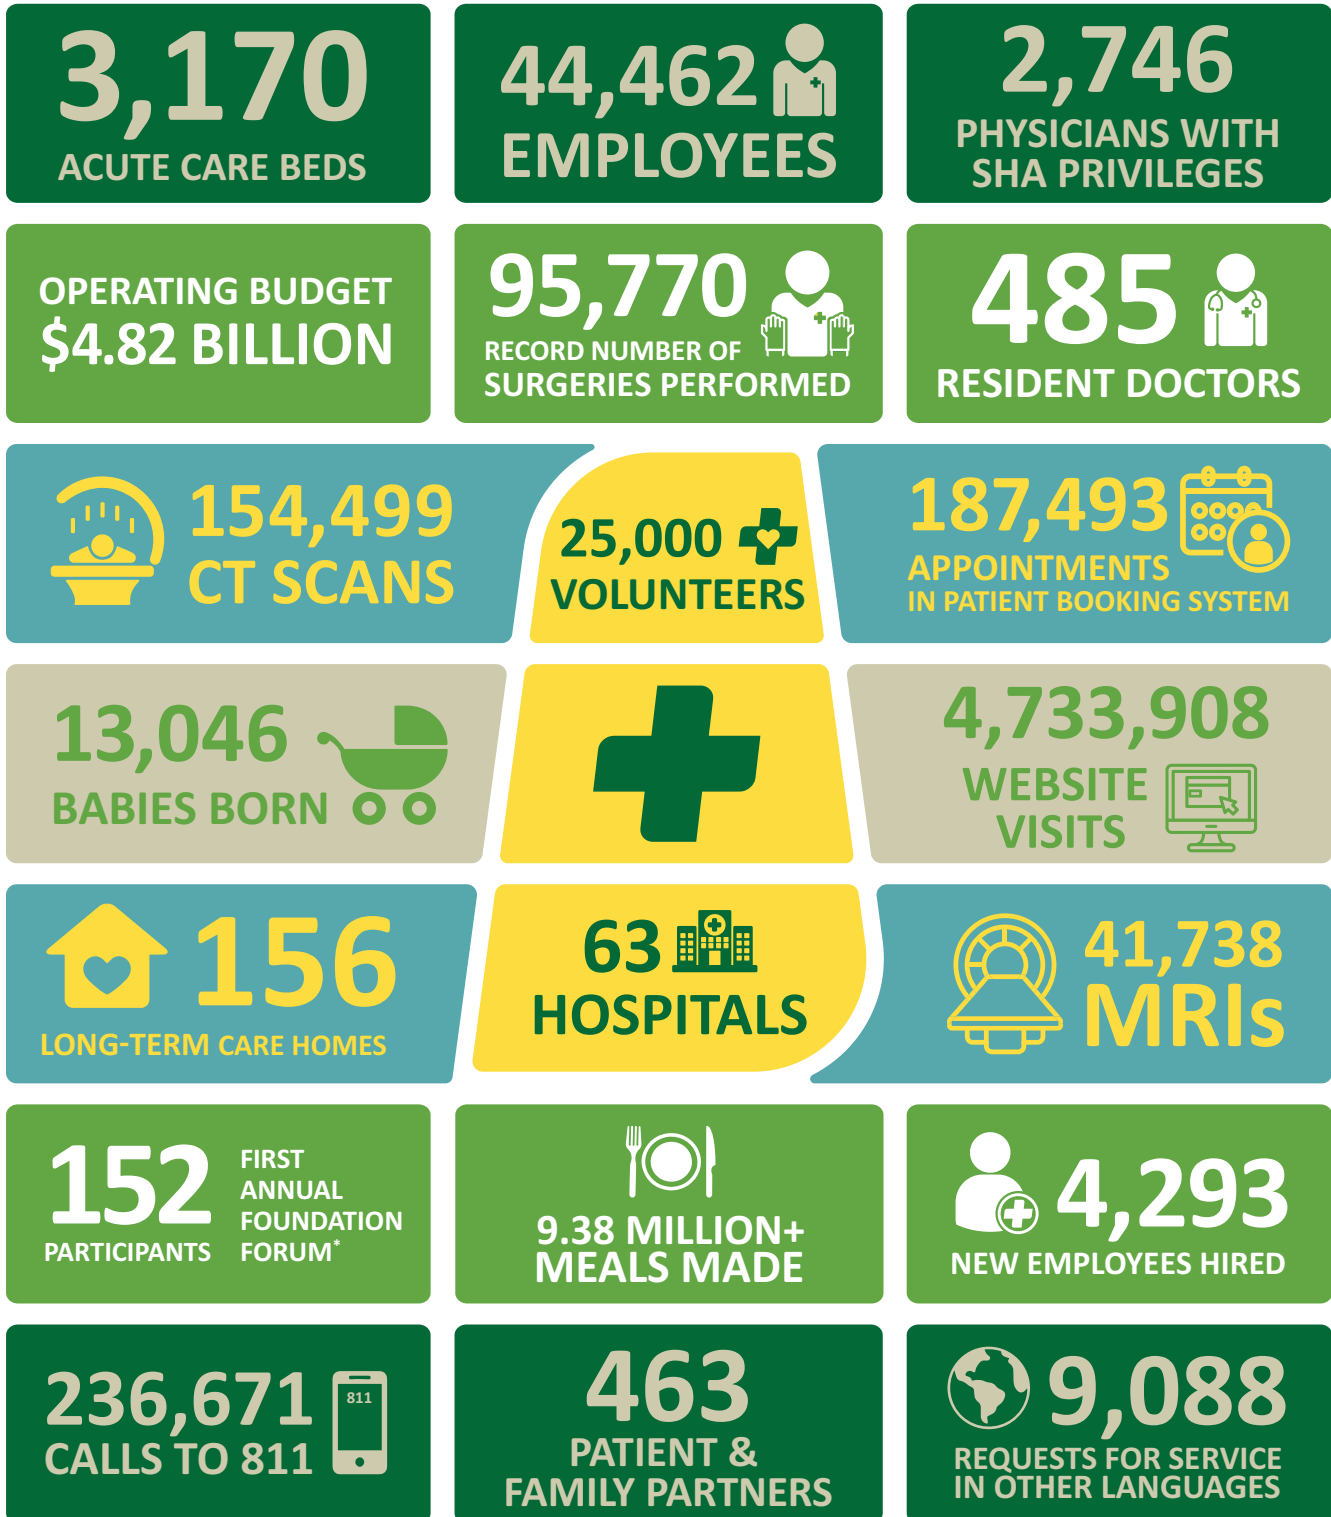

Respectfully submitted,

Arlene Wiks
Chairperson
Saskatchewan Health Authority Board of Directors

Andrew Will
Chief Executive Officer

VISION, MISSION, VALUES AND PHILOSOPHY OF CARE

HEALTHY PEOPLE, HEALTHY SASKATCHEWAN

PHILOSOPHY OF CARE

Our commitment to a philosophy of Patient and Family Centred Care is at the heart of everything we do and is the foundation for our values. This philosophy of care is in essence our culture – who we are, the shared purpose that brings us all together and how our patients and families experience care every day. Through meaningful engagement and co-creating mutually beneficial partnerships among employees, physicians, patients, families, clients and residents, together we ensure a seamless health system that supports *Healthy People, Healthy Saskatchewan*.

VISION

Healthy People, Healthy Saskatchewan

MISSION

We work together to improve health and well-being. Every day. For everyone.

VALUES

SAFETY:

Be aware. Commit to physical, psychological, social, cultural and environmental safety. Every day. For everyone.

ACCOUNTABILITY:

Be responsible. Own each action and decision. Be transparent and have courage to speak up.

RESPECT:

Be kind. Honour diversity with dignity and empathy. Value each person as an individual.

COLLABORATION:

Be better together. Include and acknowledge the contributions of employees, physicians, patients, families and partners.

COMPASSION:

Be caring. Practice empathy. Listen actively to understand each other's experiences.

COMMITMENT TO TRUTH AND RECONCILIATION

The Saskatchewan Health Authority acknowledges Saskatchewan as the traditional territory of First Nations and Métis people, which includes Treaties 2, 4, 5, 6, 8, and 10.

We commit to fostering and maintaining respectful relations with all First Nations and Métis people.

The Saskatchewan Health Authority acknowledges the pain, loss, and dislocation caused by the residential school system on individuals, families, communities and nations.

We commit to being a culturally responsive organization by addressing systemic barriers.

We acknowledge the history is important to our future and our efforts to close the gap in health outcomes between Indigenous and non-Indigenous people.

The Saskatchewan Health Authority acknowledges and embraces the diversity in our provincial health system.

We commit to honouring all First Nations and Métis people in our health system by creating an inclusive culture grounded in our values of Safety, Accountability, Respect, Collaboration and Compassion and the commitment to a philosophy of Patient and Family Centred Care.

We commit to increasing the cultural responsiveness and cultural safety training opportunities for all Saskatchewan Health Authority employees.

The Saskatchewan Health Authority recognizes that First Nations and Métis people have a holistic view of health and well-being, including traditional medicines and practices that have existed since time immemorial. Health and well-being includes the emotional, physical, mental, and spiritual aspects of an individual.

We commit to honouring and acknowledging the traditional worldviews, knowledge and practices of First Nations and Métis people for health and well-being.

The Saskatchewan Health Authority recognizes that residential schools have had a serious impact on the health and well-being of First Nations and Métis people across Canada. These harms related to health must be addressed through constructive action within the Saskatchewan Health Authority.

We commit to increasing the number of First Nations and Métis employees within the Saskatchewan Health Authority.

We commit to continuing to find constructive ways of implementing the Calls to Action outlined by the Truth and Reconciliation Commission of Canada, June 2015 that are relevant to health and health care.

The Saskatchewan Health Authority acknowledges the importance of understanding the health status of First Nations and Métis people.

We commit to establishing appropriate data infrastructure, in collaboration with Indigenous leaders and communities, to better understand the health status of First Nations and Métis people in Saskatchewan.

The Statement of Commitment will be respected and honoured for present and future generations.

OUR COMMITMENT TO EACH OTHER: PATIENT RIGHTS AND RESPONSIBILITIES

We acknowledge that we are living on Treaties 2, 4, 5, 6, 8 and 10 territories and the Homeland of the Dakota, Lakota and Métis. Recognizing this history is important to our future and our efforts to close the gap in health outcomes between Indigenous and non-Indigenous peoples.

In honour of the 6,500 residential school survivors who shared their stories, we will work to advance the Truth and Reconciliation Commission Calls to Action. We are committed to addressing impacts of racism, discrimination and trauma.

We want everyone to have the opportunity to be as healthy as possible. Together, we will continue to design a health system where care is available, accessible and fair for everyone.

As a patient you are a part of your health-care team. We want you to know what you can expect from us, and what we expect from you during your care. This will help us all to have the best health-care experience, together.

As a Patient You Can Expect To Be:

Cared for in a safe and respectful way.

That means we will:

- Provide care that is free from all forms of racism and discrimination.
- Tell you our names and roles before we provide services to you.
- Explain things in understandable ways.
- Provide translation services where English isn't your first language.
- Strive to support you when you want to include cultural supports and healing practices in your care.
- Provide high quality care that is as private as possible.
- Explain the risks and benefits of treatments or procedures before we ask you to make decisions about them.
- Keep your health information accurate and private.

Involved in your care.

That means we will:

- Work with you to set goals and make decisions about your health.
- Partner with you to include your choices, needs and values in your care plan.
- Support you to have at least one family member, friend or other person be with you during your care to support your well-being.
- Ask you how involved you want that support person to be in your care.
- Ask you about your health-care wishes and support you to understand how to choose someone else to make decisions for you if you aren't able to.
- Help you to access your health information if you want to see it.
- Ask you to share your concerns and feedback with us. Your care will not be negatively affected if you do.
- Listen to your concerns and do our best to resolve them.

We ask that you:

- Let your care team know if you have questions about your care or concerns about safety.
- Treat staff, other patients, families and the space you are in, with respect.
- Respect the privacy of other patients and families.

Let your care team know if you have questions about your rights and responsibilities.

Share your feedback or concerns.

We want you to have the best possible care experience. We commit to making you an important part of your health-care team. Please share any feedback, questions or concerns with your care team. You can also tell us about your care by answering a patient survey. If you can't resolve a concern with your care team, you can contact a Client Concerns Specialist for help.

SAFETY CHARTER

MARCH 1, 2024

The Saskatchewan Health Authority (SHA) Board of Directors is committed to providing physical, psychological, social, cultural, and environmental safety. Every day. For everyone.

Our objective is to advance a culture of safety and continuous improvement that provides patient and family centred care and services, proactively focuses on the elimination of preventable harm and has a climate of psychological and cultural safety. In order to achieve this objective and our vision, mission and values, everyone must take responsibility for their role in supporting a safe environment.

By signing this charter, the Board commits its leadership and the SHA to the following actions and behaviours that will advance a culture of safety and continuous improvement:

- Ensuring that safety for everyone is our first and highest priority.
- Understanding that workplace safety for employees and physicians is directly linked to safety for patients and families.
- Providing leadership to build our capability to understand if we are safe today and how we can be safe tomorrow.
- Fostering an environment that is psychologically and culturally safe, allowing us to be compassionate, creative, and learning-based.
- Integrating quality and safety into daily operations to provide patient and family centred care that is safe, timely, effective, efficient, and equitable.
- Guiding the organization to co-create SHA policies and procedures with patients and families to standardize safe and reliable processes and clarify roles and responsibilities.
- Ensuring reporting of harm and/or concerns is easy and followed up with understanding what harm occurred, why it happened, sharing the findings and improvements, and learning as an organization.
- Providing the opportunity for all employees, physicians, patients/families, and other stakeholders to participate and collaborate in the process of continuously improving safety strategies and outcomes.

As an organization we must understand and strive for the highest standards of safety. All employees and physicians have the responsibility and the right to know, the right to participate and the right to refuse work when unsafe conditions exist. All patients and families have the right to be heard, the right to co-design care and the right to patient and family centred care. Through meaningful engagement and co-creating mutually beneficial partnerships among employees, physicians, patients, families, clients and residents, together we ensure a seamless health system that supports Healthy People, Healthy Saskatchewan.

Saskatchewan Health Authority Board of Directors

The Saskatchewan Health Authority Board of Directors is committed to providing physical, psychological, social, cultural, and environmental safety. **Every day. For everyone.**

GOVERNANCE

The SHA is governed by the SHA Board of Directors (the Board). The Board consists of 10 voting members, appointed by the Lieutenant Governor in Council. The Board is accountable to the Ministry of Health to achieve the goals and objectives of the SHA, ensuring effective planning, delivery and evaluation of all health-care programs on behalf of the residents of Saskatchewan.

The Board recognizes the paramount importance of patients and families as key in the delivery of the health-care services provided by the SHA. The Board incorporates the patient experience into its work to inform the strategic direction of the SHA.

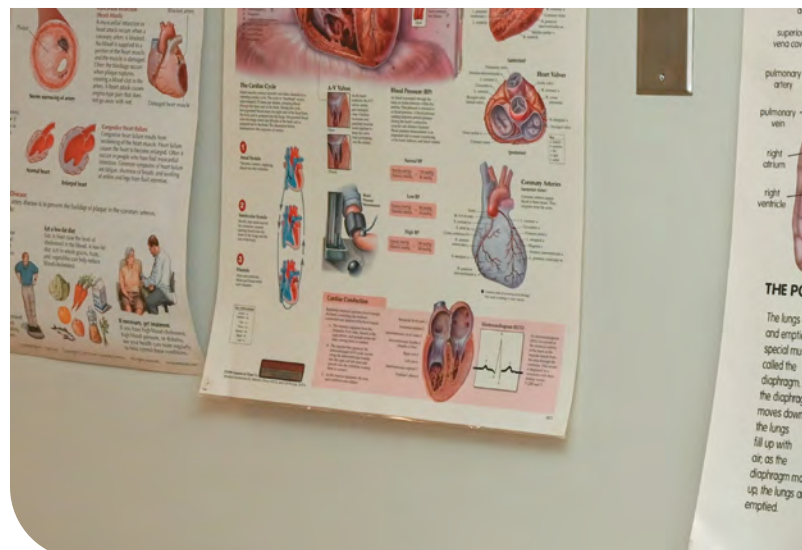

The SHA governance system is outlined in *The Provincial Health Authority Act* and *The Provincial Health Authority Administration Regulations* supported by the General Bylaws of the SHA, and further detailed in the Governance Charter. The Governance Charter reflects the provincial legislation, direction, philosophy and principles governing the SHA – a large, complex, high profile and accountable public sector organization. The Governance Charter describes in detail the Board’s accountabilities to, and relationships with, key stakeholders and the chief executive officer (CEO) inclusive of the CEO’s authority and expectations. The governance philosophy is guided by the following principles:

- The Board provides strategic direction and leadership.
- The Board adheres to the highest ethical and legal standards in the conduct of its business.
- The Board makes decisions on the best available evidence.
- The Board’s approach to governance is open: receptive to information that will enable the Board’s work, responsive to the expectations of the public and transparent regarding the decisions that are made.
- Members are to act in the best interests of the Board as a whole.
- The relationship between the Board and the CEO is based upon trust, collaboration and clear understanding of roles and responsibilities of the Board and the CEO.

The Governance Charter also outlines the Board’s structures and governance processes whereby strategic goals are set, key relationships are maintained, assets of the organization are safeguarded and quality care is supported in accordance with best practices, service excellence and national performance standards such as those of Accreditation Canada. The Board fulfills its governance role and responsibilities through a number of Board committees. These committees are chaired or co-chaired by Board members who are recommended by the Board chairperson and formally appointed by the Board:

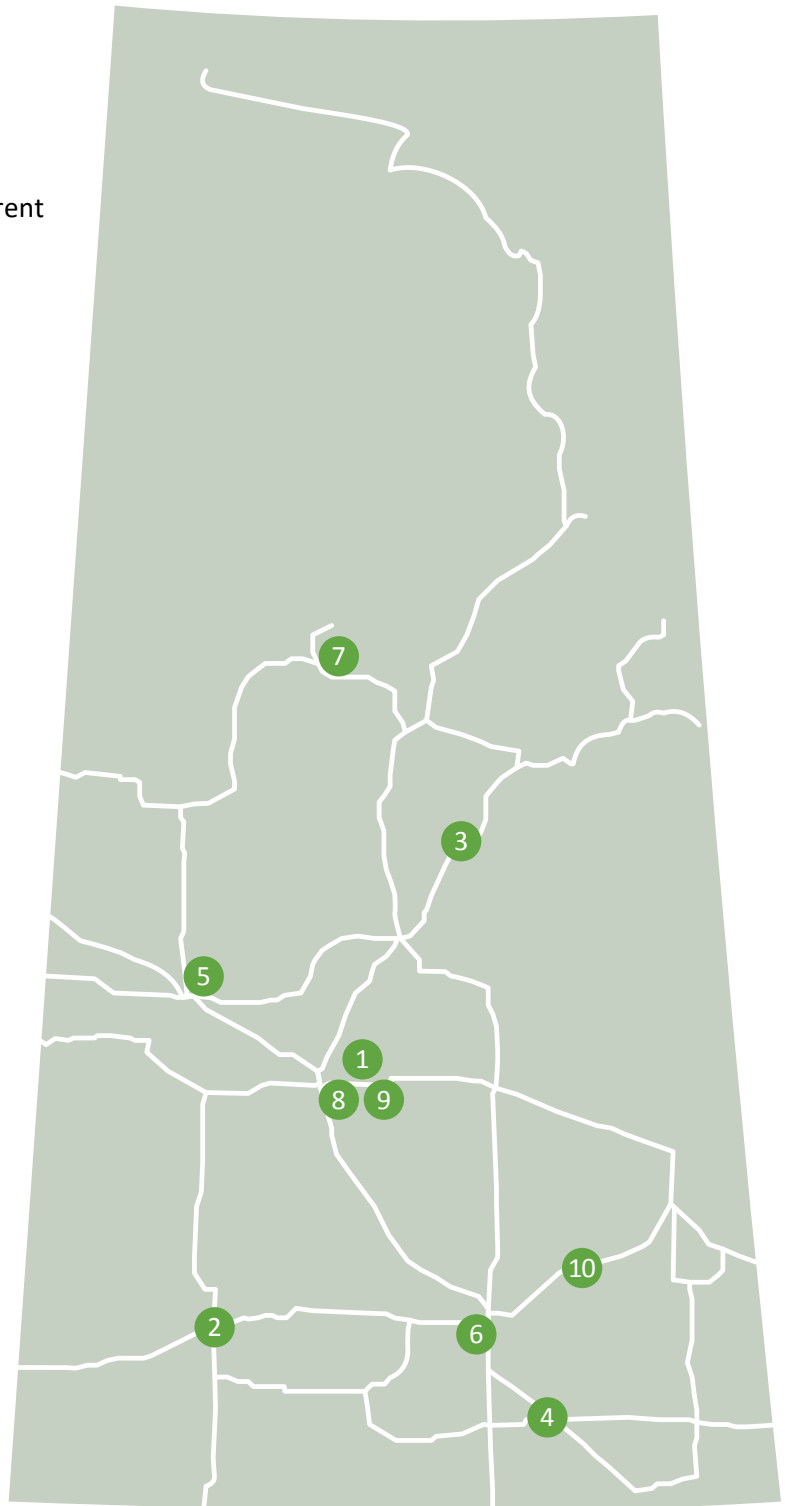

- Governance and Human Resources Committee;
- Quality and Safety Committee;
- Audit, Finance and Risk Committee;
- Board Practitioner Hearing Committee; and
- Practitioner Liaison Committee.

The SHA has also established an internal audit function that supports the SHA to accomplish its objectives by bringing a systematic and disciplined approach to evaluate and improve its operations. The chief audit officer (CAO) does this by providing insight and advice to help drive improvements in governance, risk management and control processes, balanced with assurance on key risk mitigations and controls through the completion of audit work. The CAO reports functionally to the SHA Board, with a dotted line to the CEO for day-to-day administrative matters to maintain the CAO’s independence and objectivity.

PATIENT AND FAMILY LEADERSHIP COUNCIL

The Patient and Family Leadership Council (PFLC) is comprised of Patient and Family Partners (PFPs), as well as members of the SHA executive and senior leadership teams. The PFLC is proud to contribute to the SHA's commitment to Patient and Family Centred Care and patient leadership in the health system. This council is an example of how the SHA values the input and collaboration of patients and families in the planning and delivery of health-care services.

This year, the PFLC achieved significant milestones, including advancing their ongoing commitment to truth and reconciliation, which continues to be woven throughout their shared leadership model and priorities. The PFLC led the launch of the SHA's [Our Commitment to Each Other: Patient Rights and Responsibilities](#) by building upon and consolidating former health regions' versions and engaging staff, physicians, PFPs, First Nations and Métis partners

including the SHA Knowledge Keepers Advisory Council, and the Board. This document embodies the principles of Patient and Family Centred Care. An official signing event and celebration was held in November 2023, including an Honour Song and Hoop Dancer. Integration work is ongoing focused on equity, cultural responsiveness, and exploring new engagement approaches to roll out Our Commitment in a people centred way.

The PFLC PFPs continue to progress the inclusion of patient and family voices at the executive and senior leadership levels by participating in SHA Roadmap planning ensuring the SHA's focus is grounded in the perspectives of patients and their families. Members of the PFLC look forward to continuing their work with the SHA in the coming year to further enhance the patient and family experience within the health-care system.

TRADITIONAL KNOWLEDGE KEEPERS ADVISORY

There is an established advisory of nine Elders that are representative of the nine Indigenous linguistic groups in Saskatchewan. They are consulted with regularly to provide guidance and direction in the work of the SHA.

There are numerous other Elders and Knowledge Keepers throughout Saskatchewan that provide additional guidance and support to ensure the SHA goes about its work in a mindful way.

SHA FOUNDATION FORUM

The SHA's Foundation Forum 2023 aimed to show appreciation for the support the SHA receives from Saskatchewan's more than 70 Health and Hospital Foundations. The event facilitated networking and provided an opportunity for joint learning from industry experts. Presentations focused on the SHA's strategic direction, building a culture of philanthropy, and supporting innovation and transformation in our health system. This event marked the first of many annual celebrations of health-care philanthropy with our valued Foundation partners.

The remarkable work done over the past year by our Foundation partners has enabled communities, organizations, families, and individuals to give something back to their home foundation in support of improved patient care and health-care outcomes in communities throughout the province.

On behalf of all SHA team members, we wish to recognize and thank Saskatchewan's Hospital and Health Care Foundations and all of their generous donors.

STRONGER HEALTH-CARE SYSTEM:

IMPROVE TEAM-BASED CARE IN THE COMMUNITY

In 2023-24, the SHA was tasked with advancing the following key actions in support of provincial targets:

Strategy

Ensure citizens receive the health care they need sooner, in or closer to their homes, thereby reducing visits to emergency departments.

Key Actions

- Optimize collaboration, including care transitions, between primary care providers;
- Support the provincial work to develop a renewed provincial plan for primary care;
- Improve patients' access to chronic disease care based on best practices;
- Enhance home care to better support seniors so they may remain in their homes for as long as possible; and
- Stabilize health services in rural and remote communities across Saskatchewan.

The SHA continued its focus to improve team-based care in health-care facilities across Saskatchewan. Many initiatives were carried out throughout the 2023-24 fiscal year to improve patient care, stabilize services, and implement strategies to expand emergency room operating hours in rural and remote communities.

Virtual Physician Program

One of the strategies undertaken in 2023-24 in an effort to increase emergency room hours in rural communities included the piloting of the Virtual Physician (VP) program in four communities across the province. The VP program provides on-site nurses with virtual access to a physician through HealthLine 811 when a local physician or locum is unavailable to provide in-person emergency department coverage. This allows emergency departments in rural communities to remain open to the public in situations where they would have closed previously.

In July 2023, Porcupine Carragana Hospital in Porcupine Plain became the first pilot site to launch the VP program, resulting in the full resumption of 24-hour, seven days a week emergency services. Following this, on August 1, 2023, the VP program was piloted in a second facility at the Galloway Health Centre in Oxbow to stabilize their emergency services. Broadview Union Hospital became the third facility to implement the program as of January 2024. And finally, in February 2024, the Davidson Health Centre became the fourth facility to implement the VP program as part of this pilot project.

The Virtual Physician program will continue to be expanded to priority sites in 2024-25, with Saskatchewan residents already realizing the benefits this program has provided to their communities by increasing their ability to access emergency department services as close to home as possible.

Point of Care Testing Pilot

In addition to the VP pilot program, the SHA also launched a Point of Care Testing (POCT) pilot program in 2023-24. This program also assists in stabilizing service disruptions in rural and remote communities by allowing lab testing to be performed in emergency departments by qualified staff when laboratory services are temporarily unavailable, enabling emergency department services to remain open to the public. The testing takes place directly at a patient's bedside or hospital location and provides results in under 30 minutes, allowing the physician or care provider to make informed decisions about care in critical situations.

The POCT pilot program was first introduced to the Southwest Integrated Healthcare Facility in Maple Creek and the Leader and District Integrated Healthcare Facility in Leader in November 2023, with both facilities receiving three pieces of POCT equipment. In January 2024, the program was further expanded to the Wynyard Hospital. Since implementation, all three facilities have been able to avoid disruptions to emergency services thanks to this pilot program. The POCT program will continue to be added to additional prioritized facilities throughout Saskatchewan into the 2024-25 fiscal year.

Melfort patients now have access to procedures directly within their community, closer to their family and support systems.

Stabilizing Primary Health Services

To further allow Saskatchewan residents to access the care they need as close to home as possible, the Warman Primary Health Centre officially opened on August 2, 2023, providing residents of Warman with expanded access to primary health-care services. Services at this facility are provided by a team of experienced nurse practitioners and include general health assessments, physical examinations, chronic disease management, mental health support and counselling, immunizations, medical prescriptions and refills, and referrals.

The Kincaid Primary Health Clinic also opened this year, with the grand opening taking place in November 2023. This clinic was funded locally and construction began in April 2023 in response to the increased health-care needs of Kincaid residents and surrounding communities.

While implementing pilot programs to prioritize sites and opening additional primary health clinics increased access to health-care for those living in Saskatchewan, recruitment of rural physicians was also essential to ensure the residents of Saskatchewan continued to be cared for in their

home communities. For example, a second physician joined the health-care workforce in Porcupine Plain in July 2023 after completing the Saskatchewan International Physician Practice Assessment (SIPPA) program in August. Because of this, the community of Porcupine Plain was able to fully resume emergency services and acute care admission as of July 24, 2023.

In October 2023, a new physician joined the Melfort community who participated in the University of Saskatchewan's Enhanced Surgical Skills program. This program provides general practitioners with

opportunities to receive more training in surgery and obstetrics, giving them the skills needed to perform emergency treatments including Caesarian sections and appendectomies. Because of this, Melfort patients now have access to procedures directly within their community, closer to their family and support systems.

Additional initiatives related to enhancing team-based care in communities included:

- Expanding emergency room access at the Broadview Union Hospital by four hours per day, Monday through Friday, in March 2024. This is the second time hours have expanded in the emergency department since it reopened in May 2022.
- Increasing access to emergency services at the Wolseley and District Hospital on weekends as part of a phased reopening plan.
- Re-opening three acute care beds at Kamsack Hospital and District Nursing Home in April 2023 and expanding emergency room access to seven days a week.
- Continuing to operate the Virtual Visit program that has been in operation since June 2022. This program allows patients to connect with their health-care provider from home, or a location of their choice, via audio or video conference. It improves patient access to care, reduces the need to travel for those located in a rural community, and allows providers to treat patients in a more timely fashion.
- Utilizing HealthLine 811 to strengthen access to health-care support across Saskatchewan and help reduce visits to emergency rooms and walk-in clinics. In August 2023, HealthLine 811 celebrated 20 years of services. HealthLine 811 is a confidential 24-hour health, mental health and addictions, education and support line available to Saskatchewan residents, with translation available in over 100 languages. This year, HealthLine 811 received more than 236,000 calls.
- Enhancing the role of nurse practitioners in collaboration with the Ministry of Health and exploring opportunities to expand service areas for nurse practitioners, including in settings other than primary health care.

- Supporting seniors as they age thanks to \$39 million in funding from the Government of Saskatchewan. This funding fulfills a three-year commitment to hire 300 additional Continuing Care Assistants and supports additional long-term care beds and increased capacity for home care.
- Promoting mental alertness at Elmview care home in Regina. The Elmview Resident and Family Support Group was able to purchase an Obie device and virtual reality headsets thanks to local fundraising efforts and funds from the New Horizons for Seniors program. The Obie device is a projector that casts games and activities onto tabletops and floors, allowing users to interact with them through touch, while the virtual reality headsets let seniors take virtual adventures or walk down the street they grew up on. SHA staff and volunteers provided training on how to use the devices.
- Creating the Hospice Care Unit at the Wascana Rehabilitation Centre with support from a donation from the Hospitals of Regina Foundation. This six-bed unit was created to provide patients and families a comforting environment for those requiring end-of-life care.
- Implementing a long-COVID pathway to provide resources and information for individuals experiencing long-COVID symptoms. Development of additional chronic disease pathways, including a COPD pathway, will continue into 2024-25.

Finally, the SHA and its Board of Directors signed a Patient Rights and Responsibilities agreement on November 30, 2023, enshrining elements related to patient safety, quality care and the SHA's commitment to truth and reconciliation by continuing the organization's work to provide care that is accessible, available and fair for everyone.

The agreement was a collaborative effort, with input from more than 700 individuals across the province consisting of patients, families, First Nation and Métis communities, staff and physicians. The new agreement replaces all existing patient rights and responsibility agreements that were in place in former health regions prior to the SHA's amalgamation. Elements of the agreement include providing care free of discrimination, providing translation services and explaining care in a way that's understandable to all, including cultural supports when care is provided, and partnering with patients to help with health-care choices.

Every team-based care initiative undertaken during the 2023-24 fiscal year was done with Saskatchewan residents in mind, working towards the goal of expanding access to safe, high-quality health care and delivering the right care at the right time, as close to home as possible while reducing visits to emergency departments where possible. The SHA is excited to continue working towards this goal in the years to come.

STRONGER HEALTH-CARE SYSTEM:

IMPROVE TEAM-BASED CARE IN HOSPITALS

In 2023-24, the SHA was tasked with advancing the following key actions in support of provincial targets:

Strategy

Increase capacity in the acute care system to ensure patients have timely access to medical and specialized services and are transitioned to community alternatives or hospital care when appropriate.

Key Actions

Reduce surgery wait times

- Implement provincial plan to achieve 2023-24 wait times and volume targets;
- Increase magnetic resonance imaging (MRI) and computerized tomography (CT) capacity to reduce wait times and perform additional exams;
- Implement central referral intake and pooled referrals for targeted surgical procedures; and
- Shorten average length of stay for hip and knee replacement surgeries.

Increase hospital capacity

- Expand acute care services and intensive care unit (ICU) capacity to meet increasing demands;
- Continue planning the expansion of ICU capacity to achieve a target of 110 ICU beds across the province, in consultation with the Ministry of Health and Ministry of SaskBuilds and Procurement;
- Implement actions to reduce demand for and improve patient flow within tertiary hospitals; and
- Continue to improve access to and responsiveness of emergency medical services.

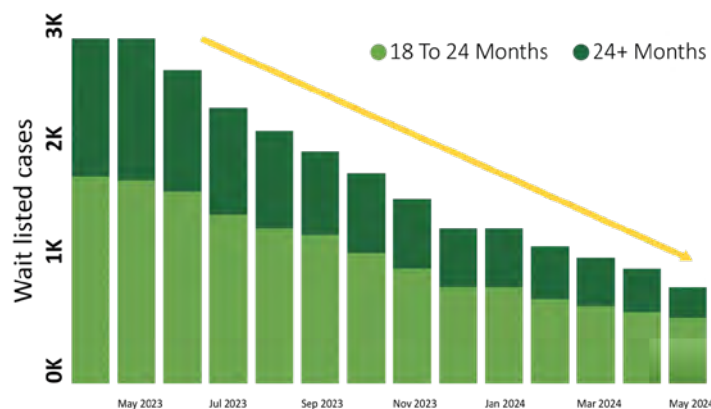

Numerous initiatives were carried out throughout the 2023-24 fiscal year to decrease wait times, reduce surgical backlogs, increase capacity in the acute care system, and improve patient care. Notable surgical and medical imaging items included:

- Achieving a record number of surgical procedures performed in a single year, with 95,770 surgeries performed between April 1, 2023, and March 31, 2024. Nearly 6,000 more surgeries were performed in 2023-24 than the previous record volume recorded in 2022-23. Annual volumes for hip and knee replacement procedures increased to nearly 7,100 in 2023-24 from nearly 6,300 the previous year. Record surgical volumes has reduced the surgical waitlist, with a 14 per cent reduction of patients waiting for surgery compared to March 31, 2023. From March 31, 2023, to March 31, 2024, the number of people waiting more than 18 months decreased by 67 per cent.

- Utilizing the da Vinci surgical robot at St. Paul’s Hospital in Saskatoon, to perform more than 230 surgeries since September 2022. Robotic-assisted surgeries contribute to less pain, reduced risk of infection and faster recovery times for patients, shortening hospital stays and creating additional hospital capacity to perform more procedures. Since its implementation, eight surgeons have been trained to operate the robot, with two additional thoracic surgeons completing their training in the summer of 2023.
- Establishing the Transcatheter Mitral Valve Repair (TMVr) program, the first of its kind in the prairie provinces, with funding from the provincial government. TMVr procedures are minimally-invasive and lower-risk procedures that repair a leaking mitral heart valve that can damage the heart and lead to congestive heart failure if untreated. The first patient received this treatment in January 2023.
- Planning to implement an MRI scanner to be deployed at the Regina General Hospital in 2024 and later relocated to the Pasqua Hospital. A request for proposal process was initiated in early 2024 to determine a vendor for the unit. The mobile scanner will allow MRI capacity to increase by approximately 5,000 patients over the next two years.
- Achieving 107 per cent of CT targets and 99.5 per cent of MRI targets. Plans are in place to increase MRI capacity next year to address this gap.

Surgical Wait List Trend

- Planning for the purchase of a Single Proton Emission Computed Tomography and Computed Tomography (SPECT-CT) scanner thanks to a generous donation from Leslie and Irene Dubé. SPECT-CT scanners assist physicians in making earlier and more accurate diagnoses and treatment plans for those with life-threatening conditions involving the heart, lungs, brain, and cancers by merging two separate scanning functions to produce one high-quality three-dimensional image showing an organ's function and the precise location and size of abnormalities. This technology will shorten scan times and increase capacity by roughly 4,500 patients a year. Following installation, operation is expected to begin in the fall of 2024.
- Implementing same-day discharges for qualifying patients undergoing hip or knee surgery. This new Orthopedic Model Line pathway has yielded improved outcomes for patients, reducing the length of hospital stays, decreasing complications, expediting recovery and enhancing the patient experience.
- Introducing a new hip and knee referral system, giving patients more choice and enhancing access to the next available surgeon through a new intake system that launched in February 2024. Since launching, over 650 referrals have been received. The intake system enhances information flow by centrally coordinating, tracking and monitoring all referrals for hip and knee replacement surgeries in Saskatchewan, eliminating wait list duplication and missed referrals. It improves patient decision-making and control by giving patients their choice of location and then connecting patients with the most appropriate surgeon based on their preferences.

Initiatives related to improving access to and responsiveness of emergency medical services included:

- Adding a new Emergency Medical Services (EMS) base to the Watrous District Health Complex in September 2023. The base features two main bays to house existing ambulances, along with a third bay for storage of a spare ambulance to support neighbouring areas should they require assistance. Creation of this new base improved response times as EMS staff had to travel from the hospital to the fire hall where the ambulances were previously located. Watrous Health Foundation provided the funds needed to furnish the base to create a productive working and living environment for EMS staff.
- Adding two additional ambulances in Saskatoon, staffed 24 hours a day, seven days a week, as well as an additional community paramedic 12 hours a day. The additional ambulances help relieve pressure on current EMS resources, improve response times to calls and help support rural EMS services waiting to transfer patients into Saskatoon.
- Enhancing EMS by adding 33 full-time EMS positions in 27 communities thanks to an increase of \$8.8 million in funding. The community paramedicine program was also expanded to five additional communities and includes another 3.75 full-time equivalent community paramedicine positions.

Additional actions taken throughout 2023-24 to improve team-based care in hospitals included:

- Completing construction of four ICU beds at the Pasqua Hospital. ICU expansion planning to achieve a target of 110 ICU beds across the province will continue into 2024-25.
- Collaborating with the Saskatchewan Cancer Agency to provide Chimeric Antigen Receptor Therapy (CAR T) to the first Saskatchewan resident in May 2023. This therapy is available to treat certain blood cancers and lymphomas in adults who have no other treatment option, allowing patients to receive potentially life-saving treatment directly within their home province.
- Opening a Seizure Investigation Unit (SIU) located at Royal University Hospital (RUH) in Saskatoon. The SIU is a highly-specialized and controlled environment that allows neurologists and other physicians to monitor

brain activity in patients for a certain period. This typically includes performing surgical interventions to gather important information, such as the nature and origin of seizures. Previously, seizure monitoring at RUH required patients to share a space with others, heightening stress and creating difficulties in capturing patient information. Designed with input from patients and family members, the SIU reflects a nurturing, home-like atmosphere and accommodates four patients. The grand opening was held on September 14, 2023 and was made possible thanks to donations from the Royal University Hospital Foundation and funding from the Government of Saskatchewan.

- Planning underway to open a new Breast Health Centre in Regina during the 2024-25 fiscal year. The centre will provide co-location of services such as medical imaging, consultations with surgeons and specialists, education and post-treatment care. To reduce wait times, family physicians and nurse practitioners will be able to provide a single referral to the Breast Health Centre, rather than coordinating multiple referrals for one patient.

The SHA looks forward to continuing to improve team-based care in hospitals in the years ahead by implementing new and innovative solutions to better serve the population of Saskatchewan.

STRONGER HEALTH-CARE SYSTEM:

ENSURE ADEQUATE HEALTH HUMAN RESOURCES

In 2023-24, the SHA was tasked with advancing the following key actions in support of provincial targets:

<p>Strategy</p>	<p>Ensure an adequate supply of professionals to support the needs of the health-care system in Saskatchewan.</p>
<p>Key Actions</p>	<p>Continue efforts to recruit and retain 1,000 high priority health-care workers to the system by:</p> <ul style="list-style-type: none"> • Recruiting internationally educated health-care professionals; • Adding Physician Assistants to the health-care system; • Advancing connections with Indigenous technical institutions to diversify workforce; • Supporting the implementation of over 550 training seats in 18 program areas; • Enhancing Saskatchewan International Physician Practice Assessment (SIPPA) supports for physicians to improve long-term retention of graduates; • Hiring and onboarding new full-time permanent positions and enhancing part-time positions to full-time hours in rural and remote communities; and • Optimizing the scope of practice for key health professions.

In support of the province’s Health Human Resources (HHR) Action Plan announced last year, the SHA continued its efforts to enhance recruitment and retention strategies to assist in stabilizing the health-care system to ensure Saskatchewan residents have access to the care they need as close to home as possible. Strengthening the commitment to create

a representative, diverse, inclusive and culturally responsive workforce was also a priority for the SHA throughout 2023-24.

In partnership with the Ministry of Health and other key stakeholders, numerous advancements were made during the 2023-24 fiscal year towards the goals outlined in the HHR Action Plan. As of

March 31, 2024, conditional offers have been extended to over 400 Internationally Educated Nurses (IENs), 22 Continuing Care Aides and two Medical Laboratory Assistants as a result of the recruitment missions to the Philippines that occurred during the previous fiscal year. More than 275 IENs are now working towards completion of their bridging programs, with over 200 having arrived in Saskatchewan by the end of March 2024. Additionally, 112 nurses from the Philippines have completed their bridging program and are actively working in communities across the province.

On August 28, 2023, the SHA worked with the provincial government, the College of Registered Nurses of Saskatchewan, National Nursing Assessment Service and Saskatchewan Polytechnic to implement an accelerated streamlined pathway for IENs. Doing so provided shortened licensure timeframes, allowing the pathway to be completed in 14 weeks and IENs to enter the health-care workforce sooner. The bridging program builds on an individual's existing knowledge while providing grounding and orientation to the Saskatchewan health-care system. It includes enhanced language training supports, access to clinical support, employer orientation specific to a facility, and customized support through health navigators.

In September 2022, 250 new and enhanced full-time positions were announced to stabilize staffing in rural and remote areas of the province. Since then, 232 positions have now been filled, and the SHA is targeting new graduates and internationally recruited nurses to fill the remaining positions in the near future. To further stabilize staffing and services in Saskatchewan communities, the SHA has hired 911 nursing graduates from both across the province and across Canada since April 1, 2023.

Nineteen Ukrainian newcomers have also joined the SHA's workforce and nearly 300 hard-to-recruit positions have been filled as a result of the Rural and Remote Recruitment Incentive that is offered to new employees in nine high-priority health occupations. This incentive is available in 54 rural and remote communities across Saskatchewan.

With the goal of increasing the number of physicians practicing in rural Saskatchewan, the Government of Saskatchewan enhanced the Rural Physician Incentive Program in April 2023 by increasing the incentive to \$200,000 and expanding eligibility beyond new graduates to include physicians who practice in rural and northern communities following completion of SIPPA. Numerous other incentives were implemented in partnership with the Ministry of Health that focused on hard to recruit specialty areas such as anesthesiology, psychiatry, breast and interventional radiology, and targeted pediatric subspecialties.

At the beginning of October 2023, new Physician Assistant positions were announced. Physician Assistants refer to health-care professionals who have taken additional advanced training and practice medicine under the supervision of a licensed physician, often within a multidisciplinary team. They provide services in primary care, long-term care, emergency medicine, cancer care and surgical specialties. Twelve Physician Assistant positions are being recruited, with 11 currently posted. The University of Saskatchewan's College of Medicine is developing a new two-year Physician Assistant Masters program that will launch in the fall of 2025 and will allow for 20 learners.

Increasing the number of physicians practicing in the province was essential to ensure the growing population of Saskatchewan continued to be cared for. Through the SIPPA program, 45 additional physicians were recruited to the SHA this year. Launched in 2011, there are currently 304 internationally-trained family physicians working in Saskatchewan, 77 per cent of whom have established their practice in a rural community.

Staff from the SHA provided over 80 job shadowing opportunities for high school students and adults

considering a career in health care, and participated in more than 100 recruitment events, welcoming attendees from rural and First Nations communities across Saskatchewan. These actions helped promote the SHA for those interested in pursuing a career in the health-care field.

To support the government's objective to recruit and retain health-care workers, the SHA launched the Mentorship Program, a voluntary six-month program open to all SHA employees. The program aims to support a meaningful employee experience through relationship building, interactive workshops and leadership capability development.

The SHA also finalized its First Nation and Métis Recruitment and Retention strategy that aligns with the Ministry of Health's four pillars to recruit, train, incentivize and retain health-care workers. As part of this work, the SHA signed a new partnership with the Gabriel Dumont Institute that supports building a representative workforce, with the goal of increasing First Nations and Métis representation within the SHA by providing access to education, training and job opportunities with particular consideration for employment in northern Saskatchewan.

As a result of the work completed as part of the HHR plan, several rural and northern Saskatchewan communities felt the impact and saw improved access to acute and emergency services in their facilities:

- Biggar and District Health Centre recruited three Registered Nurses (RNs) to support 24-hour, seven days a week emergency services and eight acute care beds, including one of the first five RNs from the Philippines.
- Canora Hospital and Collaborative Emergency Centre saw the addition of two RNs and additional EMS staff, secured locum physician coverage to support one local physician, and added a permanent Nurse Practitioner to improve access to primary care and reduce emergency room pressures.
- Wolseley Memorial Integrated Care Centre successfully recruited four RNs, progressing toward full restoration of acute and emergency services Monday to Friday.
- La Ronge Health Centre filled three RN positions, stabilizing emergency services and reopening four acute care beds. Staff and patient safety was also enhanced by adding full-time security.
- Melfort Hospital added two new RNs and one Medical Laboratory Technologist (MLT) which significantly improved workload management, job satisfaction and safety for patients and staff.
- Lanigan Hospital recruited two additional RNs, allowing emergency services to be provided seven days a week.
- Watrous Hospital re-opened its emergency room to provide 24-hour, seven days a week services along with eight patient beds.

In addition to the HHR Action Plan recruitment efforts, new post-secondary training seats were added in 2023-24 to ensure the continuity of a growing health-care workforce. The University of Saskatchewan's College of Medicine expanded their undergraduate program by adding four seats for the fall 2023 intake of medical students, increasing the total number of seats from 100 to 104. The new seats are based in Saskatoon, with plans for further expansion in fall 2024 by an additional four seats, bringing the total to 108. The College of Medicine also increased postgraduate residency seats from 120 to 128. New medical imaging training seats were added at Saskatchewan Polytechnic, with 10 MLT and eight Medical Radiation Technologist seats added. Primary Care Paramedic training seats were increased by 100 seats to 252 across Saskatchewan's post-secondary institutions and a Diagnostic Medical Sonographer program through Suncrest College was also announced. These expansions are part of the initiative to increase health-care training opportunities across Saskatchewan by more than 550 new training seats.

Finally, new training bursaries for paramedics were announced this year and administered by the SHA. The bursaries were available to students and new graduates of paramedic programs who joined EMS in Saskatchewan. One-time finding of \$820,000 will provide 90 bursaries for paramedics entering the workforce, ranging from \$5,000 to \$10,000. This initiative is in line with the government's plan to recruit, train, incentivize and retain health-care workers.

STRONGER HEALTH-CARE SYSTEM: IMPROVE CULTURAL RESPONSIVENESS

The SHA is committed to addressing the Calls to Action contained in the final report of the Truth and Reconciliation Commission. Our commitment to this work was first formally signed in 2019 and reaffirmed in 2021.

The SHA acknowledges the past and present pain, loss, and dislocation caused by colonization and the residential school system on individuals, families, communities, and nations. The SHA also acknowledges the racism that currently exists in the health-care system.

Because of this, the SHA is actively identifying and implementing strategies to ensure all patients, residents, physicians, and staff are treated with respect, understanding and dignity. By doing this, we will improve access to services and maintain a safe and culturally responsive environment for all populations, while strengthening our commitment to creating a representative, inclusive and diverse workforce.

In 2023-24, the SHA prioritized the following key actions in support of provincial targets:

These actions are framed by the SHA's commitment to addressing the Calls to Action contained in the final report of the Truth and Reconciliation Commission.

Strategy

Improve the ability of individuals and systems to respond respectfully and effectively to Indigenous peoples, in a manner that preserves their dignity, in order to improve access to services, quality of care and health outcomes.

Key Actions

Develop and implement actions based on the Truth and Reconciliation Commission's (TRC's) Calls to Actions pertaining to health.

- First Nation and Métis recruitment and retention strategies;
- Cultural responsiveness training and education;
- Utilize and integrate traditional healing practices; and
- Partner with Ahtahkakoop Cree Developments on Saskatoon Urgent Care Centre construction and development.

We commit to continuing to find constructive ways of implementing the Calls to Action outlined by the Truth and Reconciliation Commission of Canada, June 2015 that are relevant to health and health care.

The SHA realigned its organizational structure to include the Executive Director of First Nation and Métis Health as part of the Executive Leadership Team. This change brings an important voice and perspective to our organizational leadership and decision making.

This year, the SHA also established a Truth and Reconciliation Steering Committee to provide accuracy and accountability to the implementation of the SHA's Truth and Reconciliation commitments. The Steering Committee is co-chaired by the SHA's Chief Operating Officer and Executive Director of First Nations and Métis Health, and consists of a Knowledge Keeper, Patient Family Partner, First Nation and Métis Health directors, and a cross section of Senior Leadership Team executive directors.

This past year, the committee completed an environmental scan that reviewed how other health-care organizations across Canada are implementing the Calls to Action and measuring their progress to help inform our own planning. For the 2024-25 fiscal year, a plan was developed for SHA leaders to create and cascade strategies in response to TRC Calls to Action through the development of year-end deliverables within portfolio roadmaps. The committee developed a resource document with examples of operational level actions for point-of-care teams to consider when building local plans.

The SHA is committed to reporting on our progress in addressing the Calls to Action related to health and health care where the SHA has opportunity to influence and will spend this coming year focused on the development of a measurement framework.

We commit to increasing the number of First Nations and Métis employees within the Saskatchewan Health Authority.

In 2023-24, the foundation was laid to enable the SHA to advance First Nations and Métis recruitment and retention strategies now and into the future. Highlights included incorporating culturally responsive questions into interview guides and adding a self-identification option to an applicant's Health Careers in Saskatchewan profile for external candidates.

This year, the First Nations and Métis Health and Workforce Planning and Employment Strategies portfolios collaborated to identify post-secondary partnerships to provide additional opportunities for Indigenous students. The SHA is a key partner in the Gabriel Dumont Institute's (GDI) Nurturing our Future – Building Métis Public Health Services Project that will increase Métis representation in the health employment sector, build sustainability across Métis public health services, and improve

Saskatchewan patient outcomes overall. The SHA will support this innovative partnership by recruiting and supporting the GDI's qualified Métis health-care program graduates. The project will train approximately 600 Métis clients in health-care programs over the next five years. The SHA also participated in over 20 career events this year that focused on recruitment and building connections with Indigenous job seekers, communities and organizations. These events have resulted in many new relationships that continue to build bridges between SHA hiring managers and the Indigenous workforce in Saskatchewan.

The First Nations and Métis recruitment and retention strategy is a multi-year initiative. One year into implementation, the SHA is at the beginning of a journey to change the way the SHA recruits, retains and trains its workforce and supports First Nations and Métis patients, residents, and families. Throughout the past fiscal year, opportunities and gaps have been identified, and the lessons learned will assist in setting up continued success as work continues into 2024-25. Roughly five per cent of SHA's staff self-identifies as Indigenous. Establishing meaningful baseline measures and multi-year targets is a focus for 2024-25.

We commit to increasing the cultural responsiveness and cultural safety training opportunities for all Saskatchewan Health Authority employees.

As part of the SHA's commitment to cultural safety and patient well-being, a mandatory cultural responsiveness interactive training course was launched on the SHA's learning platform on January 8, 2024, and was integrated into the onboarding process for all new employees. As of March 31, 2024, more than 12,000 staff members have already completed this training. Promotion of the cultural responsiveness training course will continue into 2024-25 with the goal of ensuring all staff receive and complete this important training.

This year also saw the development of the SHA's Indigenous Specific Anti-Racism Framework and Action Plan. Work will continue in the coming year to incorporate this framework into the organization's

ongoing roadmap for implementation. The framework is based on best practices to recognize, assess, and mitigate bias and racism by supporting individuals, groups, and health system learning.

2023-24 also saw the establishment of the Culturally Responsive Care Community of Practice (CoP). The purpose of the CoP is:

- To provide a meeting space for SHA leaders to come together and learn from one another as well as from subject matter experts;
- To help leaders gain knowledge and increase their confidence in building relationships and planning health services collaboratively with First Nations and Métis partners within local health networks; and
- To facilitate access to tools and supports that will help leaders to advance culturally responsive care in health networks.

Membership is voluntary and includes 30 directors/executive directors from the following portfolios: Primary Health Care, First Nations and Métis Health, Population Health, Acute Care, Mental Health and Addictions, and Continuing Care.

We commit to honouring and acknowledging the traditional worldviews, knowledge and practices of First Nations and Métis people for health and well-being.

In 2023-24, the SHA worked to learn more about opportunities to create access to traditional medicine and healing practices in SHA facilities. The Traditional Knowledge Keepers Advisory Council engaged in a discussion on this in early March 2024 and broad community engagement on this work is planned for 2024-25.

Traditional healing spaces and culturally responsive models of care have been incorporated into the builds of several major capital projects including the new long-term care home in La Ronge, the Prince Albert Victoria Hospital that will feature a First Nations and Métis cultural space, and the St. Paul's Hospital front entrance expansion that contains a healing centre. A partnership with Prince Albert Grand Council provided input in the design of the space at Prince Albert Victoria Hospital.

Throughout the 2023-24 fiscal year, the SHA continued its partnership with the Ministry of Health, Ministry of Sask Builds and Procurement, and Ahtahkakoop Cree Developments (ACD) as design and construction of the Saskatoon Urgent Care Centre (UCC) continued. When completed, this facility will serve as an alternative to emergency departments, providing enhanced access for residents who require urgent care. The UCC is anticipated to be built and owned by ACD and leased to the SHA who will staff and operate it.

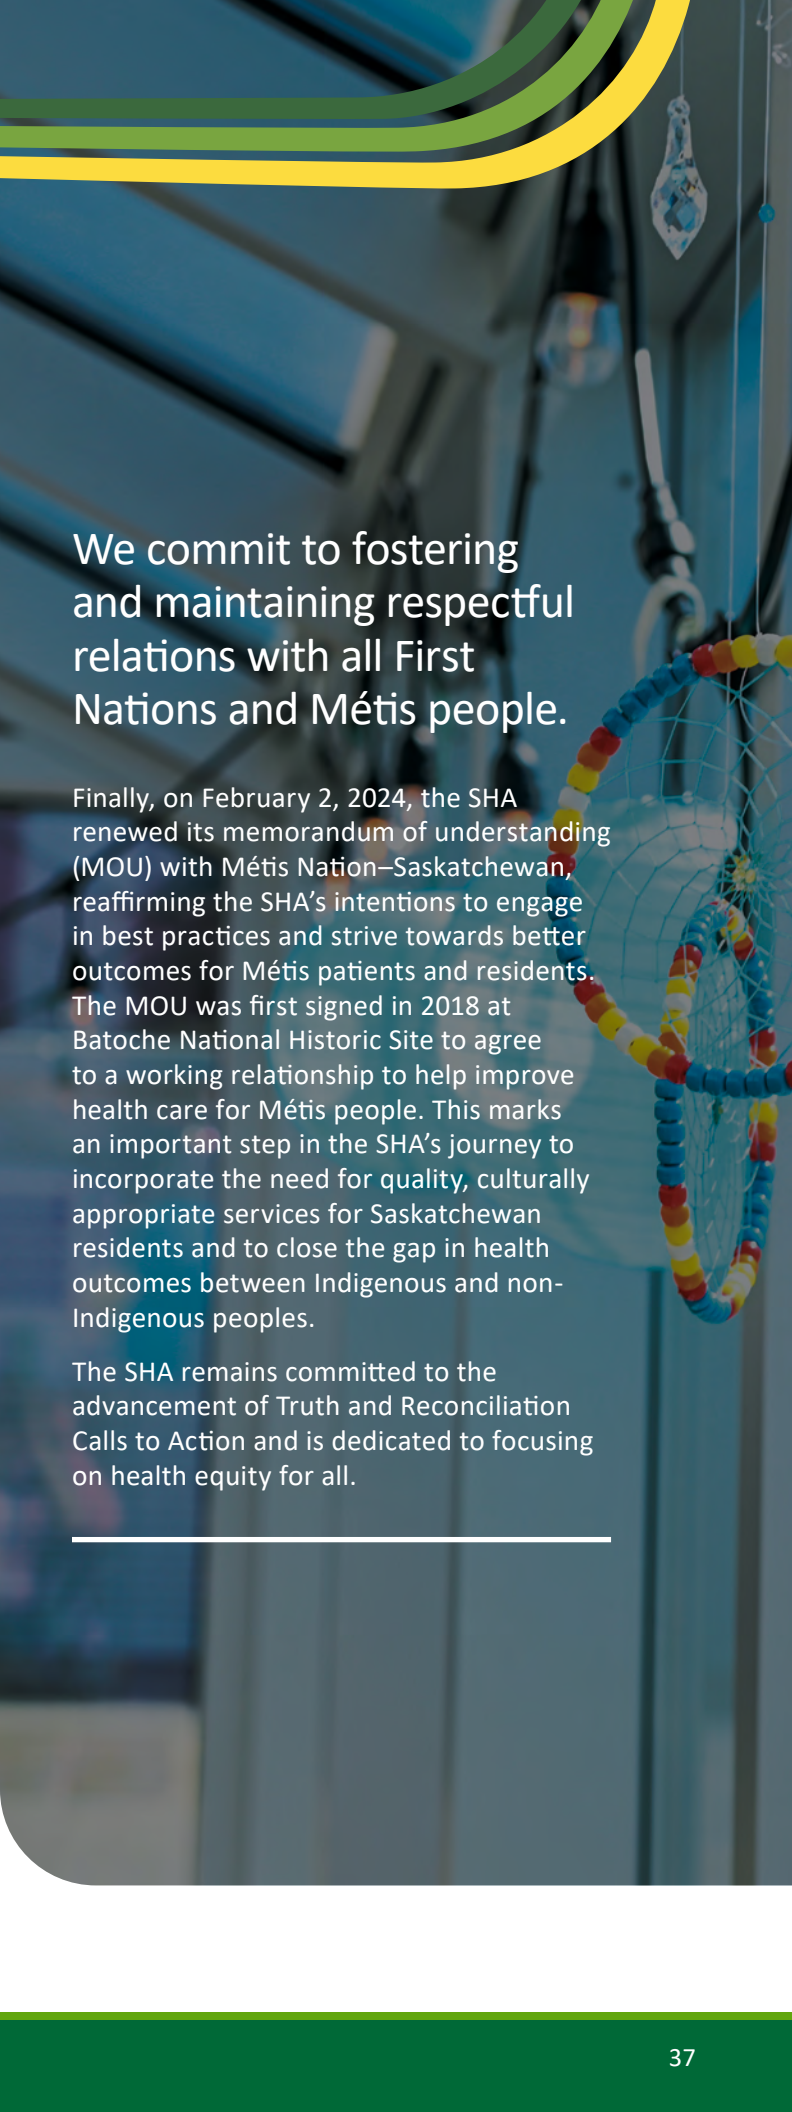

Additionally, Indigenous food options have been introduced across long-term care homes in northern communities over the past year, including Northwest Community Lodge, L. Gervais Memorial Health Centre, Loon Lake Health Centre and Special Care Home, and St. Walburg Health Complex. Planning is underway at North Battleford continuing care and Prince Albert's Herb Bassett Home to continue this work, including menu planning and procurement opportunities.

We commit to honouring all First Nations and Métis people in our health system by creating an inclusive culture grounded in our values of Safety, Accountability, Respect, Collaboration and Compassion and the commitment to a philosophy of Patient and Family Centred Care.

On November 30, 2023, *Our Commitment to Each Other: Patient Rights and Responsibilities* was officially launched. This provincial articulation of patient and family rights and responsibilities reinforces our shared commitment to SHA values and Patient and Family Centred Care among patients, families, staff, and physicians. The rights and responsibilities of patients are aligned with the core principles of Patient and Family Centred Care (dignity and respect, information sharing, participation, and collaboration) and reaffirm our commitment to cultural safety as an outcome of cultural responsiveness. These statements of commitment were created through broad engagement with over 700 individuals including the Traditional Knowledge Keepers Advisory Council, First Nations and Métis Patient Family Partners and community organizations. An intentional effort was made to hear diverse voices not typically well represented by creating various local connections across the province. Examples include working with organizations who support sheltering, mental health and additions, cultural groups, immigrants and refugees.

We commit to fostering and maintaining respectful relations with all First Nations and Métis people.

Finally, on February 2, 2024, the SHA renewed its memorandum of understanding (MOU) with Métis Nation–Saskatchewan, reaffirming the SHA’s intentions to engage in best practices and strive towards better outcomes for Métis patients and residents. The MOU was first signed in 2018 at Batoche National Historic Site to agree to a working relationship to help improve health care for Métis people. This marks an important step in the SHA’s journey to incorporate the need for quality, culturally appropriate services for Saskatchewan residents and to close the gap in health outcomes between Indigenous and non-Indigenous peoples.

The SHA remains committed to the advancement of Truth and Reconciliation Calls to Action and is dedicated to focusing on health equity for all.

STRONGER HEALTH-CARE SYSTEM:

INVEST IN HEALTH-CARE INFRASTRUCTURE

In 2023-24, the SHA was tasked with advancing the following key actions in support of provincial targets:

Strategy

Ensure hospitals, clinics and other health facilities are in place to provide reliable, safe and effective delivery of health programs and services, and continue to meet the needs of a growing province.

Key Actions

Continue to progress the following major capital projects:

- Regina Urgent Care Centre (UCC);
- Saskatoon UCC;
- Grenfell Long-term Care (LTC);
- La Ronge LTC;
- Prince Albert Victoria Hospital;
- Weyburn General Hospital;
- Regina General Hospital (RGH) parkade;
- Regina LTC; and
- St. Paul's Hospital front entrance.

Continue planning activities to advance other priority capital projects:

- Estevan LTC;
- Watson LTC;
- Yorkton Regional Health Centre;
- Rosthern acute project;
- Esterhazy acute project; and
- Battleford LTC.

Continue investment in building improvements and equipment upgrades to improve health facilities in Saskatchewan.

Support the implementation of the Administrative Information Management System (AIMS).

Throughout the 2023-24 fiscal year, the SHA continued to make progress towards a number of infrastructure and maintenance projects to increase access to health-care services in a growing province. In partnership with the Ministry of Health and Ministry of SaskBuilds and Procurement, significant progress was accomplished this year:

Regina Urgent Care Centre

Construction on the Regina UCC is now complete. This facility will serve as an alternative to emergency departments (EDs) for non-life threatening illnesses or injuries, including mental health and addictions, medical imaging and laboratory services. Construction began in spring 2022 and reached completion in March 2024. The facility is expected to welcome its first patients this summer. It will not only increase patient access to health care, but also aims to alleviate pressure on existing EDs. This project could not have been completed without assistance from the Hospitals of Regina Foundation, which provided the funding for furniture, fixtures and equipment.

Saskatoon Urgent Care Centre

In partnership with the Government of Saskatchewan and Ahtahkakoop Cree Developments (ACD), a site was selected for the location of the Saskatoon UCC. The new facility will be located at 215 Avenue S South in Saskatoon, formerly the location of Pleasant Hill School, and is situated just one block away from St. Paul's Hospital. Like the Regina UCC, the Saskatoon site will serve as an alternative to emergency departments when completed, providing enhanced access for residents who require urgent care, and is expected to lower ED wait times. ACD will continue to assist in the design and development of the UCC.

Grenfell Long-term Care

Construction of a Grenfell long-term care facility got underway in the fall of 2023. This new 33-bed facility will replace the Grenfell Pioneer Home which closed in 2018. The facility includes two spa tub rooms, a commercial kitchen, and common living and dining spaces for residents to enjoy. Located at the corner of Albert Avenue and Qu'Appelle Street, the Grenfell LTC home aims to create a home-like environment for residents while also keeping them closer to their friends and family.

La Ronge Long-term Care

Construction officially began on a new long-term care facility in La Ronge in July 2023. A community event was held on July 25, 2023 to celebrate the start of construction. With three stories and two wings per floor, the facility will provide care to 80 residents, an increase of 64 beds. Renovations will also include living areas, tub rooms, a traditional healing space and improvements to several program areas including a new hemodialysis unit. The targeted construction completion date is late 2026, with doors opening in 2027.

Prince Albert Victoria Hospital

This fiscal year also saw the advancement of the Prince Albert Victoria Hospital renewal project which involves the construction of a new multi-level acute care tower. Project completion will see a 40 per cent increase in the number of hospital beds in Prince Albert, expanding from the current 173 beds to 242. The scope of the project also includes a heliport on the roof of the new acute care tower, an expanded emergency department, larger operating rooms, enhanced medical imaging services and a First Nations and Métis cultural space. The SHA has been working in partnership with Prince Albert Grand Council to see this project through to completion, and extends a heartfelt appreciation to the Boreal Healthcare Foundation for their continued efforts and support of this project. Completion of this hospital will expand the health-care services offered to the residents of Prince Albert and northern Saskatchewan, allowing them to receive care closer to home for years to come.

Weyburn General Hospital

A groundbreaking event was held on June 12, 2023 to celebrate construction of the new Weyburn General Hospital. The 9,730 square metre hospital will hold 25 acute care beds, 10 mental health in-patient beds, an EMS garage and adjacent heliport to support safer and more efficient patient care. The development is intended to co-locate services from Tatagwa View. Located at 275 Fifth Avenue Northwest, the facility will bring more centralized services under one roof, leading to ease of care within one facility for the residents of Weyburn and surrounding communities.

Regina General Hospital Parkade

The RGH parkade project reached a key milestone, with construction beginning in October 2023. Link Developments Ltd. was the proponent selected under a Design-Build-Partial Lease agreement, which means they will be responsible for designing, constructing, financing, maintaining, and operating the new parkade, with the SHA leasing the stalls. The three-story structure will be located in the northwest corner of the existing RGH parking lot, with the proposed design including a total of 1,005 parking stalls for a net increase of 686 parking stalls. Development of this parkade enhances accessibility, convenience and safety for staff, visitors and patients alike. Construction is expected to be completed in November 2024. It will become the SHA's first parkade to offer electric vehicle plug-in stalls.

Regina Long-term Care

A new specialized long-term care facility in Regina will be located on a 390 acre parcel of land south of the Saskatchewan Polytechnic Regina Campus. This 240 bed, multi-story facility, designed with a focus on creating a home-like environment, will support residents with dementia, complex behavioural needs and other conditions requiring specialized care. A request for qualifications was issued in October 2023, with the project progressing to the request for proposal stage in December 2024.

St. Paul's Hospital front entrance

The redevelopment of the front entrance of St. Paul's Hospital is designed to enhance accessibility and create a more welcoming environment. The redesign includes 6,609 square feet of interior renovations with the relocation of Patient Registration, Security and Information Services and gift shop, and the addition of a First Nations and Métis Healing Centre which provides a cultural space for healing, an important step in the SHA's reconciliation journey. A request for proposal was issued in May 2023 and in October 2023, Graham Construction & Engineering Inc. was selected to complete the project. Site preparation began at the end of November 2023 with a completion date targeted for 2025. The new entrance will greatly improve the health-care experience of patients, staff and visitors in Saskatoon.

In addition to the work outlined above, planning activities progressed on a number of other major capital projects in 2023-24:

Estevan Long-term Care

In May 2023, a needs assessment for the Estevan Regional Nursing Home was completed which identified the need for 59 additional long-term care beds, bringing the total number of beds in the community from 108 to 167. The next step in this project is to develop a business case to help inform early cost estimates, the size of the project, its location and procurement approach.

Watson Long-term Care

In June 2023, a needs assessment for the Quill Plains Centennial Lodge in Watson was completed, identifying the need for seven additional long-term care beds. This will increase the number of long-term care beds from 53 to 60. A business case will now be developed to determine the scope of the project.

Meadow Lake Satellite Hemodialysis Unit

In May 2023, the SHA celebrated the grand opening of the Meadow Lake Satellite Hemodialysis Unit located within the Northwest Health Facility. The unit has been in operation since March 2023, can accommodate six patients at once, and runs twice a day. The introduction of this centre has provided patients with access to dialysis services closer to home, eliminating the need to travel to other facilities in the province for treatment. Satellite dialysis clinics are also available in Prince Albert, Tisdale and North Battleford.

Additional minor capital maintenance projects were carried out during the 2023-24 fiscal year through the Life-Safety funding to ensure health facilities are able to continue providing reliable and safe services for the residents of Saskatchewan. These improvements support patient and staff safety and enhance service delivery across the province. The SHA is grateful for the opportunity to modernize health-care facilities across Saskatchewan to enhance care for patients, residents and their families for many years to come.

ADMINISTRATIVE INFORMATION MANAGEMENT SYSTEM

AIMS is a much-needed collaboration between the Saskatchewan Health Authority, 3sHealth, the Saskatchewan Cancer Agency, eHealth Saskatchewan, Saskatchewan Association of Health Organizations Inc. and affiliated employers. The goal is to create a modern, secure, digitized, integrated system that supports finance, human resources, payroll, scheduling, and supply chain management.

Creating an integrated administrative system out of more than 80 different, outdated systems that serve more than 51,000 people is no easy task; but with the support of many, tremendous progress has been made. This past year, the AIMS project team has listened, learned, and redesigned the system to address issues of performance and ease of use. While additional testing is required, the results of testing and user feedback to date have been positive.

During late 2023-24, employees from around the province and a variety of sources provided valuable insights. Nearly all of them found the system easy to use and were pleased with the experience.

The results are encouraging, but there are still final testing steps that need to be taken to determine when a phased-in implementation of AIMS can occur. The SHA will continue working with employees, listening, learning, and improving along the way.

RESPONSIVE MENTAL HEALTH AND ADDICTIONS SERVICES

In 2023-24, the SHA was tasked with advancing the following key actions in support of provincial targets:

Strategy	Continue to support recommendations in the <i>Action Plan for Mental Health and Addictions</i>, ensuring that Saskatchewan residents have improved access to services from the most appropriate mental health and addictions professional at the right location when needed.
Key Actions	Establish new addiction treatment spaces for individuals requiring substance use treatment services; Establish initiatives to mitigate overdose deaths and drug poisonings; and Mental Health and Addictions Information System implemented for appropriate mental health and addictions programs.

In 2023-24, the SHA continued its commitment to improving access to mental health and addictions services and increasing the number of supports available to Saskatchewan residents. Mental health and addictions initiatives undertaken by the SHA this year were established in collaboration with the Ministry of Health.

As part of the Government of Saskatchewan's commitment to increase capacity by adding 500 new treatment beds over the next five years, work undertaken in 2023-24 saw the addition of numerous new treatment spaces to advance this goal. This included the addition of 36 virtual treatment spaces

through Edgewood Health Network (EHN) Canada in the spring of 2023. EHN Canada is a national leader in addictions treatment. By providing outpatient treatment virtually, Saskatchewan residents across the province have greater flexibility and accessibility to mental health and addictions services.

Twelve additional post-treatment beds were added to St. Joseph's Addiction Recovery Centre in Estevan this fiscal year. These 12 spaces follow the 14 post-treatment spaces added to the facility in March 2023. With these additions, there are now 32 post-treatment, 32 inpatient and four pre-treatment beds in operation at this facility.

In June 2023, a request for proposal (RFP) was issued to identify an operator for addiction treatment services in North Battleford. As a result, Poundmaker’s Lodge was selected to provide withdrawal management and inpatient addiction treatment for adults. Fourteen new treatment spaces were announced in December 2023 and will be located at the former Drumming Hill Youth Centre.

Six new short-term detox beds opened at Bruno’s Place emergency shelter in Yorkton at the end of July 2023 to help individuals struggling with substance use disorder. Bruno’s Place is a 10-bed emergency shelter located in the Prairie Harvest Community Centre. The SHA and Bruno’s Place worked together to convert six of the 10 beds to short-term detox spaces that will allow more people to easily access addiction treatment services rather than visiting an emergency department.

In Saskatoon, 18 new addictions treatment spaces, including eight for youth, were announced in November 2023 located at Possibilities Recovery Center. These new spaces will allow adults and youth to access intensive outpatient treatment in person or virtually. Recognizing the need for additional treatment spaces in Saskatoon, 14 more spaces were announced in January 2024, including 10 for adults and four for youth. All 32 spaces are accepting patients.

A 60-bed inpatient addictions treatment facility will also be established at the former Living Skies Retreat and Conference Centre near Lumsden. This facility will provide adults 18 and older with holistic inpatient addictions treatment for up to 16 weeks and will be operated by EHN Canada.

And finally, Saskatchewan residents will have access to 15 addictions treatment spaces at the Thorpe Recovery Centre in Lloydminster. These new spaces will help adults access inpatient addictions treatment and are currently open to all Saskatchewan residents.

The SHA is proud of the work that has been completed this fiscal year to increase the number of mental health and addictions supports for Saskatchewan residents in collaboration with the Government of Saskatchewan, and looks forward to helping reach the goal of creating 500 new addictions treatments spaces by 2027-28.

In addition to establishing new addictions treatment spaces, the following mental health and addictions initiatives were also carried out in 2023-24:

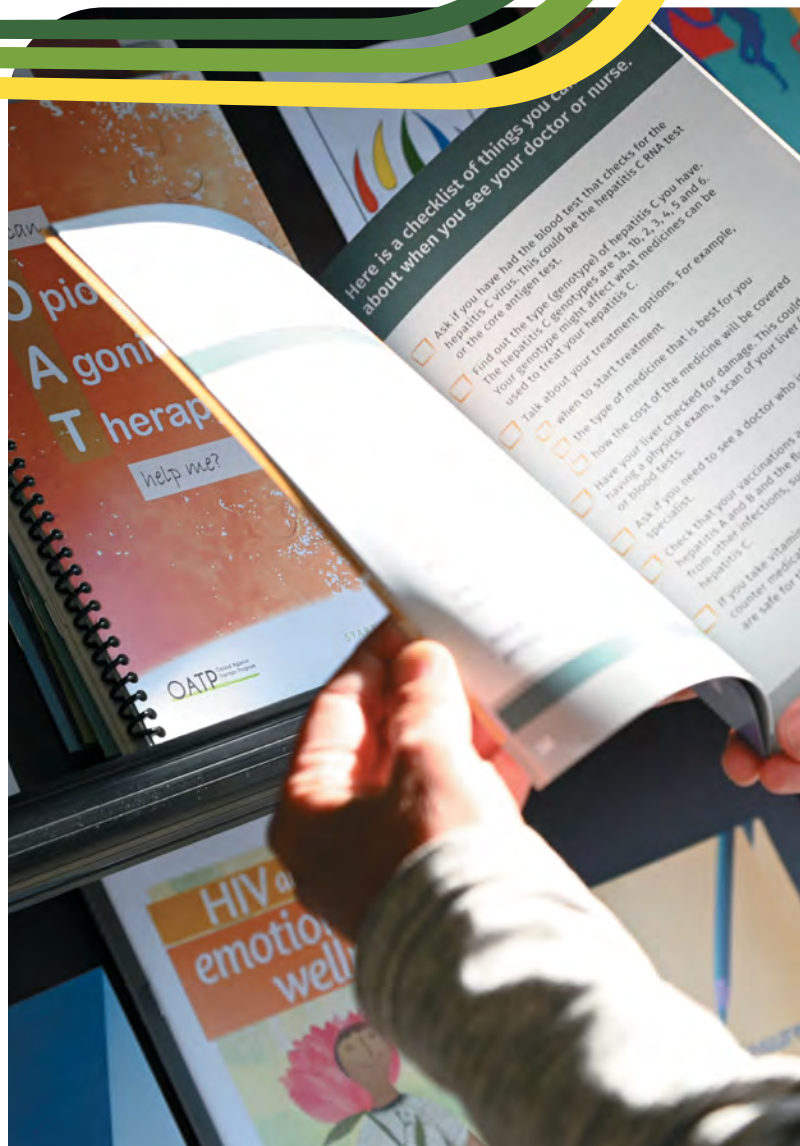

- Expanding the Police and Crisis Team (PACT), a collaborative effort between the government, police and the SHA to change the way mental health emergencies are handled in the community. PACT pairs a mental health professional with a police officer, creating a team that is mobile and can help stabilize individuals experiencing a mental health crisis, reducing emergency room visits and helping to keep clients who are experiencing mental health issues out of the criminal justice system. The 2023-24 funding allowed for expanded hours of operation in Regina and Saskatoon.

- Purchasing and providing Fourier-transform infrared (FTIR) spectrometres, better known as drug checking devices. FTIR spectrometres can identify the make-up of a particular drug, whether other contaminants such as fentanyl are present, and the quantity of the contaminant present. The spectrometres are owned by the SHA and located at Newo Yotina Friendship Centre's overdose prevention site in Regina and at Prairie Harm Reduction site in Saskatoon. Testing is free and anonymous, and results are available in just 10 minutes. By providing this service to Saskatchewan residents, drug poisonings can be reduced and lives will be saved.
- Extending the Overdose Outreach Team pilot program for an additional six months in July 2023. The program was initially launched in December 2022 as part of the Drug Task Force initiative. Teams are located in Regina and Saskatoon and are comprised of an SHA mental health and addictions counsellor and a primary care paramedic. They provide short-term counselling while connecting individuals who have recently experienced an overdose with other agencies for long-term needs, including mental health and addictions services, housing, medical intervention and financial services. To date, the teams have supported more than 60 individuals.

- Continuing to offer Take Home Naloxone (THN) kits in pharmacies across the province as part of the THN program which provides free training and naloxone kits to Saskatchewan residents who are at risk of, or may witness, an opioid overdose. Since the program was first introduced in 2015, more than 40,000 people have been trained on how to use naloxone, and nearly 10,000 overdoses have been reversed. Kits are available at over 400 locations, with more locations to be added in the future.
- Supporting the University of Regina's Online Therapy Unit that provides Internet-delivered Cognitive Behavioural Therapy. Because of its unique and convenient online delivery, residents anywhere in Saskatchewan can participate in the program. The Online Therapy Unit, with clinical support from the SHA, provides treatment to those experiencing depression, anxiety, substance misuse or difficulties coping with chronic health conditions.
- Expanding the Mental Health Capacity Building in Schools program by introducing it to five additional school divisions in time for the next school year that begins September 2024. The Mental Health Capacity Building program promotes positive mental health in children, youth and their families by focusing on mental health promotion, early identification and intervention, thereby helping young children manage their feelings more proactively while also identifying where they can find help when dealing with their feelings.

- Opening Garden of Hope, a mental health retreat home for youth ages 12 to 18 in Saskatoon, on December 8, 2023 in partnership with the government and EGADZ. Garden of Hope will offer outreach support for youth struggling with mental health and substance use, providing a safe space for youth to remain in their community while receiving the help they need. Currently, the home offers eight spaces, with capacity to expand to 10.
- Issuing an RFP in December 2023 for new mental health group homes in Regina and Prince Albert. These group homes will be for children ages 12 to 18 experiencing mental health and addictions challenges. Each home will provide five spaces for youth.

PROGRESS IN 2023-24:

ADDITIONAL SHA STRATEGIC INITIATIVES

In addition to the initiatives outlined in the *Ministry of Health's 2023-24 Business Plan*, the SHA identified and made progress towards three further areas of focus during the 2023-24 fiscal year.

Improve staff safety and well-being

Like previous years, ensuring the safety and well-being of health-care workers, physicians and leaders continued to remain a priority for the SHA. To support this initiative, the 2023-24 fiscal year saw the creation of the Staff Safety Plan. Released in December 2023, the Staff Safety Plan is based on six key pillars of a safety management system, encompasses a three-year period, and is built around the vision of "Safe Workplace, Healthy Workforce".

The Staff Safety Plan also includes a violence prevention and mitigation plan, which focuses on establishing a provincially standardized Individual Client Risk Assessment (ICRA) to assist staff with recognizing potentially violent individuals and providing staff with strategies to avoid or mitigate violent interactions or encounters. ICRA trials will be conducted throughout the first quarter of 2024 as part of Phase 1 of the Staff Safety Plan.

Another key deliverable of the Staff Safety plan is the development and rollout of the Safety Assurance Foundations for Employees (SAFE). This course is designed to provide leaders with the tools, processes, and behaviours to more easily integrate staff safety into daily operations.

Other notable items within the Staff Safety Plan include: developing a standardized process to identify all risks associated with a position; finalizing and implementing protection and control plans to

prevent workplace exposures to infectious materials/organisms; and creating a provincialized incident reporting software system. All of these initiatives will allow the SHA to take care of those who take care of others.

Develop and empower health-care teams

The SHA prioritized developing and empowering health-care teams to provide safer care, achieve results and celebrate success throughout the 2023-24 fiscal year. This included the development of a deployment plan for the SHA Management System with a focus on Quality Improvement. Quality Improvement resources and tools including a comprehensive Daily Visual Management playbook have been developed and made available to all staff across the SHA. A Quality Improvement calendar went live in June 2023. This calendar helps teams advance and track their quality improvement work and enables everyone within the SHA to view and add their improvement activities across the organization. It also includes quality improvement events and opportunities for training and allows all quality improvement information to be accessible in one convenient location.

In keeping with the theme of empowering health-care workers to provide safer care, work towards creating a Quality and Safety Plan was also undertaken this year. The purpose of this plan is to help progress the SHA's vision of "Healthy

People, Healthy Saskatchewan” and requires an integrated approach that brings together multiple portfolios including Clinical Standards, Organizational Development and Employee Wellness and First Nations and Métis Health, among others, to develop a holistic strategy to improve quality of care and safety for patients, staff and physicians.

While the plan is still in development, priority areas including medication safety, violence prevention and suicide prevention were identified in quarter three and approved by the Quality and Safety Oversight Committee in early February 2024. Work towards plan completion will continue into the 2024-25 fiscal year.

Capacity Pressure Action Plans

Designed by the SHA with support and collaboration from the Ministry of Health, the 2023-24 fiscal year saw the release of both the Saskatoon Capacity Pressure Action Plan (SCPAP) and the Regina Capacity Pressure Action Plan (RCPAP). Each plan was created to outline concrete actions to alleviate and address immediate pressures related to hospital capacity, while also identifying long-term measures to meet current and future health-care needs of Saskatchewan residents and ensuring the appropriate care is received within the appropriate setting.

Released in mid-November 2023, the SCPAP saw the completion of a number of identified actions by the end of the 2023-24 fiscal year that aimed to address existing capacity pressures; most notably:

- Adding 385 additional positions in Saskatoon. Of the 385 positions, 140 have been filled by full-time staff which includes 55 nurses, 15 security officers and 70 staff of various designations such as therapists, continuing care assistants, environmental services workers and pharmacists. Recruitment efforts are underway to fill the remaining 245 positions;
- Adding temporary emergency department staffing, including nurses and social workers, to improve patient and staff safety and allow clinical staff to focus on patient care delivery;
- Supporting two additional ambulances staffed 24-hours seven days a week along with an additional community paramedic 12 hours a week thanks to an annual investment of \$2.6 million from the Government of Saskatchewan;
- Adding 84 long-term care beds in Saskatoon by mid-June 2024 in addition to 75 convalescent beds that have already been added, resulting in a total of 159 additional beds since the release of the SCPAP;
- Developing a partnership with the Saskatoon Tribal Council that resulted in diverting more than 650 individuals from St. Paul's Hospital to other primary care or shelter locations over a three-month time span; and
- Continuing to operate an additional 43 acute care beds and eight EMS off-load beds at Royal University Hospital, along with an additional five acute care beds at St. Paul's Hospital.

A month later, the RCPAP was released on December 21, 2023 resulting in significant actions that have been made to increase hospital capacity in Regina.

Actions included:

- Increasing the number of beds in Regina's Community-based Long-term Care program by 27;
- Announcing the addition of 20 permanent transitional beds, to be located at a vacant wing of Regina Lutheran Home and operational in May 2024, bringing the total number of additional beds in Regina to 47. Six of these additional beds are already operational.
- Hiring 61 full-time equivalent staff, which includes all staff needed to operate the 20 new transitional beds at Regina Lutheran Home; and
- Posting two request for proposals, in collaboration with the Ministry of Health, for an additional 220 standardized long-term care spaces operated by the SHA to complement the previously committed 240 specialized long-term care beds.

Recruitment efforts are ongoing, with plans to continue to grow the health-care workforce over the course of the next year, including adding 107 full-time nursing positions to the organization.

The actions taken in Saskatoon and Regina as outlined above have contributed to a reduction in the number of patients waiting in emergency departments for an inpatient bed and the number of patients waiting in acute care for a community bed. These collective outcomes have also resulted in a reduction in emergency department overcrowding, allowing patients to get to the right care environment sooner, creating better health outcomes and experiences for patients and their families.

Implementation of the SCPAP and RCPAP will continue into the 2024-25 fiscal year. Throughout the implementation, the SHA continues to regularly engage with staff to understand their needs, hear their ideas and work collaboratively to provide the best possible care to patients not only in Regina and Saskatoon, but across the province.

MANAGEMENT REPORT

June 3, 2024

Saskatchewan Health Authority

Report of Management

The accompanying consolidated financial statements are the responsibility of management and are approved by the Saskatchewan Health Authority Board of Directors. The consolidated financial statements have been prepared in accordance with Canadian Public Sector Accounting Standards and out of necessity include amounts based on estimates and judgements. The financial information presented in the annual report is consistent with the consolidated financial statements.

Management maintains appropriate systems of internal control, including policies and procedures, which provide reasonable assurance that the SHA's assets are safeguarded and the financial records are relevant and reliable.

The Board delegates responsibility for reviewing the consolidated financial statements and overseeing management's performance in financial reporting to the Audit, Finance and Risk Committee. The Audit, Finance and Risk Committee meets with the Board, management and the external auditors to discuss and review financial matters and recommends the consolidated financial statements to the Board for approval. The Board approves the annual report and, with the recommendation of the Audit, Finance and Risk Committee, approves the consolidated financial statements.

The appointed auditor conducts an independent audit of the consolidated financial statements. The auditor's report expresses an opinion on the fairness of the consolidated financial statements prepared by management.

2023-24 FINANCIAL OVERVIEW

The SHA used Canadian Public Sector Accounting Standards (PSAS) to prepare its financial statements for the year ended March 31, 2024. SHA financial statements are prepared on a consolidated basis and include the following legal entity:

- St. Paul's (Grey Nuns) of Saskatoon

As a result of The Health Shared Services Saskatchewan (3sHealth) Act coming into force on April 1, 2023, the SHA's reporting entity no longer includes 3sHealth for the fiscal year ended March 31, 2024.

Annual Operations

For the year ended March 31, 2024, the SHA recorded a consolidated surplus of \$88.4 million compared to a deficit of \$10.1 million in 2022-23. Included in this is a deficit of \$43.7 million from operations of the SHA, a surplus of \$131.7 million from capital accounts, and nominal amounts from community trust accounts.

Accumulated Surplus

The accumulated surplus includes the operating, capital and community trust funds and is an accumulation of all financial results of the current and prior years. The accumulated surplus as at March 31, 2024, was \$1.54 billion, compared to \$1.47 billion as at March 31, 2023. This includes designated assets, which are assets that have been formally designated by the authority to indicate the authority's intention to use those assets for a specific purpose. The SHA Board of Directors continues to formally designate Ministry of Health (MoH) and Alberta Health Services (AHS) capital funding, unspent donations and Saskatchewan Housing Corporation (SHC) reserves. Designated assets totaled \$163.1 million as at March 31, 2024, compared to \$136.1 million as at March 31, 2023.

SHA Consolidated Revenue Comparison to the Budget and Prior Year

Revenue (in thousands of dollars)	Budget 2024	Actual 2024	Variance Favourable	Actual 2023	Increase (Decrease)	% of Total Revenue 2024
Ministry of Health	\$4,794,413	\$5,082,660	\$288,247	\$4,573,098	\$509,562	92.3%
Other Government	71,589	79,674	8,085	94,600	(14,926)	1.4%
Patient & Client Fees	126,683	147,346	20,663	133,627	13,719	2.7%
Out of Province (Reciprocal) & Out of Country	38,875	44,090	5,215	31,316	12,774	0.8%
Donations	9,735	18,669	8,934	45,547	(26,878)	0.3%
Ancillary	27,454	30,035	2,581	25,333	4,702	0.5%
Recoveries	51,767	70,083	18,316	75,772	(5,689)	1.3%
Other	12,843	35,275	22,432	31,384	3,891	0.6%
Total Revenues	\$5,133,359	\$5,507,832	\$374,473	\$5,010,677	\$497,155	

During the 2023-24 fiscal year, revenue totaling \$5.5 billion was recorded, an increase of \$497.2 million or 9.9 per cent over 2022-23, and \$374.5 million or 7.3 per cent higher than budget. The overall distribution of revenues remained consistent with the prior year. The MoH transfers accounted for 92.3 per cent of SHA total revenues in 2023-24 (91.3 per cent – 2022-23).

Patient fees including reciprocal billings were 3.5 per cent of total revenue (3.3 per cent in 2022-23). Donation revenue decreased from 0.9 per cent to 0.3 per cent as the SHA recognized less donated personal protective equipment (PPE), and other supplies from the federal government, as well as rapid antigen test kits from the MoH.

Expenses

During the 2023-24 fiscal year, expenses of \$5.42 billion were incurred by the SHA, an increase of \$398.6 million or 7.9 per cent over 2022-23 and \$465.3 million or 9.4 per cent higher than the budget. Population growth, changing demographics and health status continue to impact the demand for health-care services. Through the ongoing Surgical Initiative, the SHA increased surgical volumes to reduce waitlists for surgeries. Additionally, the SHA continued to face significant inflationary pressures in 2023-24. These factors collectively drove increased demand and costs across the health-care system. The SHA worked closely with the MoH to ensure planning met both current and future demands.

SHA Consolidated Expenditures by Function Comparison to the Budget and Prior Year

Expense by Function (in thousands of dollars)	Budget 2024		Actual 2024		Variance Over (Under)	Actual 2023	Increase (Decrease)	% of Total Expense 2024
	Budget 2024	Actual 2024	Budget 2023	Actual 2023				
Inpatient & Resident Services	\$1,915,655	\$2,126,571	\$1,915,655	\$1,947,751	\$210,916	\$1,947,751	\$178,820	39.2%
Ambulatory Care Services	366,711	414,058	366,711	369,028	47,347	369,028	45,030	7.6%
Diagnostic & Therapeutic Services	671,189	701,223	671,189	652,342	30,034	652,342	48,881	12.9%
Community Health Services	857,539	898,032	857,539	848,422	40,493	848,422	49,610	16.6%
Support Services	1,126,996	1,260,584	1,126,996	1,187,223	133,588	1,187,223	73,361	23.3%
Ancillary	16,020	18,975	16,020	16,059	2,955	16,059	2,916	0.4%
Total Expense by Function	\$4,954,110	\$5,419,443	\$4,954,110	\$5,020,825	\$465,333	\$5,020,825	\$398,618	

Expenses by function are highlighted in the table above and the percentage of total expenses are comparable to prior year.

Expenses were higher than budget and prior year as a result of increased demand for services, higher surgical volumes and inflationary pressures. Throughout the year, SHA experienced significant overcapacity pressures in facilities across the province, especially in Saskatoon and Regina, which required increased staffing levels to meet the rising demand. Inpatient and Resident Services were higher than budget and prior year due to higher volumes and expenses including salaries and benefits, contracted resources, drugs, medical, surgical, lab, diagnostic and prosthetic supplies. Community Health Services exceeded both budget and prior year expenditures due to increased spending in Community Mental Health Services, Emergency Response Services and Primary Healthcare Services. Similarly, Ambulatory Care Services were higher than

budget and prior year, driven by increased demand in Emergency Departments, Hemodialysis and other ambulatory areas. Support Services such as Nutrition and Food Services, Registration, Housekeeping and Laundry Services also exceeded budget and prior year expenditures due to inflation and elevated service levels required to meet the increased demand within the health-care system.

SHA Consolidated Expenditures by Object Comparison to the Budget and Prior Year

Expense by Object (in thousands of dollars)	Budget 2024	Actual 2024	Variance Over Budget	Actual 2023	Increase from 2023	% of Total Expense 2024
Amortization	\$130,205	\$152,339	\$22,134	\$149,046	\$3,293	2.8%
Contracted-out Services	157,246	270,344	113,098	200,068	70,276	5.0%
Drugs	71,299	88,098	16,799	80,064	8,034	1.6%
Grants	341,987	360,017	18,030	360,071	(54)	6.6%
Property Services	168,695	214,811	46,116	196,020	18,791	4.0%
Salaries & Benefits	3,074,017	3,143,102	69,085	3,010,185	132,917	58.0%
Physician Compensation	526,155	582,983	56,828	479,150	103,833	10.8%
Support Services	54,679	70,923	16,244	61,580	9,343	1.3%
Other	177,051	216,423	39,372	178,812	37,611	4.0%
Medical, Surgical, Lab, Diag & Prosthetics Supplies	252,776	320,403	67,627	305,829	14,574	5.9%
Total Expenses	\$4,954,110	\$5,419,443	\$465,333	\$5,020,825	\$398,618	

The distribution of expenses by object remained consistent with the prior year, as indicated above. Salaries and benefits expense is the largest cost for the SHA with expenditures surpassing budget and exceeding prior year's figures. This increase can be attributed to ongoing pressures in the health system, unprecedented surgical volumes and higher over-time. The SHA continued to advance its Health Human Resource Plan with the addition of new positions throughout the province. Contracted-out-Services were also over budget and higher than prior year due to increased demand for contracted resources to address staffing vacancies in nursing and other classifications to avoid service disruptions and maintain services. Throughout 2023-24, SHA maintained its commitment to prioritizing care and services to effectively meet the demands placed on the health-care system.

Physician compensation increased compared to budget and prior year, primarily resulting from the settlement of the SMA Agreement.

Non-compensation operating expenses also exceeded budget and 2022-23. These increases can be attributed to higher volumes and inflationary pressures, leading to increased expenditures across various categories such as medical, surgical, lab, diagnostic and prosthetic supplies. Drug cost increased due to higher volumes, inflation and the use of more costly drugs. Additionally, Property Services expenditures increased due to rising maintenance costs associated with aging infrastructure, utility rate increases, addition of rental space and vehicle leases and purchase of minor equipment.

During the year ended March 31, 2024, the SHA provided funding of \$78.9 million (\$89.4 million in 2022-23) to prescribed health-care organizations (HCOs) and \$256.1 million (\$237.9 million in 2022-23) to affiliates. Additional information can be found in Appendix D of the annual report on prescribed HCOs and affiliates.

Capital

Capital investment for 2023-24 totaled \$285.6 million compared to \$162.5 million in 2022-23. The majority of funding was provided by the MoH with the remainder of the SHA's funding provided by various sources such as foundations, donations and community trust contributions. Infrastructure acquisition highlights include boiler replacements, water and sewer systems, generators and chillers, medical gas upgrades, fire safety, multiple facility renovations, roofing replacements, heating ventilation air conditioning systems, nurse call system upgrades, elevator projects and electrical renewal projects. Equipment replacements occurred in several areas, including diagnostic imaging, laboratory, surgical, intensive care, cardio sciences, patient care, food and nutrition and progress on the Administrative Information Management System (AIMS). Major capital facility projects managed by SaskBuilds and Procurement included planning, design and delivery at various stages of the following facilities: Prince Albert Victoria Hospital, Weyburn Hospital, La Ronge Long-term Care, Regina Urgent Care Centre, Grenfell Long-term Care and many others. Amortization expense was \$152.3 million compared to \$149.0 million in 2022-23.

In 2023-24, the SHA acquired the land and premises at 125 Hamilton Street, Regina Saskatchewan, a long-term care home known as the Regina Lutheran Home (RLH) for a purchase price of \$4.5 million. Effective April 1, 2024, SHA will assume operations and become the successor employer for all associated employees in order to ensure the continued provision of health-care services under the Provincial Health Authority Act. Further information regarding the acquisition of RLH is disclosed in Note 19 of the March 31, 2024 audited consolidated financial statements.

Effective April 1, 2023, the SHA adopted Public Sector Accounting Standard PS 3160 Public Private Partnerships (P3), which provided new requirements for the recognition, measurement, presentation and disclosure of infrastructure for P3s. As a result, the discount rate used to measure the SHA's assets and liabilities relating to its P3 arrangement for The Meadows (long-term care facility) in Swift

Current was changed from the government's cost of borrowing (3.5%) to the internal rate of return (5.44%). The SHA applied PS 3160 retroactively without restatement of prior period which resulted in SHA recording an adjustment to accumulated surplus of \$2.2 million due to the impact of the higher interest costs offset by reduced accumulated amortization expense on the accompanying asset. The capital cost of the asset decreased by \$26.2 million, accumulated amortization decreased by \$5.4 million resulting in a net decrease of \$20.8 million to the net book value. The corresponding obligation decreased by \$18.6 million. Further information related to this P3 and the change in accounting policy are disclosed in Notes 10 (a) and 21 of the March 31, 2024 audited consolidated financial statements.

Debt

The SHA's debt of \$46.0 million (2023 - \$52.3 million) is composed of banker's acceptances, mortgages, energy performance contract loans and debentures. The SHA's outstanding debt decreased as there were a number of mortgages that came due and were paid out. Further information related to the SHA's debt is disclosed in Note 8 of the March 31, 2024 audited consolidated financial statements.

In addition, the SHA has approved consolidated operating lines of credit totaling \$57.7 million as of March 31, 2024.

Other

The SHA is responsible for managing various community trust funds. The community trust funds are restricted funds that reflect community generated assets transferred to the SHA in accordance with the pre-amalgamation agreements signed with the amalgamating health corporations in May 1993. Under the terms of the pre-amalgamation agreements, the assets are accounted for separately and use of the assets is subject to restrictions. Information regarding these funds can be found in Note 11 of the March 31, 2024 audited consolidated financial statements.

AUDITOR'S REPORT AND 2023-24 FINANCIAL STATEMENTS

CONSOLIDATED FINANCIAL STATEMENTS
OF

SASKATCHEWAN HEALTH AUTHORITY

YEAR ENDED MARCH 31, 2024

INDEPENDENT AUDITOR'S REPORT

To: The Members of the Legislative Assembly of Saskatchewan

Opinion

We have audited the consolidated financial statements of the Saskatchewan Health Authority, which comprise the consolidated statement of financial position as at March 31, 2024, and the consolidated statements of operations, remeasurement gains and losses, change in net debt and cash flow for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the financial position of the Saskatchewan Health Authority as at March 31, 2024, and the consolidated results of its operations, remeasurement gains and losses, changes in net debt, and its cash flows for the year then ended in accordance with Canadian public sector accounting standards.

Basis for Opinion

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Consolidated Financial Statements* section of our report. We are independent of the Saskatchewan Health Authority in accordance with the ethical requirements that are relevant to our audit of the financial statements in Canada, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with Canadian public sector accounting standards for Treasury Board's approval, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Saskatchewan Health Authority's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Saskatchewan Health Authority or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Saskatchewan Health Authority's financial reporting process.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

PROVINCIAL AUDITOR
of Saskatchewan

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Saskatchewan Health Authority's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Saskatchewan Health Authority's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Saskatchewan Health Authority to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control identified during the audit.

SASKATCHEWAN HEALTH AUTHORITY

Notes to the Consolidated Financial Statements

Year ended March 31, 2024
(in thousands of dollars)

1. Legislative Authority

During 2017-18, the Saskatchewan Health Authority (SHA) was established pursuant to *The Provincial Health Authority Act* (the Act). The SHA is a not-for-profit organization and is not subject to income taxes and property taxes on certain properties, from the federal, provincial and municipal levels of government. The SHA is a registered charity under *The Income Tax Act* (Canada).

2. Significant Accounting Policies

These consolidated financial statements have been prepared in accordance with Canadian public sector accounting standards, issued by the Public Sector Accounting Board and published by Chartered Professional Accountants of Canada.

a) SHA reporting entity

The SHA's reporting entity includes St. Paul's (Grey Nuns) of Saskatoon (St. Paul's) which is controlled by the SHA. St. Paul's is consolidated after necessary adjustments to a basis consistent with the accounting policies of the SHA. The transactions and inter-entity balances between SHA and St. Paul's have been eliminated on consolidation.

As a result of *The Health Shared Services Saskatchewan (3sHealth) Act* coming into force on April 1, 2023, the SHA's reporting entity no longer includes 3sHealth for the fiscal year ended March 31, 2024.

b) Revenue recognition

Revenue is recognized in the period in which the transaction or events that give rise to the revenue as described below occur. All revenue is recorded on an accrual basis, except when the accrual cannot be determined with a reasonable degree of certainty.

i) Government transfers

Transfers from Ministry of Health (MoH), other Government of Saskatchewan ministries and agencies and other government entities are referred to as government transfers.

Government transfers are recognized as revenue in the period during which the transfer is authorized and eligibility criteria are met, except when and to the extent that transfer stipulations give rise to an obligation which meets the definition of a liability. Transfers meeting the definition of a liability are recognized as revenue as the liability is settled.

Notes to the Consolidated Financial Statements

Year ended March 31, 2024
(in thousands of dollars)

2. Significant Accounting Policies (continued)

b) Revenue recognition (continued)

ii) Fees and charges, ancillary operations and other income

Fees and charges, ancillary operations, and other income are recognized in the period that goods are delivered or services are provided. Amounts received for goods or services that have not been provided by year-end are recorded as deferred revenue.

iii) Donations, fundraising and non-government contributions

Donations, fundraising and non-government contributions are received from individuals, corporations, and other not-for-profit organizations. These contributions may be unrestricted or externally restricted.

Unrestricted contributions are recognized as revenue when received. Contributions with external restrictions are recorded as deferred revenue and are recognized as revenue when used for the specified purpose as outlined in Note 11.

In-kind donations of assets and materials from non-related parties are recorded as revenue at fair value at the date of contribution if a reasonable estimate can be made.

iv) Investment income

Investment income includes dividend income, interest income and realized gains or losses on the sale of investments. Unrealized gains and losses are recognized in the consolidated statement of remeasurement gains and losses until the related investments are sold. Once realized, these gains or losses are recognized in the consolidated statement of operations.

c) Cash

Cash is comprised of cash on hand and balances with financial institutions.

d) Non-financial assets

Non-financial assets are assets held for consumption in the provision of services. These assets do not normally provide resources to discharge the liabilities of the SHA unless they are sold.

SASKATCHEWAN HEALTH AUTHORITY

Notes to the Consolidated Financial Statements

Year ended March 31, 2024
(in thousands of dollars)

2. Significant Accounting Policies (continued)

d) Non-financial assets (continued)

i) Tangible capital assets

Tangible capital assets are recorded at cost, while normal maintenance and repairs are expensed as incurred. Donated tangible capital assets are recorded at their fair value at the date of contribution (if fair value can be reasonably determined). During construction, these assets are recorded based on their percentage of completion and are disclosed as construction in progress. Amortization commences when the asset is put in service. Tangible capital assets procured through public private partnerships are valued at the total of the nominal value of progress payments made during or on completion of construction and the present value of the future capital payments, discounted to the date the asset is available for use, using either the internal rate of return or the private sector partner's cost of capital specific to the public private partnership agreement.

Tangible capital assets, with a useful life exceeding one year, are amortized primarily on a straight-line basis over their estimated useful lives as follows:

Land improvements	2.5% to 33.3%
Leasehold improvements	4.0 to 70.6%
Building & improvements	2.0 to 20%
Equipment	2.5 to 33%

ii) Inventory held for consumption

Inventory consists of general stores, medical and surgical, pharmacy, and other inventory held for consumption. They are expensed as they are consumed. All inventories are held at the lower of net realizable value or cost as determined on a weighted average basis. Donated materials held in inventory are valued at fair value at the date of contribution if a reasonable estimate can be made.

iii) Prepaid expenses

Prepaid expenses are prepaid amounts for goods or services that will provide economic benefits in one or more future periods.

SASKATCHEWAN HEALTH AUTHORITY

Notes to the Consolidated Financial Statements

Year ended March 31, 2024
(in thousands of dollars)

2. Significant Accounting Policies (continued)

e) Employee future benefits

i) Pension plans

Pension liabilities are calculated using the values as provided by the pension plan in the plan's audited financial statements, and for multi-employer plans the percentage of the SHA employees who are active plan members, as outlined in Note 14. Changes in the pension liabilities that result from adjustments in estimated gains and losses and changes in actuarial assumptions are amortized on a straight-line basis over the expected average remaining service life of the related employee group. Amortization commences in the year following the determination of the adjustment. Losses resulting from plan amendments are recognized in the period of the plan amendment.

ii) Disability income plans

Employees of the SHA participate in several disability income plans to provide wage-loss insurance due to disability. The SHA follows post-employment benefits accounting for its participation in the plans. Accordingly, the SHA expenses all contributions it is required to make in the year.

iii) Accumulated sick leave benefit liability

The SHA provides sick leave benefits for employees that accumulate but do not vest. The SHA recognizes a liability and an expense for sick leave in the period in which employees render services in return for the benefits. The liability and expense is developed using an actuarial cost method. Actuarial gains and losses are amortized on a straight-line basis over the expected average remaining service life of the related employee groups.

f) Obligations under long-term financing arrangement

The SHA recognizes liabilities and tangible capital assets for Public Private Partnership (P3) agreements. The SHA amortizes the cost of the completed project over its useful life, expenses the annual interest, and settles the long-term liability to the private sector partner over the term of the agreement. In addition, life cycle, operations, and maintenance obligations are expensed as paid. Obligations under long-term financing arrangement are disclosed in Note 10.

The long-term receivable from the MoH is collected over the term of the funding agreement.

SASKATCHEWAN HEALTH AUTHORITY

Notes to the Consolidated Financial Statements

Year ended March 31, 2024
(in thousands of dollars)

2. Significant Accounting Policies (continued)

g) Asset retirement obligation (ARO)

The SHA recognizes a liability for the following estimated future expenses:

- i) Removal of asbestos in several buildings owned by the SHA
- ii) Make good clauses of leased space
- iii) Decommissioning of fuel storage tanks

The estimated ARO is recorded as a liability with a corresponding increase to the related asset. The amount capitalized is depreciated on the same basis as the underlying asset. The liability amount is reviewed yearly and may be adjusted for revisions to the estimated cost of the liability, and the increase is recognized in the respective tangible capital asset. The SHA does not utilize discounting in the measurement of AROs. The uncertainty regarding the timing and ultimate amount to settle an ARO makes it unlikely that discounting would significantly improve the measurement of AROs. Note 22 outlines the details of the ARO.

h) Measurement uncertainty

In the preparation of the consolidated financial statements, management makes various estimates and assumptions in determining the reported amounts of assets and liabilities, revenues and expenses and in the disclosure of contingencies and contractual rights and obligations. Changes in estimates and assumptions will occur based on the passage of time and the occurrence of certain future events. The changes will be reported in revenues or expenses in the period in which they become known. Significant items subject to such estimates and assumptions include the estimated accumulated sick leave liability, other employee future benefits, inventory, asset retirement obligations, and estimates of the useful lives of tangible capital assets.

i) Financial instruments

The SHA has classified its financial instruments into one of the following categories: i) fair value or ii) cost or amortized cost.

All financial instruments are measured at fair value upon initial recognition. The fair value of a financial instrument is the amount at which the financial instrument could be exchanged in an arm's-length transaction between knowledgeable and willing parties under no compulsion to act.

SASKATCHEWAN HEALTH AUTHORITY

Notes to the Consolidated Financial Statements

Year ended March 31, 2024
(in thousands of dollars)

2. Significant Accounting Policies (continued)

i) Financial instruments (continued)

Freestanding derivative instruments continue to be measured at fair value. Gains and losses are recognized in the consolidated statement of remeasurement gains and losses until the instruments are derecognized.

The following financial instruments are subsequently measured at cost or amortized cost:

- i) Accounts receivable
- ii) Investments
- iii) Accounts payable and accrued liabilities
- iv) Debt

All financial assets are assessed for impairment on an annual basis. When a decline is determined to be other than temporary, the amount of the loss is reported in the consolidated statement of operations.

Related debt premium or discount and transaction costs are included in the carrying value of financial instruments recorded at cost or amortized cost and are amortized into interest expense using the effective interest rate method.

j) Leases

Leases that transfer substantially all of the benefits and risks of ownership related to the leased property from the lessor to the SHA are accounted for as a capital lease. Other leases are accounted for as operating leases with contractual obligations disclosed in Note 6b).

SASKATCHEWAN HEALTH AUTHORITY

Notes to the Consolidated Financial Statements

2. Significant Accounting Policies (continued)

k) New accounting standards in effect

A number of Canadian public sector accounting standards became effective April 1, 2023. The SHA's adoption of PS 3400 Revenue and PSG-8 Purchased Intangibles did not impact its financial statements. The adoption of PS 3160 Public Private Partnerships and its impact on the financial statements is addressed in Note 21.

A number of new Canadian public sector accounting standards and amendments to standards are not yet effective for governments and have not been applied in preparing these consolidated financial statements. The following standards will come into effect as follows:

- i) Conceptual Framework (effective April 1, 2026) replaces Financial Statement Concepts, Section PS 1000, and Financial Statement Objectives, Section PS 1100, which will be withdrawn.
- ii) PS 1202 Financial Statement Presentation (effective April 1, 2026) a new standard ensuring increased understanding of financial statements and the indicators within them, and provides improved accountability information for users.

The SHA plans to adopt these new standards on the effective date and is currently analyzing the impact this will have on its financial statements.

The purpose and nature of each category above is as follows:

- Government transfers for tangible capital asset expenditures represents the amount restricted by the board to allow for the renewal and replacement of equipment, buildings, and building service equipment.
- Donations represents the portion of accumulated surplus in relation to funds received as donations in the name of specific facilities or programs, however not with external restrictions attached.
- Canadian Mortgage and Housing Corporation (CMHC) Reserves represents the portion of accumulated surplus the SHA is required to maintain for certain replacement reserves as a condition of receiving subsidy assistance from CMHC.

5. Contractual Rights

SHA has the following contractual rights:

a) Rental revenue

Rental revenue of \$4.3 million (2023 - \$1.1 million) from contracts for retail space, non-profit activity or office space. Contract expiry terms range from November 30, 2024 to February 28, 2037.

b) Saskatchewan Housing Corporation (SHC) mortgage subsidy

SHC mortgage subsidy of \$1.9 million (2023 - \$2.8 million) for supportive care homes financed by CMHC. Contract expiry terms range from November 1, 2024 to February 1, 2030.

c) Ministry of Health agreement

The SHA had a capital and operating project agreement with the Ministry of Health expiring March 31, 2026. This agreement outlines the SHA's requirement to undertake the implementation of the provincial health system's administrative information management system (AIMS) on behalf of the health system as a whole, and the Ministry's provincial assistance to assist the SHA in financing the cost of the project. The SHA expects to receive the remaining \$58.5 million under this project agreement (2023 - \$0).

The SHA has contractual rights for the next five years and thereafter as outlined in the table below:

	Rental Revenue	SHC Subsidy	Ministry of Health Grant	Total 2024	Total 2023

6. Contractual Obligations (continued)

c) Contracted Health Care Organizations (HCOs)

The SHA has agreements with and provides annual grant funding to HCOs for the delivery of health care services. Certain of these contracts have provisions for continuation of services and/or purchase of facilities in the event of termination. Services provided in the year ended March 31, 2024 will continue to be contracted for the following fiscal year. Minimum annual payments to HCOs over the next five years and thereafter are as follows:

	Total 2024	Total 2023
2024	\$ -	\$ 80,301
2025	112,029	66,460
2026	88,806	60,704

2028	83,782	60,663
2029 and subsequent	73,439	-

d) Obligations under long-term financing arrangement

The SHA has contractual obligations in the form of a P3 agreement. Refer to Note 10 for this information.

7. Contingencies

The SHA, along with others, is a defendant to several claims, which have been brought against it over the years because of its operations. The SHA believes these claims are without merit or are covered by insurance in most cases. The SHA records a liability when the assessment of a claim indicates that a future event is likely to confirm that an asset had been impaired or a liability incurred at the date of the financial statements and the amount of the contingent loss can be reasonably estimated. Other settlements, if any, below the deductible or in excess of insurance coverage, would be accounted for as a charge against operations in the period in which settlements arise.

8. Debt (continued)

a) Banker's acceptances

The SHA has reduced its exposure to interest rate fluctuations by entering into interest rate swaps on some of the banker's acceptances. As at March 31, 2024, the SHA had revolving credit facilities as per the table below:

Revolving Credit Facilities	2024		2023	
	Borrowing Limits	Balance Outstanding	Borrowing Limits	Balance Outstanding
			(restated)	
Banker's acceptances				
1984 Royal University Hospital Parkade Structure	\$ -	\$ -	\$ 15,500	\$ 14,425
Interest Rate Swaps:				
JPCH Early Works Project	17,670	17,670	18,963	18,963
Energy Performance Contracts	11,200	10,569	12,450	12,119
accumulated remeasurement gains	-	(1,745)	-	(1,392)
	\$ 28,870	\$ 26,494	\$ 46,913	\$ 44,115

The banker's acceptances are not secured. Interest paid on the banker's acceptances during the year was \$1.4 million (2023 - \$1.6 million).

The fair value of the interest rate swaps are recorded on the consolidated statement of financial position with changes in the fair value reflected in the consolidated statement of remeasurement gains and losses. For the year ended March 31, 2024 the market value gain on the interest rate swap was \$353 (2023 – gain of \$837).

b) CMHC mortgages

SHC may provide a mortgage subsidy for supportive care homes financed by CMHC. The subsidy may change when the mortgage renewal occurs. For each of the mortgages, the SHA has pledged the related buildings of the special care homes as security, which have a net book value of \$14.7 million (2023 - \$17.3 million). Interest paid on mortgages during the year was \$77 (2023 - \$103). The average term to maturity is 2.7 years (2023 – 3.4 years).

c) Energy performance contract loans

Energy performance contracting is a unique program that allows the SHA to implement facility improvements, reduce energy costs, and improve health and comfort conditions. The projects are expected to provide utility cost savings that will pay for the cost and financing of the projects within an established period. Interest paid on the energy performance contract loans during the year was \$137 (2023 - \$243), and they are not secured. The average term to maturity is 2.0 years (2023 – 2.8 years).

8. Debt (continued)

d) Other Loans

Other loans include all non-CMHC loans, for which the SHA has no assets pledged as security (2023 - \$0). Interest paid on other loans during the year was \$5 (2023 - \$88). The average term to maturity is 14.75 years (2023 – 1.9 years).

e) Debentures payable

The SHA owns and operates several accommodation units occupied by “unit holders.” In consideration for a life interest in a “right of use” of the accommodation unit, the unit holder contributes a lump sum deposit. In accordance with the debenture agreement, in the event of the death of the unit holder or termination of the occupant agreement by either party, the SHA is obligated to repay the unit holder or their representative the lesser of:

- i) The original sum; or
- ii) The fair market value of the holders’ right of use.

The debenture payable represents the accumulated amount of deposits received from the market unit holders. These debentures are non-interest bearing with no fixed terms of repayment. The specific land and buildings to which the debentures relate have been pledged as collateral.

9. Capital Lease Payable

As at March 31, 2024, the SHA has access to \$20 million (2023 - \$20 million) by way of a revolving lease line of credit.

Title of Issue	Interest Rate	2024	2023
Capital leases for equipment	0.00% to 7.60%	\$ 7,323	\$ 6,481

Interest paid on the above capital leases during the year was \$187 (2023 - \$230). The average term to maturity for the above leases is 3.3 years (2023 - 2.4 years). Principal repayments required in each of the next five years and thereafter are estimated as follows:

2025	\$ 2,755
2026	1,859
2027	1,208
2028	1,023
2029	478

Closing net book value of leased tangible capital assets is as follows:

	Cost	Accumulated Amortization	Net Book Value	
			2024	2023
Equipment	\$ 21,293	\$ 13,052	\$ 8,241	\$ 6,024

Assets under capital lease are included in tangible capital assets in Note 3. The assets are amortized on a straight-line basis over the economic life beginning in the year of acquisition. The amortization expense for the year is \$3.2 million (2023 - \$4.4 million).

10. Obligations Under Long-term Financing Arrangement

a) The Meadows

In September 2014, the SHA entered into a P3 arrangement with Plenary Health Swift Current Limited Partnership for the design, build, finance, and maintenance of The Meadows in Swift Current (a long-term care facility). This P3 obligation is calculated using the internal rate of return of 5.44% that extends to April 2046.

The change in the obligation was as follows:

	Total 2024	Total 2023

b) Regina General Hospital Parkade

In August 2023, the SHA entered into a P3 arrangement with AMG Parkade Operations RGH Corp. for the design, build, finance, and maintenance and operation of a parkade at Regina General Hospital. This P3 obligation is calculated using the private sector partner's cost of capital of 5.65% that extends to November 2054.

The change in the obligation was as follows:

	Total 2024

The purpose and nature of each deferred category is as follows:

- a) **Community trusts** – The community trust fund is a restricted fund that reflects community generated assets transferred to the SHA in accordance with the pre-amalgamation agreements signed with the amalgamating health corporations in May 1993. Under the terms of the pre-amalgamation agreements, the assets are accounted for separately and use of the assets is subject to restrictions.
- b) **Donations** – Funds received from individuals, corporations and other not-for-profit organizations that are in the name of specific facilities or programs, with external restrictions as to how they are spent.
- c) **Endowments** – Grants that must be maintained in perpetuity. Funds are recognized only when used for the purpose or purposes specified.
- d) **Government of Saskatchewan** – Government transfers from the MoH with stipulations that give rise to an obligation which meets the definition of a liability.
- e) **Other** – Unexpended revenue with stipulations or external restrictions for the use of funds.
- f) **Research** – Funds received for which the contributor has placed restrictions on the use of the resources, for the purpose of research. Revenue for research is recognized as expenses are incurred as the research project progresses.

13. Trusts Under Administration

a) Patient and resident trust accounts

The SHA administers funds held in trust for patients and residents using the SHA's facilities. The funds are held in separate accounts for the patients or residents at each facility. The total cash held in trust as at March 31, 2024 was \$4.3 million (2023 - \$4.5 million). These amounts are not reflected in the consolidated financial statements.

b) Employee benefit plans transactions and assets

As a result of the SHA's reporting entity no longer including 3sHealth for the fiscal year ended March 31, 2024, employee benefit plans (EBP's) are no longer Trusts under Administration in these consolidated financial statements. Included in the March 31, 2023 comparative figures are: expenses of \$14.5 million relating to the operation of the EBP's, accounts receivable of \$2.5 million due from EBP's and accounts payable of \$37.9 related to expenses for the EBP's. The fair value of total assets and surplus net assets of the EBP's under 3sHealth's administration at December 31, 2022 were:

14. Employee Future Benefits

a) Pension plans

Employees of the SHA participate in one of the following pension plans:

i) Multi employer joint defined benefit plan

Joint defined benefit plans are governed by a formal agreement between the joint sponsors, which establishes that the joint sponsors have shared control over the plan. Funding contributions are shared mutually between the employer and plan members. The sponsors share, on an equitable basis, the significant risks of the plan. Accordingly, the SHA accounts for only its portion of the plan. Plan assets and surpluses are restricted for member benefits or certain other purposes as set out in the agreement. Plan benefits are determined on the same basis as defined benefit plans.

The accrued benefit obligation is determined using the projected accrued benefit actuarial cost method. Pension fund assets are valued at market-related values by averaging the difference between the net investment income on a market-value basis and the expected investment income, based on expected rate of return on plan assets, over a five year period.

The SHA sponsors one joint defined benefit pension plan, Saskatchewan Healthcare Employees' Pension Plan (SHEPP). The SHA contributes to the plan at a ratio of 1.12 to 1 of employee contributions. Any actuarially determined deficiency is the responsibility of participating employers and employees in the ratio of 1.12 to 1. SHEPP and their governing body determine contribution rates. The SHA participating employer contributions for SHEPP represents approximately 89.04% of the total employer contributions to the plan.

 - ii) Defined contribution plan and other plans

SHA participates in several multi employer defined benefit pension plans including Regina Civic Employees' Superannuation and Benefit Plan (RCESP), Local Authorities Pension Plan (LAPP), and one defined contribution plan, Public Employees' Pension Plan (PEPP). The SHA follows defined contribution plan accounting for its participation in the plans. The SHA's financial obligation to these plans is limited to making the required payments to these plans according to their applicable agreements. Accordingly, the SHA expenses all contributions it is required to make in the year. Defined contribution plans provide pensions based on accumulated contributions and investment earnings. Employees contribute a percentage of salary.

Pension expense is included in Compensation – benefits in Schedule 1 and is equal to the SHA contributions amount below.

Below is a summary of the SHA defined contribution plans:

¹ Certain employees of the SHA participate in LAPP, a multi employer defined benefit plan. The plan decided to reduce the unfunded obligation through increased contribution rates to provide benefit security as at January 1, 2018 the plan was able to reduce contribution rates. At December 31, 2022 audited financial statements for LAPP reported an accrued benefit obligation of \$46.1 billion (2021 - \$49.8 billion) and pension fund assets at market value of \$58.7 billion (2021 - \$61.7 billion).

² Certain employees of the SHA participate in RCESP a multi employer defined benefit plan. The plan was amended effective January 1, 2016. Employers agreed to amortize the unfunded liability over a twenty year period. In respect to the pre-amended deficit, the employer/employee contribution rates changed from an equal cost sharing to 60:40 contribution ratio. The sharing of future deficits shall be in accordance with the new funding policy. At December 31, 2022 audited financial statements for RCESP reported an accrued benefit obligation of \$1.7 billion (2021 - \$1.6 billion) and pension fund assets at market value of \$1.7 billion (2021 - \$1.8 billion).

³ Contribution rate varies based on employee group for PEPP.

c) Accumulated sick leave benefit liability

The cost of the accrued benefit obligations related to sick leave entitlement earned by employees is actuarially determined using the projected benefit method prorated on service and management's best estimate of inflation, discount rate, employee demographics and sick leave usage of active employees. The SHA has completed an extrapolation as of March 31, 2024 of the March 31, 2022 valuation. Key assumptions used as inputs into the actuarial calculation are as follows:

	2024	2023

15. Budget

The SHA board approved their 2023-2024 budget plan on June 1, 2023. While the overall expense budget of \$4.9 billion remain unchanged, extensive internal reporting work resulted in better aligning of costs within service lines across the province. As a result, there have been adjustments among the lines in the consolidated statement of operations.

16. Financial Risk Management

The SHA has exposure to the following risks from its use of financial instruments: credit risk, market risk and liquidity risk.

The Board ensures that the SHA has identified its major risks and ensures that management monitors and controls them. The Board oversees the SHA's systems and practices of internal control, and ensures that these controls contribute to the assessment and mitigation of risk.

a) Credit risk

Credit risk is the risk that one party to a financial instrument will fail to discharge an obligation and cause the other party to incur a financial loss. The SHA is exposed to credit risk from the potential non-payment of accounts receivable. The majority of the SHA's receivables are from MoH – General Revenue Fund, Saskatchewan Workers' Compensation Board, health insurance companies or other provinces. Therefore, the credit risk on accounts receivable is minimal. The SHA is also exposed to credit risk from cash and investments.

The SHA manages its credit risk surrounding cash and investments by dealing solely with reputable banks and financial institutions, and utilizing an investment policy to guide their investment decisions. The SHA invests surplus funds to earn investment income with the objective of maintaining safety of principal and providing adequate liquidity to meet cash flow requirements.

Management reviews accounts receivable to determine if a valuation allowance is necessary to reflect impairment in collectability.

The aging of Ministry of Health and other accounts receivable as at March 31, 2024 was:

	Total	0-30 Days	30-60 Days	60-90 Days	Over 90 Days
Accounts receivable					
Ministry of Health - General Revenue Fund	\$ 125,744	\$ 53,960	\$ 137	\$ 137	\$ 71,510

16. Financial Risk Management (continued)

b) Market risk

Market risk is the risk that changes in market prices, such as foreign exchange rates or interest rates, will affect SHA's income or the value of its holdings of financial instruments. The objective of market risk management is to control market risk exposures within acceptable parameters while optimizing return on investment.

i) Foreign exchange risk

Foreign exchange risk is the risk the fair value of financial instruments denominated in a foreign currency will fluctuate because of changes in the foreign exchange rates. The SHA operates within Canada, but in the normal course of operations is party to transactions denominated in foreign currencies. The SHA believes that it is not subject to significant foreign exchange risk from its financial instruments.

ii) Interest rate risk

Interest rate risk is the risk the fair value of future cash flows or a financial instrument will fluctuate because of changes in the market interest rates. Financial assets and financial liabilities with variable interest rates expose the SHA to cash flow interest rate risk.

The SHA's investments consist of term deposits bearing interest at coupon rates. As at March 31, 2024, the interest rates on the investments held by the SHA bear minimal risk and therefore the overall risk to the SHA due to fluctuating interest rates is minimal. Although management monitors exposure to interest rate fluctuations, it does not employ any interest rate management policies to counteract interest rate fluctuations.

The majority of the SHA's long-term debt outstanding as at March 31, 2024 and 2023 has fixed interest rates. The SHA has entered into interest rate swaps to effectively fix the interest rates, and further reduce the interest rate risk, on certain debt. Refer to Note 8 for this information.

16. Financial Risk Management (continued)

c) Liquidity risk

Liquidity risk is the risk that an organization is not able to fulfill its financial obligations as they become due.

The SHA manages liquidity risk by continually monitoring actual and forecasted cash flows from operations and anticipated investing and financing activities. The SHA relies on grants from the MoH through the General Revenue Fund. To obtain sufficient funds, the SHA provides the Ministry with capital and operating budgets and quarterly forecasts.

As at March 31, 2024, the SHA is committed to the following liabilities, including principal and interest, based on the expected undiscounted cash flows from the reporting date to the contractual maturity date:

	Carrying amount	Due in less than 1 year	Due in 1-3 years	Due in 3-5 years	Due after 5 years
Accounts payable and accrued liabilities	\$ 690,446	\$ 690,446	\$ -	\$ -	\$ -
Debt	46,037	5,231	9,707	6,715	24,384
Capital lease payable	7,323	2,755	3,067	1,501	-
Obligations under long-term financing arrangement	95,236	12,346	4,440	4,949	73,501
	\$ 839,042	\$ 710,778	\$ 17,214	\$ 13,165	\$ 97,885

Fair value of interest rate swaps

The fair value of the interest rate swaps are recorded in the consolidated statement of financial position with changes in fair value reflected in the consolidated statement of re-measurement gains and losses. Accordingly, the determination of fair value requires judgment and is based on market information where available and appropriate. Fair value measurements are categorized into levels within a fair value hierarchy based on the nature of the inputs used in the valuation. The interest rate swap is determined to be Level 1, where by quoted prices are readily available from an active market, and no items have transferred between hierarchy levels 1 to 3.

At March 31, 2024 the market value gain on the interest rate swap was \$353 (2023 – gain of \$837).

Lines of credit

The SHA has several approved operating lines of credit totaling \$57.7 million (2023 - \$63.2 million). Interest rates vary from prime minus 0.75% to prime minus 0.50%. Total interest paid on the lines of credit for the year ended March 31, 2024 was \$148 (2023 - \$266).

17. Related Parties

These consolidated financial statements include transactions with related parties. The SHA is related to all Saskatchewan Crown Agencies such as ministries, corporations, boards, and commissions under the common control of the Government of Saskatchewan, as well as its key management personnel and their close family members. Additionally, the SHA is related to organizations where they have key management personnel and/or their close family members in common. Transactions with these related parties are in the normal course of operations and are settled on normal trade terms, except for the following:

- a) The SHA administers certain vaccines (e.g., COVID-19 vaccines) owned and controlled by the Ministry of Health at no cost.
- b) The SHA received COVID-19 rapid test kits for use in operations free of charge that the Ministry of Health owns and controls.
- c) The SHA receives information technology services provided by eHealth Saskatchewan (eHealth) at lower than market cost.

18. Comparative Information

Certain of the comparative figures have been reclassified to conform to the financial statement presentation adopted in the current year. While the overall expenses at March 31, 2023 remain unchanged at \$5.0 billion, extensive internal reporting work resulted in better alignment of costs within service lines across the province. This resulted in adjustments to prior year expenses on the statement of operations

19. Acquisitions

a) Regina Lutheran Home Housing Corporation (RLH)

RLH provided notification of termination of operations in fiscal year 2023. The SHA will take over operations and all employees (with their respective liabilities) no later than April 11, 2024 due to the requirement to provide health care services under the *Provincial Health Authority Act*. Furthermore, On December 20, 2023 SHA purchased the lands and premises of 125 Hamilton Street, known as RLH. Compensation was paid to RLH of \$4.5 million.

	TOTAL 2024
Fair value of assets received at acquisition date:	
Tangible capital assets	\$ 4,500
	\$ 4,500

b) Extendicare Canada Inc. (ECI)

On October 9, 2022, ECI transferred the responsibility of the ongoing operation of five long-term care homes including three in Regina, one in Saskatoon and one in Moose Jaw. Compensation was paid to ECI of \$10.0 million for the net transfer of capital assets, accounts receivable, accounts payable and accrued liabilities, and transaction costs. SHA incurred \$98 of net expenses related to transaction fees as set out in the transfer agreement. In addition, SHA paid \$49 in legal fees for the acquisition.

A summary of the assets acquired and liabilities assumed are as follows:

	TOTAL 2023
Fair value of assets and liabilities received at acquisition date:

20. Restructuring

a) eHealth

In May 2022, an agreement was reached between eHealth and SHA, both entities under the control of the Government of Saskatchewan, to transfer certain mutually agreed upon information technology services, assets, contracts and employees, and associated budgets, liabilities and obligations of SHA to eHealth.

The transition of services from SHA to eHealth is through a five-phased approach: (1) Staff Transfer, (2) Partnership Governance & Management, (3) Future State Business/Financial Model, (4) Service Catalogue, (5) Contracts, Assets & Expenditures. Effective September 25, 2022, a Position Transfer & Employee Transition Agreement was signed that outlines a process to transfer positions and the transition of the employees incumbent to those positions from the SHA to eHealth. The execution of the remaining phases of the transfer will continue in 2024-25.

A total of 186 SHA employees were transferred to eHealth in 2023 with a sick leave balance of \$4.6 million, which was not part of the accumulated sick leave liability actuarially determined at March 31, 2023. No compensation was paid or received by the SHA for the transfer and there were no restructuring costs incurred relating to the transfer.

b) Saskatchewan Cancer Agency (SCA)

The SHA and SCA are both under the common control of the Government of Saskatchewan and are therefore related parties.

The SCA is responsible for the planning, organization, delivery, and evaluation of cancer care services throughout Saskatchewan in collaboration with SHA and other health care organizations. On April 1, 2022 the SHA assumed responsibility of the ongoing operation of mammography examination and interpretation services associated with the Breast Cancer Screening Program from the SCA. No compensation was paid to or received for the transfer and there were no restructuring costs related to the transfer.

b) Saskatchewan Cancer Agency (SCA) (continued)

From the date of transfer to March 31, 2023, revenue related to the operation of mammography and exam/interpretation services included funding of \$2.7 million from the SCA. Other community services expenses related to the operation of the program were \$1.8 million, and \$169 in amortization expense. Funding of \$300 was also received and allocated to the purchase of capital equipment.

The net carrying amount of assets and liabilities transferred or received is detailed below:

	TOTAL 2023
Carrying amount of assets and liabilities received or transferred at restructuring date:	
Tangible capital assets received	\$ 707
	\$ 707

21. Impact of Changes to Accounting Policies

Effective April 1, 2023, the SHA adopted Public Sector Accounting Standard *PS 3160 Public Private Partnerships*. This new accounting standard addresses the recognition, measurement, presentation and disclosure of infrastructure procured through certain types of P3 arrangements. As a result, the discount rate used to measure the SHA's assets and liabilities relating to its P3 arrangement was changed from the government's cost of borrowing (3.5%) to the internal rate of return (5.44%) specific to the P3 arrangement. This standard is implemented retroactively without restatement of prior periods, and the effect of changes to the accounting policy as of April 1, 2023 were as follows.

22. Asset Retirement Obligation

The SHA's asset retirement obligation consists of the following obligations:

a) Asbestos obligation

The SHA owns and operates several buildings that are known to have asbestos, and there is a legal obligation to remediate any asbestos upon demolition or disposal of the building. Following the adoption of *PS 3280 – Asset retirement obligations*, the SHA recognized a liability relating to the removal of the asbestos in these buildings as estimated at April 1, 2022. The buildings have an estimated useful life of 25 years, of which a majority are fully amortized.

22. Asset Retirement Obligation (continued)

b) Make good clause obligation

The SHA has a number of operating leases where the leased properties are required to be returned to a certain condition at the end of the lease term as stipulated in the lease agreement. Following the adoption of *PS 3280 – Asset retirement obligations*, the SHA recognized a liability relating the make good clauses as estimated at April 1, 2022. The ARO relating to these leases are fully expensed as of March 31, 2024.

c) Fuel storage tank obligation

The SHA owns several fuel storage tanks for various operating purposes, and there is a legal obligation to decommission the fuel storage tanks upon retirement of the asset, in accordance with environmental standards. Following the adoption of *PS 3280 – Asset retirement obligations*, the SHA recognized a liability relating to the decommissioning of underground fuel storage tanks as estimated at April 1, 2022. The fuel storage tanks have an estimated useful life of 20 years, of which a majority are fully amortized.

Changes to the ARO in the year are as follows:

	Asbestos removal	Make good clause	Fuel storage tank decommissioning	Total 2024	Total 2023

¹ Asbestos removal and fuel storage tank decommissioning are included in the cost of tangible capital assets (Note 3).

23. Collective Bargaining Agreements

The provider union contracts made up of the Service Employees International Union (SEIU-West), Canadian Union of Public Employees (CUPE), and Saskatchewan Government and General Employee's Union (SGEU) expired on March 31, 2023. Negotiations are underway with the provider unions. The Saskatchewan Union of Nurses (SUN) and Health Sciences Association of Saskatchewan (HSAS) contracts expired on March 31, 2024. The impact on these consolidated financial statements is not determinable.

Appendix C: Union Relations

The majority of the SHA's employees belong to one of five unions. Unions provide their members with advice and support and bargain with the Saskatchewan Association of Health Organizations (SAHO) Inc. to establish terms and conditions of employment, including wages and benefits. The SHA and unions work together to ensure high-quality, timely care for patients and to provide a safe environment free of physical, emotional or psychological harm for patients and health-care providers. Union members provide services in long-term care, home care, acute care, health-care centres, public health, mental health and community health.

The SHA's union partners are:

- The Saskatchewan Union of Nurses (SUN): SUN represents more than 11,200 SHA registered nurses, registered nurse practitioners, registered psychiatric nurses and graduates.
- The Health Sciences Association of Saskatchewan (HSAS): HSAS represents approximately 4,100 SHA employees. Roles include pharmacists, addictions counsellors, dietitians, audiologists, emergency medical services staff, epidemiologists, infection control practitioners, occupational and physical therapists, health inspectors and psychologists.
- The Canadian Union of Public Employees (CUPE), the Service Employees International Union-West (SEIU-West) and the Saskatchewan Government and General Employees Union (SGEU): CUPE, SEIU-West and SGEU represent SHA's health-care providers. They work in a variety of medical and non-medical positions. Included are environmental services, food services, continuing care aides, licensed practical nurses, cooks, medical lab and diagnostic technologists, maintenance staff, clerical workers, porters, and purchasing, health records and registration clerks.
 - CUPE represents approximately 14,700 SHA employees in the former Prairie North, Prince Albert Parkland, Regina Qu'Appelle, Sun Country and Sunrise health regions.
 - SEIU-West represents more than 12,800 SHA employees in the former Cypress, Five Hills, Heartland and Saskatoon health regions as well as staff at Meadow Lake Clinic in the former Prairie North Health Region.
 - SGEU represents approximately 1,700 SHA employees in the former Kelsey Trail, Keewatin Yatthé and Mamawetan Churchill River health regions.
